2. Summary of the business plan for the year of 2026

Important production and sales policy and company development strategies :

In 2025, the global electronics industry continued to be driven by demand for Artificial Intelligence (AI), high-performance computing, and advanced packaging applications. As a result, related supply chains gradually recovered and showed a growth trend. MACHVISION continued to deepen its presence in the field of Automated Optical Inspection (AOI) equipment while steadily expanding its footprint in the semiconductor packaging inspection market. Benefiting from the recovery in industry demand and enhanced product competitiveness, MACHVISION achieved significant overall operational growth in 2025, with both revenue and profits reaching record highs.

This operational growth was primarily driven by the recovery in demand for high-end PCB applications, which led to increased shipments of AOI inspection equipment. In addition, semiconductor packaging inspection equipment was gradually introduced to customers, raising the proportion of high value-added products. Coupled with an optimized product mix and market positioning, as well as continuous improvements in cost control and operational efficiency, MACHVISION achieved notable enhancements in revenue scale, profitability, and overall operational strength, demonstrating the effectiveness of its long-term strategic initiatives.

MACHVISION continues to advance its “dual-track, four-line” development strategy by deepening its presence in the PCB AOI equipment market while actively expanding into the semiconductor packaging inspection equipment market. In alignment with this dual-track approach, MACHVISION has established four major product lines: PCB AOI series equipment, PCB four-wire electrical testing series equipment, semiconductor packaging inspection series equipment, and semiconductor packaging and metrology series equipment. Through these initiatives, MACHVISION continues to strengthen its product competitiveness and market positioning, helping customers improve production efficiency and reduce manufacturing costs, thereby enhancing overall competitive advantages.

Looking ahead, as demand for AI applications, advanced packaging, and high-end electronic products continues to grow, the inspection equipment market is expected to maintain steady development. MACHVISION will continue to deepen its presence in the PCB inspection equipment market while advancing its deployment in semiconductor packaging inspection equipment, increasing the proportion of high-end products and sustaining growth momentum. At the same time, MACHVISION will continue to strengthen its R&D capabilities, enhance product quality, and improve operational efficiency, while prudently responding to industry changes and capturing market opportunities, with the aim of creating long-term and stable value for shareholders.

Finally, we would like to express our gratitude to all shareholders for their support and care. All employees of MACHVISION will continue to work diligently to create greater value for shareholders, and we hope that shareholders will continue to support and encourage MACHVISION as they have in the past.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Revenue recognition

Please refer to notes 4(n) and 6(o) for disclosures related to revenue recognition.

Description of key audit matter:

Revenue is the key indicator used by investors and management while evaluating the Group's finance or operating performance. The accuracy of the timing and amount of revenue recognition have significant impact on the financial statements. Therefore, we consider it as one of our key audit matters.

How the matter was addressed in our audit:

Understanding and testing the effectiveness of the design of, and implementing the internal control of sales and collecting cycles; reviewing the revenue recognition of significant sales contracts to determine whether the key judgment, estimation, and accounting treatment are reasonable; understanding the type of products and the sales of machinery equipment of the top 10 customers; calculating the turnover days of sales and accounts receivable to ensure whether clients' credit terms are in accordance with the ratios, and analyzing the changes in the top 10 customers from the most recent period and prior year to determine if there were any abnormalities; selecting sales transaction from a certain period of time before and after the last shipping date, and verifying them with the vouchers to determine the accuracy of the timing whether there are any abnormalities; as well as understanding whether there is a significant subsequent sales returns.

2. Impairment of accounts receivable (including long-term receivables)

Description of key audit matter:

The accounts and long-term accounts receivable constituted 21% of total consolidated assets of the Group as of December 31, 2025, and the impairment of notes, accounts and long-term accounts receivable depends on the evaluation of the management based on the evidence of internal and external factors, both subjective and objective. Therefore, we consider them as one of our key audit matters.

How the matter was addressed in our audit:

Testing the effectiveness of control points relating to cash collection; obtaining the list of accounts receivable balance to send confirmations for selected samples; acquiring the Group's computation of impairment loss rate to review its appropriateness; deriving the aging analysis of accounts receivables to verify the accuracy of aging periods by examining relevant documents of selected receivables; reviewing whether the recognition of provision for the impairment loss is based on the impairment loss rate; and evaluating whether the recognition of impairment on accounts receivable made by the management is reasonable.

Other Matter

The Company has prepared its parent company only financial statements as of and for the years ended December 31, 2025 and 2024, on which we have issued an unqualified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRSs, IASs, interpretation as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including audit committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Wu, Chung-Shun and Chang, Chun-I.

To the Board of Directors of Machvision Inc. Co., Ltd.:

Opinion

We have audited the financial statements of Machvision Inc. Co., Ltd. (the "Company"), which comprise the statement of financial position as of December 31, 2025 and 2024, and the statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and its financial performance and its cash flows for the years ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matters to be communicated in our report are as follows:

1. Revenue recognition

Please refer to notes 4(n) and 6(o) for disclosures related to revenue recognition.

Description of key audit matter:

Revenue is the key indicator used by investors and management while evaluating the Company's finance or operating performance. The accuracy of the timing and amount of revenue recognition have significant impact on the financial statements. Therefore, we consider it as one of our key audit matters.

How the matter was addressed in our audit :

Understanding and testing the effectiveness of the design of, and implementing the internal control of sales and collecting cycles; reviewing the revenue recognition of significant sales contracts to determine whether the key judgment, estimation, and accounting treatment are reasonable; understanding the type of products and the sales of machinery equipment of the top 10 customers; calculating the turnover days of sales and accounts receivable to ensure whether clients' credit terms are in accordance with the ratios, and analyzing the changes in the top 10 customers from the most recent period and prior year to determine if there were any abnormalities; selecting sales transaction from a certain period of time before and after the last shipping date, and verifying them with the vouchers to determine the accuracy of the timing whether there are any abnormalities; as well as understanding whether there is a significant subsequent sales returns.

2. Impairment of accounts receivable (including long-term receivables)

Please refer to notes 4(f), 5 and 6(c) for disclosures related to impairment of trade receivables.

Description of key audit matter:

The notes, accounts and long-term accounts receivable constituted 24% of total assets of the Company as of December 31, 2025, and the impairment of notes, accounts and long-term accounts receivable depends on the evaluation of the management based on the evidence of internal and external factors, both subjective and objective. Therefore, we consider them as one of our key audit matters.

How the matter was addressed in our audit :

Testing the effectiveness of control points relating to cash collection; obtaining the list of accounts receivable balance to send confirmations for selected samples; acquiring the Company's computation of impairment loss rate to review its appropriateness; deriving the aging analysis of accounts receivables to verify the accuracy of aging periods by examining relevant documents of selected receivables; reviewing whether the recognition of provision for the impairment loss is based on the impairment loss rate; and evaluating whether the recognition of impairment on accounts receivable made by the management is reasonable.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including audit committee) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Wu, Chung Shun and Chang, Chun I.

Article 26-2: The current year's earnings, if any, shall first be used to pay all taxes and offset prior years' accumulated losses and then set aside 10% as legal reserve. The remaining earnings, plus the accumulated undistributed earnings, may be distributed by issuance of new shares according to the distribution plan proposed by the Board of Directors and approved by the shareholders' meeting.

The Company is currently in a phase of steady growth. - D. Actions to be taken if the outcome of all proposals has been announced and extraordinary motion has not been carried out.

To convene a virtual shareholders meeting, appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders meeting online shall be specified.

Article 7 If a shareholders' meeting is convened by the Board of Directors, the Chairman of the Board of Directors shall preside at the said shareholders' meeting. In case the Chairman is on leave of absence, or cannot exercise his powers and authority, the Vice Chairman shall act as chair at the shareholders' meeting. If there is no Vice Chairman, or the Vice Chairman is also on leave of absence, or cannot exercise his powers and authority, the Chairman shall designate a Managing Director to act in lieu of him; if there is no Managing Director, the Chairman shall designate a Director to act in lieu of him. When a managing director or a director serves as chair who is referred to in the preceding paragraph, the managing director or director shall have held that position for six months or more and who understands the financial and business conditions of the company. The same shall be true for a representative of a juridical person director that serves as chair. The attendance shall be recorded in the meeting minutes. If a shareholders' meeting is convened by a party with the power to convene but other than the board of directors, the convening party shall chair the meeting. If the Chairman does not designate a Director, the Managing Directors or Directors shall elect one from among themselves to act in lieu of the Chairman. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

Where the shareholders' meeting is convened by any person, other than the Board of Directors, such person shall act as the chairman of that meeting.

Article 8 The Company, starting from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders' meeting, and the voting and vote-counting procedures. The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit in accordance with Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation. Where a shareholders meeting is held in a virtual way, the Company shall keep records of shareholder registration, sign-in, check-in, questions raised, votes cast and results of votes counted by the Company, and continuously audio and video record, without interruption, the proceedings of the virtual meeting from beginning to end.

The information and audio and video recording in the preceding paragraph shall be properly kept by the Company during the entirety of its existence, and copies of the audio and video recording shall be provided to and kept by the party appointed to handle matters of the virtual meeting.

Article 9 Attendance at shareholders meetings shall be calculated based on numbers of shares.

The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in, and the shares checked in on the virtual meeting platform, plus the number of shares whose voting rights are exercised by correspondence or electronically.

However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned. In the event of a virtual shareholders meeting, the Company shall also declare the meeting adjourned at the virtual meeting platform; in the event of a virtual shareholders meeting, the Company shall also declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within one month. In the event of a virtual shareholders meeting, shareholders intending to attend the meeting online shall re-register to the Company in accordance with Article 6.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

Article 10 The agenda of the Shareholders' Meeting shall be set by the Board of Directors if the Meeting is convened by the Board of Directors. Related motions (including extempore motions and amendment motion) should be voted. Unless otherwise resolved at the Meeting, the Meeting shall proceed in accordance with the agenda.

The above provision applies mutatis mutandis to cases where the Meeting is convened by any person, other than the Board of Directors, entitled to convene such Meeting. Unless otherwise resolved at the Meeting, the chairman cannot announce adjournment of the Meeting before all the discussion items (including special motions) listed in the agenda are resolved. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the board of directors shall promptly assist the attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting. The shareholders cannot designate any other person as chairman and continue the Meeting in the same or other place after the Meeting is adjourned. Besides, the voting time should be arranged appropriately.

Article 11 When a shareholder presents at the Meeting wishes to speak, a Speech Note should be filled out with summary of the speech, the shareholder's number (or the number of Attendance Card) and the name of the shareholder. The sequence of speeches by shareholders should be decided by the chairman.

If any shareholder present at the Meeting submits a Speech Note but does not speak, no speech should be deemed to have been made by such shareholder. In case the contents of the speech of a shareholder are inconsistent with the contents of the Speech Note, the contents of actual speech shall prevail.

interrupt the speeches of the other shareholders, otherwise the chairman shall stop such interruption. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

Article 12 Votes at shareholders' meetings shall be calculated based on numbers of shares. With respect to resolutions of shareholders' meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such relationship would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as a proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as a proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3% of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13 A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Paragraph 2 of Article 179 of the Company Act. When the Company holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders' meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that the Company avoid the submission of extraordinary motions and amendments to original proposals. A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to the Company two days prior to the date of the shareholders' meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent. After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders' meeting in person, a written declaration of intent to retract the voting rights already exercised under the preceding Paragraph shall be made known to the Company, by the same means by which the voting rights were exercised, two days prior to the date of the shareholders' meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders' meeting, the voting rights exercised by the proxy in the meeting shall prevail. Except otherwise specified in the Company Act or in the Company's Charters, a resolution shall be adopted by a majority of the votes represented by the shareholders present at the Meeting. At the time of voting, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS. If there is amendment to or substitute for a discussion item, the chairman shall decide the sequence of voting for such discussion item, the amendment or the substitute. If any one of them has been adopted, the others shall be deemed vetoed and no further voting is necessary. The vote counting for shareholders' meeting proposals or elections shall be conducted in public at the place of the shareholders' meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote. When the Company convenes a virtual shareholders meeting, after the chair declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends or will be deemed abstained from voting. When the Company convenes a hybrid shareholders meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical shareholders meeting in person, they shall revoke their registration two days

before the shareholders meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders meeting online. When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

Article 14 The election of directors or supervisors at a shareholders' meeting shall be held in accordance with the applicable election and appointment rules adopted by the Company, and the voting results shall be announced on-site immediately, including the names of those elected as directors and supervisors and the numbers of votes with which they were elected. The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15 Any matters relating to the resolutions of a shareholders' meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form. The Company may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors or supervisors. The meeting minutes shall be retained for the duration of the existence of the Company.

Where a virtual shareholders meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual shareholder meeting, other than compliance with the requirements in the preceding paragraph, the Company shall specify in the meeting minute alternative measures available to shareholders with difficulties in attending a virtual shareholders meeting online.

Article 16 On the day of a shareholders meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means, and shall make an express disclosure of the same at the place of the shareholders meeting. In the event a virtual shareholders meeting, the Company shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

During the Company's virtual shareholders meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting and a new tally of votes is released during the meeting.

If matters put to a resolution at a shareholders meeting constitute material information under applicable laws or regulations or under Taiwan Stock Exchange Corporation (or Taipei Exchange Market) regulations, the Company shall upload the content of such resolution to the MOPS within the prescribed time period.

Article 17 All supporting staff for the shareholders' meeting shall wear an identification badge or arm-band. The chairman may conduct the disciplinary officers (or the security guards) to assist in keeping order of the Meeting place. Such disciplinary officers (or security guards) shall wear badges marked "Disciplinary Officers" or identification cards for identification purpose.

At the place of a shareholders' meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by the Company, the chair may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18 During the meeting, the Chairman may, at his or her discretion, set time for intermission.

If any event of force majeure occurs, the chair may order the meeting to be temporarily suspended and announce a time when, depending on the development of circumstance, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed or resolved, the shareholders' meeting may adopt a resolution to resume the meeting at another venue.
