· ENLight Corporation
· Department and
· Functions

ENLight Corporation was founded in 1982, is a domestic listed company with three original intentions of innovation, integrity and excellence.

ENLight after years of Research and Development technology and strict requirements for quality control, has been recognized by the technology of domestic and foreign technology factories and home appliances brand affirmation for many years. Base on this to create a new business group EL brand with concept of producing the best quality home appliances products.

EL is new force under ENlight, has inherited the advantage and foundation of ENlight in optoelectronic lighting industry in the past 38 years. With strong research and development, innovation, quality control strength as the backing, EL fully comply with Taiwan's laws and regulations from the source control, strict control of product quality as well as we provide consumers with a complete after-sales service.

ENLight Corporation

E-commerce business Department

- EL was founded in March, 2019 and it changed its name from ENlight to the brand EL that is appliance brand.
 - The number fan members have achieved around 10,000.
 - The items of business are the operation of channels and platforms and the introduction of high-quality smart home appliances.
 - Mainly working on around 20 major platforms in Taiwan such as Fubon MOMO, PC Home, Yahoo, and Far East Group's Friday...etc., and with other physical stores that are well-known chain channels such as PX Mart, E-life Mall Corporations, Shoushia Appliances, new home appliances from all walks of life and major supermarkets. In addition, working on a number of large well-known chain channels and around 30 department store container points.
- In 2021, we actively cooperate with live broadcaster, group buyers and TV shopping to combine O2O virtual and physical channels.

EASY LIFE

2021 Operational performance

Micro brand

「 Consumer preferences are changing in the world. They are no longer fascinated by famous brands. They would prefer to choose micro brand that experts in their field to highlight their distinctive styles. 」 It expected that the marketing will focus on niche market and it will be targeted precisely in order to open a large market.

EASY LIFE

Home Economics builds a lovely family

Gradually high prices present taste.

Target customers: Love the family/ engineer/ lady

Principal Build a good family life

Continuity We always give you the best brand slogan ideas

EASY LIFE

Product development focus on kitchen appliances and cosmetics health care.

The major of development is Physical channel that enhances brand value and awareness. Currently, the development of platform has steady sales and a certain amount of support by quantity. Thus, the marketing is moving forwards branding. In Taiwan, it has been put on the shelves of famous chain channels and department stores at present, so as to maximize product sales and brand awareness at the same time. Then, it plans a new sales model and invests in cross-border e-commerce.
