CONSOLIDATED FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REVIEW REPORT

JUNE 30, 2021 AND 2020

For the convenience of readers and for information purpose only, the auditors' review report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' review report and financial statements shall prevail.

INDEPENDENT AUDITORS' REVIEW REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Stockholders of WPG Holdings Limited

Introduction

We have reviewed the accompanying consolidated balance sheets of WPG Holdings Limited and subsidiaries (the "Group") as at June 30, 2021 and 2020, and the related consolidated statements of comprehensive income for the three months and six months then ended, as well as the related consolidated statements of changes in equity and of cash flows for the six months then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Statement of Auditing Standards No. 65, "Review of Financial Information Performed by the Independent Auditor of the Entity" in the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for qualified conclusion

As explained in Notes 4(3)B and 6(9), the financial statements of certain insignificant consolidated subsidiaries and investments accounted for using equity method were not reviewed by independent auditors. Those statements reflect total assets (including investments accounted for using the equity method) of NT\$21,409,894 thousand and NT\$17,694,935 thousand, constituting 7% and 7% of the consolidated total assets, and total liabilities of NT\$13,669,571 thousand and NT\$9,183,940 thousand, constituting 6% and 5% of the consolidated total liabilities as at June 30, 2021 and 2020, respectively, and total comprehensive income (including share of profit (loss) of associates and joint ventures accounted for using the equity method and share of other comprehensive income of associates and

joint ventures accounted for using the equity method) of NT\$312,727 thousand, NT\$185,125 thousand, NT\$352,211 thousand and NT\$267,853 thousand, constituting 9%, 13%, 6% and 8% of the consolidated total comprehensive income for the three months and six months then ended, respectively.

Qualified conclusion

Except for the adjustments to the consolidated financial statements, if any, as might have been determined to be necessary had the financial statements of certain consolidated subsidiaries been reviewed by independent auditors as described in the Basis for qualified conclusion section above, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as at June 30, 2021 and 2020, and of its consolidated financial performance for the three months and six months then ended and its consolidated cash flows for the six months then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” as endorsed by the Financial Supervisory Commission.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
SIX MONTHS ENDED JUNE 30, 2021 AND 2020
(EXPRESSED IN THOUSANDS OF NEW TAIWAN DOLLARS,
EXCEPT AS OTHERWISE INDICATED)
(REVIEWED, NOT AUDITED)

1. HISTORY AND ORGANIZATION

- (1) WPG Holdings Limited (the Company) was incorporated as a company limited by shares under the provisions of the Company Law of the Republic of China, and as a holding company of World Peace Industrial Co., Ltd. and Silicon Application Corporation by exchanging shares of common stock on November 9, 2005. The Company's shares were listed on the Taiwan Stock Exchange (TSE) and approved by the Financial Supervisory Commission, Executive Yuan, Securities and Futures Bureau on the same date. After restructuring, Richpower Electronic Devices Co., Ltd. became the Company's subsidiary on January 1, 2008. The Company acquired Pernas Electronics Co., Ltd., Asian Information Technology Inc., Yosun Industrial Corp. and AECO Technology Co., Ltd. by exchanging shares of common stock on July 16, 2008, February 6, 2009, November 15, 2010 and March 1, 2012, respectively. After the Company's organization restructuring on January 1, 2014, World Peace Industrial Co., Ltd., Silicon Application Corp. and Yosun Industrial Corp. acquired 100% shares in AECO Technology Co., Ltd., Pernas Electronics Co., Ltd. and Richpower Electronic Devices Co., Ltd. through share exchange, and consequently, AECO Technology Co., Ltd., Pernas Electronics Co., Ltd. and Richpower Electronic Devices Co., Ltd. became indirectly owned subsidiaries. The Company originally evaluated Genuine C&C, Inc. using equity method. The Company acquired partial stocks of Genuine C&C, Inc. on April 8, 2015 and completed the purchase on April 15, 2015. After the purchase, the Company held 60.5% shares of Genuine C&C, Inc. which became the Company's directly owned subsidiary. On September 1, 2017, the stock swap between Trigold Holdings Limited (Trigold) and the shareholders who previously owned Genuine C&C, Inc. was conducted at a stock swap ratio of 1:1. On the same day, Trigold was established and began OTC trading whereas Genuine C&C, Inc. was unlisted at OTC. The Company and subsidiaries owned a total of 60.51% equity of Trigold after the stock swap. The Company and the subsidiaries included in these consolidated financial statements are collectively referred as the "Group".
- (2) The Company was organized to create the management mechanism of the group, supervise the subsidiaries, integrate the whole group and improve operational efficiency. The Company's subsidiaries are mainly engaged in the distribution and sales of electronic / electrical components, sales of computer software and electrical products and sales of electronic / electrical components.
- (3) As of June 30, 2021, the Company's authorized capital was \$25,000,000 (certain shares can be

issued as preference shares, and \$500,000 is reserved for employee stock option certificates, restricted stocks to employees, convertible preferred stock and convertible bonds), and the paid-in capital was \$18,790,568 with a par value of \$10 (in dollars) per share.

2. THE DATE OF AUTHORIZATION FOR ISSUANCE OF THE CONSOLIDATED FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORIZATION

These consolidated financial statements were reported to the Board of Directors on August 10, 2021.

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards (“IFRS”) as endorsed by the Financial Supervisory Commission (“FSC”)

New standards, interpretations and amendments endorsed by the FSC effective from 2021 are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IFRS 4, ‘Extension of the temporary exemption from applying IFRS 9’	January 1, 2021
Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16, ‘Interest Rate Benchmark Reform - Phase 2’	January 1, 2021
Amendment to IFRS 16, ‘Covid-19-related rent concessions beyond June 30, 2021’	April 1, 2021(Note)

Note: Earlier application from January 1, 2021 is allowed by the FSC.

The above standards and interpretations have no significant impact to the Group’s financial condition and financial performance based on the Group’s assessment.

(2) Effect of new issuances of or amendments to IFRSs as endorsed by the FSC but not yet adopted by the Group

New standards, interpretations and amendments endorsed by the FCS effective from 2022 are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IFRS 3, ‘Reference to the conceptual framework’	January 1, 2022

Amendments to IAS 37, ‘Onerous contracts - cost of fulfilling a contract’	January 1, 2022
Annual improvements to IFRS Standards 2018 - 2020	January 1, 2022

The above standards and interpretations have no significant impact to the Group’s financial condition and financial performance based on the Group’s assessment.

(3) IFRSs issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRSs endorsed by the FSC are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	To be determined by International Accounting Standards Board
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IAS 1, 'Classification of liabilities as current or non-current'	January 1, 2023
Amendments to IAS 1, 'Disclosure of accounting policies'	January 1, 2023
Amendments to IAS 8, 'Definition of accounting estimates'	January 1, 2023
Amendments to IAS 12, 'Deferred tax related to assets and liabilities arising from a single transaction'	January 1, 2023

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted are consistent with Note 4 in the consolidated financial statements for the year ended December 31, 2020, except for the compliance statement, basis of preparation, basis of consolidation and additional policies as set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

- A. The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Accounting Standard 34, 'Interim financial reporting' as endorsed by the FSC.
- B. These consolidated financial statements are to be read in conjunction with the consolidated financial statements for the year ended December 31, 2020.

(2) Basis of preparation

- A. Except for the following items, these consolidated financial statements have been prepared under the historical cost convention:
 - (a) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
 - (b) Financial assets at fair value through other comprehensive income measured at fair value.
 - (c) Defined benefit liabilities recognized based on the net amount of pension fund assets

less present value of defined benefit obligation.

- B. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the FSC (collectively referred herein as the “IFRSs”) requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

- A. Basis for preparation of consolidated financial statements:

Basis for preparation for the current period financial statements and the 2020 consolidated financial statements is the same.

- B. Subsidiaries included in the consolidated financial statements:

(4) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognized as expenses in that period when the employees render service.

B. Pensions

(a) Defined contribution plans

For defined contribution plans, the contributions are recognized as pension expenses when they are due on an accrual basis. Prepaid contributions are recognized as an asset to the extent of a cash refund or a reduction in the future payments.

(b) Defined benefit plans

- i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their

services with the Group in current period or prior periods. The liability recognized in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of government bonds (at the balance sheet date) of a currency and term consistent with the currency and term of the employment benefit obligations.

- ii. Remeasurements arising on defined benefit plans are recognized in other comprehensive income in the period in which they arise and are recorded as retained earnings.
- iii. Pension cost for the interim period is calculated on a year-to-date basis by using the pension cost rate derived from the actuarial valuation at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events. Also, the related information is disclosed accordingly.

C. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognized as expenses and liabilities, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates. If employee compensation is distributed by shares, the Group calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

(5) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or items recognized directly in equity, in which cases the tax is recognized in other comprehensive income or equity.
- B. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.
- C. Deferred tax is recognized, using the balance sheet liability method, on temporary

differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates and laws that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled.

- D. Deferred tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each balance sheet date, unrecognized and recognized deferred tax assets are reassessed.
- E. Current income tax assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. Deferred income tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realize the asset and settle the liability simultaneously.
- F. The interim period income tax expense is recognized based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.

5. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

The preparation of these consolidated financial statements requires management to make critical judgements in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

(1) Critical judgements in applying the Group's accounting policies

Revenue recognition on a net/gross basis

The Group determines whether the nature of its performance obligation is to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for the other party to provide those goods or services (i.e. the Group is an agent) based on the transaction model

and its economic substance. The Group is a principal if it controls a promised good or service before it transfers the good or service to a customer. The Group recognizes revenue at gross amount of consideration to which it expects to be entitled in exchange for those goods or services transferred. The Group is an agent if its performance obligation is to arrange for the provision of goods or services by another party. The Group recognizes revenue at the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the other party to provide its goods or services.

Indicators that the Group controls the good or service before it is provided to a customer include the following:

- A. The Group is primarily responsible for the provision of goods or services.
- B. The Group assumes the inventory risk before transferring the specified goods or services to the customer or after transferring control of the goods or services to the customer.
- C. The Group has discretion in establishing prices for the goods or services.

(2) Critical accounting estimates and assumptions

A. Impairment assessment of goodwill

The impairment assessment of goodwill relies on the Group's subjective judgement, including identifying cash-generating units, allocating assets and liabilities as well as goodwill to related cash-generating units, and determining the recoverable amounts of related cash-generating units. Please refer to Note 6(13) for the information on goodwill impairment.

B. Valuation of provision for allowance for accounts receivable

In the process of assessing uncollectible accounts, the Group must use judgements and assumptions to determine the collectability of accounts receivable. The collectability is affected by various factors: customers' financial conditions, the Company's internal credit ratings, historical experience, current economic conditions, etc. When sales are not expected to be collected, the Group recognizes a specific allowance for doubtful receivables after the assessment. The assumptions and estimates of allowance for uncollectible accounts are based on concerning future events as that on the balance sheet date. Assumptions and estimates may differ from the actual results which may result in a material adjustment. Please refer to Note 12(2) for the information on assessing uncollectible accounts for doubtful receivables.

(6) Transfer of financial assets

Transferred financial assets that are derecognized in their entirety

The Group entered into factoring of accounts receivable with banks. In accordance with the contract requirements, the Group shall only be liable for the losses incurred on any commercial dispute and did not assume the risk of uncollectible accounts receivable. The Group does not have any continuing involvement in the transferred accounts receivable. The derecognized amounts had already deducted the estimated commercial disputes. The commercial papers and time deposits pledged to the banks are for losses incurred only on commercial disputes or for the banks' practice of accounts receivable factoring. The pledged commercial papers and time deposits do not cover losses other than those arising from commercial disputes. As of June 30, 2021, December 31, 2020 and June 30, 2020, outstanding accounts receivable were as follows:

Note: In February 2020, the Group held 29.9% equity interest in WT. However, WT increased its capital by issuing new shares in order to exchange shares with ASMedia Technology Inc., and the effective date for this share exchange was set on April 21, 2020, and the convertible bonds WT issued were converted to common stock. As the Group did not subscribe to the capital increase proportionately to its equity interest and WT issued employees' stock option certificate and purchased treasury shares, the Group's shareholding ratio of WT decreased to 22.44%, and its capital reserve decreased by \$34,413. The Group obtained purchase price allocation report issued by independent appraisals firm for goodwill which arose from acquiring the company's equity interests.

- B. Goodwill is allocated to the Group's cash-generating units identified according to operating segment. The recoverable amount of all cash-generating units has been determined based on value-in-use calculations. These calculations use pre-tax cash flow projections based on financial budgets approved by the management.

Management determined budgeted gross margin based on past performance and its expectations of market development. The assumptions used for weighted average growth rates are based on past historical experience and expectations of the industry; the assumption used for discount rate is the weighted average capital cost of the Group. The assumption used for discount rate is the weighted average capital cost of each cash-generating unit. As of June 30, 2021, December 31, 2020 and June 30, 2020, the adopted pre-tax discount rates were 2.88%~6.78%, 2.88%~6.35% and 4.12%~7.04%, respectively.

- C. For the six months ended June 30, 2021, the Group recognized impairment loss of goodwill amounting to \$77,278 as shown below:

(20) Pensions

A. Defined benefit plans

- (a) The Company and its domestic subsidiaries have a defined benefit pension plan in accordance with the Labor Standards Law, covering all regular employees’ service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company and its domestic subsidiaries contribute monthly an amount equal to 2% of the employees’ monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company and its domestic subsidiaries would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is not enough to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company and its domestic subsidiaries will make contribution for the deficit by next March.

Effective January 1, 2010, the Company and certain subsidiaries have funded defined benefit pension plans in accordance with the “Regulations on pensions of managers”, covering all managers appointed by the Company. Under the defined benefit pension plan, one unit is accrued for each year of service, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the remuneration per unit ratified during the appointed period.

- (b) For the aforementioned pension plan, the Group recognised pension costs of \$2,395, \$1,919, \$4,836 and \$5,753 for the three months ended June 30, 2021 and 2020, and six months ended June 30, 2021 and 2020, respectively
- (c) Expected contributions to the defined benefit pension plans of the Group for the year ending December 31, 2022 are \$18,831.

B. Defined contribution plans

- (a) Effective July 1, 2005, the Company and its domestic subsidiaries have established a defined contribution pension plan (the “New Plan”) under the Labor Pension Act (the “Act”), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on not less than 6% of the employees’ monthly salaries and wages to the employees’ individual pension accounts at the Bureau of Labor Insurance. The benefits accrued

are paid monthly or in lump sum upon termination of employment.

- (b) Other overseas companies have defined contribution plans. Contributions for pensions and retirement allowance to independent fund administered by the government in accordance with the local pension regulations are based on a certain percentage of employees' monthly salaries and wages. Other than the monthly contributions, the companies have no further obligations.
- (c) The pension costs of the Group under the defined contribution pension plans for the three months ended June 30, 2021 and 2020, and six months ended June 30, 2021 and 2020 were \$90,400, \$51,424, \$181,257 and \$124,103, respectively.

(21) Share capital

- A. The Company's authorized capital was \$25,000,000, of which certain shares can be issued as preference shares. The above authorized capital include \$500,000 reserved for employee stock option certificates, restricted stocks to employees, convertible preferred stock and convertible bonds. As of June 30, 2021, the paid-in capital was \$18,790,568 with a par value of \$10 (in dollars) per share. All proceeds from shares issued have been collected.
- B. Movements in the number of the Company's ordinary shares outstanding (in thousands of shares) for the six months ended June 30, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
At January 1 and June 30	<u>1,679,057</u>	<u>1,679,057</u>

- C. On June 28, 2019, the Board of Directors resolved to increase its capital by issuing 200 million shares of Class A preferred stocks at the price of \$50 (in dollars) per share with the effective date set on September 18, 2019 for repayment of borrowings to financial institutions and strengthening the Company's working capital. The registration of issuance has been completed on October 3, 2019. The rights and obligations of the issuance are as follows:
 - (a) Expiration date: The Company's Class A preferred stocks are perpetual but all or certain parts are callable at any time from the next day of five years after issuance at the actual issue price.
 - (b) Dividends: Dividends are calculated at 4% (five-year IRS rate: 0.605%+3.395%) per annum based on the issue price per share. The five-year IRS rate will be reset on the next business day of five years since issuance and every subsequent five years and the pricing effective date for rate reset is two Taipei financial industry business days prior to the IRS rate reset date. The rate index, five-year IRS rate, is the arithmetic mean of five-year IRS rates appearing on Reuters pages "TAIFXIRS" and "COSMOS3" at 11:00 a.m. (Taipei time) on the relevant pricing effective date of rate reset. If such rate cannot be obtained, the Company will determine the rate based on the reasonable market price with good faith.

- (c) Dividend distribution: Dividends are distributed once per year in the form of cash. The current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then shall be set aside as legal reserve in accordance with the Articles of Incorporation and set aside as or reversed special reserve in accordance with the Articles of Incorporation or regulations of regulatory authority. The remaining amount, if any, shall be preferentially distributed as dividends of Class A preferred stocks.
- The Company has discretion in dividend distribution of Class A preferred stocks. The Company could choose not to distribute dividends of preferred stocks when resolved by the stockholders, which would not be able to lead to default if the Company has no or has insufficient current year's earnings for distribution or has other necessary considerations. In addition, the amounts of undistributed dividends or insufficient distributed dividends will not become deferred payments in future years when the Company has earnings.
- (d) Excess dividend distribution: Besides the aforementioned dividends, the stockholders of Class A preferred stocks could not participate in the distribution of cash and capitalized assets for common stocks derived from earnings and capital surplus.
- (e) Residual property distribution: The stockholders of Class A preferred stocks have priority over stockholders of common stocks in distributing the Company's residual property but the limit is the amount calculated by shares of outstanding preferred stocks issued and the issue price when distributing.
- (f) Right to vote and be elected: The stockholders of Class A preferred stocks have no right to vote and be elected in the stockholders' meeting of the Company but have right to vote in the stockholders' meeting for stockholders of Class A preferred stocks only and stockholders' meeting regarding unfavourable matters to rights and obligations of stockholders of Class A preferred stocks.
- (g) Conversion to common stocks: Class A preferred stocks could not be converted to common stocks and the stockholders of Class A preferred stocks could not request the Company to retire the preferred stocks they held.
- (h) The preemptive rights for stockholders of Class A preferred stocks are the same as of common stocks when the Company increases its capital by issuing new shares.
- D. On September 18, 2020, the Board of Directors of the Company resolved to increase its capital by issuing series B preference shares, and the issuing price is tentatively set at NT\$50 per share, and the expected total issuance amounted to \$5,000,000. The capital increase was approved by the FSC on October 21, 2020. However, in consideration of preference shares' capital market and the Company's overall maximum benefits, the Board of Directors of WPG Holdings Limited resolved to revoke and cancel the proposed capital increase of series B preference shares. The cancellation was approved by the FSC on April 6, 2021.

(22) Capital surplus

A. Pursuant to the R.O.C. Company Law, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Law requires that the amount of capital surplus to be capitalized as mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

B. Details of capital surplus - stock options are as follows:

(23) Retained earnings

A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall be used to set aside as legal reserve, and set aside as special reserve in accordance with Article 41 of Securities and Exchange Act. The remainder, if any, to be appropriated shall be proposed by the Board of Directors. If cash dividends are distributed, they shall account for at least 20% of the total dividends distributed.

Employees of the Company's subsidiaries are entitled to receive the distribution of earnings. The terms shall be defined by the Board of Directors.

B. Legal reserve can only be used to cover accumulated losses or issue new shares or cash to shareholders in proportion to their share ownership, provided that the balance of the reserve exceeds 25% of the Company's paid-in capital.

C. In accordance with the regulations, the Company shall set aside special reserve from the

debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.

- D. The appropriations of 2020 earnings had been resolved after meeting the statutory voting threshold via the electronic voting platform during the shareholders' meeting and by the shareholders at their meeting on June 20, 2021 and August 3, 2021. Also, the appropriations of 2019 earnings had been resolved at the shareholders' meeting on June 24, 2020. Details are summarised below:

- A. According to the Articles of Incorporation of the Company, a ratio of profit of the current year distributable, after covering accumulated losses, shall be distributed as employees' compensation and directors' remuneration. The ratio shall be between 0.01% ~5% for employees' compensation and shall not be higher than 3% for directors' remuneration.
- B. The Company has established the audit committee, therefore, there was no remuneration paid to supervisors for the three months and six months ended June 30, 2021 and 2020.
- C. For the three months ended June 30, 2021 and 2020, and six months ended June 30, 2021 and 2020, employees' compensation was accrued at \$16,544, \$6,912, \$29,975 and \$14,375, respectively; while directors' remuneration was accrued at \$10,244, \$8,750, \$20,619 and \$17,500, respectively. The aforementioned amounts were recognized in salary expenses.

The employees' compensation and directors' remuneration were estimated and accrued based on the profit of current year distributable for the three months ended June 30, 2021 and six months ended June 30, 2021, and the percentage as prescribed by the Company's Articles of Incorporation.

For 2020, the employees' compensation and directors' remuneration resolved by the Board of Directors during its meeting on April 27, 2021 amounted to \$42,600 and \$47,694, respectively, and the employees' compensation and directors' remuneration recognized in the 2020 financial statements amounted to \$39,850 and \$47,825, respectively. The difference of \$2,750 and \$131 between the amounts resolved by the Board of Directors and the amounts recognized in the 2020 financial statements, mainly resulting from the increase in employees' compensation and decrease in directors' remuneration, had been adjusted in profit or loss in the second quarter of 2021. The employees' compensation was distributed in the form of cash.

- D. Information about employees' compensation and directors' remuneration of the Company as resolved by the Board of Directors and shareholders will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

B. Risk management policies

- (a) The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. To minimize any adverse effects on the financial performance of the Group, derivative financial instruments, such as foreign exchange forward contracts, are used to hedge certain exchange rate risk. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.
- (b) Risk management is carried out by a central treasury department (Group treasury) under policies approved by the Board of Directors. Group treasury identifies, evaluates and hedges financial risks in close cooperation with the Group's operating units. The Board provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.
- (c) Information about derivative financial instruments that are used to hedge certain exchange rate risk are provided in Note 6(2).

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

- i. The Group operates internationally and is exposed to foreign exchange risk arising from the transactions of the Company and its subsidiaries used in various currency, primarily with respect to the USD and RMB. Exchange rate risk arises from future commercial transactions and recognized assets and liabilities.
- ii. Management has set up a policy to require group companies to manage their foreign exchange risk against their functional currency. The companies are required to hedge their entire foreign exchange risk exposure with the Group treasury. Exchange rate risk is measured through a forecast of highly probable USD and RMB expenditures. Forward foreign exchange contracts are adopted to minimize the volatility of the exchange rate affecting cost of forecast inventory purchase.
- iii. The Group hedges foreign exchange rate by using forward exchange contracts. However, the Group does not adopt hedging accounting. Details of financial assets or liabilities at fair value through profit or loss are provided in Note 6(2).
- iv. The Group's businesses involve some non-functional currency operations (the Company's and certain subsidiaries' functional currency: NTD; other certain foreign subsidiaries' functional currency: local currency). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

Price risk

- i. The Group's equity securities, which are exposed to price risk, are the held financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.
- ii. Shares and open-end funds which the Group invested are issued by the domestic and foreign companies. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, post-tax profit for the six months ended June 30, 2021 and 2020 would have increased/ decreased by \$15,209 and \$13,822, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss. Other components of equity would have increased/decreased by \$48,657 and \$980, respectively, as a result of other comprehensive income classified as equity investment at fair value through other comprehensive income.

Cash flow and fair value interest rate risk

- i. The Group's main interest rate risk arises from short-term borrowings with variable rates, which expose the Group to cash flow interest rate risk. For the six months

ended June 30, 2021 and 2020, the Group's borrowings at variable rate were mainly denominated in New Taiwan dollars, US dollars and KRW dollars.

- ii. If the borrowing interest rate had increased by 1% with all other variables held constant, profit, net of tax for the six months ended June 30, 2021 and 2020 would have decreased by \$167,523 and \$136,496, respectively. The main factor is that changes in interest expense result from floating rate borrowings.

(b) Credit risk

- i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms, and the contract cash flows of notes receivable.
- ii. The Group manages its credit risk taking into consideration the entire group's concern. For banks and financial institutions, only independently rated parties with good rating are accepted. According to the Group's credit policy, each local entity in the Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings. The utilisation of credit limits is regularly monitored.
- iii. Under IFRS 9, if the contract payments are past due over one month based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.
- iv. The default occurs when the contract payments are past due more than five months.
- v. The Group classifies customer's accounts receivable in accordance with credit rating of customer and customer types. The Group applies the simplified approach using the provision matrix based on the loss rate methodology to estimate expected credit loss.
- vi. The Group wrote-off the financial assets, which cannot be reasonably expected to be recovered, after initiating recourse procedures. However, the Group will continue executing the recourse procedures to secure their rights.
- vii. The Group used the forecastability to adjust historical and timely information to assess the default possibility of accounts receivable. On June 30, 2021, December 31, 2020 and June 30, 2020, the provision matrix and loss rate methodology are as follows:

(i) Accounts receivable from general customers:

(c) Liquidity risk

- Cash flow forecasting is performed in the operating entities of the Group. Each treasury department monitors rolling forecasts of the liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans and covenant compliance.
- The table below analyses the Group's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities and to the expected maturity date for derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

Non-derivative financial liabilities:

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Inputs that are quoted prices (unadjusted) in active markets for identical assets or liabilities. A market is regarded as active if it meets all the following conditions: the items traded in the market are homogeneous; willing buyers and sellers can normally be found at any time; and prices are available to the public. The fair value of the Group's investment in listed stocks is included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices). The fair value of the Group's investment in emerging stocks, publicly traded equity investment, forward exchange, beneficiary certificates and swap contracts is included in Level 2.

Level 3: Inputs for the asset or liability that are not based on observable market data. The fair value of the Group's investment in equity investment without active market is included in Level 3.

B. Fair value information of investment property at cost is provided in Note 6(12).

C. The carrying amounts of financial instruments not measured at fair value including cash and cash equivalents, notes receivable, accounts receivable (including related parties), other receivables (including related parties), other financial assets, guarantee deposits paid, financial assets at amortized cost, short-term borrowings, short-term notes and bills payable, notes payable, accounts payable (including related parties), other payables, lease liabilities

(including current and non-current), long-term borrowings-current portion, long-term borrowings and guarantee deposits received are approximate to their fair values.

- D. The related information on financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities is as follows:

(a) The related information on the nature of the assets and liabilities is as follows:

(b) The methods and assumptions the Group used to measure fair value are as follows:

- i. The instruments the Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	<u>Listed shares</u>
Market quoted price	Closing price

- ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques widely accepted in financial management.
- iii. When assessing non-standard and low-complexity financial instruments, for example, foreign exchange swap contracts, the Group adopts valuation technique that is widely used by market participants. The inputs used in the valuation method to measure these financial instruments are normally observable in the market.
- iv. Forward exchange contracts are usually valued based on the current forward exchange rate.
- v. The output of valuation model is an estimated value and the valuation technique may not be able to capture all relevant factors of the Group's financial and non-financial instruments. Therefore, the estimated value derived using valuation model is adjusted accordingly with additional inputs. In accordance with the Group's management policies and relevant control procedures relating to the valuation models used for fair value measurement, management believes adjustment to valuation is necessary in order to reasonably represent the fair value of financial and non-financial instruments at the consolidated balance sheet. The inputs and pricing information used during valuation are carefully assessed and

adjusted based on current market conditions.

- vi. The Group takes into account adjustments for credit risks to measure the fair value of financial and non-financial instruments to reflect credit risk of the counterparty and the Group's credit quality.
- E. The following chart is the movement of Level 3 for the six months ended June 30, 2021 and 2020:

	2021	2020
At January 1	\$ 1,185,252	\$ 1,184,898
Additions	75,361	36,910
Capital reduction	(29,070)	(20,412)
Disposal	(630)	-
Transfers out from level 3	(63,992)	-
Gains on valuation	1,226	5,031
Effect of foreign exchange	(8,084)	(15,057)
At June 30	<u>\$ 1,160,063</u>	<u>\$ 1,191,370</u>

- F. For the six months ended June 30, 2021, as the investee company became a public company, the Group transferred the fair value from Level 3 into Level 1 at the end of the month when the event occurred. For the six months ended June 30, 2020, there was no transfer into or out from level 3.
- G. Finance and accounting department is in charge of valuation procedures for fair value measurements being categorized within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions and frequently reviewed.

Finance and accounting department sets up valuation policies, valuation processes and rules for measuring fair value of financial instruments and ensure compliance with the related requirements in IFRS. The related valuation results are reported to management monthly. Management is responsible for managing and reviewing valuation processes.

- H. The following is the qualitative information on significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	Fair value at June 30, 2021	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity:					
Equity investment without active market	\$ 1,160,063	Net asset value method	Net asset value		- The higher the net asset value, the higher the fair value

	<u>Fair value at December 31, 2020</u>	<u>Valuation technique</u>	<u>Significant unobservable input</u>	<u>Range (weighted average)</u>	<u>Relationship of inputs to fair value</u>
Non-derivative equity:					
Equity investment without active market	\$ 1,185,252	Net asset value method	Net asset value		- The higher the net asset value, the higher the fair value

	<u>Fair value at June 30, 2020</u>	<u>Valuation technique</u>	<u>Significant unobservable input</u>	<u>Range (weighted average)</u>	<u>Relationship of inputs to fair value</u>
Non-derivative equity:					
Equity investment without active market	\$ 1,191,370	Net asset value method	Net asset value		- The higher the net asset value, the higher the fair value

- I. The Group has carefully assessed the valuation models and assumptions used to measure fair value; therefore, the fair value measurement is reasonable. However, use of different valuation models or assumptions may result in different measurement. The following is the effect on profit or loss or on other comprehensive income from financial assets and liabilities categorized within Level 3 if the inputs used to valuation models have changed:

(4) Others

In response to the Covid-19 outbreak, the Group implemented several preventive measures imposed by the government. All offices and operating locations have adopted high-standard pandemic prevention measures and different methods in response to government regulations. Currently, the pandemic had no significant impact on the Group's operations and business conditions.

13. SUPPLEMENTARY DISCLOSURES

(The transactions with subsidiaries disclosed below had been eliminated when preparing consolidated financial statements. The following disclosures are for reference only.)

(1) Significant transactions information

- A. Loans to others: Please refer to table 1.
- B. Provision of endorsements and guarantees to others: Please refer to table 2.
- C. Holding of marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to table 3.
- D. Aggregate purchases or sales of the same securities reaching \$300 million or 20% of paid-in capital or more: None.
- E. Acquisition of real estate reaching \$300 million or 20% of paid-in capital or more: Please refer to table 4.
- F. Disposal of real estate reaching \$300 million or 20% of paid-in capital or more: Please refer to table 5.
- G. Purchases or sales of goods from or to related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 6.
- H. Receivables from related parties reaching \$100 million or 20% of paid-in capital or more: Please refer to table 7.
- I. Derivative financial instruments undertaken during the reporting periods: Please see Notes 6(2)B. and 12(3).
- J. Significant inter-company transactions during the reporting periods: Please refer to table 8.

(2) Information on investee companies

Names, locations and other information of investee companies (excluding investees in Mainland China): Please refer to table 9.

(3) Information on investments in Mainland China

A. Basic information: Please refer to table 10.

B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area.

Any of the following significant transactions with investee companies in the Mainland Area, either directly or indirectly through a third area, and their prices, payment terms, and unrealized gains or losses: Information on significant transactions of the Company and subsidiary and investee company in Mainland China as of and for the six months ended June 30, 2021 is provided in Note (1)J.

(4) Major shareholders information

Major shareholders information: Please refer to table 11.

14. OPERATING SEGMENT INFORMATION

(1) General information

The Group is mainly engaged in the import and export of electronic components. The products include CPU, analog IC, discrete IC, logic IC, DRAM, Flash, optical component, etc. The chief operating decision-maker evaluates performance based on the separate net income of sub-groups.

(2) Measurement of segment information

The Group's chief operating decision-maker uses the net income as basis for assessing the performance of the Group's operating segments.

(3) Reconciliation for segment income (loss)

A. The net income reported to the chief operating decision-maker is measured in a manner consistent with revenues, costs and expenses in the statement of comprehensive income. As the amounts in the statement provided to the chief operating decision-maker for managing segment are in agreement with the amounts in the statements of segment income, reconciliation is not needed.

B. The segment information of the reportable segments provided to the chief operating decision-maker for the three months and six months ended June 30, 2021 and 2020 is as follows:

Three months ended June 30, 2021:

Note 1: Ceiling on total loans to others should not exceed the creditor's net assets. For short-term financing, ceiling on loans to a single party should not exceed the creditor's net assets.

Note 2: Accumulated financing activities to any company or person should not be in excess of 40% of creditor's net assets. Limit on loans to a single company is as follows:

- (1) For business transaction to the creditor, the individual limit should not exceed the amount of business transactions; the amount of business transactions means the higher between sales and purchases.
- (2) For short-term financing, financing activities to a single company should not be in excess of 40% of creditor's net assets.

Note 3: (1) For those borrowers which are not 100% held investee company, the individual limit amount and the accumulated financing activities to those borrowers should not be in excess of 40% of the creditor's net assets.

- (2) For those borrowers which are 100% held investee company, the individual limit amount and the accumulated financing activities to those borrowers should not be in excess of 200% of the creditor's net assets.

- (3) The total limit of (1) and (2) should not exceed 200% of the creditor's net assets.

Note 4: Accumulated financing activities to any company or person should not be in excess of 200% of creditor's net assets. Limit on loans to a single company is as follows:

- (1) For business transaction to the creditor, the individual limit should not exceed the amount of business transactions; the amount of business transactions means the higher between sales and purchases.
- (2) For short-term financing, the financing activities to an overseas company which is 100% directly or indirectly held by ultimate parent company should not be in excess of 200% of creditor's net assets.

For borrower not fulfilling said criteria, the limit should not exceed 40% of the creditor's net assets.

Note 5: Accumulated financing activities to any company or person should not be in excess of 100% of creditor's net assets. Limit on loans to a single company is as follows:

- (1) For business transaction to the creditor, the individual limit should not exceed the amount of business transactions; the amount of business transactions means the higher between sales and purchases.

- (2) For short-term financing, the financing activities to an overseas company or ultimate parent company which is 100% directly or indirectly held by ultimate parent company should not be in excess of 100% of creditor's net assets. For borrower not fulfilling said criteria, the limit should not exceed 40% of the creditor's net assets.
