2016 Financial Review

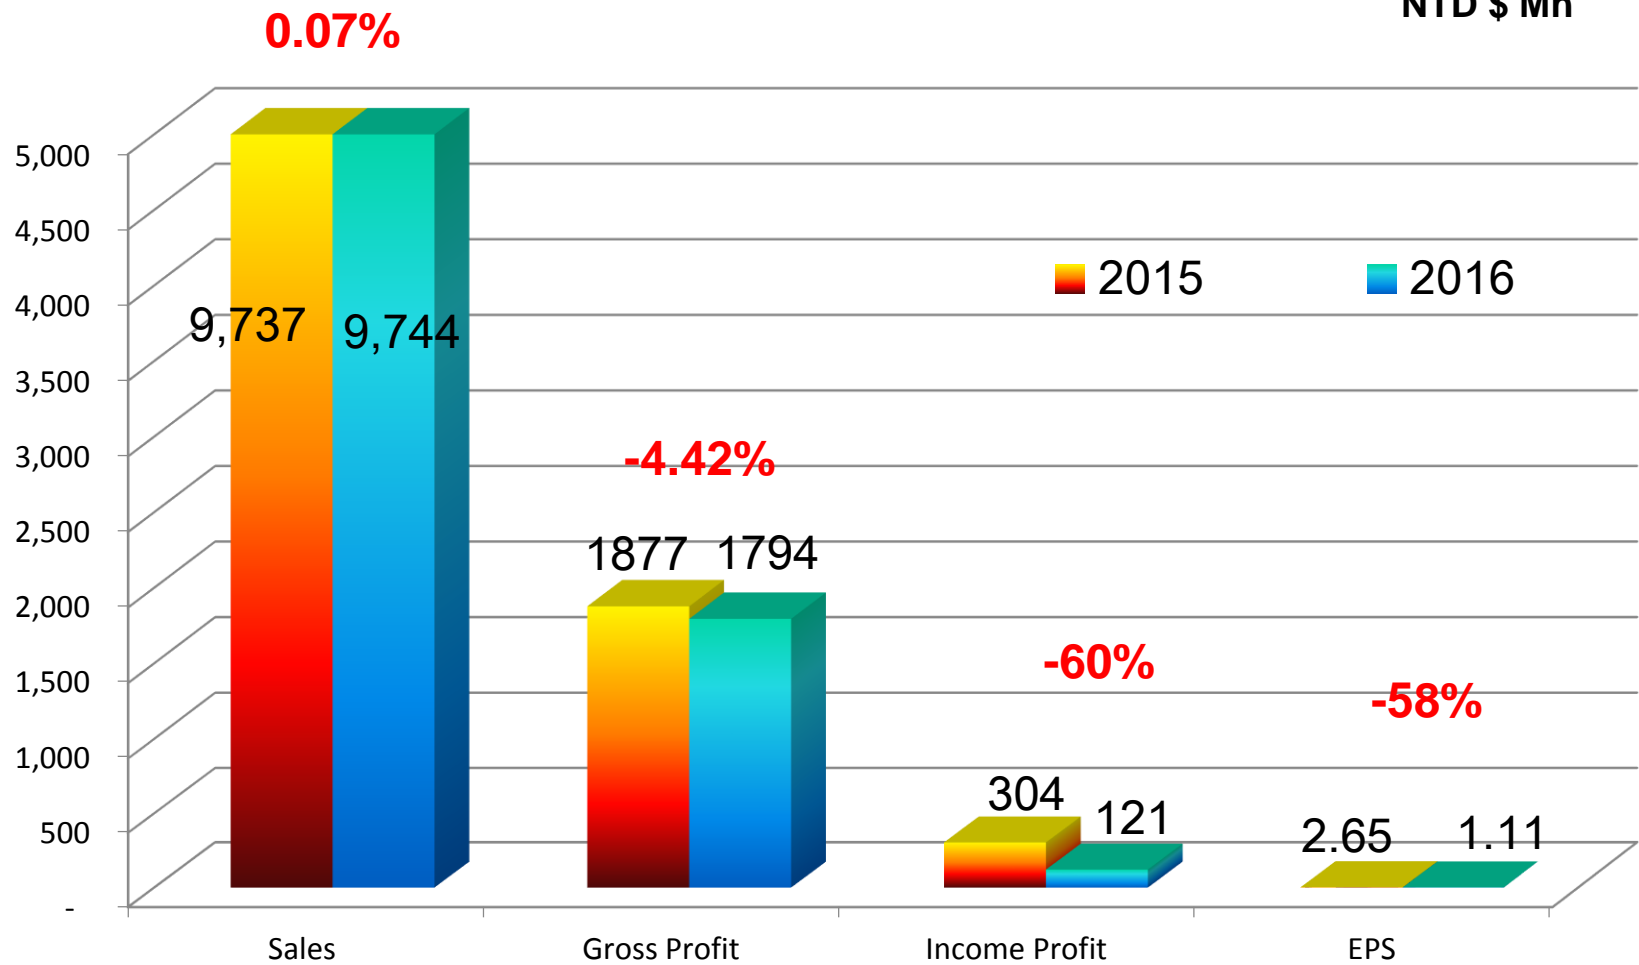

Review 2016....

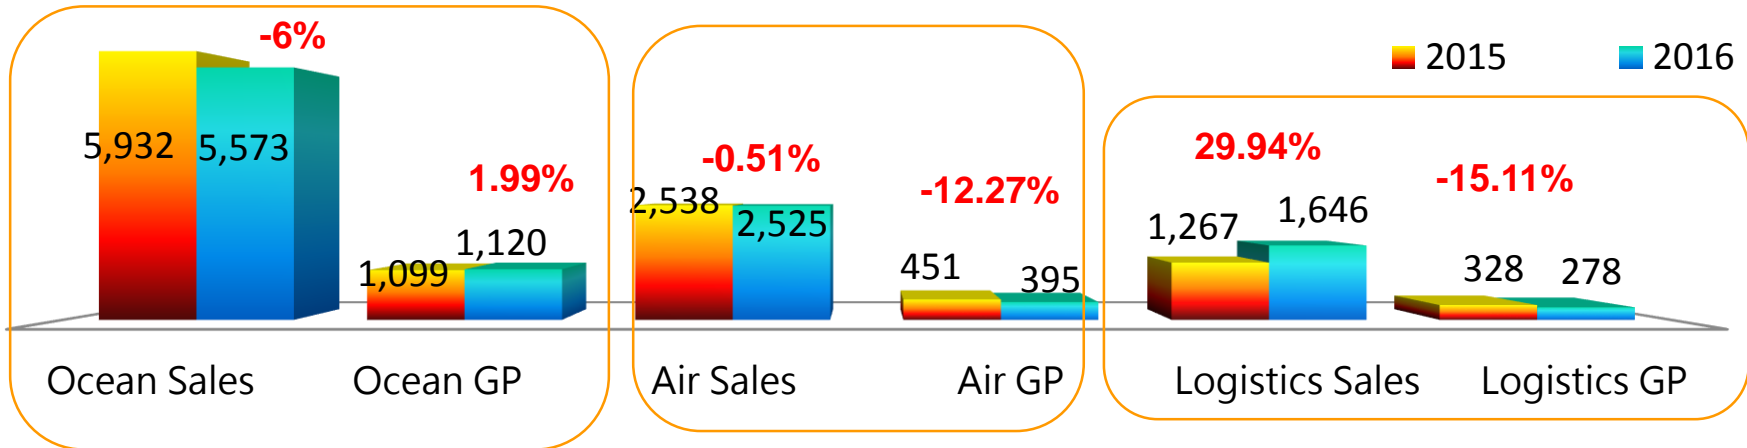

- The global economic growth and global trade weakened in 2016.
- Because the international freight shocked strongly, the profit of ocean freight still sustained, but the profit of air freight declined.
- China' s exports declined, but the Southeast Asia exports grew.
- The restructured losses of new business affected the company' s profit.

2016 Financial Highlight

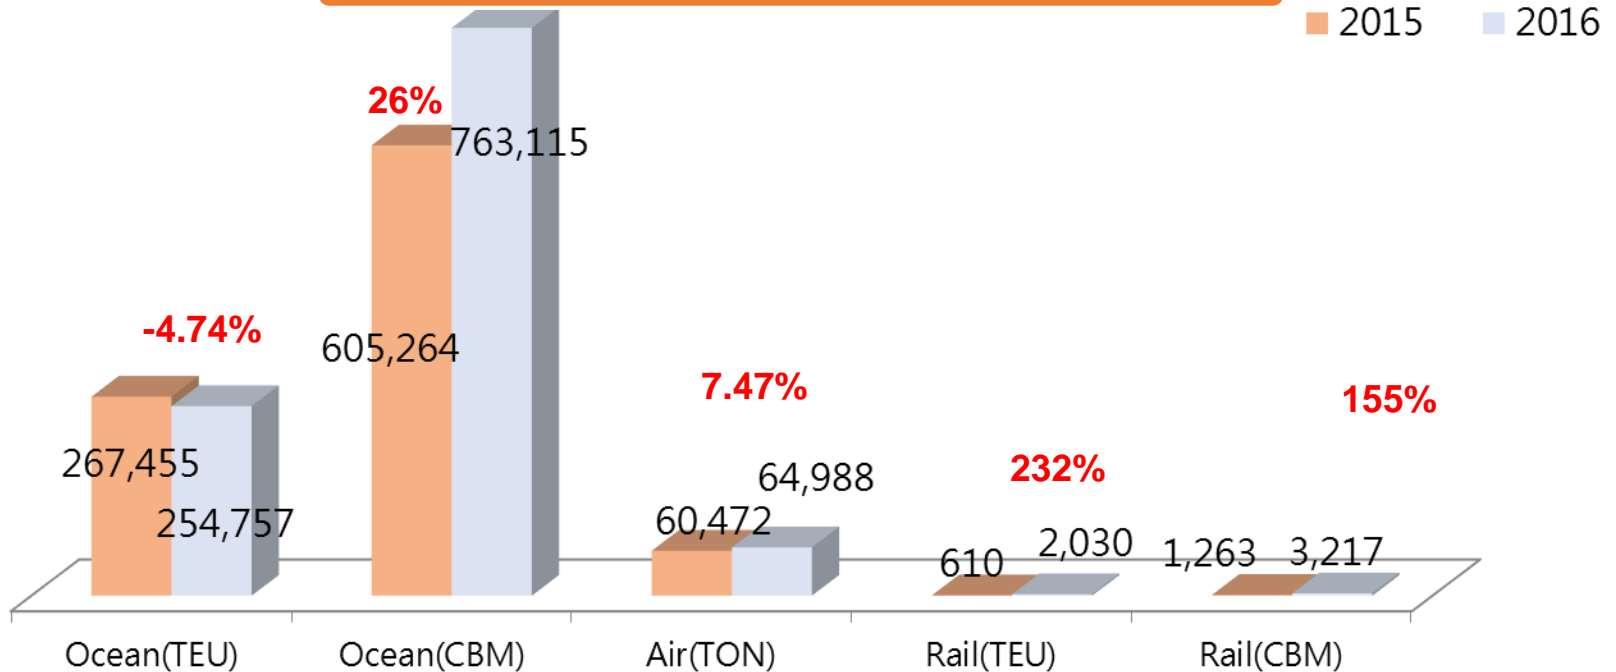

NTD \$ Mn

Quantity Analysis

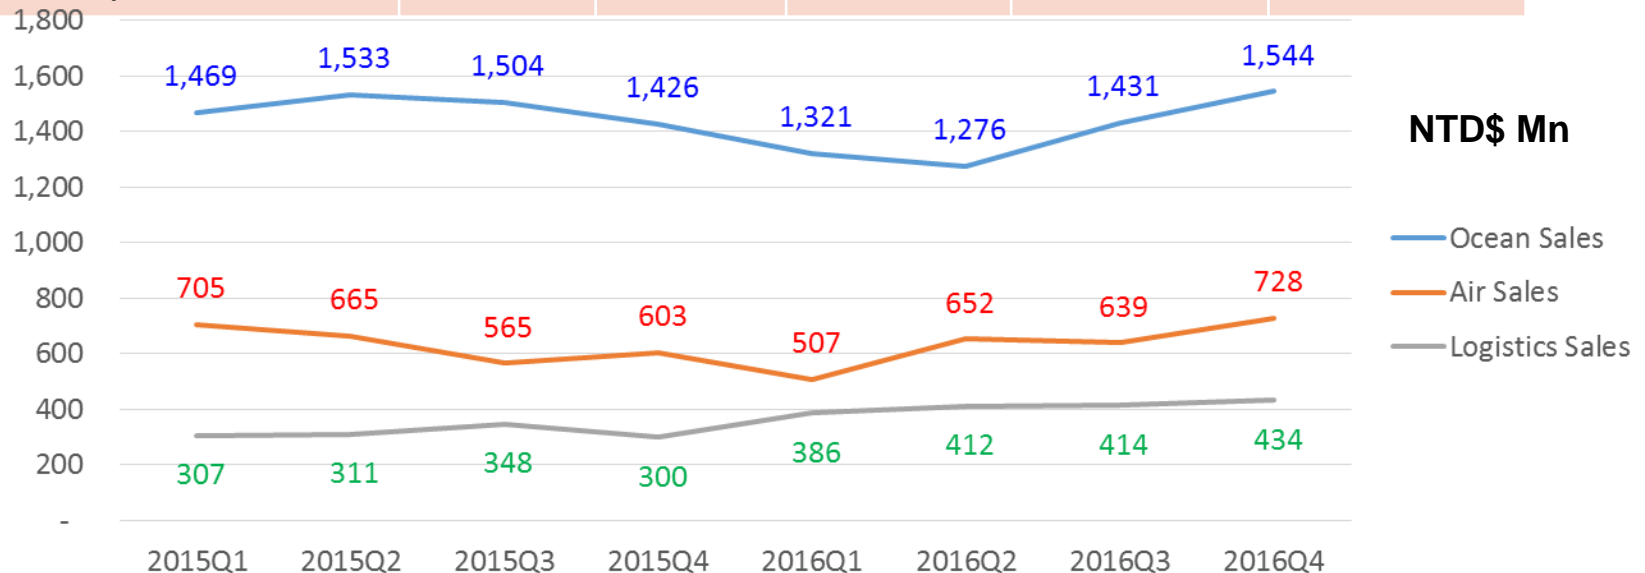

The quantities of International Logistics:

Freight Analysis

Ocean Freight YOY	2016Q1	2016Q2	2016Q3	2016Q4	2017Q1
