Proposal 2

Agenda: The Audit Committee's review of the Company's 2025 financial statements is hereby submitted for inspection.

Description: Please refer to Attachments 2 and 3 of this Handbook. (See pages 11 to 37 for details)

Proposal 3

Agenda: The report on the Company's 2025 distribution of remuneration to employees and directors is hereby submitted for inspection.

Description: (I) According to Article 38 of the Company's Articles of Incorporation, the Company's profit before tax of the year before deducting remuneration to employees and directors and after making up for losses should be applied towards distributing remuneration to employees for an amount not exceeding 10% and not less than 0.01% of the balance (with at least 1% allocated as compensation distributions for non-executive employees), and to directors for an amount not more than 1% of the balance.

(II) It is hereby proposed that for the year 2025, NT\$1.2 million (approximately 0.01%) in employee remuneration of which NT\$400,000 is for non-managerial employees and NT\$10.8 million (approximately 0.1%) in directors' remuneration should be distributed. Both shall be paid in cash.

Proposal 4

Agenda: The report on the 2025 distribution of cash dividends from earnings is hereby submitted for inspection.

Description: (I) This proposal is based on Article 38-1 of the Articles of Incorporation which authorizes the Board of Directors to resolve to distribute all or part of the dividends and bonus in cash, and report to the shareholders' meeting.

(II) A cash dividend of NT\$7,005,377,266 is distributed to shareholders

at NT\$4.2 per share. The cash dividend will be paid up to NT\$1, and the amounts below NT\$1 will be rounded off. The total amount of dividends distributed to fractional shares less than NT\$1 will be included in the Company's other income.

- (III) This proposal has been approved by the Board of Directors, with authorization granted to the Chairman to determine the ex-dividend record date, the payment date, and other related matters. Should any subsequent changes in the number of the Company's outstanding common shares result in an adjustment to the dividend payout ratio, the Chairman is also fully authorized to make such necessary adjustments and to handle all related matters at his full discretion.

Business Report

In 2025, the global economy weathered a confluence of factors, including geopolitical changes, extreme tariffs imposed by the United States, and the adjustment of industry business cycles. This made overall terminal demand become more cautious. The recovery of the consumer electronics market remained modest, and corporate investment in information technology stayed conservative. However, AI applications have rapidly expanded into data centers, cloud computing, and high-performance computing, becoming a crucial structural driver of productivity and new investment.

Synnex adheres to the core philosophy of prudent operations. Over the past six years, the Company has built the Management Service Platform (MSP) with AI to actively connect with external vendors and customers via digital means while improving transparency and collaboration efficiency. Through process digitalization and smart management, Synnex has reduced unnecessary operational losses, thereby enabling a more efficient allocation of resources in high-efficiency business areas. Internally, the Company has integrated its functions and streamlined its operations, achieving comprehensive and significant improvement in operational efficiency. The overall revenue and profit remained stable despite high uncertainty and volatility in the external environment. The Company's performance in the first half of the year was partially dragged down by factors such as reciprocal tariffs, sharp appreciation of TWD, and the high baseline of the previous year. However, as these unfavorable conditions gradually subsided in the second half of the year, the Company's operations recovered sequentially and peaked in Q4.

Synergy Intelligent Logistics is driven by dual engines: the Cloud Warehouse and the In-Home Service. The Cloud Warehouse Platform has established over 70 logistics centers across the Asia-Pacific region, with a total area equivalent to 100 football fields. Moreover, Synergy Intelligent Logistics has built a digital network for its cloud warehouse using the digital MSP. By implementing an innovative ownership transfer model that updates inventory records without physical movement, Synergy Intelligent Logistics has significantly minimized handling loss and shrinkage across all delivery nodes. With Synergy Intelligent Logistics' wide-reaching logistics network, owners (typically manufacturers or distributors) can allocate goods to distribution centers closer to end-users. This strategy reduces the need for extensive goods movement, effectively lowering delivery costs and minimizing the risk of product damage. Furthermore, cloud warehouse services help owners manage seasonal demand fluctuations by adjusting inventory capacity to balance peak and off-peak volumes. The innovative Cloud Warehouse Platform will serve as a critical capability to reshape distribution models. Meanwhile, the In-Home Service Platform delivers premium at-home installation and maintenance services through a standardized framework of seven service processes and 37 operational procedures. It has completed over 1.8 million service visits to households to date.

The technical service business across Taiwan and China is a key emerging focus of Synnex's business expansion. A team of 600 engineers provides one-stop services for data centers installation, maintenance, operation, and relocation. Furthermore, 200

engineers offer on-site services for government and enterprises, supporting data center deployment, security management, and system upgrades. The project leverages the technical service digital platform to optimize work assignment and scheduling management. Over the past three years, the cross-strait service revenue has grown by 24% and profits have increased multifold. Synnex will expand its technical service business, further unleashing structural benefits and economies of scale in 2026.

In 2026, Synnex will further tap into AI-driven opportunities and actively build a platform to promote AI applications. Supported by Synnex Group's wide-ranging AI product line, the Company will partner with AI software developers and system integrators to jointly build an AI application ecosystem. We believe that 2026 will be a pivotal year for AI applications to take root across various industries and generate enormous business opportunities. Synnex has planned ahead to seize these chances in collaboration with its distribution partners.

Below are the key operational highlights of 2025:

1.Revenue and profit

Synnex's 2025 consolidated revenue totaled NT\$411.2 billion, representing a 3% decrease from the NT\$426 billion in 2024. The net profit after tax was NT\$8.47 billion, a decrease of 8% from the NT\$9.21 billion in 2024. The EPS after tax reached NT\$5.08, down 8% from NT\$5.52 in 2024.

2.Budget execution status

As the Company has not announced a financial forecast for 2025, information regarding budget execution status is not available.

3.Concrete business results

- (1) The annual revenue from semiconductor and enterprise solution businesses both set their respective second-highest records, while the revenue from the mobile device business also reached a new high since 2018. In terms of regional markets, Australia & New Zealand and Indonesia all achieved record-high annual revenues.
- (2) In addition to the significant growth in sales of cloud-based high-performance computing products, we also actively expanded our business opportunities in AI applications.
- (3) The new logistics center in Melbourne, Australia began operations and has significantly increased its operational capacity, boosting Synnex's business growth in Australia.
- (4) Consumer digital product lines, including smart home applications, wearable devices, and drones, have seen strong performance with steady growth in sales volume and profits.

4.R&D status

Leveraging the digital MSP at the core, Synnex continued to develop digital platforms for various business operations to cater to different business models and operating strategies. In 2025, the Company successfully developed business

operation platforms for annual contracts with large-scale users and government procurement. In response to the expansion of the cloud service business, we have also produced a new version of the cloud service platform.

The important production and marketing policies for 2026 are respectively described as follows:

1. Build an AI application enablement platform, integrating upstream manufacturers with downstream software developers and system integrators to jointly establish an AI application ecosystem and capture emerging AI-driven opportunities.
2. Leveraging the digital MSP at the core, we will continue to enhance digital integration internally and externally. We provide effective solutions tailored to the characteristics of different business areas and customer pain points, thereby deepening our collaboration with our partners and driving business expansion.
3. Continue to expand our technical services, increasing our business scale in Beijing and Taipei.
4. Continue to expand the application of AI and smart tools, especially in business decision-making, operational risk control, and operational quality management, in order to reduce inefficiencies and losses. This helps us to focus resources on high-performing services and improve operating efficiency.

While the external environment is fraught with uncertainties and challenges, new technological breakthroughs also herald huge business opportunities. With the solid foundation built on many years of steady operations and enthusiastic innovation, Synnex believes that 2026 will be a pivotal year for achieving new breakthroughs and unlocking the next phase of growth. The Company sincerely appreciates the continued support and guidance of its shareholders.

Warm regards,

Chairman: Miao, Matthew Feng Chiang
President: Tu Shu-Wu
Senior Director of Finance: Lin Tai-Yang

INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

PWCR2500389

To the Board of Directors and Shareholders of Synnex Technology International Corporation

Opinion

We have audited the accompanying consolidated balance sheets of Synnex Technology International Corporation and its subsidiaries (the "Group") as at December 31, 2025 and 2024, and the related consolidated statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, based on our audits and the reports of other auditors (see information disclosed in the Other Matter section of our report), the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Group's 2025 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Group's 2025 consolidated financial statements are stated as follows:

Assessment of allowance for uncollectible accounts

Description

Please refer to Notes 4(10) & (11) for accounting policies adopted for accounts receivable. Please refer to Note 5(2) for critical accounting estimates and key sources of assumption uncertainty of loss allowance for accounts receivable. Please refer to Note 6(5) for details of accounts receivable.

The Group is primarily engaged in the sale of communication products, consumer electronic products, and semiconductor products. The Group manages the collection of accounts receivable from customers and bears the associated credit risk. The Group assesses impairment of accounts receivable in accordance with IFRS 9, 'Financial instruments'. The management categorized the accounts receivable assessment into individual provision and group provision. For individually assessed accounts receivable, allowance is recognized on a case-by-case basis. The assessment process is affected by management's judgement on various factors: customers' financial conditions, internal credit ratings, historical transaction records, and current economic conditions, etc. For group assessed accounts receivable, assessment process is affected by management's judgement on historical uncollectible records, current economic conditions and the forward-looking information to assess the default possibility of uncollectible accounts.

As management's judgement on allowance for uncollectible accounts is relatively subjective and the estimated amount is material to the financial statements, therefore, we indicated that the assessment of allowance for uncollectible accounts as one of the key audit matters.

How our audit addressed the matter

We performed the following audit procedures in relation to the key audit matter:

1. Obtained an understanding of the credit quality of the Group's customers, assessed the classification of accounts receivable, the policies and the procedures applied in loss allowance provision.
2. For individually assessed accounts, selected and verified samples of managements' impairment evaluation. Discussed with management the assessment results and evaluated the provision.
3. For accounts assessed as a group, considered historical uncollectible records and the management's forward-looking adjustment information to determine the provision ratio of allowance for uncollectible accounts. For significant accounts, examined subsequent collections after balance sheet date.

Assessment of allowance for valuation of inventory

Description

Please refer to Note 4(14) for description of accounting policies on allowance for inventory valuation. Please refer to Note 5(2) for accounting estimates and assumption uncertainty. Please refer to Note 6(8) for details of inventory items.

For the purpose of meeting diverse customer needs, the Group applied multi-brand and multi-product strategy. However, due to rapid changes in technology, the short life cycle of electronic products, and the price highly affected by market fluctuation, there is a high risk of incurring inventory valuation losses. The Group's inventory policy on inventory valuation is based on the lower of cost or net realizable value. The net realizable value of inventory was identified on an item-by-item basis. The Group then applied the lower of cost or net realizable value method for recognizing loss on decline in market value.

As management's judgement on net realizable value of inventory is relatively subjective and the valuation amount is material to the financial statements, therefore, we indicated that the assessment of allowance for valuation of inventory as one of the key audit matters.

How our audit addressed the matter

We performed the following audit procedures in relation to the key audit matter:

1. Obtained an understanding of the policy applied to the assessment of allowance for valuation of inventory loss. Assessed whether the allowance recognition policy is applied.
2. Obtained net realizable value report for inventory items and verified the systematic logic applied to the calculation. First, tested the assumptions such as: sources of sales or purchases data and relevant supporting estimation documents. Second, recalculated net realizable value item-by-item, then applied the lower of cost or net realizable value method for valuation and examined whether reasonable allowance was recognized.
3. Compared current and previous years' rate of allowance for valuation of inventory. Reviewed each period's days sales of inventory in order to assess the recognition of allowance.

Assessment of purchase rebate receivable

Description

Please refer to Note 4(14) for accounting policies adopted for the recognition of purchase rebate receivable. Please refer to Note 5(2) for critical accounting estimates and assumptions applied in the accounting policy for the recognition of purchase rebate receivable. Please refer to Note 6(7) for the details of receivables from suppliers.

The Group is primarily engaged in the sale of communication products, consumer electronic products, electronic products and semiconductor products. The Group engages in various purchase contracts for different items with different suppliers. There are various types of rebate programs including incentives for certain purchase volume from vendors, purchase discounts and allowances, participations in special purchase promotions, and subsidies for marketing. The Group estimates purchase rebate receivable that shall be recognized in accordance with the percentage of achievement of the rebate contract terms.

There are various types of rebate programs, complicated calculations and transactions with different suppliers as well as the manual process involved in the verification and calculation of purchase rebate receivable. All of these aforementioned factors add to the complexity of assessing purchase rebate receivable. Thus, we indicated that the assessment of purchase rebate receivable as one of the key audit

matters.

How our audit addressed the matter

We performed the following audit procedures in relation to the key audit matter:

1. Obtained an understanding and tested the internal controls over the estimation of purchase rebate receivable. Tested the appropriate controls over contractual terms regarding rebates. Checked whether the recognition of rebate amount has been approved by the proper authority.
2. For the purchase rebate receivable which have been recognized as of the balance sheet date but not yet confirmed by vendors, in addition to performing sampling and testing of evidence regarding confirmed purchase rebate receivable or other supporting documents, examined whether there exists any incidents of additional significant purchase rebate receivable occurring after balance sheet date that should have been recognized in the books of accounts as of balance sheet date.
3. For the purchase rebate receivable which have been recognized but not yet confirmed by suppliers after balance sheet date, performed details sampling regarding estimation of purchase rebate receivable, obtained supporting documents of the sampled products, and recalculated both estimated amount and recognized amount of purchase rebate receivable.
4. Selected samples of significant outstanding purchase rebate receivable accounts and tested subsequent collections after the balance sheet date.

Other matter – Reference to report of other independent auditors

We did not audit the financial statements of certain subsidiaries which were included in the consolidated financial statements of the Group and were audited by other auditors whose reports thereon have been furnished to us, and our opinion expressed herein, in so far as it relates to the amounts and the information disclosed in included in these financial statements, is based solely on the reports of the other auditors. Those subsidiaries' statements reflect total assets of NT\$0 thousand and \$272 thousand, constituting 0% and 0% of the consolidated total assets as of December 31, 2025 and 2024, respectively, and total operating revenues of both NT\$0 thousand, both constituting 0% of the consolidated total operating revenues for the years then ended. In addition, as stated in Note 6(9), the financial statements and the information disclosed of certain investments accounted for using equity method were audited by other auditors whose reports thereon have been furnished to us. For the years ended December 31, 2025 and 2024, the recognized net profit of investments accounted for using equity method was NT\$1,830,305 thousand and \$1,378,447 thousand, respectively, constituting 20% and 14% of the consolidated net profits, respectively; the recognized comprehensive income of investments accounted for using equity method was NT\$1,911,250 thousand and \$1,506,748 thousand, respectively, constituting 19% and 14% of the consolidated comprehensive income, respectively. As of December 31, 2025 and 2024, the balance of related investments was NT\$9,854,393 thousand and \$9,141,373 thousand, respectively, constituting 5% and 4% of the consolidated total assets, respectively.

Other matter – Parent company only financial reports

We have audited and expressed an unmodified opinion with other matter section on the parent

company only financial statements of Synnex Technology International Corporation as of and for the years ended December 31, 2025 and 2024.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgement and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

PWCR25000388

To the Board of Directors and Shareholders of Synnex Technology International Corporation

Opinion

We have audited the accompanying parent company only balance sheets of Synnex Technology International Corporation (the "Company") as of December 31, 2025 and 2024, and the related parent company only statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the parent company only financial statements, including a summary of material accounting policies.

In our opinion, based on our audits and the reports of other auditors (see information disclosed in the Other Matter section of our report), the accompanying parent company only financial statements present fairly, in all material respects, the parent company only financial position of the Company as of December 31, 2025 and 2024, and its parent company only financial performance and its parent company only cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountants of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Company's 2025 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters in relation to the parent company only financial statements for the year ended December 31, 2025 are stated as follows:

Assessment of allowance for uncollectible accounts

Description

Please refer to Notes 4(9) and (10) for accounting policies adopted for accounts receivable. Please refer to Note 5(2), for critical accounting estimates and key sources of assumption uncertainty of loss allowance for accounts receivable. Please refer to Note 6(5) for details of accounts receivable.

The Company is primarily engaged in the sale of communication products, consumer electronic products, electronic products and semiconductor products. The Company manages the collection of

accounts receivable from customers and bears the associated credit risk. The Company assesses impairment of accounts receivable in accordance with IFRS 9, 'Financial instruments'. The management categorized the accounts receivable assessment into individual provision and group provision. For individually assessed accounts receivable, allowance is recognised on a case by case basis. The assessment process is affected by management's judgement on various factors: customers' financial conditions, internal credit ratings, historical transaction records, and current economic conditions, etc. For group assessed accounts receivable, assessment process is affected by management's judgement on historical uncollectibility records, current economic conditions and the forecastability information to assess the default possibility of uncollectible accounts.

As management's judgement on allowance for uncollectible accounts is relatively subjective and the estimated amount is material to the financial statements, therefore, we indicated that the assessment of allowance for uncollectible accounts as one of the key audit matters.

How our audit addressed the matter

We performed the following audit procedures in relation to the key audit matter:

1. Obtained an understanding of the credit quality of the Company's customers, assessed the classification of accounts receivable, the policies and the procedures applied in loss allowance provision.
2. For individually assessed accounts, selected and verified samples of managements' impairment evaluation. Discussed with management the assessment results and evaluated the provision.
3. For accounts assessed as a group, considered historical uncollectibility records and the management's forecastability adjustment information to determine the provision ratio of allowance for uncollectible accounts. For significant accounts, examined subsequent collections after balance sheet date.

Assessment of allowance for valuation of inventory

Description

Please refer to Note 4(13) for description of accounting policies on allowance for inventory valuation. Please refer to Note 5(2) for accounting estimates and assumption uncertainty. Please refer to Note 6(8) for details of inventory items.

The Company is primarily engaged in the sale of communication products, consumer electronic products, and semiconductor products. For the purpose of meeting diverse customer needs, the Company applied multi-brand and multi-product strategy. However, due to rapid changes in technology, the short life cycle of electronic products, and the price highly affected by market fluctuation, there is a high risk of incurring inventory valuation losses. The Company's inventory policy on inventory valuation is based on the lower of cost or net realisable value. The net realisable value of inventory was identified on an item-by-item basis. The Company then applied the lower of cost or net realisable value method for recognizing loss on decline in market value.

As management's judgement on net realisable value of inventory is relatively subjective and the valuation amount is material to the financial statements, therefore, we indicated that the assessment of allowance for valuation of inventory as one of the key audit matters.

How our audit addressed the matter

We performed the following audit procedures in relation to the key audit matter:

1. Obtained an understanding of the policy applied to the assessment of allowance for valuation of inventory loss. Assessed whether the allowance recognition policy is applied.
2. Obtained net realisable value report for inventory items and verified that a systematic logic applied to the calculation. First, tested the assumptions such as: sources of sales or purchases data and relevant supporting estimation documents. Second, recalculated net realisable value item-by-item, then applied the lower of cost or net realisable value method for valuation and examined whether reasonable allowance was recognised.
3. Compared current and previous years' rate of allowance for valuation of inventory. Reviewed each period's days sales of inventory in order to assess the recognition of allowance.

Assessment of allowance for valuation of inventory

Description

Please refer to Note 4(13) for description of accounting policies on allowance for inventory valuation. Please refer to Note 5(2) for accounting estimates and assumption uncertainty. Please refer to Note 6(8) for details of inventory items.

The Company is primarily engaged in the sale of communication products, consumer electronic products, and semiconductor products. For the purpose of meeting diverse customer needs, the Company applied multi-brand and multi-product strategy. However, due to rapid changes in technology, the short life cycle of electronic products, and the price highly affected by market fluctuation, there is a high risk of incurring inventory valuation losses. The Company's inventory policy on inventory valuation is based on the lower of cost or net realisable value. The net realisable value of inventory was identified on an item-by-item basis. The Company then applied the lower of cost or net realisable value method for recognizing loss on decline in market value.

As management's judgement on net realisable value of inventory is relatively subjective and the valuation amount is material to the financial statements, therefore, we indicated that the assessment of allowance for valuation of inventory as one of the key audit matters.

How our audit addressed the matter

We performed the following audit procedures in relation to the key audit matter:

1. Obtained an understanding and tested the internal control over the estimation of purchase rebate receivable. Tested the appropriate controls over contractual terms regarding rebates. Checked whether the recognition of rebate amount has been approved by the proper authority.
2. For the purchase rebate receivable which have been recognized as of the balance sheet date but not yet confirmed by vendors, in addition to performing sampling and testing of evidence regarding confirmed purchase rebate receivable or other supporting documents, examined whether there exists any incidents of additional significant purchase rebate receivable occurring after balance sheet date that should have been recognized in the books of accounts as of balance sheet date.
3. For the purchase rebate receivable which have been recognized but not yet confirmed by suppliers after balance sheet date, performed details sampling regarding estimation of purchase rebates receivable, obtained supporting documents of the sampled products, and recalculated both estimated amount and recognized amount of purchase rebate receivable.
4. Selected samples of significant outstanding purchase rebate receivable accounts and tested subsequent collections after the balance sheet date.

Other matter – Reference to report of other independent auditors

We did not audit the financial statements of certain investments accounted for using equity method which were included in the parent company only financial statements of the Company and were audited by other auditors whose reports thereon have been furnished to us, and our opinion expressed herein, in so far as it relates to the investments accounted for using equity method and the amounts and the information disclosed in Note 13 included in these financial statements, is based solely on the reports of the other auditors.

As of December 31, 2025 and 2024, the balance of investments accounted for using equity method of certain subsidiaries was NT\$9,854,393 thousand and NT\$9,522,059 thousand, respectively, constituting 6% and 5% of the parent company only total assets, respectively. Responsibilities of management and those charged with governance for the parent company only financial statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the parent company only financial statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgement and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure, and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Article 2-1 The total amount of Company's investment is not limited to 40% of paid-in capital as provided in Article 13 of the Company Act.

Article 3 The Company's primary place of business is in Taipei City, Republic of China, and may set up branches within or outside the territories of the Republic of China where the Company deems necessary or appropriate for conducting business.

Article 4 The Company may provide guarantees as required for its business activities.

Section 2 Capital

Article 5 The Company has a total capital of NT\$24 billion, divided into 2.4 billion shares (50 million of which are designated for employee stock option certificates), with a par value of NT\$10 per share. The board of directors may issue the unissued shares in installments as needed,

part of which may be preferred stocks. The Taiwan Depository & Clearing Corporation may request that the Bank substitute a share certificate in larger denominations for the share certificates of par value.

Article 5-1 The rights and obligations and other important terms of issuance associated with preferred stocks of the Company are as follows:

- I. The annual dividend rate of preferred stocks is limited to 8%. The dividends shall be calculated based on issue price per share and may be distributed in the form of cash once annually. After the ratification of the financial statements by the annual shareholders' meetings, the board of directors will determine the base date to pay the dividends for the preceding fiscal year. For dividends distributable for the year of issuance and recovery, the dividend shall be calculated based on the actual number of days issued during the year.
- II. The Company has the right to decide dividend distribution on preferred stocks, if any, at its sole discretion. If there are no surplus earnings, the surplus earnings are not enough for distributing dividends of the preferred stocks in whole or in part after the final account, or due to any other consideration, the Company may, by the approval of the shareholders' meeting, decide not to distribute dividends for preferred stocks, which shall not constitute a breach of contract. Should the preferred stocks be non-cumulative preferred stock, the undistributed or insufficiently distributed dividends shall not be accumulated for solvency in the future.
- III. Except for receiving dividends as specified in Subparagraph 1 of this Paragraph, shareholders of preferred stocks are not eligible for the dividend entitlements of ordinary stocks, including earnings distribution and capital reserves distributed in cash or being reallocated as capital.
- IV. In terms of priority for the allocation of the Company's remaining assets, the shareholders of preferred stocks shall have a higher priority than those of ordinary shares and the same priority with those of the other various preferred stocks issued by this Company and those of preferred stocks all shall be lower than the general creditors, however, the allocation to the shareholders of preferred stocks shall not exceed the value of the currently outstanding preferred stocks at issuance price.
- V. Shareholders of preferred stocks are not entitled to any voting rights or election rights during shareholders' meetings, however they are entitled to voting rights during shareholders' meetings for preferred stock shareholders and those involving the rights and obligations of preferred stock shareholders during shareholder's meetings.
- VI. Preferred stocks may not be converted to ordinary stocks.
- VII. Where the preferred stock does not have a maturity date, the shareholders of the preferred stocks may not request that the Company recall the preferred stocks they hold. However the Company may recall all or a portion of the outstanding preferred stocks at any time at the issuance price after five years from issuance. For preferred stocks that have not been recalled, the rights and obligations prescribed in the terms of issuance in the above subparagraphs shall persist. Should the Company resolve to issue dividends, the dividend up until the recovery date shall be calculated based on the actual number of days issued during the year.
- VIII. The additional paid-in capital from the issuance of preferred stocks shall not be

reallocated as capital during the issuance period of such preferred stocks, unless it is for the purpose of making up losses.

The board of directors is authorized to determine the name, date, and terms of issuance depending on the condition of the capital market and the purchasing intentions of the investors at the time of actual issuance, in compliance with the Company's Articles of Incorporation and relevant laws and regulations.

Article 6 The Company's stocks shall be signed, sealed, and numbered by the director who is authorized to represent the Company. The stocks shall be issued after proper certification by the competent authority or their authorized agent for stock issuance and registration. When issuing new shares, the Company may print a single certificate to collectively represent all shares in the new issue, but shall then contact the centralized securities depository corporation for safekeeping of the share certificates. When issuing the stocks, the Company may opt not to print any share certificates. The Company should, however, contact a centralized securities depository institute to register the shares.

Article 7 The shares of the Company shall all be issued as registered shares and the real name of the shareholder shall be specified on the certificate, where the name registered is the name of a legal person, the real name and address of its shareholders (or) representative shall be recorded in the Company's shareholders' roster. Where the legal person is jointly owned by two or more shareholders, one of them shall be deemed its representative.

Article 8 Any matters relating to the loss or damage of the shares shall be governed by relevant laws and regulations and the Regulations Governing the Administration of Shareholder Services of Public Companies prescribed by the competent authority.

Article 9 The Company may collect sufficient printing fees and cost of stamp tax set fees in the event of issuance of a new share certificate due to transfer of ownership or loss or damage of share certificate.

Article 10 The Company's shareholders shall submit specimens of their seals to the Company for registration. The specimens shall be used by the Company for purposes of verification when the shareholder wishes to collect dividends or exercise shareholders' rights.

Article 11 In the case where the shareholders of the Company apply for affairs related to the shares of the Company such as to reassign or create a pledge of rights, report of loss, inheritance or gifting of shares, report loss or change of seal, change to the residential address, or other exercise of rights, unless otherwise stipulated by the laws and regulations, the matter shall be handled in accordance with the Regulations Governing the Administration of Shareholder Services of Public Companies.

Article 12 Transfers of shares shall not be made in the shareholder register within 60 days before an annual shareholders' meeting, 30 days before an extraordinary shareholders' meeting, or 5 days before the ex-dividend date or the date set for the distribution of bonuses or other benefits.

Article 12-1 Where the Company buys its stocks in accordance with the Company Act, the assignment

subjects may include employees of controlled or affiliated companies that meet the criteria. The employee subscription right of the Company may be granted to employees of controlled or affiliated companies that meet the criteria.

Where the Company issues new shares, the employee purchasing the shares may include employees of controlled or affiliated companies that meet the criteria.

Synnex Technology International Corporation

Rules of Procedure for Shareholders Meetings

1. Unless otherwise specified by law or Articles of Incorporation, the Company shall proceed with its shareholders' meetings according to the terms of the Rules.

2. (Convention and advising of shareholders' meetings)

Unless otherwise specified by law, shareholders' meetings are convened by the board of directors. When the company convenes a virtual Shareholders' meeting, unless otherwise specified in the Regulations Governing the Administration of Shareholder Services of Public Companies, it should be stated in the articles of association and approved by the board of directors. The virtual shareholders' meeting should be approved by the board of directors with more than two-thirds of the directors present and the resolution shall be passed with more than half of the attending directors in agreement.

Changes to how the Company convenes its shareholders' meeting shall be resolved by the Board of Directors, and shall be made no later than mailing of the shareholders' meeting notice.

The Company shall prepare an electronic file that contains the meeting notice, a proxy form, a detailed description of various agenda items to be ratified or discussed during the meeting, and notes on re-election or dismissal of directors and post it to the Market Observation Post System (MOPS) at least 30 days before an annual shareholders' meeting, or 15 days before an extraordinary shareholders' meeting. The Company shall prepare electronic versions of the shareholders' meeting agenda and supplemental meeting materials and upload them to the MOPS before 21 days before the date of the annual shareholders' meeting or before 15 days before the date of the extraordinary shareholders' meeting. If, however, the Company has the paid-in capital of NT\$10 billion or more as of the last day of the most current fiscal year, or total shareholding of foreign shareholders and PRC shareholders reaches 30% or more as recorded in the register of shareholders of the shareholders' meeting held in the immediately preceding year, transmission of these electronic files shall be made by 30 days before the annual shareholders' meeting. Physical copies of the shareholders' meeting procedures manual and supplementary information shall also be prepared at least 15 days before the meeting and made accessible to shareholders at any time. These documents must be placed within the Company's premises and at the share administration agency appointed by the Company. The Company shall make the meeting agenda and supplemental meeting materials in the preceding paragraph available to shareholders for review in the following manner on the date of the shareholders' meeting:

- I. For physical shareholders' meetings, to be distributed on-site at the meeting.
- II. For hybrid shareholders' meetings, to be distributed on-site at the meeting and shared on the virtual meeting platform.
- III. For virtual-only shareholders' meetings, electronic files shall be shared on the virtual meeting platform.

Agenda items must be explained in detail in the meeting notices and announcements. Subject to agreement by the receiving party, meeting notices may also be delivered electronically.

Matters pertaining to the election or discharge of directors, alteration of the Articles of Incorporation, capital reduction, application for the approval of ceasing enterprise status as a public company, approval of competition with the Company by directors, capitalization of profits, reserve distributed in the form of new shares, dissolution, merger, spin-off, or any matters as set forth in Article 185, Paragraph 1 of the Company Act, Articles 26-1 and 43-6 of the Securities Exchange Act,

and Articles 56-1 and 60-2 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers shall be itemized in the causes or subjects to be described and the essential contents shall be explained in the notice to convene a meeting of shareholders, and shall not be brought up as special motion.

Where the reasons for convening a shareholders' meeting had specified a re-election of all directors and their terms of office, after the completion of the election at that meeting, the terms of office for the directors cannot be altered by extraordinary motions or any other means in the same meeting. Shareholders who own more than 1% of the Company's current outstanding shares are entitled to propose agenda items for discussion in annual shareholders' meetings. Each shareholder, however, shall propose one agenda item only, and no proposal containing more than one item will be included in the meeting agenda.

The Board of Directors may disregard shareholders' proposals if the proposed agenda item involves any of the circumstances listed in Article 172-1, Paragraph IV of the Company Act. Shareholders may submit proposals of recommendation to urge the company to promote public interest or fulfill its social responsibilities. Procedurally, each proposal shall be limited to one agenda item only in accordance with the relevant provisions of Article 172-1 of the Company Act. Any proposal with more than one item shall not be included in the meeting agenda.

The Company shall announce, before the ex-dividend date, the acceptance methods in writing or by way of electronic transmission, and the conditions, places, and time in which shareholders' proposals are accepted. The period of acceptance shall be no shorter than ten days.

Shareholders shall limit their proposed agenda items to 300 words; proposals that exceed 300 words shall be excluded from the agenda. Shareholders who have successfully proposed agenda items shall attend the annual shareholders' meeting in person or through proxy attendance and participate in the discussion.

3. Shareholders may appoint proxies to attend shareholders' meetings by completing the Company's proxy form and specifying the scope of delegated authority.

Each shareholder may issue one proxy form and delegate one proxy only. All proxy forms must arrive at the Company at least five days before the shareholders' meeting. In the event that multiple proxy forms are issued, the proxy form that arrives first shall prevail. However, exception shall be granted if the shareholder issues a declaration to withdraw the previous proxy arrangement.

Should the shareholder decide to attend a shareholders' meeting personally or exercise voting rights in writing or through electronic means after a proxy form has been delivered to the Company, a written notice should be sent to the Company no later than two days before the meeting commences to withdraw the proxy arrangement. If the withdrawal is made after the prescribed period, then the voting decision exercised by the proxy shall prevail.

If, after a proxy form is delivered to the Company, a shareholder wishes to attend the shareholders' meeting online, a written notice of proxy cancellation shall be submitted to the Company two days before the meeting date. If the withdrawal is made after the prescribed period, then the voting decision exercised by the proxy shall prevail.

4. The venue for a shareholders' meeting shall be the premises of the Company, or a place easily accessible to shareholders and suitable for a shareholders' meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m.

The restrictions on the place of the meeting shall not apply when the Company convenes a virtual-only shareholders' meeting.

5. (Preparation of attendance logs and documents)

The Company shall specify in its shareholders' meeting notices the time during which attendance registrations for shareholders, solicitors and proxies (collectively "shareholders") will be accepted,

the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel shall be assigned to handle the registrations; for virtual shareholders' meetings, shareholders may begin to register on the virtual meeting platform 30 minutes before the meeting starts. Shareholders completing registration will be deemed as attend the shareholders meeting in person.

Shareholders shall attend shareholders' meetings based on attendance cards, sign-in cards, or other certificates of attendance. The Company may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Shareholders who wish to acquire a proxy form must present proof of identity on-site for verification.

The Company shall furnish the attending Shareholders with an attendance log to sign, or attending Shareholders may hand in a sign-in card in lieu of signing in.

Shareholders who attend the meeting shall be given a copy of the procedures manual, annual report, attendance pass, speech notes, agenda ballots and any information relevant to the meeting. Shareholders shall also be given election ballots where election of directors is to take place.

Where the Shareholders is a government agency or corporate entity, more than one representative may attend the shareholders' meetings on their behalf. Legal person that have been designated as proxy attendants shall only appoint one representative to attend the shareholders' meeting.

In the event of a virtual shareholders' meeting, shareholders wishing to attend the meeting online shall register with the Company two days before the meeting date.

In the event of a virtual shareholders' meeting, the Company shall upload the meeting agenda book, annual report and other meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

5-1. (Convening virtual shareholders' meetings and particulars to be included in shareholders' meeting notice)

To convene a virtual shareholders' meeting, the Company shall include the follow particulars in the shareholders' meeting notice:

- I. How shareholders attend the virtual meeting and exercise their rights.
- II. Actions to be taken if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events, at least covering the following particulars:
 - (I) To what time the meeting is postponed or from what time the meeting will resume if the above obstruction continues and cannot be removed, and the date to which the meeting is postponed or on which the meeting will resume.
 - (II) Shareholders not having registered to attend the affected virtual shareholders' meeting shall not attend the postponed or resumed session.
 - (III) In case of a hybrid shareholders' meeting, when the virtual meeting cannot be continued, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders' meeting online, meets the minimum legal requirement for a shareholders' meeting, then the shareholders' meeting shall continue. The shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, and the shareholders attending the virtual meeting online shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders' meeting.
 - (IV) Actions to be taken if the outcome of all proposals have been announced and extraordinary

motion has not been carried out.

III. To convene a virtual-only shareholders' meeting, appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders' meeting online shall be specified.

6. (Meeting chair and participants)

If a shareholders' meeting is convened by the board of directors, the meeting shall be chaired by the Chairman. When the Chairman is on leave or for any reason unable to exercise the powers of the Chairman, the Vice Chairman shall act in place of the Chairman; If there is no Vice Chairman or the Vice Chairman also is on leave or for any reason unable to exercise the powers of the Vice Chairman, the Chairman may appoint one of the directors to act on the Chairman's behalf. If the Chairman does not appoint an agent, one shall be elected among the directors to act on the Chairman's behalf.

When a director serves as chair, as referred to in the preceding paragraph, the director shall be one who has held that directorship for six months or more and who understands the financial and business conditions of the Company. The same shall be true for a representative of a legal person director that serves as chair.

It is advisable that shareholders' meetings convened by the board of directors be chaired by the Chairman of the board in person and attended by a majority of the directors (including at least one independent director), chairman of the audit committee, and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes.

For shareholders' meetings convened by any authorized party other than the board of directors, the convener will act as the meeting chair. If there are two or more conveners at the same time, one shall be appointed from among them to chair the meeting.

The Company may summon its lawyers, certified public accountants, and any relevant personnel to be present at the shareholders' meeting.

7. (Video and audio recording in shareholders' meetings)

The Company, beginning from the time it accepts Shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Where a shareholders' meeting is held online, the Company shall keep records of shareholder registration, sign-in, check-in, questions raised, votes cast and results of votes counted by the Company, and continuously audio and video record, without interruption, the proceedings of the virtual meeting from beginning to end.

The information and audio and video recording in the preceding paragraph shall be properly kept by the Company during the entirety of its existence, and copies of the audio and video recording shall be provided to and kept by the party appointed to handle matters of the virtual meeting.

In case of a virtual shareholders' meeting, the Company is advised to audio and video record the back-end operation interface of the virtual meeting platform.

8. Shareholders' presence is determined by the number of shares represented during the meeting. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in, and the shares checked in on the virtual meeting platform, plus the number of shares whose voting rights are exercised by correspondence or

electronically.

At the meeting's appointed time of commencement, the chair shall immediately call the meeting to order and announce relevant information such as the number of non-voting rights and the number of shares present. However, if those in attendance represent less than half of the Company's current outstanding shares, the chair may announce to postpone the meeting up to two times, for a period totaling no more than one hour. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned. In the event of a virtual shareholders meeting, the Company shall also declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within one month. In the event of a virtual shareholders meeting, shareholders intending to attend the meeting online shall re-register to the Company in accordance with Article 5.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of current outstanding shares, the chair may resubmit the tentative resolution for a vote by the shareholders' meeting pursuant to Article 174 of the Company Act.

9. (Discussion of proposals)

If a shareholders' meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. Relevant agenda items (including special motions and amendments to the original agenda) shall be voted on respectively. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.

The preceding paragraph applies mutatis mutandis where the shareholders' meeting is convened by any authorized party other than the board of directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chair violates the rules of procedure by dismissing the meeting when it is not allowed to do so, other members of the board shall immediately assist the attending Shareholders to elect another chair with the support of more than half of the voting rights represented and continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or special motions put forward by the Shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed and call for a vote, and arrange ample voting time.

10. (Shareholders' opinions)

Shareholders who wish to speak during the meeting must produce a speech note detailing the topics and the Shareholder's account number (or the attendance card serial number). The order of Shareholders' comments shall be determined by the chair.

Shareholders who submit a speech note without actually speaking are considered to have remained silent. If the Shareholder's actual comments differ from those stated on the speech note, only the actual comments expressed shall be recorded.

Each shareholder shall speak no more than twice, for five minutes each, on the same agenda item unless otherwise agreed by the chair. The chair may stop Shareholders from speaking if they violate the rules or speak outside the agenda item under discussion.

While a Shareholder is speaking, other Shareholders shall not speak simultaneously or interfere in any way unless allowed by the chair and the person speaking. Any violators shall be restrained by

the chair.

Where a corporate shareholder has appointed two or more representatives to attend the shareholders' meeting, only one representative may speak per agenda item.

After the Shareholder has finished speaking, the chair may answer the Shareholder's queries personally or appoint any relevant personnel to do so.

Where a virtual shareholders' meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

As long as questions so raised in accordance with the preceding paragraph are not in violation of the regulations or beyond the scope of a proposal, it is advisable the questions be disclosed to the public at the virtual meeting platform.

11. (Calculation of voting shares and recusals)

Voting at a shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of Shareholders Meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the Taiwan competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3 percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

12. Each share is entitled to one voting right, except for shares where voting rights are restricted as described in Article 179, Paragraph 2 of the Company Act.

Voting rights shall be exercised electronically or in writing during a shareholders' meeting; The shareholders' meeting notice must explain the methods through which shareholders may exercise voting rights in writing or in electronic form. Shareholders who have voted in writing or using the electronic method are considered to have attended shareholders' meeting in person.

However, the Shareholder will be deemed to have waived his/her rights with respect to the special motions and amendments to original proposals of that meeting; it is therefore advisable that the Company avoids the submission of special motions and amendments to original proposals.

Instructions to exercise written and electronic votes must be delivered to the Company at least two days before the shareholders' meeting. In the event where there are duplicate submissions, the earliest submission shall be taken into record. However, exception shall be granted if the Shareholder issues a proper declaration to withdraw the previous vote.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders' meeting in person or online, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the Company, by the same means by which the voting rights were exercised, before two days before the date of the shareholders' meeting. If the withdrawal is not received in time, then the written or electronic vote shall be taken into record. If the Shareholder has exercised written or electronic votes, and at the same time delegated a proxy to attend the shareholders

meeting, then the voting decision exercised by the proxy shall prevail.

Unless otherwise regulated by the Company Act or the Articles of Incorporation of the Company, an agenda item is passed when supported by shareholders who represent more than half of the total voting rights in the meeting. At the time of a vote, the Shareholders shall vote on each item separately. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there are any amendments or alternative solutions for the same proposal, the chair shall combine these amendments/alternative solutions with the original proposal and decide their priority for voting. If any resolution is passed, all other proposals shall be deemed rejected and no further voting is necessary.

The chair will appoint a ballot scrutineer and a ballot counter; the ballot scrutineer must be a Shareholder.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When the Company convenes a virtual shareholders' meeting, after the chair declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends or will be deemed abstained from voting.

In the event of a virtual shareholders' meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When the Company convenes a hybrid shareholders' meeting, if shareholders who have registered to attend the meeting online in accordance with Article 5 decide to attend the physical shareholders' meeting in person, they shall revoke their registration two days before the shareholders' meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders' meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders' meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

13. (Election)

Where the shareholders' meeting involves re-election of directors, the election must proceed according to the Company's Election Policy, with outcomes announced immediately on-site, including the names of those elected as directors and the numbers of votes with which they were elected.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the ballot scrutineer and kept in proper custody for at least one year. If, however, a Shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

14. (Meeting minutes.)

Shareholders' meeting resolutions shall be compiled into detailed minutes, and signed or sealed by the chair then disseminated to each Shareholder no later than 20 days after the meeting. Preparation and distribution of meeting minutes can be made in electronic form.

The Company may distribute meeting minutes by posting details onto MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their results (including the statistical tallies of the numbers of votes). Where there is an election of the directors, the number of votes received by each candidate shall be disclosed. The meeting minutes shall be retained for the duration of the existence of the Company.

Where a virtual shareholders' meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders' meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual-only shareholders' meeting, other than compliance with the requirements in the preceding paragraph, the Company shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders' meeting online.

15. (Public announcements)

On the day of a shareholders' meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means, and shall make an express disclosure of the same at the place of the shareholders' meeting. In the event a virtual shareholders' meeting, the Company shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting. During the Company's virtual shareholders' meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting and a new tally of votes is released during the meeting.

The Company must disclose on MOPS any shareholders' meeting resolutions that constitute material information as defined by law or the rules of the Taiwan Stock Exchange Corporation.

16. (Order in the meeting)

Organizers of the shareholders' meeting must wear proper identification or arm bands.

The chair may instruct marshals or security staff to help maintain order in the meeting. While maintaining order in the meeting, all marshals or security staff must wear arm bands or identification which identify their roles as "Marshall."

The chair may stop anyone who attempts to speak using speaker equipment not provided by the Company.

The chair may instruct marshals or security staff to escort Shareholders who continue to violate the meeting rules despite being warned by the chair from the meeting.

17. (Recess and resumption of meeting)

The chair may put the meeting in recess at appropriate times. In the occurrence of force majeure events, the chair may suspend the meeting temporarily and resume at another time.

If the shareholders' meeting is unable to conclude all scheduled agenda items (including special motions) before the venue is due to be returned, participants may resolve to continue the meeting at an alternative location.

A resolution may be adopted at a shareholders' meeting to defer or resume the meeting within 5 days in accordance with Article 182 of the Company Act.

18. (Disclosure of information at virtual meetings)

In the event of a virtual shareholders' meeting, the Company shall disclose real-time results of votes and election immediately after the end of the voting session on the virtual meeting platform according to the regulations, and this disclosure shall continue at least 15 minutes after the chair has announced the meeting adjourned.

19. (Location of the chair and secretary of virtual-only shareholders' meeting)

When the Company convenes a virtual-only shareholders' meeting, both the chair and secretary shall be in the same location, and the chair shall declare the address of their location when the meeting is called to order.

20. (Handling of disconnection)

In the event of a virtual shareholders' meeting, the Company may offer a simple connection test to shareholders prior to the meeting, and provide relevant real-time services before and during the meeting to help resolve communication technical issues.

In the event of a virtual shareholders' meeting, when declaring the meeting open, the chair shall also declare, unless under a circumstance where a meeting is not required to be postponed to or resumed at another time under Article 44-20, paragraph 4 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events before the chair has announced the meeting adjourned, and the obstruction continues for more than 30 minutes, the meeting shall be postponed to or resumed on another date within five days, in which case Article 182 of the Company Act shall not apply.

For a meeting to be postponed or resumed as described in the preceding paragraph, shareholders who have not registered to participate in the affected shareholders' meeting online shall not attend the postponed or resumed session.

For a meeting to be postponed or resumed under the second paragraph, the number of shares represented by, and voting rights and election rights exercised by the shareholders who have registered to participate in the affected shareholders' meeting and have successfully signed in the meeting, but do not attend the postpone or resumed session, at the affected shareholders' meeting, shall be counted towards the total number of shares, number of voting rights and number of election rights represented at the postponed or resumed session.

During a postponed or resumed session of a shareholders' meeting held under the second paragraph, no further discussion or resolution is required for proposals for which votes have been cast and counted and results have been announced, or list of elected directors.

When the Company convenes a hybrid shareholders' meeting, and the virtual meeting cannot continue as described in second paragraph, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders' meeting online, still meets the minimum legal requirement for a shareholders' meeting, then the shareholders meeting shall continue, and not postponement or resumption thereof under the second paragraph is required.

Under the circumstances where a meeting should continue as in the preceding paragraph, the shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, provided these shareholders shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders' meeting.

When postponing or resuming a meeting according to the second paragraph, the Company shall handle the preparatory work based on the date of the original shareholders' meeting in accordance with the requirements listed under Article 44-20, paragraph 7 of the Regulations Governing the

Administration of Shareholder Services of Public Companies.

For dates or period set forth under Article 12, second half, and Article 13, paragraph 3 of Regulations Governing the Use of Proxies for Attendance at Shareholder Meetings of Public Companies, and Article 44-5, paragraph 2, Article 44-15, and Article 44-17, paragraph 1 of the Regulations Governing the Administration of Shareholder Services of Public Companies, the Company shall handle the matter based on the date of the shareholders' meeting that is postponed or resumed under the second paragraph.

21. (Handling of digital divide)

When convening a virtual-only shareholders' meeting, the Company shall provide appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders' meeting online.

22. (Date of establishment and amendment)

These Rules, and any amendments hereto, shall be implemented after adoption by shareholders' meetings.

The 1st amendment was made on May 13, 1998.

The 2nd amendment was made on May 21, 2002.

The 3rd amendment was made on June 12, 2015.

The 4th amendment was made on June 12, 2020.

The 5th amendment was made on July 20, 2021.

The 6th amendment was on May 30, 2023.

The 7th amendment was on May 31, 2024.
