

SINBON

2021 H1 RESULTS & PROSPECTS

Prepared by Finance Department
2021/08

Safe Harbor Notice

This presentation contains forward looking statements and is subject to significant risks and uncertainties.

Actual results may differ materially from those in the forward looking statements.

SINBON AT A GLANCE

Integrated Solution Provider in the **M.A.G.I.C.** industries

32y

Founded in 1989

737↑

2020 Revenue
USD million

5000↑

Worldwide employees

3

R&D Centers

7

Factories
in Asia, Europe, America

30↑

Global service sites

100↑

Branded customers

ALL YOU NEED IS SINBON

End to End Service

PROJECT START

- Setup the project team
- Concept and application

Project Communication

Early Involvement

- Specifications, drawings
- Quality requirements
- Business aspects
- NDA contract

Project End

- EOL management
- Mutual review

CORE COMPETENCY

Customer-oriented Strategy
Dedicated Service Team
Organized Project Control
Global Supply Chain Management

Global Logistics

- EDI processing
- VMI, JIT services
- Worldwide hubs

Design & Test

Engineering Service

- DFM *
- APQP/PFMEA
- EVT
- PVT/PPAP
- DVT

Supply Chain Management & Manufacturing

- Cable assembly
- Global sourcing
- PCB assembly
- Bulk cable extrusion
- Box build
- Tooling shop
- Laboratory

*

DFM: Design for Manufacturability

EVT: Engineering Validation Test, Prototypes

DVT: Design Verification Test, Standard Conformity

APQP: Advanced Product Quality Planning and Control Plan

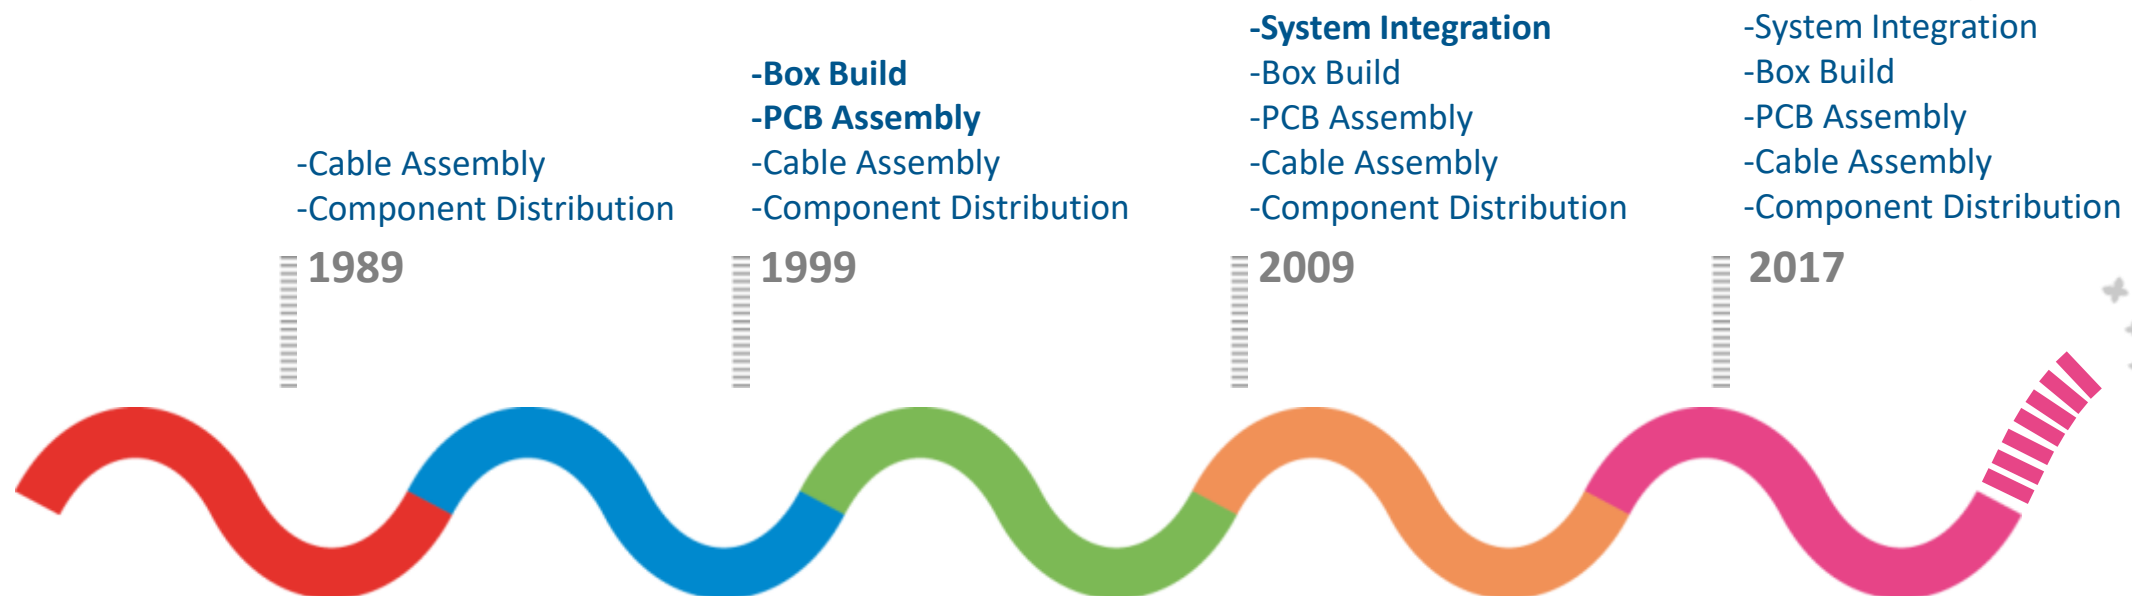

PFMEA: Process Failure Mode and Effects Analysis

PVT / PPAP: Production & Parts Verification Test

PROVEN EXPERTISE IN MAGIC

8/10

8 of the world's 10 largest medical imaging equipment manufacturers adopt SINBON solutions

6/10

6 of the world's 10 largest automotive vendors adopt SINBON solutions

9/10

9 of the world's 10 largest wind turbine suppliers adopt SINBON solutions

9/20

9 of the world's 20 largest industrial equipment vendors adopt SINBON solutions

53

Our customers come from over 53 countries

Medical Health

Automotive & Aviation

Communication

Smart City
Smart Home
Smart Wearable Device
E-bike

Miniaturization

Cable assemblies and connections designed for small and flexible devices

Multifunctionality

Limit interference with customizable box build for complex devices

Ruggedized

Provide high reliability with high standards products

High-speed Transmission

Offer high-speed transmission through the harsh environments

Aesthetic Appeal

Maximum functionality in small spaces while maintaining aesthetic appeal

Resource/ http://www.freepik.com/free-vector/professional-people-work_5667970.htm

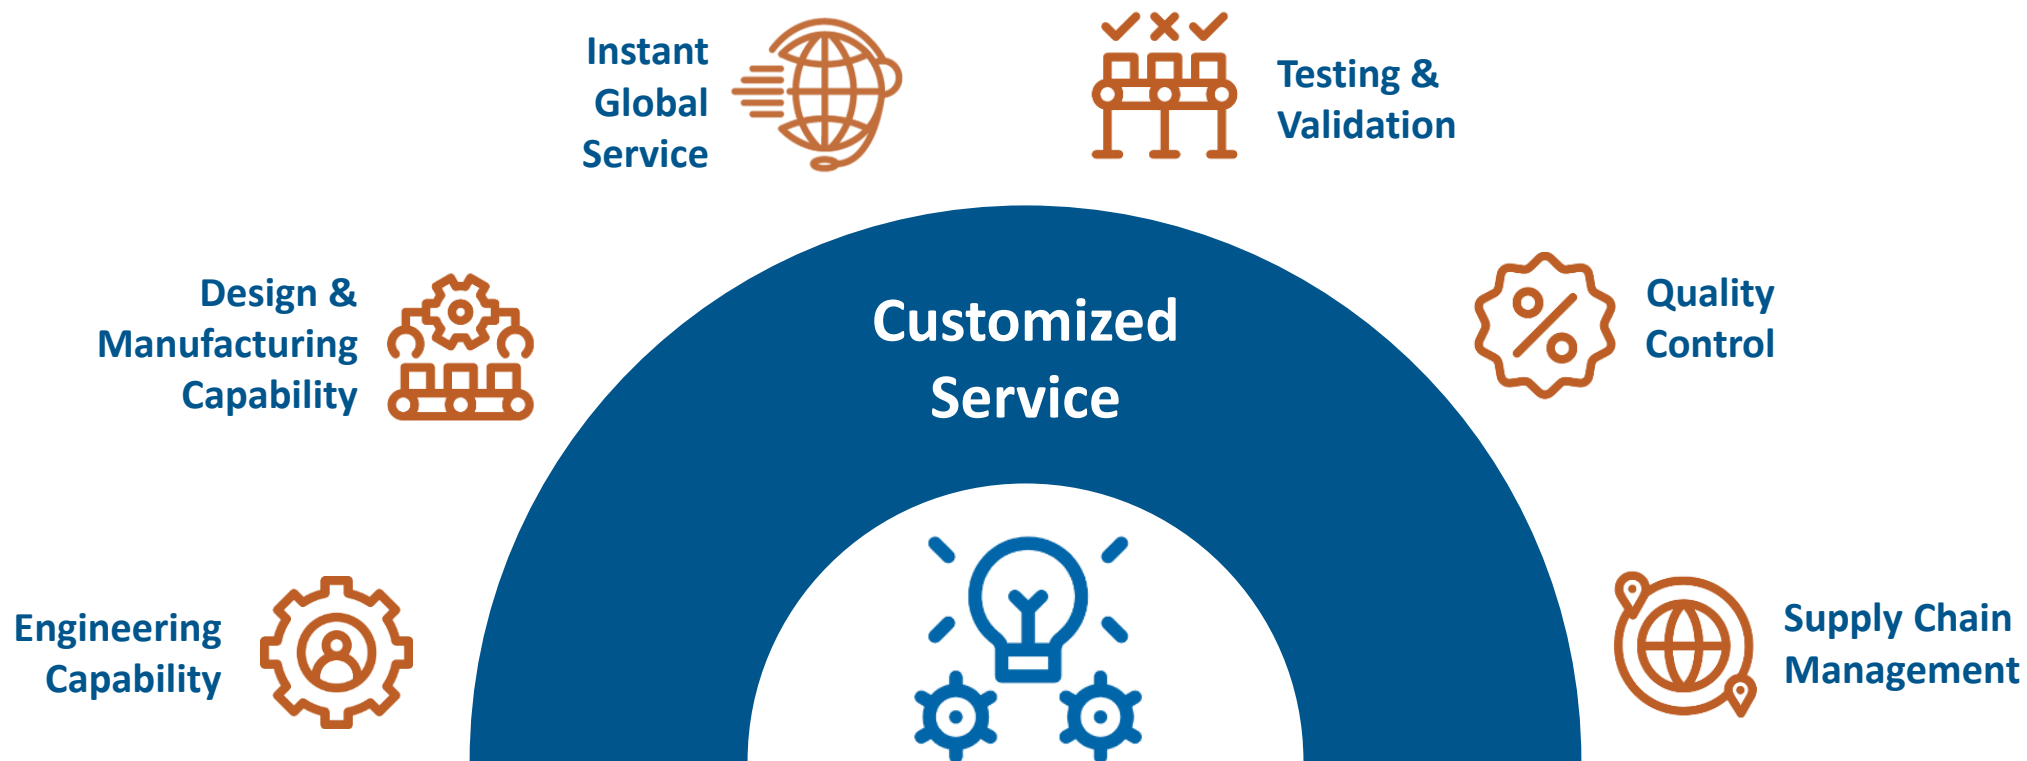

OUR SERVICE

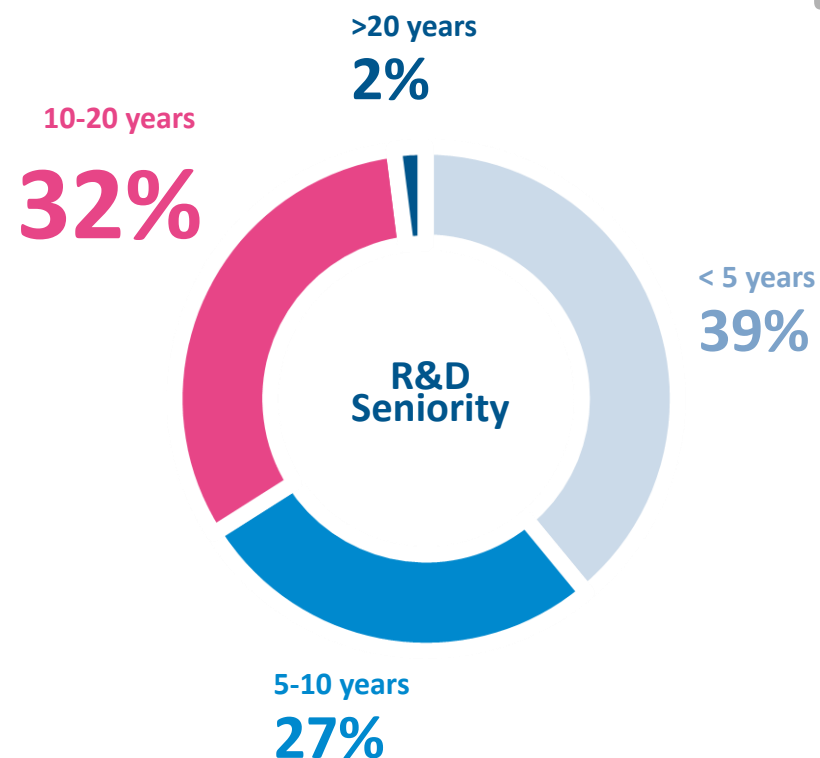

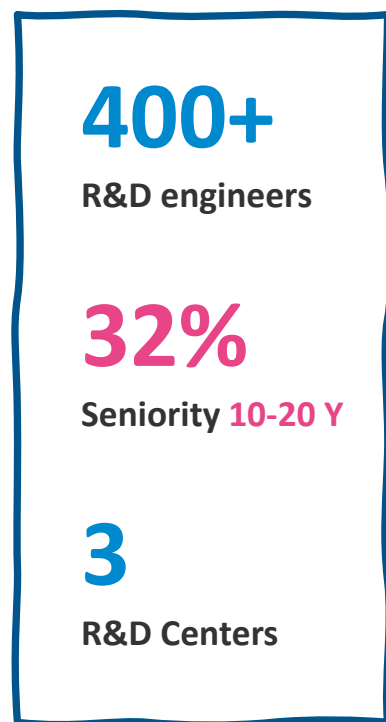

Complete Manufacturing & Flexible Production Solutions

OUR CAPABILITY

Be your innovation partner

ENGINEERING CAPABILITY

“ Our engineers routinely use **DFM** to ensure consistent manufacture and allow any potential problems to be fixed in the design phase. ”

Electronic Engineering

Power management / Interface data transmission / Remote side charging function / Board level design / Radio frequency technology

Firmware Capabilities

MCU firmware design / Device driver / OS porting / Boot loader development

Software Capabilities

APP programming (PC / mobile) / Web service design / Data base design

Mechanical Design

ME customized design / Tooling services / ID customized design / 3D modeling

Auto Test

APP programming / Real time data display / Fixture design

Design Quality Engineering

Function validation / Reliability validation / EMC / Safety validation

DESIGN & MANUFACTURING CAPABILITY

We help you

Rapid 3D Prototyping

Shorter Cycle Time to Market

- Fast Plastic 3D Printer
- High Fidelity Plastic 3D Printer
- High Strength Plastic 3D Printer
- Metal 3D Printer

10
days

In-house Tooling Shop

Reduce Unnecessary Time Cost

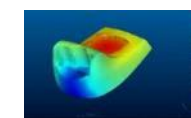

- In-house Fixture Repair
- In-house Fixture Maintain
- 5S Cleaning Station
- Mold tool / assembly feature design & manufacture

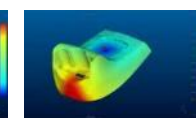

20
days

3D Modeling

Extend Product Lifespan

Fill Time Evaluation

Pressure Drop

Weld Line Location

Draft Check Analysis

DESIGN & MANUFACTURING CAPABILITY

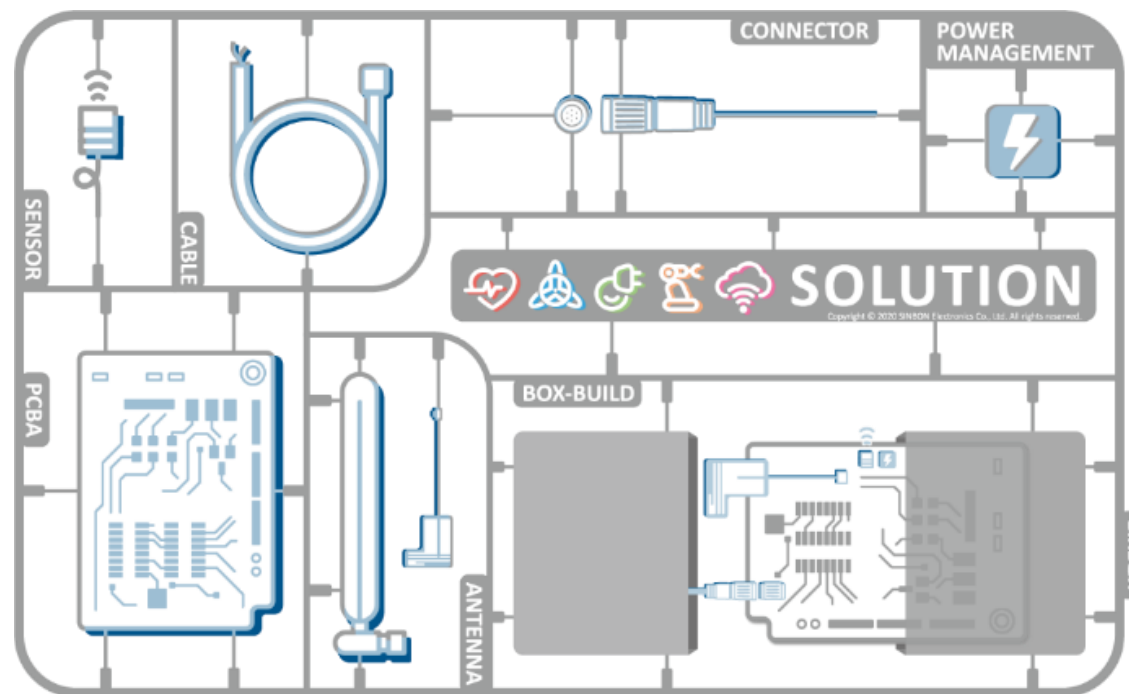

We provide you

Bulk Cable

- Custom Cable Design & extrusion
- Unique / Complexity Cable
- Follow UL standards
- Ultra high temperature / high bending
- High flexibility production

And more!

INSTANT GLOBAL SERVICE

Business Development

Familiar with the Global Market

Identify trends and market needs to develop opportunities for customers' growth and suggest innovative solutions.

Sales Engineer

Expertise in M.A.G.I.C. Industry

Keep in touch with customers, provide track customer opinions and needs, and deploy factory resources flexibly.

Customer Service

Professional in Integrated Service

Set up a special team to communicate with the customer based on the different types of issues instantly.

**Bending
Test**

- Pulling Force Test
(capacity range: 0.1 kg - 2000 kg)
- Salt Spray Test
- Static Humidity Test
- Aging Life Test

- Thermal Shock Test (temp. range -50°C - +150°C)
- X-Ray Machine (Thickness Meter)
- Bending Test
- Coiled Cable Extraction Test
- Vibration Test

- Cold Bending Test (temp. range -50°C)
- High frequency Test (Network Analyzer)
- High Humidity Test
- High-Pot Test
- Moisture Resistance Test

QUALITY CONTROL

SQE Supplier Quality Engineer
QE Quality Engineer
IQC Incoming Quality Control
IPQC In-process Quality Control
FQC Final Quality Control
OQC Outgoing Quality Control

E-MANAGEMENT

Easily, Accurately, Timely

Quality

- Control materials with barcodes and computer system, implement FIFO
- Save the data and trace the product record easily
- Analyze quality issues fast and precisely

Supply Chain

- Check traceability of abnormal materials and report to suppliers instantly
- Analyze materials issue fast and accurately

Lab

- Manage fixture checklist and inspected date with tracing system
- Use tests application system to save test data and analysis fee conveniently

SUPPLY CHAIN MANAGEMENT

We ensure you

CONTINUITY OF SUPPLY

It is difficult to provide customized items at any time, but **SINBON** can ensure to provide you with a complete supply chain.

Lead Time Optimization

- Corporate with **preferred suppliers** to ensure **consistent material quality**
- Provide **flexible production volume mix**

Global Commodity Management

- **Centralize** procurement system to get the most competitive cost
- Set up **global sourcing team** to facilitate in competitive quote and shorten materials lead time

Instant Localized Support

- 24-hour **global contact points**
- **Instant shipping arrangement** upon customer's requests
- Provide **localized engineering support** to quickly respond to customer's needs

PRODUCT EXPERIENCE

SMART HEALTHCARE PATIENT MONITOR

24-hour Care For Patients

Global patient Monitoring Devices Market to hit \$27 billion by 2025

Optimize Product Lifecycle

- Raw cable meets USA military standard
- Firm and good in back-bending

International Certification

- ISO 13485
- MedAccred
- FDA

Smart Monitor

Real-time monitoring of patient status, assisting doctors to make accurate diagnosis in real time

SMART TRANSPORT E-BIKE

Redefining Distance

Global e-bike sales will grow 36% and 3 million e-bikes will be sold in 2021

VCU

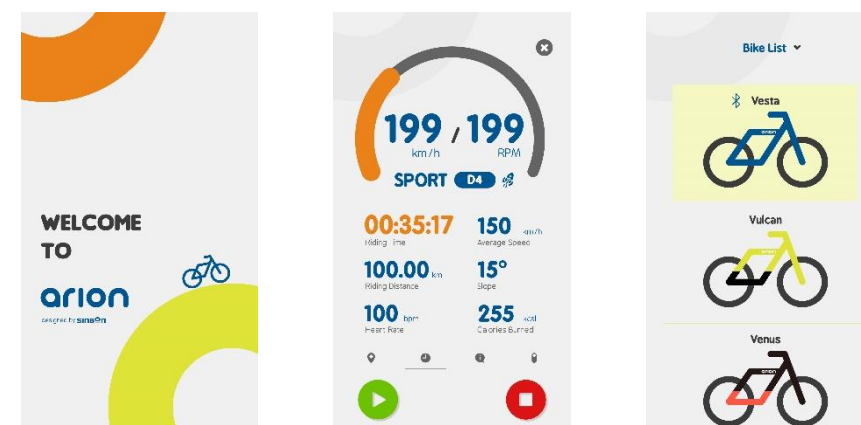

- Customized VCU design
- The core of e-bike

Smart Connection

- IoT solution
- Control e-bike via exclusive App
- Smart lock / remote control / map...etc

Smart Regulation

Automatically adjust the output power according to the user's pedaling habits

SMART TRANSPORT

AUTOMOTIVE LIDAR SENSOR

Lidar Helps Automobiles Sense Obstacles At 360-degree

The global LiDAR market is expected to reach USD 2.9 billion by 2025

Collaborative Design

- Assist customers in design process
- Optimized engineering and process

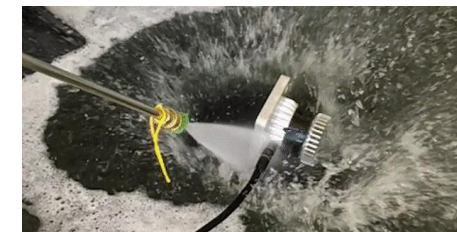

Smart Transport

LiDAR functions, helps ADAS sense the surrounding environment of an autonomous vehicle, making the vehicle see further and clearly and even react faster to traffics.

High Standard

- Insulation resistance $\geq 10^8 \Omega$
- High waterproof level IP69K
- High speed customized transmission cable (10 Gbps)

Copyright © 2017 SINBON Electronics Co., Ltd. All rights reserved.

SMART TRANSPORT MARINE

Sailing To The World

The global recreational boat market by revenue is expected to grow at a CAGR of over 11% during the period 2019 to 2025

Environmental adaptation

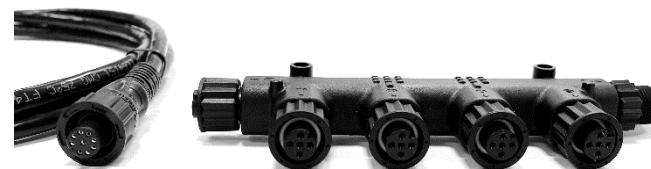

- Waterproof and salt spray resistant
- Strong and sturdy

Professional cooperation

- Customized design
- Connectors, wiring harness assembly

International Certification

- NMEA 2000
- ISO 25197:2012
- Amd 1:2014

SMART ENERGY WIND ENERGY PRODUCT

The Growth Of Environmental Awareness

Global wind power market grow at a CAGR of 5.2% from 2020 to 2027

International Customer

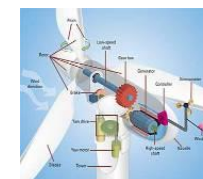

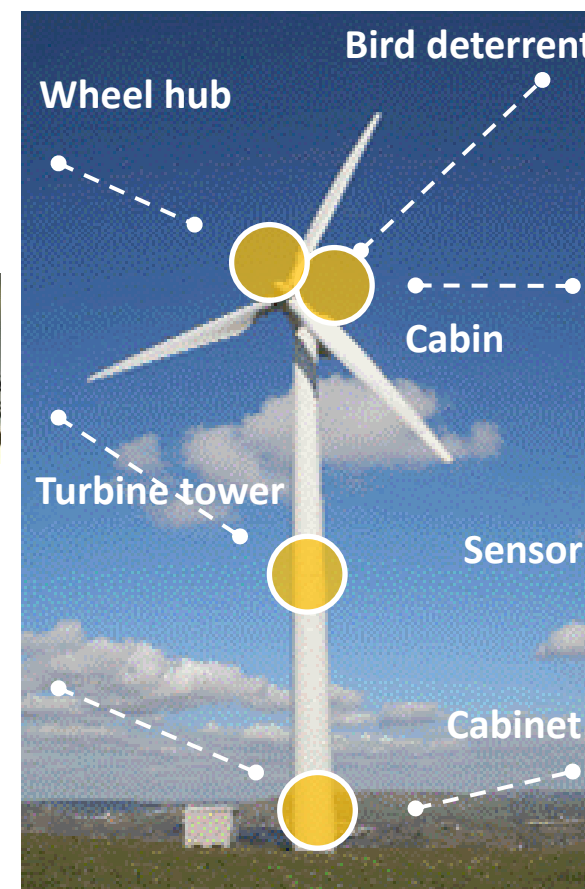

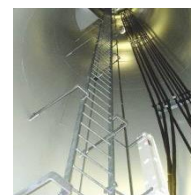

Seven of the top ten wind turbine assembly companies in the world are SINBON's customers

Smart Energy

- Cabinet assembly: Stable quality
- Sensor: Well adapted to harsh environment conditions
- Bird deterrent: Protect birds from being hurt by wind turbines and reduce environmental impact during the process

Highly Customized / SINBON Design

- Adaptive solutions for varying environmental conditions
- Finding the right material
- Optimized design for customer

SMART MANUFACTURING WAREHOUSE

ROBOTS/SMART VESTS

Target The Automation Market

The warehouse automation market is forecast to grow at a CAGR of 12.6% during 2019 to 2023

Efficiency

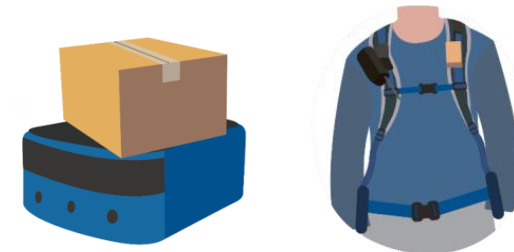

Reduce warehousing labor costs and improve operational efficiency

Smart Sensor

- Warehouse Robots : Sensor routes and flexible movement
- Smart Vests : Staffs can avoid collision by robotics after wearing the vests

Professional cooperation

- Customized design
- Professional molding and assembly technology
- High voltage speed up charging solution

SMART LOGISTICS UNMANNED STORE / DRONE

Unmanned Store and Logistics Help Save Manpower

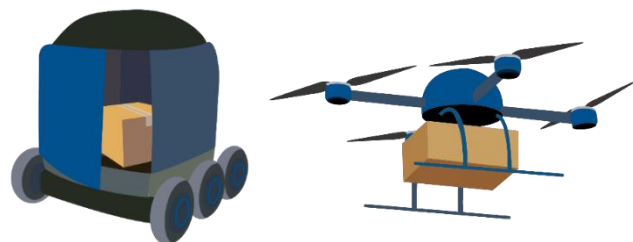

Global unmanned store market is valued with a CAGR growth rate of 51.9% during 2019 to 2027

Environmental adaptation

Waterproof and shockproof 、 Strong and sturdy

Smart Function

- Identifying obstacles
- Fast charging solution

Professional cooperation

- Customized design
- Connectors, wiring harness assembly
- EM solution

SMART CITY

UNDERGROUND SMART GRID MONITORING

Monitor Power Dispatch, To Predict, Warn and Prevent Major Changes in Advance

Global smart grid market grow steadily. The market value will reach 119.74 billion by 2025

Environmental adaptation

- Resistant to animal bites
- Water and oil resistance
- Chemical resistance, anti-corrosion, anti-salt spray, anti-fouling

International Certification

- UL
- IEEE 495

Smart Monitoring

Monitor the power grid and transmit data through communication technology

A stylized map of China is shown on the left side of the slide. The map is light blue, and the province of Guangdong is highlighted in a darker blue. The city of Zhongshan is marked with a white star within the highlighted area. The word "ZHONGSHAN" is written in large, light blue, sans-serif capital letters across the bottom of the map.
