under the
£2,000,000,000 Impala Bonds Programme

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances. The expression "Prospectus Directive" means Directive 2003/71/EC (as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) and includes any relevant implementing measures in the Relevant Member State.

Prospective investors considering acquiring any Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after carefully considering the suitability of the Notes in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in this Base Prospectus and the applicable Final Terms. Summaries are made up of disclosure requirements known as "Elements". These elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element is included in the summary with the mention of "Not Applicable".

Section A – Introduction and Warnings		
A.1	Introduction:	<p>This summary must be read as an introduction to this Base Prospectus in relation to the Notes and any decision to invest in the Notes should be based on a consideration of this Base Prospectus, including the documents incorporated by reference herein, and this summary, as a whole.</p> <p>Where a claim relating to the information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area, the claimant may, under the national legislation of the Member State, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>Civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus or it does not provide, when read together with the other parts of this Base Prospectus, key information in order to aid Investors when considering whether to invest in the Notes.</p>
A.2	Consent:	Not Applicable. The Issuer does not consent to the use of this Base Prospectus in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus as the Notes will not be publicly offered.

Section B – Issuer		
B.1	Legal and commercial name of the Issuer:	The legal name of the issuer is Investec Bank plc (the "Issuer").
B.2	Domicile and legal form of the Issuer:	<p>The Issuer is a public limited company registered in England and Wales under registration number 00489604. The liability of its members is limited.</p> <p>The Issuer was incorporated as a private limited company with limited liability on 20 December 1950 under the Companies Act 1948 and registered in England and Wales under registered number 00489604 with the name Edward Bates & Sons Limited. Since then it has undergone changes of name, eventually re-registering under the Companies Act 1985 on 23 January 2009 as a public limited company and is now incorporated under the name Investec Bank plc.</p> <p>The Issuer is subject to primary and secondary legislation relating to financial services and banking regulation in the United Kingdom, including, <i>inter alia</i>, the Financial Services and Markets Act 2000, for the purposes of which the Issuer is an authorised person carrying on the business of financial services provision. In addition, as a public limited company, the Issuer is subject to the UK Companies Act 2006.</p>

The balance sheet remains strong, supported by sound capital and liquidity ratios. At 31 March 2016, the Issuer had £5.0 billion of cash and near cash to support its activities, representing 45.7% of its customer deposits. These disclosures incorporate the deduction of foreseeable dividends as required by the CRR and European Banking Authority technical standards. Excluding this deduction, the ratio would be 0.3% higher. The credit loss charge as a percentage of average gross core loans and advances has decreased from 1.16% at 31 March 2015 to 1.13%. The Issuer's gearing ratio remains low with total assets to equity decreasing to 9.9 times at 31 March 2016.

Section D – Risks

<p>D.2</p>	<p>Risks specific to the issuer:</p>	<p>In relation to Public Offers of the Notes, the Notes are designed for investors who are or have access to a suitably qualified independent financial adviser or who have engaged a suitably qualified discretionary investment manager, in order to understand the characteristics and risks associated with structured financial products.</p> <p>The following are the key risks applicable to the Issuer:</p> <p><i>Market risks, business and general macro-economic conditions and fluctuations as well as volatility in the global financial markets could adversely affect the Issuer's business in many ways.</i></p> <p>The Issuer is subject to risks arising from general macro-economic conditions in the countries in which it operates, including in particular the UK, Europe, Asia and Australia, as well as global economic conditions.</p> <p><i>The Issuer is subject to risks concerning customer and counterparty credit quality.</i></p> <p>Credit and counterparty risk is defined as the risk arising from an obligor's (typically a client's or counterparty's) failure to meet the terms of any agreement. Credit and counterparty risk arises when funds are extended, committed, invested, or otherwise exposed through contractual agreements, whether reflected on- or off-balance sheet.</p> <p>The Issuer's credit risk arises primarily in relation to its Specialist Banking business, through which it offers products such as private client mortgages and specialised lending to high income professionals and high net worth individuals and a range of lending products to corporate clients, including corporate loans, asset based lending, fund finance, asset finance, acquisition finance, power and infrastructure finance, resource finance and corporate debt securities. Within its Wealth & Investment business, the Issuer is subject to relatively limited settlement risk which can arise due to undertaking transactions in an agency capacity on behalf of clients.</p> <p>In accordance with policies overseen by its Central Credit Management department, the Issuer makes provision for specific impairments and calculates the appropriate level of portfolio impairments in relation to the credit and counterparty risk to which it is subject.</p> <p>Increased credit and counterparty risk could have a material adverse impact on the Issuer's business, results of operations, financial condition and prospects.</p> <p><i>The Issuer is subject to liquidity risk, which may impair its ability to fund its operations.</i></p> <p>Liquidity risk is the risk that the Issuer has insufficient capacity to fund increases in its assets, or that it is unable to meet its payment obligations as they fall due, without incurring unacceptable losses. This includes repaying depositors and repayments of wholesale debt. This risk is inherent in all banking operations and can be impacted by a range of institution-specific and market-wide events.</p> <p><i>The Issuer may have insufficient capital in the future and may be unable to secure additional financing when it is required.</i></p> <p>The prudential regulatory capital and liquidity requirements applicable to banks have increased significantly over the last decade, largely in response to the financial crisis that commenced in 2008 but also as a result of continuing work undertaken by regulatory bodies in the financial sector subject to certain global and national mandates. These prudential requirements are likely to increase further in the short term, not least in connection with ongoing implementation issues, and it is possible that further regulatory changes may be implemented in this area in any event.</p> <p>If the Issuer fails to meet its minimum regulatory capital or liquidity requirements, it may be subject to administrative actions or sanctions. In addition, a shortage of capital or liquidity could affect the Issuer's ability to pay liabilities as they fall due, pay future dividends and distributions, and could affect the implementation of its business strategy, impacting future growth potential.</p>
<p>D.3</p>	<p>Risks specific to the securities:</p>	<p>Series 238 are Floating Rate Notes.</p> <p>Unsecured Notes: Investors investing in unsecured Notes (including unsecured Notes which are specified in the applicable Final Terms as Notes "without Capital at Risk") are advised to carefully evaluate the Issuer's credit risk when considering an investment in such Notes. If the Issuer became unable to pay amounts owed to the investor under the unsecured Notes, such investor does not have recourse to the underlying or any other security/collateral and, in a worst case scenario, investors may not receive any payments under the Notes.</p> <p>Investment Products: The Notes are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any deposit protection insurance scheme.</p>

Maximum rate of interest. The interest payable on the Notes may be subject to a maximum, thereby limiting the return, which could result in the investors forgoing returns that could have been made had they invested in a product with a higher or no predetermined maximum interest payable.

Tax: Notcholders will be liable for and/or subject to any taxes, including withholding tax, payable in respect of the Notes.

Section E – Offer		
E.2b	Reasons for the Offer and Use of Proceeds:	Not Applicable. The use of proceeds is to make a profit and/or hedge risks.
E.3	Terms and Conditions of the Offer:	Not Applicable.
E.4	Interests Material to the Issue:	The Issuer may be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and may also be the valuation agent in connection with the reference asset(s). Such determinations and calculations will determine the amounts that are required to be paid by the Issuer to holders of the Notes. Accordingly when the Issuer acts as Calculation Agent, or Valuation Agent its duties as agent (in the interest of holders of the Notes) may conflict with the interest as issuer of the Notes.
E.7	Estimated Expenses:	Not Applicable. Expenses in respect of the offer or listing of the Notes are not charged by the Issuer or Dealers to the Investor.
