1.Chairman's Message

Dear Shareholders of Najran Cement Company,

On behalf of the Board of Directors of Najran Cement Company, I am pleased to present to you the annual report on Najran Cement Company's activities and achievements for the financial year 2021 which reflects the Company's performance in delivering the expectations of its shareholders, contribution to support the cement industry and strengthening the national economy.

Despite the unprecedented disruptions caused by COVID-19 pandemic in the past two years, your Company managed to achieve healthy profitability during 2021 by recording a net profit of SAR 165.6 million, a 17.6% decrease compared to last year. This owes to several factors, most important of which is the continued reduction in cost of production and cost of sales by consistent implementation of several initiatives to rationalize costs and increase production and improving operating efficiency which was reflected directly on the Company's financial performance in the past years.

As a result of this healthy financial performance supported by healthy operating cash flow, the Company continued its effort to improve its financial position by reducing its debt to SR 278.5 million, the lowest level since establishment of the Company, thus reducing its loan to asset ratio to 11.6%. Furthermore, the Company managed to distribute a cash dividend amounting to SAR 127.5 million for the first half of 2021, in addition to the recommendation to distribute a cash dividend amounting to SAR 42.5 million for the second half of 2021, making the total cash dividend distribution for the year 2021 to SAR 170 million.

During 2021, the Company managed to start the commercial operation of its wholly owned transportation Company. This will support the Company in achieving its operational goals in the coming years.

The Company's management will continue its efforts to take its performance to new levels under the supervision and guidance of Board of Directors with an aim to achieve the aspirations and hopes of our Shareholders in accordance with the Kingdom's Vision 2030.

In conclusion, and on behalf of the Company's Board of Directors, I thank our Saudi Government for their continuous support, and I thank you dear Shareholders for your support and trust. I look forward to your continued support so that together we build a Company that delivers excellence.

Chairman of Board of Directors

Engr. Mohammad bin Manea bin Sultan Aballala

2. Company profile :

Najran Cement Company was established in 2005, as a Saudi Closed Joint Stock Company with a capital of 1,150 Million Riyals, where it obtained the first mining license according to the new mining system approved during the reign of King Abdullah bin Abdul Aziz, may God have mercy on him, to establish a project to manufacture cement in the Region, then turned to a Joint Stock Company listed in Tadawul during 2012.

The project includes the main factory located at Sultana, 240 km NorthEast of Najran city as well as a separate cement grinding unit located at Aakfah, 70 km to the West of Najran on the road to Asir region.

The idea of establishment came after conducting several studies and surveys to ensure the presence of raw materials suitable for the cement industry and based on the positive results obtained from the results of the analysis and characterization of raw materials and with the support of information provided by the Ministry of Petroleum and Mineral Resources. The site was identified as it contains most raw materials necessary for the cement industry, such as Limestone, Clay, Sandstone and Gypsum.

Our vision

To be a role model in the cement industry locally and regionally.

Our Mission

Enhance the position of the Company in the immediate markets by reliably providing high quality products, and to adhere to effective commercial practices in a way that maximizes economic benefits for all relevant parties.

Our strategy

- To contribute in achieving the goals of the Kingdom of Saudi Arabia's vision 2030, the most important of which is to increase the private sector's contribution to the GDP from 40% to 65% and raise the share of non-oil exports in non-oil GDP from 16% to 50%.
- **To work on maximize shareholders' equity through:**
 - Increase the Company's sales by meeting the needs of the local market and increasing the market share of the Company in a manner commensurate with its production capacity, in addition to obtaining an appropriate market share in the Republic of Yemen.
 - Reduce production costs to a competitive level by controlling costs and increasing the utilization of production lines.

3. Company's activities

Major activities of the Company are manufacturing and marketing of various types of cement. Mainly three types of cements are produced in its production facilities which are:

- (a) Ordinary Portland Cement (OPC).
- (b) Sulphate Resistant Cement (SRC).
- (c) Portland Pozzolona Cement (PPC).

The Company operates its business from two locations; the main Plant located in Sultana, 240 kms North East of Najran and a split Grinding Unit located at Aakfa, 70 kms to the West of Najran.

The table below shows the designed capacity for production of Clinker & Cement:

Description	Designed capacity in tons	
	Daily	Annual
Clinker	15,500	4,960,000
Cement	19,800	6,336,000

The impact of this activity on Company's business and its contribution to the results is as follows (in thousands):

Product	Revenue (SAR '000)	Percentage
Ordinary Portland Cement	538,312	92%
Sulphate Resistant Cement	22,499	4%
Portland Pozzolana Cement	20,742	4%
Total	581,553	100%

4. Subsidiary Company

Najran Cement has one wholly owned subsidiary as per the below details:

Name of subsidiary company	Paid up capital	Percentage of ownership	Main activity	Country of main operations	Country of incorporation
Wasl Al Janoub Road Transportation Company	SR 500,000	100%	Road transportation of goods	Saudi Arabia	Saudi Arabia

5.12. The number of Company's requests for Shareholders records, dates and reasons of such applications

During the fiscal year 2021, the Company's Investor Relationship Department requested shareholders records three times through Tadawulaty service for reasons mentioned below:

Number of Company's application for the register of shareholders	Date of application	Reasons for request
1	31/3/2021	AGM
2	3/10/2021	Dividend Entitlement
3	31/12/2021	Corporate Action

5.13. Disclosure on remuneration of the Board members and Executive Management in accordance with Article (93) of Corporate Governance Regulations

a. Board of Directors' remuneration policy

i. The Nomination and Remuneration Committee shall recommend to the Board of Directors the remuneration of the members of the Board of Directors. The General Assembly of the Company shall determine the remuneration of the members of the Board of Directors.

ii. Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors shall determine the remuneration to be paid to the Chairman of the Board in addition to the remuneration paid to the members of the Board of Directors.

iii. The remuneration of the members of the Board of Directors shall consist of remuneration and financial or in-kind benefits. In all cases, the total sum of one member shall not exceed Saudi Riyal five hundred thousand (SAR 500,000) annually. The annual remunerations shall be divided among members in case of new Board members (by date of appointment).

iv. The Board of Directors shall determine the remuneration of the Secretary of the Board of Directors for attending the meetings of the Committee and any other allowances.

v. Members of the Board of Directors who reside outside the cities where the meetings of the Council or the General Assembly are held shall be entitled to pay all expenses incurred by them to attend meetings, provided that such expenses are reasonable and acceptable in accordance with business standards such as travel, meals, accommodation and other expenses which they have incurred.

vi. The remuneration shall be fair and proportionate to the terms of reference of the member and the duties and responsibilities carried out by the members of the Board of Directors, in addition to the objectives set by the Board of Directors to be achieved during the fiscal year. The remuneration shall also be commensurate with the Company's activity and the skill required to manage it.

b. Remuneration of Board's Committee Members

The Nomination and Remuneration Committee shall recommend to the Board of Directors the remuneration of members of committees emanating from the Board of Directors.

- i. The General Assembly of the Company shall determine the remuneration of the members of the Audit Committee. The Board of Directors shall determine the remuneration of the members of the other committees of the Board, Board Secretary and Secretaries of the Committees for their attendance in the meetings of the committees and any other allowances.
- ii. Members of the committees of the Board of Directors who reside outside the cities where the meetings of the Committee meet shall be entitled to pay all expenses incurred by them to attend meetings, provided that such expenses are reasonable and acceptable in accordance with business standards such as travel, meals, accommodation and other expenses which they have incurred.
- iii. The remuneration shall be fair and proportionate to the terms of reference of the member and the duties and responsibilities of the members of the committees emanating from the Board of Directors. The remuneration shall also be commensurate with the activity of the company and the required skills of the members.

c. Remunerations of Senior Executives

- i. The Nomination and Remuneration Committee shall recommend to the Board of Directors the remuneration of Senior Executives in the Company based on annual performance indicators and annual net profits of the Company. Annual bonus of Senior Executives is approved by the Board of Directors.
- ii. The Company is committed to follow fair remuneration practices and standard benefits that will attract and reward qualified executives.

* Fixed remuneration of members shown above are for the year 2020 which was approved by the General Assembly on 31 March 2021 and disbursed thereafter.

- All above mentioned remunerations of members of the Board of Directors and Executive Management are as per approved policies.

The members of the Board of Directors and Committees of the Board of Directors are entitled to the following remuneration:

- The Chairman of Board of Directors was granted an additional bonus of SAR 200,000 for his efforts in following up the Company's business for the fiscal year ended 31st Dec 2021.
- Members of the Audit Committee were granted a financial reward of SAR 100,000 per member for the financial year ended 31st December 2021.
- Members of the Board committees were granted a financial reward of SR 50,000 per member for their contribution during the financial year ended 31st December 2021.

g. Allowance to attend meetings

- Members of the Board of Directors and members of the committees (including members from outside the Board of Directors) shall receive a fixed financial remuneration of SAR 3,000 for attending meetings of the Board of Directors and its Committees.

5.14. The external auditor's report on the financial statements

The External Auditor has issued an unqualified opinion on the financial statements for the year ended 31-12-2021.

5.15. Results of the annual review of the effectiveness of the Company's internal control procedures

The internal auditor of the company submits periodic reports to the Audit Committee on operational, administrative and financial operations to verify the effectiveness of the internal control system and the periodic reports did not show any significant weakness in the internal control system of the Company.

The External Auditor assesses the internal control procedures as part of the Company's audit duties, where they are authorized to review all minutes of Board meetings, Board committees and internal audit reports.

5.16. Company declarations

Najran Cement Board of Directors according to the information available to it and based on the Company's auditor's report, current market data, as well as future indicators declares that:

- (a) the account records have been properly prepared according to the accounting standards issued by the Saudi Organization for Certified Public Accountants.
- (b) the system of internal control is sound in design and has been effectively implemented; and
- (c) there are no significant doubts concerning the Company's ability to continue its activity.

(d) there are no substantial business or contracts in which the company is a party or in which there was an interest for a member of the Board of Directors and Senior Executives or for any person related to any of them during the fiscal year 2021 except for what was mentioned in this report on contracts and business with related parties.

(e) there is no penalty, sanction or precautionary restriction imposed on Najran Cement Company by the Capital Market Authority or any supervisory, regulatory or judicial authority - except for what is mentioned in this report.

6. Corporate Governance

6.1 Provisions/items that do not apply to Najran Cement Company

- Najran Cement Company has not granted cash loan of any kind to its Board members or rendered guarantees for loans entered into by a Board member with third parties.
- Najran Cement Company has no interest in the class of voting shares held by persons (except for members of the Board of Directors, Senior Executives, their relatives) who have informed the Company of these rights.
- There are no classes and numbers for any convertible debt instruments, contractual securities, preemptive right or similar rights that have been issued.
- There are no rights, transfers, or underwriting under convertible debt instruments, contractual securities, underwriting notes, or similar rights issued or granted by the Company during the fiscal year.
- There are no arrangements or agreements whereby a member of the Company's Board of Directors or a Senior Executive waived any remuneration.
- There is no arrangement or agreement whereby a Shareholder of the Company waived any rights to dividends.
- There are no investments or reserves established for the benefit of the Company's employees.
- There is no recommendation from the Board of Directors to change the auditor before the end of the period for which they are appointed.
- The Company does not have any rights to transfer or subscribe under debt instruments convertible into shares.

6.2 A description of any redemption, purchase, or cancellation of any redeemable debt instruments and the value of such securities outstanding

The Company did not redeem, purchase or cancel any redeemable debt instruments.

6.3 Implemented and non-implemented provisions of Corporate Governance Regulations and justifications therefore

The Company has applied provisions of the Corporate Governance Regulations issued by the Capital Market Authority, except for the following provisions:

Article	Item No	Requirements	Reasons for non-implementation
41	(e)	Assessment The Board of Directors shall make necessary arrangements to obtain an assessment of its performance from a competent third-party every three years.	Guidance material to be applied in the future

88	4	Social Initiative Establishing awareness programs to the community to familiarize them with Company's social responsibility.	Guidance material
95		Formation of a Corporate Governance Committee	Guidance material

COMPANY PERFORMANCE

7. Performance

7.1. Operational performance

a. Clinker Production

The Company has three clinker production lines in its main factory with a total capacity of 15,500 tons per day and 4,960,000 tons annually. The Company's clinker production for the year 2021 touched 2,651,763 tons compared to 2,037,782 tons of the previous year, an increase of 613,981 tons equivalent to 30%. During 2021, the Company operated two of its production facilities - Line III throughout the year and Line I from 01 September 2021 onwards. As a result of this Company's clinker stock improved slightly to 1,058,436 tons by end of the year compared to 1,188,363 tons of similar period in 2020.

Company having unutilized portion of production capacity for both clinker production and cement grinding which were not utilized during 2021 due to low demand. In addition, Company having sufficient clinker stock to meet any surge in demand.

The following chart shows the company's total clinker production during the five years from 2017 to 2021(Thousand tons)

b. Cement Production

Company having total cement grinding facility of 6,336,000 tons annually. During 2021 Company produced 2,891,159 tons of cement compared to 3,087,607 tons in 2020; a drop by 6% due to low demand.

The following chart shows the company's production of cement during the five years from 2017 to 2021 (thousand tons)

c. Marketing and Sales

A slow but sure recovery in demand growth has been in sight since Q3 2019 supported by Government's policy driven initiatives. However, the outbreak of COVID-19 pandemic in early 2020 disrupted the business and economic activities globally including the Kingdom of Saudi Arabia. This resulted into slowdown in construction activities and resultant drop in cement demand. Company's total cement sales during the year 2021 was 2,908,959 tons compared to 3,066,539 tons in 2020; dropped by 5% due to low demand.

Most of Company's sales went to the local markets in Southern Region and some quantities to the Republic of Yemen. The Company has obtained permit for cement export from the Ministry of Trade and Investment under license No 208 dated 22-09-1442H. The Company exported 207,198 tons of cement to the Republic of Yemen as of December 31, 2021. This represents about 7% of the Company's total sales of the year 2021.

The following chart shows the company's sales during
the five years from 2017 to 2021

7.2 Financial performance

a. Explain any significant differences in operational results compared to preceding year's results

	2021 (SR,000)	2020 (SR,000)	Variance (SR,000)	Percentage Change

GOSI	6,573,134	571,955	The Company is subject to the social insurance system	Due amount to be paid in Jan 2022
Cost of Visa & Passport	1,191,923	--	The Company renews residence permits for its workers, as well as exit and return visas	--

Risks and future outlook

8. Risk and Future Outlook

8.1. Information about any risks the Company faces (whether operational or financing risks or market risks) and the policy for managing and monitoring these risks

The Board of Directors is exerting all efforts to establish strong foundations to support the Company in carrying out its operations, developing resources and expanding activities. Company's risk management system aims to protect strategic objectives and activities, commitment to follow provisions of Corporate Governance regarding risk management and disclosure, increase efficiency of management, seize opportunities to increase value of Company assets and profitability in the long run. The Board of Directors, according to the information available to it, confirms that there is no doubt about the Company's ability to continue its activities.

Potential risks which may affect Company's future plans include but not limited to - increase in fuel prices supplied by ARAMCO, expansion of production capacity by existing Companies, entry of new competitors, pricing competition due to high clinker inventory and lower demand, higher freight and transport costs, higher costs and fees for expatriates' employment, higher export costs, political conditions in Najran border.

Risk of Novel Coronavirus (COVID-19) – The Outbreak of novel coronavirus in early 2020 spread disruptions to business and economic activity globally including the Kingdom of Saudi Arabia. However, the Company managed to maintain its profitable position. The Covid-19 pandemic has not impacted the economic activity and the Company's business considering its customer base is represented by cement sector which was not affected significantly in Saudi Arabia. Management is cognizant of the challenges that lie ahead and will continue proactively adapt in order to ensure optimum performance of the Company. The impact of Covid-19 may continue to evolve, but the management believes that Company has sufficient resources to continue in operational existence.

Company finances its operations through equity and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. Taken as a whole, the Company is exposed to market risk, credit risk and liquidity risk:

a. Market Risk.

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk namely:

i. Profit rate risk. Profit rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market profit rates. The Company mitigates its risk against exposure through focusing on maintaining bank balances. As of the statement of financial position date the Company is exposed to profit rate risk on its borrowings.

During 2020 and 2019, the Company's borrowings at variable rate were denominated in SAR. The Company analyses the interest rate exposure on a quarterly basis. A sensitivity analysis is performed by applying a simulation technique to the liabilities that represent major interest-bearing positions. Various scenarios are run taking into consideration refinancing, renewal of the existing positions, alternative financing and hedging.

ii. Currency risk. Currency risks arises from the possibility that changes in foreign exchange rates will affect the value of financial assets and liabilities denominated in foreign currencies. The Company does not believe that it is materially exposed to currency risk as the majority of Company's transactions and the balances are denominated in Saudi Riyals or in US Dollars. US Dollar rate is fixed with the Saudi Riyal. Certain transactions are in Euros, but these are not material.

iii. Other price risk. Other price risk is that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices.

b. Credit Risk. Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed to perform as contacted. Company's credit risk is primarily attributable to its liquid funds and receivables. Cash balances are deposited with major banks with good credit standings. Whilst a small number of customers account for a significant portion of both revenues and accounts receivable balances. These customers have provided appropriate guarantees ensuring that their debts will be recoverable. All major customers are high profile customers with the Kingdom of Saudi Arabia and there is no reason to suggest that there will be a loss of revenue from these sources.

c. Liquidity Risk. Liquidity risk is that the Company will not be able to meet its funding requirements. Liquidity risk can be caused by market disruptions or credit downgrades, which may cause certain sources of funding to dry up immediately. To mitigate this risk, management monitors the maturity profile of its financial assets and liabilities to ensure that adequate liquidity is maintained. Management does not believe that the Company is exposed to liquidity risk substantially.

8.2. A description of the Company's significant plans and decisions (including changes to the structure, expanding the company's operations or halting them) and the future expectations

a. Capital Projects

As decided by the Board of Directors in its meeting held on 27th Nov 2019, the Company formed a subsidiary company named "Wasl Al Janub Land Transportation Company" under the Commercial Registration No. 5950119264 issued by the Ministry of Commerce on 23-12-1441H. The Company obtained operational license No 11/00007925 from the Transport General Authority on 02-08-1442H. It started operation with a fleet of 50 Trucks from 03-08-1442H and helps Najran Cement to minimize the dependency on external transporters for cement export and transportation of raw materials/fuel required for Plant operation. Moving ahead, the Board of Directors in its meeting held on 22nd Dec 2021 have decided to expand the subsidiary's activities by adding more fleets in a phased manner. In the first phase, the Company will add another 20 Trucks and expected to start operation during Q1 2022.

b. Operations

Company having three Clinker production lines with a total capacity of 15,500 tons per day and 4,960,000 tons annually. Line III facility with clinker production capacity of 6,500 tons per day was operational throughout the year 2021. Anticipating improvement in market demand, the Company resumed operation of another production facility "Line I" of capacity 6,000 tons from 01 September 2021 onwards. As a result of this the Clinker inventory improved comparing to same period of previous year. In addition, the Company having unutilized portion of clinker production/ cement grinding facilities and is ready for operation in case of any sudden surge in market demand. Company is continuously reviewing the operational cost in line with the operational requirements and changing circumstances. This initiative from the management has reduced the operational cost of the Company and expect further improvement in coming years.

c. Saudization Program.

In order to build the NCC of tomorrow the Company believe in the importance of a diverse workforce and an inclusive environment. Company is continuously working towards attracting and developing local workforce as part of its Saudization program. Despite the unprecedented challenges caused by Covid-19 pandemic, the Company committed in implementing the Saudization plan and could raise percentage of Saudization from 49.8% to 53.99% by end of 2021.

The Company has developed training plan for its employees and conducting individual development program for Saudi technical employees so that they can assume larger roles in the future through specialized training programs and work plans based on annual performance and skills evaluation.

The Company gives equal importance to women workforce in the Company and launched employment program to create job opportunities for women based on their qualifications and work conditions in the industrial environment. The first batch of women employees joined the Company during March 2021 and as of now a total of 17 female employees are working in various Departments of the Company.

e. Covid-19 Pandemic

Since early 2020, Covid-19 pandemic caused disruptions to businesses and economic activities around the World including the Kingdom of Saudi Arabia. The Company initiated many proactive steps in guarding the health and safety of employees and communities. The Company arranged vaccination campaign at its factory and as of now 100% of the employees received two dozes of vaccination. In addition to this 50% employees got the booster doze .

THE RIGHTS OF SHAREHOLDERS

9. Rights of Shareholders

9.1. Shareholders' proposals and observations regarding the Company and its performance

The Board of Directors shall be notified, through the Chairman of the Board, of the shareholders' proposals and their notes regarding the Company and its performance, or any other proposals. Note that the Company provided several channels to communicate with shareholders on its website.

9.2. A description of the Company's dividend distribution policy

The net annual profits of the Company shall be distributed after deducting all the general expenses and other costs, including Zakat, which are legally imposed as follows:

- a. (10%) of the net profits shall be set aside to form the statutory reserve of the Company. The Ordinary General Assembly may decide to discontinue such reserve when the reserve reaches (30%) of the paid-up capital.
- b. The Ordinary General Assembly, based on the proposal of the Board of Directors, shall determine the percentage of net profits to form an additional reserve for benefit of the Company.
- c. The Ordinary General Assembly may decide to allocate other reserves, to the extent that serves Company's interests or ensures distribution of fixed profits as much as possible to the shareholders. The said assembly may also deduct from the net profits such amounts for setting up of or providing aid to existing social institutions for the Company's employees.
- d. The remaining profits shall be distributed to the shareholders at a rate that represents 1% of Company's paid-up capital.
- e. Subject to the provisions stipulated in Article (twenty-sixth) of Bylaw and Article 76 of the Companies Law, 10% percentage of the remainder shall be allocated to the remuneration of the Board of Directors after distribution to the shareholders of profits not less than 5% of the Company's paid-up capital, provided that the entitlement to this bonus is proportional to the number of meetings attended by the member.
- f. The Ordinary General Assembly, based on the proposal of the Board of Directors, to take the appropriate decision regarding the remaining profits, in a manner that does not conflict with the decisions and instructions issued by the competent authorities in this regard.
- g. The Company may distribute interim dividends (quarterly or biannual) to its shareholders after fulfilling the statutory requirements.

9.3. Payment of shareholders' equity

The dividends to be distributed to the shareholders in the place and the dates determined by the Board of Directors shall be paid in accordance with the instructions issued by the Ministry of Commerce and Investment and the Capital Market Authority.

Statement	First Half 2021	Second Half 2021	Total for Year 2021
Distribution date	17-10-2021	To be announced later	-
Percentage of dividend	7.5%	2.5%	10%
Total Dividend	SR 127.5 Million	SR 42.5 Million	SR 170 Million

9.4. Recommendations and proposals of the Board of Directors of the Company

Dear Shareholders,

Having reviewed with you the achievements of your Company, the Board of Directors is pleased to present to you at the Ordinary General Assembly the following recommendations and proposals:

1. Vote on the Board of Directors' report for the fiscal year ended 31 December 2021.
2. Vote on the Auditor's report for the fiscal year ended 31 December 2021.

11. Vote on delegation of powers to the Board of Directors as stipulated in Paragraph (1) of Article 71 of the Companies Law, for a period of one year from the date of approval of the General Assembly or until the end of the session of the delegated Board of Directors, whichever is earlier, in accordance with the regulatory rules and procedures issued pursuant to the Companies Law relating to listed Joint Stock Companies.

12. Vote on authorizing the Board of Directors to distribute interim dividends to shareholders on semi-annual or quarterly basis for the fiscal year 2022, and to determine the maturity and disbursement date as per the rules and regulations of the Company Law in line with Company's financial position, cash flows, expansion and investment plans.

13. Vote on amending the Charter of Audit Committee.

Chairman of Board of Directors
Engr. Mohammed bin Mana Aballala

THE FINANCIAL STATEMENTS

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Najran Cement Company - A Saudi Joint Stock Company - ("the Company" or "the Parent Company") and its subsidiary ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2021, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in "the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the professional code of conduct and ethics endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the consolidated financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matters

The consolidated financial statements of the Group for the year ended 31 December 2020 were audited by another auditor who expressed an unqualified opinion on those statements on 16 Rajab 1442(H), corresponding to 28 February 2021.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters (Continued)

Revenue recognition	
Key audit matter	How the matter was addressed in our audit
The Group has recognized revenue from operations amounted to SR 581.5 million. The Group recognizes the revenue at a point in time when control over the goods is transferred to the customer, generally on delivery of the goods. Revenue is considered as a key audit matter as this requires the management to establish the fact that control over goods is transferred at the time of delivery in accordance with "IFRS 15 - Revenue from contracts with customers", and that the variety of terms that define when control is transferred to the customer as well as the high volume of the transactions give rise to the risk that revenue is not recognized in the correct period. The Group focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before the control has been transferred.	Our audit procedures to assess the recognition of revenue included the following: - Assessed Group's revenue recognition policy and its compliance in terms of IFRS 15; - Assessed the design and implementation of controls related to revenue recognition; - Performed tests on selected samples by tracing the individual sales transaction to sales invoices, sales orders and other related documents. Further in respect of the samples tested, we checked that the revenue has been recognized as per the shipping terms; - Selected sample of revenue transactions made pre- and post-year end and agreed the period of revenue recognition to third party support such as transporter invoice and customer confirmation of receipt of goods; - Assessed journal entries posted to revenue to identify the unusual items; and - Assessing the adequacy of the related disclosures.
Refer to note 6.18 for the accounting policy and note 21 for related disclosures.	

Existence and valuation of inventories	
Key audit matter	How the matter was addressed in our audit
The inventory of the Group includes raw materials and work in process amounted to SR 113.4 million. This mainly includes Clinker, Bauxite and Iron ore which are stored in stockpiles in yards. As the weighing of these inventories is not practically possible, management appoints an external surveyor to assess the reasonableness of the quantities on hand by obtaining measurements of the stockpiles and converting these measurements to unit of volumes by using angle of repose and bulk density. Existence and valuation of inventories is considered as a key audit matter because of the significance of inventory balances and related estimations involved in determining the quantities, existence and valuation of inventories.	Our audit procedures to assess the existence and valuation of inventory included the following: Attended physical inventory counts performed by the Group and the external surveyor; Evaluated the competence, capabilities and objectivity of the surveyor; Obtained and reviewed the inventory count report of the external surveyor for major stock items on sample basis; Assessed the reasonableness of management's measurements of stockpiles during the physical count and calculation of the conversion of stockpiles to the volumes; Tested the valuation of year-end inventory including NRV on sample basis; and Assessed the completeness and adequacy of disclosures relating to the inventories.
Refer to note 5 for significant accounting estimate and note 11 for related disclosure	

Other information

Other information consists of the information included in the Group's 2021 annual report, other than the consolidated financial statements and our auditor's report thereon. Management is responsible for the other information in its annual report. The Group's 2021 annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of management and Those Charged with Governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements endorsed by SOCPA and Regulations for Companies and the Company's Bylaws / Articles of Association and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, in particular the Audit Committee, are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The Company's financial year starts on January 1 each Gregorian year and ends on December 31 of the same year.

3. STATEMENT OF COMPLIANCE

The consolidated financial statements for the year ended 31 December 2021 have been prepared in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by Saudi Organization for Chartered and Professional Accountants ("SOCPA").

NAJRAN CEMENT COMPANY

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

4. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS

a. New standards, interpretations and amendments not yet effective

There are a number of standards, amendments to standards, and interpretations which have been issued by the IASB that are effective in future accounting periods that the Group has decided not to adopt early. The most significant of these are as follows:

IFRS	Summary	Effective date
Annual Improvements to IFRS: 2018-2020 Cycle	In May 2020, the IASB issued minor amendments to IFRS 1 First-time Adoption of International Financial Reporting Standards, IFRS 9 Financial Instruments, IAS 41 Agriculture and the Illustrative Examples accompanying IFRS 16 Leases.	1 January 2022
Reference to the Conceptual Framework Amendments to IFRS 3	In May 2020, the IASB issued amendments to IFRS 3.11, which update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendments introduce an exception to the general recognition requirement for liabilities and contingent liabilities acquired in a business combination that is within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets and IFRIC 12 Service Concession arrangements.	1 January 2022
Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16)	In May 2020, the IASB issued amendments to IAS 16, which prohibit a company from deducting amounts received from selling items produced while the company is preparing the asset for its intended use from the cost of property, plant and equipment. Instead, a company will recognise such sales proceeds and any related costs in profit or loss.	1 January 2022

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

4. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS (Continued)

IFRS	Summary	Effective date
Onerous Contracts Cost of Fulfilling a Contract Amendments to IAS 37	In May 2020, the IASB issued amendments to IAS 37.68A, which specify the costs a company includes when assessing whether a contract will be loss-making and is therefore recognised as an onerous contract. These amendments are expected to result in more contracts being accounted for as onerous contracts because they increase the scope of costs that are included in the onerous contract assessment.	January 1 2022
IFRS 4	Insurance Contracts-Amendments regarding the expiry date of the deferral approach.	1 January 2023
IFRS 9	Amendments regarding the interaction of IFRS 4 and IFRS 9	1 January 2023
IFRS 17	IFRS 17 introduces an internationally consistent approach to the accounting for insurance contracts. Prior to IFRS 17, significant diversity has existed worldwide relating to the accounting for and disclosure of insurance contracts, with IFRS 4 permitting many previous (non-IFRS) accounting approaches to continue to be followed. IFRS 17 will result in significant changes for many insurers, requiring adjustments to existing systems and processes.	1 January 2023
Classification of Liabilities as Current or Non-current (Amendment to IAS 1)	The IASB, in its meetings held in June-July 2021, tentatively decided to amend IAS 1 with respect to classification of liabilities subject to conditions as disclosure of information about such conditions and to defer the effective date of the 2020 amendment by at least one year to 1 January 2024. The amendments require to defer settlement of the liability for at least twelve months after the reporting period to exist at the end of the reporting period and / or that right to defer settlement for at least twelve months after the reporting period is also subject to entity's compliance with specified conditions. The Amendment has provided clarification on the meaning of 'settlement' for the purpose of classification of a liability.	1 January 2024

(Expressed in '000' Saudi Riyals)

4. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS (Continued)**b. New standards, interpretations and amendments effective in the current year**

The following are the new standards, interpretations and amendments to standards that are effective in the current year which have not given rise to changes in the Group's accounting policies and have no impact on its consolidated financial statements:

IFRS	Summary	Effective date
Interest Rate Benchmark Reform – Phase 2 Amendments to IFRS 9 and IAS 39	The major amendments provide relief from specific hedge accounting requirements. Additionally, the standards were amended to require change from IBOR to alternative benchmark rate that is accounted for by updating the effective interest rate.	1 January 2021
Covid-19-Related Rent Concessions beyond 30 June 2021	In March 2021, IASB issued an amendment to IFRS 16 which extended the COVID-19 related rent concessions beyond 30 June 2021. This amendment is applicable from annual reporting period beginning on or after 1 April 2021. Earlier application permitted, including in financial statements not authorized for issue at 31 March 2021	1 April 2021

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****5. SIGNIFICANT ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS**

The preparation of the Group's consolidated financial statements require management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are addressed below.

5.1 Critical judgements

Judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the consolidated financial statements is as below:

a. Component parts of property, plant and equipment

The Group's assets, classified within property, plant and equipment, are depreciated on a reducing balance basis over their economic useful lives. When determining the economic useful life of an asset, it is broken down into significant component parts such that each significant component part is depreciated separately. Judgement is required in ascertaining the significant components of a larger asset, and while defining the significance of a component, management considers quantitative materiality of the component part as well as qualitative factors such as difference in useful life as compared to mother asset, its pattern of consumption, and its replacement cycle/maintenance schedule.

5.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the date of preparing the consolidated financial statements, that have a significant risk of causing material adjustments to the carrying amounts of assets and liabilities within the subsequent financial periods, are described below. The Group based its assumptions and estimates on parameters available at the date of preparing the consolidated financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****a. Provision for employees' benefit**

The Group's net obligation in respect of employees' benefits is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The present value of the obligation is determined based on actuarial valuation at the statement of financial position date by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to an additional unit of employee benefit entitlement and measures. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan is based on the government bonds rate adjusted for an additional risk premium reflecting market yields on high quality Corporate bonds and with similar maturity.

b. Provisions and contingencies

Management makes regular assessments of its possible obligation to determine likelihood and magnitude of outflow of resources.

c. Useful lives of property, plant and equipment

Property, plant and equipment are depreciated over its estimated useful life, which is based on estimates for expected usage of the asset and expected physical wear and tear. Management has not considered any residual value as it is deemed immaterial.

d. Calculation of expected credit loss allowance

When determining the loss allowance on receivables, the Group estimates expected credit loss. The Group uses reasonable and supportable forward-looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other. Loss given default is an estimate of loss arising on default. It is based on difference between the contractual cash flow due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

e. Provision for material extraction

The Parent Company exploits raw material in accordance with Mineral Resources Saudi Law (appendix 3). The Group estimation and expectations relating to quantities of exploited raw material to pay fees against site exploitation is based on such estimates as per the appendix.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****5. SIGNIFICANT ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS
(Continued)****f. Existence of inventories**

Inventories comprise of purchased raw materials (Pozzolana, iron ore and bauxite), extracted materials (limestone and gypsum) and work in progress (mainly clinker) which are kept in stockpiles. Since weighing of these inventories is not practicable, management assesses the quantities on hand, at the year-end, by obtaining measurements of the stockpiles and converting these measurements, so obtained, to unit of volumes by applying related bulk densities taken through sampling. In doing so, management appoints an independent surveyor.

6. SIGNIFICANT ACCOUNTING POLICIES**6.1 Basis for consolidation****Control is achieved when the Group:**

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****6. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the Consolidated Statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Consolidated Statement of profit or loss and each component of other comprehensive income are attributed to the shareholders of the Group. Total comprehensive income of subsidiaries is attributed to the shareholders of the Group.

When necessary, adjustments are made to the consolidated financial statements of subsidiaries to bring its accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiary

Changes in the Group's ownership interests in subsidiary that do not result in the Group losing control over the subsidiary are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to shareholders of the Group.

When the Group loses control of a subsidiary, a gain or loss is recognized in the consolidated statement of profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognized in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified consolidated statement of profit or loss or transferred to another category of equity as specified/permitted by applicable IFRSs).

The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under IFRS 9, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

6. SIGNIFICANT ACCOUNTING POLICIES (Continued)**6.2 Current versus non-current classification**

The Group presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

6.3 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)**

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits from the asset's highest and best use or by selling it to another market participant that would utilize the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Methodologies for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements at fair value on a recurring basis using level 1 or level 2 indicators, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

Loans having fixed maturities are recorded at discounted values based on the effective interest rate method.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

6. SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.4 Property, plant and equipment

Property, plant and equipment, except land which is not depreciated, are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Expenditure on repairs and maintenance is expensed, while expenditure for improvement is capitalized. Depreciation is provided over the estimated useful life lives of the applicable assets using the declining balance method and appropriate residual values. Group reviews the appropriateness of the rate of depreciation / amortization, useful life and residual values used for recording the depreciation on annual basis

The estimated annual rates of depreciation of the principal assets are as follows:

	Land	Buildings	Plant, quarry, machinery and other equipment	Vehicles	,Furniture fixtures and office equipment	Computers	Capital work in progress
Percentage	Not depreciated	2.5%	4% - 15%	10 % - 25%	10% - 12.5%	15%	Not depreciated

Capital work in progress includes all costs (including advance payments) which have not been reclassified as one of the asset classes noted above. Capital work in progress is re-classified as property, plant and equipment when the relevant performance tests have been satisfactorily completed. No depreciation is provided for in respect of capital work in progress.

6.5 Impairment of property, plant and equipment

At each reporting date, the Group reviews the carrying amounts of property, plant and equipment to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash generating unit) is reduced to its recoverable amount, and the impairment loss is recognized as an expense immediately in statement of profit or loss. Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognized as income immediately in the consolidated statement of profit or loss and other comprehensive income.

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****6.6 Intangible assets**

All costs paid to acquire the intangible assets are capitalized. It is stated at cost less accumulated amortization. The intangible assets of the Group are amortized over an estimated useful life using the straight-line method.

Intangible assets include software and licenses. Computer software licenses are capitalized based on the cost incurred to acquire and bring into use the specific software. Amortisation is charged to the statement of profit or loss on a straight line basis over an estimated useful life from the date the software is available for use. Cost associated with maintaining software programs are recognized as expense when incurred while development cost is capitalized on meeting certain criteria.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over their respective economic useful lives, using the straight-line method and assessed for impairment whenever there is an indication that the intangible asset may be impaired. Amortization methods, residual values and estimated economic useful lives are reviewed at least annually. The Group tests an intangible asset with an indefinite useful life for impairment by comparing its recoverable amount with its carrying amount either annually or whenever there is an indication that the intangible asset may be impaired. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortisation periods for license are determined primarily by reference to the unexpired license period, the conditions for license renewal and whether licenses are dependent on specific technologies. Amortisation is charged to the statement of profit or loss on a straight-line basis over the estimated useful lives from the commencement of related services.

6.7 Inventories including capital spares

Inventories are measured at the lower of cost or net realizable value. Cost is measured using weighted average method. Spare parts and other consumables are charged to expenses on purchase. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

The Group regularly reviews the net realizable value of inventories to assess any diminution in the carrying values. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

6. SIGNIFICANT ACCOUNTING POLICIES (Continued)**6.8 Trade receivable**

Trade receivables are carried at the transaction price related to a performance obligation less an allowance for doubtful debts. The Group assesses the allowance for doubtful debts using an expected credit losses (ECL) approach over the lifetime of the assets. The Group uses a provision matrix to measure the ECLs of trade receivables from customers while the government and quasi government customers are secured and are not included in ECLs.

Loss rates are calculated using a 'recovery rate' method based on the probability of a receivable progressing through successive stages of delinquency to write-off connected with the aging schedule of the outstanding receivables. Loss rates are based on actual credit loss experience over the past two years. For provisions against specific receivables, a customer-by-customer analysis of receivables is carried out at the end of each reporting period. Provisions are reversed only when the outstanding amounts are recovered from the customers and Group recognizes in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized in accordance with this Standard. When a trade receivable is uncollectible, it is written off against the allowance for doubtful debts in the statement of profit or loss, based on the criteria defined in the Group's policy.

Where advances from customers have been received but goods are not delivered at the reporting period, it is classified as advances from customers and included in current liability.

Where the Group is entitled to any third-party claim, the corresponding amount such as clinker subsidies or custom duties refundable, the agreed amount is included in other receivables and other income, net of any provisions.

6.9 Cash and cash equivalents

Cash and cash equivalents in the statement of cash flows include cash in hand and, balances with banks on current, deposit and saving accounts, and short-term highly liquid investments subject to insignificant risk of changes in values, which fall due in no more than three months and no restriction exists on their monetization on account of the Group.

6.10 Offsetting

A financial asset and financial liability is off-set and the net amount is reported in the balance sheet when a legally enforceable right to set-off the transactions is available and also there is an intention to settle on a net basis or to realize the asset and settle the liability simultaneously.

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****6.11 Zakat**

Zakat provision is provided for in accordance with Zakat, Tax and Custom Authority (ZATCA) regulations. Submission and disclosure of provisions in the financial statements shall be according to the Zakat and tax rules. The Group withholds taxes on certain transactions with non-resident parties as required under the Saudi Arabian Tax Laws. Withholding tax related to foreign payments on services are recorded as current liabilities.

6.12 Trade and accounts payables

Accounts payable are measured at their fair value, net of trade discounts. Exchange gains and losses arising in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

6.13 Provisions and other liabilities

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate.

6.14 Provision for employees' benefits

Provision for employees' terminal benefits is calculated based on Group's internal policy. The Group's net obligation in respect of defined benefit plans is calculated for each plan by estimating the amount of future benefits that employees have earned in the current and prior periods.

Re-measurements, comprising of actuarial gains and losses, are recognized immediately in the statement of financial position with a corresponding debit or credit to retained earnings through other comprehensive income, in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Group recognises the following changes in the defined benefits obligation under 'operating cost' and 'general and administrative expenses' in the profit and loss account:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements.
- Interest expense.

The calculation of defined benefits obligation is performed annually by a qualified actuary using the projected unit credit method.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

6. SIGNIFICANT ACCOUNTING POLICIES (Continued)**6.15 IFRS 16 Leases**

For any new contracts entered into on or after 1 January 2019, the Group considers whether a contract is or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period in exchange for consideration'. To apply this definition the Group assesses whether the contract meets three key evaluations which are whether:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Group.
 - the Group has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract.
 - the Group has the right to direct the use of the identified asset throughout the period of use.
- The Group assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

The assets and liabilities from the lease are initially recognized and measured at the present value. Each lease payment is distributed between liabilities and financing cost. The cost of financing is charged to profit or loss over the lease term. The asset's right to use is amortized over the useful life of the asset or the term of the lease, whichever is shorter, on a straight-line basis.

- Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised. Lease payments are discounted using the incremental borrowing rate, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.
- Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments.

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****6.16 Statutory reserve**

In accordance with the Regulations for Companies in the Kingdom of Saudi Arabia and the Company's Articles of Association, the Group has established a statutory reserve by the appropriation of 10% of net income until the reserve equals 30% of the issued share capital.

6.17 Contingent assets and liabilities

A contingent liability is disclosed where the existence of the obligation will only be confirmed by future events or where the amount of obligations cannot be measured with reasonable reliability. Contingent assets are not recognised, but are disclosed where an inflow of economic benefits is probable.

6.18 Revenue recognition

Revenue is measured under IFRS 15 at the fair value of the consideration received or receivable when a customer obtains control of goods at a point in time i.e on delivery and acknowledgement of goods. Revenue is recognized on the completion of performance obligation where the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably. Revenue is measured net of returns and trade discounts.

No element of financing component is deemed present as the sales are made either on cash or on credit term consistent with market practice.

6.19 Foreign currency translations

These consolidated financial statements are presented in Saudi Arabian Riyals (SR), which is the Group's functional currency. Transactions in foreign currencies are recorded using the exchange rates prevailing at the time of transaction. Foreign exchange gains or losses resulting from settlement of the transaction and translation at the period end are recorded according to exchange rates prevailing on that date and are recognized in the profit or loss account.

6.20 Cost of revenue

The cost of revenue is calculated on the basis of the cost of production of sold units charged with all actual direct costs, which shall include the cost of materials, production supplies, cost of labour, and amortizations of direct fixed assets, in addition to their share of indirect expenses.

 NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****6. SIGNIFICANT ACCOUNTING POLICIES (Continued)****6.21 Expenses**

Selling and distribution expenses comprise costs incurred in the distribution and sale of the Group's products, including employee costs and transportation costs (including area discounts). All other operating expenses are classified as general and administrative expenses.

6.22 Earnings per share

Earnings per share are calculated by dividing the net profit (loss) for the year by the weighted average number of shares outstanding at year end.

6.23 Dividends and appropriations

Dividend and appropriation to reserves are recognized in the consolidated financial statements in the period in which approved by the Group's Board of directors.

6.24 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's Chief Operating Decision maker to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

6.25 Settlement date accounting

All regular way purchases and sales of financial assets are recognized and derecognized on the settlement date, i.e. the date on which the asset is delivered to the counterparty. When settlement date accounting is applied, the Group accounts for any change in fair value between the trade date and the settlement date in the same way as it accounts for the acquired asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 DECEMBER 2021****(Expressed in '000' Saudi Riyals)****6.26 Financial instruments****Financial assets**

The Group classifies its financial assets into one of the categories discussed below, depending on the purpose for which the asset was acquired. Other than financial assets in a qualifying hedging relationship, the Group's accounting policy for each category is as follows:

(i) Fair value through profit or loss

This category comprises in-the-money derivatives and out-of-the-money derivatives where the time value offsets the negative intrinsic value (see "Financial liabilities" section for out-of-the-money derivatives classified as liabilities). They are carried in the statement of financial position at fair value with changes in fair value recognized in the statement of comprehensive income in the finance income or expense line. As at the date of the statement of financial position, the Group does not have any assets held for trading nor does it voluntarily classify any financial assets as being at fair value through profit or loss.

(ii) Amortised cost

These assets arise principally from the provision of goods and services to customers (eg trade receivables from related parties and third parties), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognized at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortized cost using the effective interest rate method, less provision for impairment.

The Group's financial assets measured at amortized cost comprise trade and other receivables and cash and cash equivalents in the consolidated statement of financial position.

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less, and for the purpose of the statement of cash flows - bank overdrafts. Bank overdrafts are shown within loans and borrowings in current liabilities on the consolidated statement of financial position.

(iii) Fair value through other comprehensive income

These represents investments in listed and unlisted entities. As at the date of the consolidated statement of financial position the Group does not have any financial instruments designated as fair value through other comprehensive income.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

6. SIGNIFICANT ACCOUNTING POLICIES (Continued)**6.26 Financial instruments (Continued)****Financial liabilities**

The Group classifies its financial liabilities into one of two categories, depending on the purpose for which the liability was acquired.

Other than financial liabilities in a qualifying hedging relationship (see below), the Group's accounting policy for each category is as follows:

Fair value through profit or loss

This category comprises out-of-the-money derivatives where the time value does not offset the negative intrinsic value (see "Financial assets" for in-the-money derivatives and out-of-the-money derivatives where the time value offsets the negative intrinsic value). They are carried in the statement of financial position at fair value with changes in fair value recognised in the statement of comprehensive income. As at the date of statement of financial position, the Group does not have any liabilities held for trading nor has it designated any financial liabilities as being at fair value through profit or loss.

Other financial liabilities**Other financial liabilities include the following items:**

- Bank and related party borrowings are initially recognised at fair value net of any transaction costs directly attributable to the issue of the instrument. Such interest bearing liabilities are subsequently measured at amortised cost using the effective interest rate method, which ensures that any interest expense over the period to repayment is at a constant rate on the balance of the liability carried in the statement of financial position. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.
- Trade payables and other short-term monetary liabilities, which are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method

7. SEGMENTAL REPORTING

The Group is engaged in one operating segment, i.e., manufacturing cement and operates in the Kingdom of Saudi Arabia and certain foreign jurisdictions. Further, significant amount of liabilities of the Group are payable in Saudi Arabia. The financial information of the Subsidiary is not significant to Group's consolidated financial statements for segmental information.

Long-term borrowing from commercial banks is presented as follows:

	31 December	31 December
	2021	2020
Principal amount, beginning balance	329,500	400,000
Draw-down during the year	-	355,000
Less: repayments / redemptions during the year	(51,000)	(425,500)
Net principal amount	278,500	329,500
Accrued mark up for the year	515	542
	279,015	330,042
Less: Transferred to current liabilities	(51,515)	(51,542)
Balance at the end of the year	227,500	278,500

18.1 Tawarruq

During 2020, the Company signed financing agreement (Tawarruq) for SR 355 million with Bank AlJazira to fully redeem the outstanding amount of the Sukuk that was due in June 2020. The Tawarruq facility is repayable in five years through ten semi-annual instalments and bears a mark-up of SAIBOR plus 1.40 %. The amount is secured by the Company's plant and equipment and a promissory note to the amount of actual drawdown. The amount of the facility was drawn in full.

Two multiple purpose facilities aggregating SR 85 million are also available but not utilized.

The carrying values of the short-term borrowings are denominated in Saudi riyals.

18.2 Loan covenants

The loans contain certain covenants. A future breach of covenants may lead to renegotiation. The covenants are monitored on a monthly basis by the management. In case of potential breach, actions are taken by the management to ensure compliance. During the year ended 31 December 2021, there has been no non-compliance of loan covenants.

All the above loans are Sharia compliant.

Accrued and other payables	36,763	27,209
Total	361,640	403,383

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

The Group is exposed through its operations to the following financial risks:

- Market risk
- Credit risk
- Liquidity risk

Financial risk management and objectives and policies

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: Interest rate risk, currency risk and other price risk.

(a) Interest rate risk

Profit rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market profit rates. The Group mitigates its risk against exposure through focusing on maintaining bank balances. As of the statement of financial position date the Group is exposed to profit rate risk on its borrowings.

During 2021 and 2020, the Group's borrowings at variable rate were denominated in SR. The Group analyses the interest rate exposure on a quarterly basis. A sensitivity analysis is performed by applying a simulation technique to the liabilities that represent major interest-bearing positions. Various scenarios are run taking into consideration refinancing, renewal of the existing positions, alternative financing and hedging.

(b) Currency risk

Currency risk arises from the possibility that changes in foreign exchange rates will affect the value of the financial assets and liabilities denominated in foreign currencies. The Group does not believe it is materially exposed to currency risk as the majority of the Group's transactions and the balances are denominated in Saudi Riyals or in US Dollars. US dollar rate is fixed with the Saudi Riyal. Certain transactions are in other currencies, but these are not material.

(c) Other price risk

Other price risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices. The Group is not exposed to any other risks.

 NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

29. FINANCIAL INSTRUMENTS (Continued)**Credit risk**

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's credit risk is primarily attributable to its liquid funds and receivables. Cash balances are deposited with banks with good credit standings. Whilst a small number of customers account for a significant portion of both revenues and accounts receivable balances. These customers have provided appropriate guarantees ensuring that their debts will be recoverable. All major customers are high profile customers with the Kingdom of Saudi Arabia and there is no reason to suggest that there will be a loss of revenue from these sources.

The Group's maximum credit exposure are as follows:

	31 December	31 December
	2021	2020
Trade receivables	28,221	30,356
Prepayments and other receivables	42,727	46,780
Cash and cash equivalents	82,090	171,569
Total	153,038	248,705

NAJRAN CEMENT COMPANY

(A Saudi Joint Stock Company)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2021

(Expressed in '000' Saudi Riyals)

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period.

Age of trade receivables aging as of 31 December is as follows:

	31 December	31 December
	2021	2020
Not due yet	23,179	30,626
1-90 days	5,249	278
91-180 days	-	62
181-360 days	-	-
Over 360 days	2,031	12,181
Total	30,459	43,147

Age of impaired trade receivables as of 31 December is as follows:

	31 December	31 December
	2021	2020
More than 360 days	1,803	11,650

(Expressed in '000' Saudi Riyals)

30. COMPARATIVE FIGURES AND PRIOR PERIOD RECLASSIFICATIONS

During the year, management identified certain adjustments required to prior years financial statements and restated them accordingly. The details are provided below:

Assets held for future use amounting to SR 35.9 million as at 31 December 2020 (2019: SR 35.6 million) previously classified as property, plant and equipment were reclassified to consumable spares parts under stores, spare parts and loose tools.

Directors' remuneration amounting to SR 3.4 million during the year 2020 previously classified under consolidated statements of changes in equity was reclassified to general and administrative expenses in the consolidated statement of profit or loss which result a decrease in profit to 200.9 million Saudi riyals without any impact on the total retained earnings.

31. APPROVAL OF CONSOLIDATED FINANCIAL STATEMENTS

These consolidated financial statements were authorized for issue by the Company's Board of Directors on 27 February 2022 (corresponding to 26 Rajab 1443H)

Najran
CEMENT
NAJRAN CEMENT COMPANY

Report of the Audit Committee Submitted to the Ordinary General Assembly
For the Financial Year Ending on 31 December 2021

Dear Najran Cement Company Shareholders,

The Audit Committee of Najran Cement Company (“**the Company**”) is one of the Committees emanated from Board of Directors (“**the Board**”) which was formed under the resolution the Extraordinary General Assembly dated 19-06-2019 corresponding to 16-10-1440H. Details of the members are as follows:

- | | |
|--|--------------------------|
| 1. Mr. Waleed Ahmed Bamarouf | - Chairman (Independent) |
| 2. Mr. Waleed Abdulrahman Al-Mousa | - Member (Independent) |
| 3. Mr. Abdulelah bin Naser Al-Harourah | - External Member |
| 4. Mr. Nabeih bin Fakhry Al-Jehani | - External Member |

The Audit Committee has been assigned the supervisory and control tasks in the Company including but not limited to ensuring the independence and efficiency of internal and external audits, reviewing reports and submit recommendation and reports on its activities periodically to the Board.

Based on Article 104 of the Companies Law, the Audit Committee (“**the Committee**”) is pleased to submit its report containing important activities carried out during financial year ending 31-12-2021 to the respected shareholders as follows:

Frist : Financial Statements and Internal and External Auditors

- Review the proposal for the appointment of the external auditor for the financial year 2021 and selecting the best among them.
- Approval of recommendations to the Board of Directors and General Assembly to appoint the external auditor for the financial year 2021.
- Review of external auditor’s audit plan for annual review.
- Studying the preliminary and annual financial statements and discussing them with the Company’s management and external auditor and providing opinions, observations and recommendations before submitting it to the Board.
- Study the accounting policies being followed and express opinions and observations thereon to ensure their compatibility with the nature of the Company’s activities and its compliance in implementing the International Financial Standard (IFRS).

- Study and discuss the notes contained in the report of the Company's external auditor and follow up on developments related to them.
- Review and recommend approval of quarterly and annual financial statements.
- Ensure implementation of VAT in line with relevant regulations.
- Review Management Letter with the external auditor for the financial year ending 31-12-2020.

Second: Internal Audit:

- Review the internal auditor action plan for the year 2022.
- Review the periodic report of the internal audit, evaluating the achievements made and the developments in the following up the result of the audit work on a quarterly basis.
- Evaluate the extend of management's response to the observations and recommendations of the internal auditor.

Third: Other Activities:

- Approve audit committee's action plan for the next year 2022 which includes times and date of the committee's next meetings and proposed topics for each meeting to ensure achieving the goals of the Committee.
- Review the latest development related to the appeal of Zakat and VAT.
- Other tasks as required upon the request of the Board which includes review the need to update Corporate Governance Manual or adding Charter of the Board of Directors, Sub Committees of the Board and Management, review the adequacy and comprehensiveness of the procedures followed for material receiving and issuing processes in the Company warehouses.

Fourth: Audit Committee Meeting for the year 2020:

The Committee has held (6) meetings during the financial year 2021.

Fifth: Conclusion:

Based on what was presented to the Committee from external and internal auditors the committee doesn't see any material observations on the company's business and that the internal control procedures have been prepared on sound basis and effectively implemented.

Date: 21 February 2022

Waleed bin Ahmed Bamarouf
Chairman of the Audit Committee

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF

To the Shareholders of
NAJRAN CEMENT COMPANY (A Saudi Joint Stock Company)
Najran - Saudi Arabia

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Najran Cement Company - A Saudi Joint Stock Company - ("the Company" or "the Parent Company") and its subsidiary ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2021, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in "*the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements*" section of our report. We are independent of the Group in accordance with the professional code of conduct and ethics endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the consolidated financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matters

The consolidated financial statements of the Group for the year ended 31 December 2020 were audited by another auditor who expressed an unqualified opinion on those statements on 16 Rajab 1442(H), corresponding to 28 February 2021.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters (Continued)

Revenue recognition	
Key audit matter	How the matter was addressed in our audit
The Group has recognized revenue from operations amounted to SR 581.5 million. The Group recognizes the revenue at a point in time when control over the goods is transferred to the customer, generally on delivery of the goods. Revenue is considered as a key audit matter as this requires the management to establish the fact that control over goods is transferred at the time of delivery in accordance with "IFRS 15 - <i>Revenue from contracts with customers</i>", and that the variety of terms that define when control is transferred to the customer as well as the high volume of the transactions give rise to the risk that revenue is not recognized in the correct period. The Group focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before the control has been transferred.	Our audit procedures to assess the recognition of revenue included the following: - Assessed Group's revenue recognition policy and its compliance in terms of IFRS 15; - Assessed the design and implementation of controls related to revenue recognition; - Performed tests on selected samples by tracing the individual sales transaction to sales invoices, sales orders and other related documents. Further in respect of the samples tested, we checked that the revenue has been recognized as per the shipping terms; - Selected sample of revenue transactions made pre- and post-year end and agreed the period of revenue recognition to third party support such as transporter invoice and customer confirmation of receipt of goods; - Assessed journal entries posted to revenue to identify the unusual items; and - Assessing the adequacy of the related disclosures.
Refer to note 6.18 for the accounting policy and note 21 for related disclosures.	

Key audit matters (Continued)

Existence and valuation of inventories	
Key audit matter	How the matter was addressed in our audit
The inventory of the Group includes raw materials and work in process amounted to SR 113.4 million. This mainly includes Clinker, Bauxite and Iron ore which are stored in stockpiles in yards. As the weighing of these inventories is not practically possible, management appoints an external surveyor to assess the reasonableness of the quantities on hand by obtaining measurements of the stockpiles and converting these measurements to unit of volumes by using angle of repose and bulk density. Existence and valuation of inventories is considered as a key audit matter because of the significance of inventory balances and related estimations involved in determining the quantities, existence and valuation of inventories.	Our audit procedures to assess the existence and valuation of inventory included the following: • Attended physical inventory counts performed by the Group and the external surveyor; • Evaluated the competence, capabilities and objectivity of the surveyor; • Obtained and reviewed the inventory count report of the external surveyor for major stock items on sample basis; • Assessed the reasonableness of management's measurements of stockpiles during the physical count and calculation of the conversion of stockpiles to the volumes; • Tested the valuation of year-end inventory including NRV on sample basis; and • Assessed the completeness and adequacy of disclosures relating to the inventories.
Refer to note 5 for significant accounting estimate and note 11 for related disclosure	

Other information

Other information consists of the information included in the Group's 2021 annual report, other than the consolidated financial statements and our auditor's report thereon. Management is responsible for the other information in its annual report. The Group's 2021 annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of management and Those Charged with Governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements endorsed by SOCPA and Regulations for Companies and the Company's Bylaws / Articles of Association and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, in particular the Audit Committee, are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF

To the Shareholders of
NAJRAN CEMENT COMPANY (A Saudi Joint Stock Company)
Najran - Saudi Arabia

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Najran Cement Company - A Saudi Joint Stock Company - ("the Company" or "the Parent Company") and its subsidiary ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2021, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in "*the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements*" section of our report. We are independent of the Group in accordance with the professional code of conduct and ethics endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the consolidated financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matters

The consolidated financial statements of the Group for the year ended 31 December 2020 were audited by another auditor who expressed an unqualified opinion on those statements on 16 Rajab 1442(H), corresponding to 28 February 2021.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters (Continued)

Revenue recognition	
Key audit matter	How the matter was addressed in our audit
The Group has recognized revenue from operations amounted to SR 581.5 million. The Group recognizes the revenue at a point in time when control over the goods is transferred to the customer, generally on delivery of the goods. Revenue is considered as a key audit matter as this requires the management to establish the fact that control over goods is transferred at the time of delivery in accordance with "IFRS 15 - Revenue from contracts with customers", and that the variety of terms that define when control is transferred to the customer as well as the high volume of the transactions give rise to the risk that revenue is not recognized in the correct period. The Group focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before the control has been transferred.	Our audit procedures to assess the recognition of revenue included the following: - Assessed Group's revenue recognition policy and its compliance in terms of IFRS 15; - Assessed the design and implementation of controls related to revenue recognition; - Performed tests on selected samples by tracing the individual sales transaction to sales invoices, sales orders and other related documents. Further in respect of the samples tested, we checked that the revenue has been recognized as per the shipping terms; - Selected sample of revenue transactions made pre- and post-year end and agreed the period of revenue recognition to third party support such as transporter invoice and customer confirmation of receipt of goods; - Assessed journal entries posted to revenue to identify the unusual items; and - Assessing the adequacy of the related disclosures.
Refer to note 6.18 for the accounting policy and note 21 for related disclosures.	

Key audit matters (Continued)

Existence and valuation of inventories	
Key audit matter	How the matter was addressed in our audit
The inventory of the Group includes raw materials and work in process amounted to SR 113.4 million. This mainly includes Clinker, Bauxite and Iron ore which are stored in stockpiles in yards. As the weighing of these inventories is not practically possible, management appoints an external surveyor to assess the reasonableness of the quantities on hand by obtaining measurements of the stockpiles and converting these measurements to unit of volumes by using angle of repose and bulk density. Existence and valuation of inventories is considered as a key audit matter because of the significance of inventory balances and related estimations involved in determining the quantities, existence and valuation of inventories.	Our audit procedures to assess the existence and valuation of inventory included the following: • Attended physical inventory counts performed by the Group and the external surveyor; • Evaluated the competence, capabilities and objectivity of the surveyor; • Obtained and reviewed the inventory count report of the external surveyor for major stock items on sample basis; • Assessed the reasonableness of management's measurements of stockpiles during the physical count and calculation of the conversion of stockpiles to the volumes; • Tested the valuation of year-end inventory including NRV on sample basis; and • Assessed the completeness and adequacy of disclosures relating to the inventories.
Refer to note 5 for significant accounting estimate and note 11 for related disclosure	

Other information

Other information consists of the information included in the Group's 2021 annual report, other than the consolidated financial statements and our auditor's report thereon. Management is responsible for the other information in its annual report. The Group's 2021 annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of management and Those Charged with Governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements endorsed by SOCPA and Regulations for Companies and the Company's Bylaws / Articles of Association and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, in particular the Audit Committee, are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

For Dr. Mohamed Al-Amri & Co.

NAJRAN CEMENT COMPANY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

1 CORPORATE INFORMATION

Najran Cement Company ("the Company" or "the Parent Company"), a Saudi Joint Stock Company, registered at Najran on 5 Ramadan 1426 (corresponding to 9 October 2005) under Commercial Registration number 5950010479. On 10 Shaaban 1437 (corresponding to 17 May 2016), the Company was granted an Industrial License, number 2446. The Company's shares are listed in the Capital Market Authority (CMA) in the Kingdom of Saudi Arabia.

The principal activities of the Company are manufacturing of ordinary portland cement and cement resistant to salts.

These consolidated financial statements comprise the Company and its wholly owned subsidiary, Wasl Al Janub Land Transportation Company (together referred to as the "Group").

The Subsidiary Company is registered as a limited liability Company at Najran was established on 23 Dhul- Hijjah 1441 (corresponding to 8 August 2020) under Commercial Registration number 5950119264. On 02 Shaaban 1442 (corresponding to 15 March 2021), the subsidiary company was granted transportation License, number 11/00007925.

The principal activity of the Subsidiary Company is land transport of goods.

2 BASIS OF PREPARATION

These consolidated financial statements have been prepared on a going concern basis under historical cost convention except for otherwise disclosed in Note 6.14 below.

The consolidated financial statements are presented in Saudi Riyals (SR) which is also the financial currency of the Group.

The Company's financial year starts on January 1 each Gregorian year and ends on December 31 of the same year.

3 STATEMENT OF COMPLIANCE

The consolidated financial statements for the year ended 31 December 2021 have been prepared in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by Saudi Organization for Chartered and Professional Accountants ("SOCPA").

4 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS

a. New standards, interpretations and amendments not yet effective

There are a number of standards, amendments to standards, and interpretations which have been issued by the IASB that are effective in future accounting periods that the Group has decided not to adopt early. The most significant of these are as follows:

<u>IFRS</u>	<u>Summary</u>	<u>Effective date</u>
Annual Improvements to IFRS: 2018-2020 Cycle	In May 2020, the IASB issued minor amendments to IFRS 1 First-time Adoption of International Financial Reporting Standards, IFRS 9 Financial Instruments, IAS 41 Agriculture and the Illustrative Examples accompanying IFRS 16 Leases.	1 January 2022

NAJRAN CEMENT COMPANY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

4 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS
(Continued)

<u>IFRS</u>	<u>Summary</u>	<u>Effective date</u>
Reference to the Conceptual Framework Amendments to IFRS 3	In May 2020, the IASB issued amendments to IFRS 3.11, which update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The amendments introduce an exception to the general recognition requirement for liabilities and contingent liabilities acquired in a business combination that is within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets and IFRIC 12 Service Concession arrangements.	1 January 2022
Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16)	In May 2020, the IASB issued amendments to IAS 16, which prohibit a company from deducting amounts received from selling items produced while the company is preparing the asset for its intended use from the cost of property, plant and equipment. Instead, a company will recognise such sales proceeds and any related costs in profit or loss.	1 January 2022
Onerous Contracts—Cost of Fulfilling a Contract Amendments to IAS 37	In May 2020, the IASB issued amendments to IAS 37.68A, which specify the costs a company includes when assessing whether a contract will be loss-making and is therefore recognised as an onerous contract. These amendments are expected to result in more contracts being accounted for as onerous contracts because they increase the scope of costs that are included in the onerous contract assessment.	1 January 2022
IFRS 4	Insurance Contracts—Amendments regarding the expiry date of the deferral approach.	1 January 2023
IFRS 9	Amendments regarding the interaction of IFRS 4 and IFRS 9	1 January 2023
IFRS 17	IFRS 17 introduces an internationally consistent approach to the accounting for insurance contracts. Prior to IFRS 17, significant diversity has existed worldwide relating to the accounting for and disclosure of insurance contracts, with IFRS 4 permitting many previous (non-IFRS) accounting approaches to continue to be followed. IFRS 17 will result in significant changes for many insurers, requiring adjustments to existing systems and processes.	1 January 2023
Classification of Liabilities as Current or Non-current (Amendment to IAS 1)	The IASB, in its meetings held in June-July 2021, tentatively decided to amend IAS 1 with respect to classification of liabilities subject to conditions as disclosure of information about such conditions and to defer the effective date of the 2020 amendment by at least one year to 1 January 2024. The amendments require to defer settlement of the liability for at least twelve months after the reporting period to exist at the end of the reporting period and / or that right to defer settlement for at least twelve months after the reporting period is also subject to entity's compliance with specified conditions. The Amendment has provided clarification on the meaning of 'settlement' for the purpose of classification of a liability.	1 January 2024

4 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS TO EXISTING STANDARDS (Continued)

b. New standards, interpretations and amendments effective in the current year

The following are the new standards, interpretations and amendments to standards that are effective in the current year which have not given rise to changes in the Group's accounting policies and have no impact on its consolidated financial statements:

<u>IFRS</u>	<u>Summary</u>	<u>Effective date</u>
Interest Rate Benchmark Reform - Phase 2 Amendments to IFRS 9 and IAS 39	The major amendments provide relief from relief from specific hedge accounting requirements. Additionally, the standards were amended to require change from IBOR to alternative benchmark rate that is accounted for by updating the effective interest rate.	1 January 2021
Covid-19-Related Rent Concessions beyond 30 June 2021	In March 2021, IASB issued an amendment to IFRS 16 which extended the COVID-19 related rent concessions beyond 30 June 2021. This amendment is applicable from annual reporting period beginning on or after 1 April 2021. Earlier application permitted, including in financial statements not authorized for issue at 31 March 2021	1 April 2021

5 SIGNIFICANT ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS

The preparation of the Group's consolidated financial statements require management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are addressed below.

5.1 Critical judgements

Judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the consolidated financial statements is as below:

(A) Component parts of property, plant and equipment

The Group's assets, classified within property, plant and equipment, are depreciated on a reducing balance basis over their economic useful lives. When determining the economic useful life of an asset, it is broken down into significant component parts such that each significant component part is depreciated separately. Judgement is required in ascertaining the significant components of a larger asset, and while defining the significance of a component, management considers quantitative materiality of the component part as well as qualitative factors such as difference in useful life as compared to mother asset, its pattern of consumption, and its replacement cycle/maintenance schedule.

5 SIGNIFICANT ACCOUNTING ESTIMATES, JUDGEMENTS AND ASSUMPTIONS (Continued)

5.2 Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the date of preparing the consolidated financial statements, that have a significant risk of causing material adjustments to the carrying amounts of assets and liabilities within the subsequent financial periods, are described below. The Group based its assumptions and estimates on parameters available at the date of preparing the consolidated financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(A) Provision for employees' benefit

The Group's net obligation in respect of employees' benefits is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The present value of the obligation is determined based on actuarial valuation at the statement of financial position date by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to an additional unit of employee benefit entitlement and measures. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan is based on the government bonds rate adjusted for an additional risk premium reflecting market yields on high quality Corporate bonds and with similar maturity.

(B) Provisions and contingencies

Management makes regular assessments of its possible obligation to determine likelihood and magnitude of outflow of resources.

(C) Useful lives of property, plant and equipment

Property, plant and equipment are depreciated over its estimated useful life, which is based on estimates for expected usage of the asset and expected physical wear and tear. Management has not considered any residual value as it is deemed immaterial.

(D) Calculation of expected credit loss allowance

When determining the loss allowance on receivables, the Group estimates expected credit loss. The Group uses reasonable and supportable forward-looking information, which is based on assumptions for the future movement of different economic drivers and how these drivers will affect each other. Loss given default is an estimate of loss arising on default. It is based on difference between the contractual cash flow due and those that the lender would expect to receive, taking into account cash flows from collateral and integral credit enhancements.

(E) Provision for material extraction

The Parent Company exploits raw material in accordance with Mineral Resources Saudi Law (appendix 3). The Group estimation and expectations relating to quantities of exploited raw material to pay fees against site exploitation is based on such estimates as per the appendix.

(F) Existence of inventories

Inventories comprise of purchased raw materials (Pozzolana, iron ore and bauxite), extracted materials (limestone and gypsum) and work in progress (mainly clinker) which are kept in stockpiles. Since weighing of these inventories is not practicable, management assesses the quantities on hand, at the year-end, by obtaining measurements of the stockpiles and converting these measurements, so obtained, to unit of volumes by applying related bulk densities taken through sampling. In doing so, management appoints an independent surveyor.

6 SIGNIFICANT ACCOUNTING POLICIES

6.1 Basis for consolidation

Control is achieved when the Group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the period are included in the Consolidated Statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Consolidated Statement of profit or loss and each component of other comprehensive income are attributed to the shareholders of the Group. Total comprehensive income of subsidiaries is attributed to the shareholders of the Group.

When necessary, adjustments are made to the consolidated financial statements of subsidiaries to bring its accounting policies into line with the Group's accounting policies. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Changes in the Group's ownership interests in existing subsidiary

Changes in the Group's ownership interests in subsidiary that do not result in the Group losing control over the subsidiary are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to shareholders of the Group.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.1 Basis for consolidation (Continued)

Changes in the Group's ownership interests in existing subsidiary (Continued)

When the Group loses control of a subsidiary, a gain or loss is recognized in the consolidated statement of profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognized in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified consolidated statement of profit or loss or transferred to another category of equity as specified/permitted by applicable IFRSs).

The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under IFRS 9, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

6.2 Current versus non-current classification

The Group presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

6.3 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.3 Fair Value Measurement (Continued)

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits from the asset's highest and best use or by selling it to another market participant that would utilize the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 – Methodologies for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements at fair value on a recurring basis using level 1 or level 2 indicators, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

Loans having fixed maturities are recorded at discounted values based on the effective interest rate method.

6.4 Property, plant and equipment

Property, plant and equipment, except land which is not depreciated, are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Expenditure on repairs and maintenance is expensed, while expenditure for improvement is capitalized. Depreciation is provided over the estimated useful life lives of the applicable assets using the declining balance method and appropriate residual values. Group reviews the appropriateness of the rate of depreciation / amortization, useful life and residual values used for recording the depreciation on annual basis.

The estimated annual rates of depreciation of the principal assets are as follows:

	<u>Percentage</u>
Land	Not depreciated
Buildings	2.5%
Plant, quarry, machinery and other equipment	4% - 15%
Vehicles	10 % - 25%
Furniture, fixtures and office equipment	10% - 12.5%
Computers	15%
Capital work in progress	Not depreciated

Capital work in progress includes all costs (including advance payments) which have not been reclassified as one of the asset classes noted above. Capital work in progress is re-classified as property, plant and equipment when the relevant performance tests have been satisfactorily completed. No depreciation is provided for in respect of capital work in progress.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.5 Impairment of property, plant and equipment

At each reporting date, the Group reviews the carrying amounts of property, plant and equipment to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash generating unit) is reduced to its recoverable amount, and the impairment loss is recognized as an expense immediately in statement of profit or loss. Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognized as income immediately in the consolidated statement of profit or loss and other comprehensive income.

6.6 Intangible assets

All costs paid to acquire the intangible assets are capitalized. It is stated at cost less accumulated amortization. The intangible assets of the Group are amortized over an estimated useful life using the straight-line method.

Intangible assets include software and licenses. Computer software licenses are capitalized based on the cost incurred to acquire and bring into use the specific software. Amortisation is charged to the statement of profit or loss on a straight line basis over an estimated useful life from the date the software is available for use. Cost associated with maintaining software programs are recognized as expense when incurred while development cost is capitalized on meeting certain criteria.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over their respective economic useful lives, using the straight-line method and assessed for impairment whenever there is an indication that the intangible asset may be impaired. Amortization methods, residual values and estimated economic useful lives are reviewed at least annually. The Group tests an intangible asset with an indefinite useful life for impairment by comparing its recoverable amount with its carrying amount either annually or whenever there is an indication that the intangible asset may be impaired. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Amortisation periods for license are determined primarily by reference to the unexpired license period, the conditions for license renewal and whether licenses are dependent on specific technologies. Amortisation is charged to the statement of profit or loss on a straight-line basis over the estimated useful lives from the commencement of related services.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.7 Inventories including capital spares

Inventories are measured at the lower of cost or net realizable value. Cost is measured using weighted average method. Spare parts and other consumables are charged to expenses on purchase. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

The Group regularly reviews the net realizable value of inventories to assess any diminution in the carrying values. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

6.8 Trade receivable

Trade receivables are carried at the transaction price related to a performance obligation less an allowance for doubtful debts. The Group assesses the allowance for doubtful debts using an expected credit losses (ECL) approach over the lifetime of the assets. The Group uses a provision matrix to measure the ECLs of trade receivables from customers while the government and quasi government customers are secured and are not included in ECLs.

Loss rates are calculated using a 'recovery rate' method based on the probability of a receivable progressing through successive stages of delinquency to write-off connected with the aging schedule of the outstanding receivables. Loss rates are based on actual credit loss experience over the past two years. For provisions against specific receivables, a customer-by-customer analysis of receivables is carried out at the end of each reporting period. Provisions are reversed only when the outstanding amounts are recovered from the customers and Group recognizes in profit or loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized in accordance with this Standard. When a trade receivable is uncollectible, it is written off against the allowance for doubtful debts in the statement of profit or loss, based on the criteria defined in the Group's policy.

Where advances from customers have been received but goods are not delivered at the reporting period, it is classified as advances from customers and included in current liability.

Where the Group is entitled to any third-party claim, the corresponding amount such as clinker subsidies or custom duties refundable, the agreed amount is included in other receivables and other income, net of any provisions.

6.9 Cash and cash equivalents

Cash and cash equivalents in the statement of cash flows include cash in hand and, balances with banks on current, deposit and saving accounts, and short-term highly liquid investments subject to insignificant risk of changes in values, which fall due in no more than three months and no restriction exists on their monetization on account of the Group.

6.10 Offsetting

A financial asset and financial liability is off-set and the net amount is reported in the balance sheet when a legally enforceable right to set-off the transactions is available and also there is an intention to settle on a net basis or to realize the asset and settle the liability simultaneously.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.11 Zakat

Zakat provision is provided for in accordance with Zakat, Tax and Custom Authority (ZATCA) regulations. Submission and disclosure of provisions in the financial statements shall be according to the Zakat and tax rules. The Group withholds taxes on certain transactions with non-resident parties as required under the Saudi Arabian Tax Laws. Withholding tax related to foreign payments on services are recorded as current liabilities.

6.12 Trade and accounts payables

Accounts payable are measured at their fair value, net of trade discounts. Exchange gains and losses arising in respect of liabilities in foreign currency are added to the carrying amount of the respective liabilities.

6.13 Provisions and other liabilities

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past events, and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate.

6.14 Provision for employees' benefits

Provision for employees' terminal benefits is calculated based on Group's internal policy. The Group's net obligation in respect of defined benefit plans is calculated for each plan by estimating the amount of future benefits that employees have earned in the current and prior periods.

Re-measurements, comprising of actuarial gains and losses, are recognized immediately in the statement of financial position with a corresponding debit or credit to retained earnings through other comprehensive income, in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Group recognises the following changes in the defined benefits obligation under 'operating cost' and 'general and administrative expenses' in the profit and loss account:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements.
- Interest expense.

The calculation of defined benefits obligation is performed annually by a qualified actuary using the projected unit credit method.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.15 IFRS 16 Leases

For any new contracts entered into on or after 1 January 2019, the Group considers whether a contract is or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period in exchange for consideration'. To apply this definition the Group assesses whether the contract meets three key evaluations which are whether:

- the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Group.
- the Group has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract.
- the Group has the right to direct the use of the identified asset throughout the period of use. The Group assess whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

The assets and liabilities from the lease are initially recognized and measured at the present value. Each lease payment is distributed between liabilities and financing cost. The cost of financing is charged to profit or loss over the lease term. The asset's right to use is amortized over the useful life of the asset or the term of the lease, whichever is shorter, on a straight-line basis.

- Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed), variable payments based on an index or rate, amounts expected to be payable under a residual value guarantee and payments arising from options reasonably certain to be exercised. Lease payments are discounted using the incremental borrowing rate, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.
- Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments.

6.16 Statutory reserve

In accordance with the Regulations for Companies in the Kingdom of Saudi Arabia and the Company's Articles of Association, the Group has established a statutory reserve by the appropriation of 10% of net income until the reserve equals 30% of the issued share capital.

6.17 Contingent assets and liabilities

A contingent liability is disclosed where the existence of the obligation will only be confirmed by future events or where the amount of obligations cannot be measured with reasonable reliability. Contingent assets are not recognised, but are disclosed where an inflow of economic benefits is probable.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.18 Revenue recognition

Revenue is measured under IFRS 15 at the fair value of the consideration received or receivable when a customer obtains control of goods at a point in time i.e on delivery and acknowledgement of goods. Revenue is recognized on the completion of performance obligation where the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably. Revenue is measured net of returns and trade discounts.

No element of financing component is deemed present as the sales are made either on cash or on credit term consistent with market practice.

6.19 Foreign currency translations

These consolidated financial statements are presented in Saudi Arabian Riyals (SR), which is the Group's functional currency. Transactions in foreign currencies are recorded using the exchange rates prevailing at the time of transaction. Foreign exchange gains or losses resulting from settlement of the transaction and translation at the period end are recorded according to exchange rates prevailing on that date and are recognized in the profit or loss account.

6.20 Cost of revenue

The cost of revenue is calculated on the basis of the cost of production of sold units charged with all actual direct costs, which shall include the cost of materials, production supplies, cost of labour, and amortizations of direct fixed assets, in addition to their share of indirect expenses.

6.21 Expenses

Selling and distribution expenses comprise costs incurred in the distribution and sale of the Group's products, including employee costs and transportation costs (including area discounts). All other operating expenses are classified as general and administrative expenses.

6.22 Earnings per share

Earnings per share are calculated by dividing the net profit (loss) for the year by the weighted average number of shares outstanding at year end.

6.23 Dividends and appropriations

Dividend and appropriation to reserves are recognized in the consolidated financial statements in the period in which approved by the Group's Board of directors.

6.24 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's Chief Operating Decision maker to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.25 Settlement date accounting

All regular way purchases and sales of financial assets are recognized and derecognized on the settlement date, i.e. the date on which the asset is delivered to the counterparty. When settlement date accounting is applied, the Group accounts for any change in fair value between the trade date and the settlement date in the same way as it accounts for the acquired asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

6.26 Financial instruments

Financial assets

The Group classifies its financial assets into one of the categories discussed below, depending on the purpose for which the asset was acquired. Other than financial assets in a qualifying hedging relationship, the Group's accounting policy for each category is as follows:

(i) Fair value through profit or loss

This category comprises in-the-money derivatives and out-of-the-money derivatives where the time value offsets the negative intrinsic value (see "Financial liabilities" section for out-of-the-money derivatives classified as liabilities). They are carried in the statement of financial position at fair value with changes in fair value recognized in the statement of comprehensive income in the finance income or expense line. As at the date of the statement of financial position, the Group does not have any assets held for trading nor does it voluntarily classify any financial assets as being at fair value through profit or loss.

(ii) Amortised cost

These assets arise principally from the provision of goods and services to customers (eg trade receivables from related parties and third parties), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognized at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortized cost using the effective interest rate method, less provision for impairment.

The Group's financial assets measured at amortized cost comprise trade and other receivables and cash and cash equivalents in the consolidated statement of financial position.

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less, and for the purpose of the statement of cash flows - bank overdrafts. Bank overdrafts are shown within loans and borrowings in current liabilities on the consolidated statement of financial position.

(iii) Fair value through other comprehensive income

These represents investments in listed and unlisted entities. As at the date of the consolidated statement of financial position the Group does not have any financial instruments designated as fair value through other comprehensive income.

Financial liabilities

The Group classifies its financial liabilities into one of two categories, depending on the purpose for which the liability was acquired.

Other than financial liabilities in a qualifying hedging relationship (see below), the Group's accounting policy for each category is as follows:

6 SIGNIFICANT ACCOUNTING POLICIES (Continued)

6.26 Financial instruments (Continued)

Fair value through profit or loss

This category comprises out-of-the-money derivatives where the time value does not offset the negative intrinsic value (see "Financial assets" for in-the-money derivatives and out-of-the-money derivatives where the time value offsets the negative intrinsic value). They are carried in the statement of financial position at fair value with changes in fair value recognised in the statement of comprehensive income. As at the date of statement of financial position, the Group does not have any liabilities held for trading nor has it designated any financial liabilities as being at fair value through profit or loss.

Other financial liabilities

Other financial liabilities include the following items:

- Bank and related party borrowings are initially recognised at fair value net of any transaction costs directly attributable to the issue of the instrument. Such interest bearing liabilities are subsequently measured at amortised cost using the effective interest rate method, which ensures that any interest expense over the period to repayment is at a constant rate on the balance of the liability carried in the statement of financial position. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.
- Trade payables and other short-term monetary liabilities, which are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method.

7 SEGMENTAL REPORTING

The Group is engaged in one operating segment, i.e., manufacturing cement and operates in the Kingdom of Saudi Arabia and certain foreign jurisdictions. Further, significant amount of liabilities of the Group are payable in Saudi Arabia. The financial information of the Subsidiary is not significant to Group's consolidated financial statements for segmental information.

15. PROVISION FOR EMPLOYEES' BENEFITS (Continued)

15.2 Significant actuarial assumptions:

Below are the significant actuarial assumptions:

	31 December 2021	31 December 2020
Key actuarial assumptions		
Discount rate used	2.50%	2.05%
increase in salary for the next two years	2.50%	2.50%
Increase in salary for long term	2.30%	1.85%
Turnover	Moderate	Moderate
Demographic assumptions		
Retirement age	60	60

15.3 Sensitivity analysis:

Reasonably possible changes as to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

	31 December 2021 (SR'000)	31 December 2020 (SR'000)	31 December 2021 (SR'000)	31 December 2020 (SR'000)
	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	35,364	38,449	32,018	34,973
Future salary growth (0.5% movement)	38,175	35,604	34,584	32,363

16 LEASES

	31 December 2021 (SR'000)	31 December 2020 (SR'000)
Current portion of lease obligations	451	439
Non-current portion of lease obligations	5,597	6,047
Balance at end of year	6,048	6,486

The lease liabilities are secured by the related underlying assets.

The analysis by maturity of future lease payments at 31 December 2021 are as follows:

As at 31 December 2021	< 1 year SR'000	1-5 year SR'000	>5 years SR'000	Total SR'000
Lease payments	632	3,162	3,461	7,255
Less: Interest expense for future periods	181	769	257	1,207

NAJRAN CEMENT COMPANY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

17 SHARE CAPITAL

The authorized share capital of the Company comprised 170 million ordinary shares stated at SR 10 per share. All shares are issued and fully paid. (31 December 2020: 170 million ordinary shares stated at SR 10 per share).

18 LONG TERM BORROWING

Long-term borrowing from commercial banks is presented as follows:

	31 December 2021 SR'000	31 December 2020 SR'000
Principal amount, beginning balance	329,500	400,000
Draw-down during the year	-	355,000
Less: repayments / redemptions during the year	(51,000)	(425,500)
Net principal amount	278,500	329,500
Accrued mark up for the year	515	542
	279,015	330,042
Less: Transferred to current liabilities	(51,515)	(51,542)
Balance at the end of the year	227,500	278,500

18.1 Tawarruq

During 2020, the Company signed financing agreement (Tawarruq) for SR 355 million with Bank AlJazira to fully redeem the outstanding amount of the Sukuk that was due in June 2020. The Tawarruq facility is repayable in five years through ten semi-annual instalments and bears a mark-up of SAIBOR plus 1.40 %. The amount is secured by the Company's plant and equipment and a promissory note to the amount of actual drawdown. The amount of the facility was drawn in full.

Two multiple purpose facilities aggregating SR 85 million are also available but not utilized.

The carrying values of the short-term borrowings are denominated in Saudi riyals.

18.2 Loan covenants

The loans contain certain covenants. A future breach of covenants may lead to renegotiation. The covenants are monitored on a monthly basis by the management. In case of potential breach, actions are taken by the management to ensure compliance. During the year ended 31 December 2021, there has been no non-compliance of loan covenants.

All the above loans are Sharia compliant.

19 ZAKAT STATUS

The movement in zakat payable on the Group was as follows:

	31 December 2021 SR'000	31 December 2020 SR'000
Balance at beginning of the year	8,721	19,241
Provided / (reversal) during the year	5,463	(4,130)
Paid during the year	(8,050)	(6,390)
Balance at the end of the year	6,134	8,721

Zakat returns for all the years up to December 31, 2020 have been filed by the group. Zakat assessments have been finalized with Zakat and Tax and Customs Authority (ZATCA) for the years 2006 to 2011 and 2014 to 2020.

The Board of Directors of the Company, in its meeting held on 22 September 2020 (corresponding to 5 Safar 1442H), recommended a dividend of SR 127.5 million (SR 0.75 per share) that was paid on 15 October 2020 (corresponding to 28 Safar 1442H).

29 FINANCIAL INSTRUMENTS

The Group finances its operations through equity and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk. Taken as a whole, the Group is exposed to market risk (including profit rate risk, currency risk and other price risk), credit risk and liquidity risk. The Group's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to raise finance for the Group's operations. The Group has various financial assets such as investments, trade and other receivables. The Group has various financial liabilities such as long-term financing, trade and other accounts payable including accrued liabilities.

NAJRAN CEMENT COMPANY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

29 FINANCIAL INSTRUMENTS (Continued)

The principal financial instruments used by the Group, from which financial instrument risk arises, are as follows:

- a) Trade receivables
- b) Cash and cash equivalents
- c) Trade and other payables
- d) Long term financing

Financial instruments by category (amortized cost)

	<i>31 December 2021 (SR'000)</i>	<i>31 December 2020 (SR'000)</i>
Financial assets		
Trade receivables	28,221	30,356
Cash and cash equivalents	82,090	171,569
Total	110,311	201,925
	<i>31 December 2021 (SR'000)</i>	<i>31 December 2020 (SR'000)</i>
Financial liabilities		
Long term financing	279,015	330,042
Trade payables	44,744	45,025
Dividend payable	1,118	1,107
Accrued and other payables	36,763	27,209
Total	361,640	403,383

The Group is exposed through its operations to the following financial risks:

- Market risk
- Credit risk; and
- Liquidity risk

Financial risk management and objectives and policies

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: Interest rate risk, currency risk and other price risk.

(a) Interest rate risk

Profit rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market profit rates. The Group mitigates its risk against exposure through focusing on maintaining bank balances. As of the statement of financial position date the Group is exposed to profit rate risk on its borrowings.

During 2021 and 2020, the Group's borrowings at variable rate were denominated in SR. The Group analyses the interest rate exposure on a quarterly basis. A sensitivity analysis is performed by applying a simulation technique to the liabilities that represent major interest-bearing positions. Various scenarios are run taking into consideration refinancing, renewal of the existing positions, alternative financing and hedging.

NAJRRAN CEMENT COMPANY
(A Saudi Joint Stock Company)
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

29. FINANCIAL INSTRUMENTS (Continued)

Financial risk management and objectives and policies (Continued)

Market risk (Continued)

(b) Currency risk

Currency risk arises from the possibility that changes in foreign exchange rates will affect the value of the financial assets and liabilities denominated in foreign currencies. The Group does not believe it is materially exposed to currency risk as the majority of the Group's transactions and the balances are denominated in Saudi Riyals or in US Dollars. US dollar rate is fixed with the Saudi Riyal. Certain transactions are in other currencies, but these are not material.

(c) Other price risk

Other price risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices. The Group is not exposed to any other risks.

Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's credit risk is primarily attributable to its liquid funds and receivables. Cash balances are deposited with banks with good credit standings. Whilst a small number of customers account for a significant portion of both revenues and accounts receivable balances. These customers have provided appropriate guarantees ensuring that their debts will be recoverable. All major customers are high profile customers with the Kingdom of Saudi Arabia and there is no reason to suggest that there will be a loss of revenue from these sources.

The Group's maximum credit exposure are as follows:

	<i>31 December 2021 (SR'000)</i>	<i>31 December 2020 (SR'000)</i>
Trade receivables	28,221	30,356
Prepayments and other receivables	42,727	46,780
Cash and cash equivalents	82,090	171,569
Total	<u>153,038</u>	<u>248,705</u>

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period.

Age of trade receivables aging as of 31 December is as follows:

	<i>31 December 2021 (SR'000)</i>	<i>31 December 2020 (SR'000)</i>
Not due yet	23,179	30,626

30 COMPARATIVE FIGURES AND PRIOR PERIOD RECLASSIFICATIONS

During the year, management identified certain adjustments required to prior years financial statements and restated them accordingly. The details are provided below:

- Assets held for future use amounting to SR 35.9 million as at 31 December 2020 (2019: SR 35.6 million) previously classified as property, plant and equipment were reclassified to consumable spares parts under stores, spare parts and loose tools.
- Directors' remuneration amounting to SR 3.4 million during the year 2020 previously classified under consolidated statements of changes in equity was reclassified to general and administrative expenses in the consolidated statement of profit or loss which result a decrease in profit to 200.9 million Saudi riyals without any impact on the total retained earnings.

31 APPROVAL OF CONSOLIDATED FINANCIAL STATEMENTS

These consolidated financial statements were authorized for issue by the Company's Board of Directors on 27 February 2022 (corresponding to 26 Rajab 1443H)

Audit Committee Meeting No. (1) 2022

Venue: Jeddah - Hilton Hotel

Date: 26/07/1443

Corresponding: 27/02/2022

Recommendation No. (01/02/22)

Subject: Approval of Audit Committee recommendation regarding the selection of any of the candidates to examine, review and audit the financial statements for the second and third quarters of 2022 and the annual financial statement of the fiscal year 2022 and the first quarter of 2023 and submit them to the Ordinary General Assembly:

The Audit Committee has reviewed the proposals submitted for auditing the company's accounts for the second and third quarters of 2022 and annual financial statement of the fiscal year 2022 and the first quarter of 2023, where 7 audit offices were invited to submit their proposals, proposals were obtained from 4 audit offices according to the approved scope of work.

The submitted proposals were analyzed and compared, and a number of criteria were taken into consideration for selecting the appropriate proposal. After deliberation and discussion, and based on the foregoing, the committee decided the following:

1. Based on the technical evaluation, the auditors' experience in the cement industry in general and the company's business in particular, and the competitive prices in providing audit services and zakat and tax advice, the Committee recommends to the Board of Directors to nominate the following:

a. Dr. Mohammed Al-Amri & Co. Certified Accountants and Auditors (BDO) with a total pre-tax fee SAR. 395,000.

B. Ernst & Young & Co. (E&Y) Certified Accountant and Auditor with a total pre-tax fee of SAR 450,000.

2. Submitting to the Ordinary General Assembly to select one of them, to review the company's quarterly and annual accounts for the second and third quarters of 2022 and the annual financial statement of the fiscal year 2022 and the first quarter of the fiscal year 2023, with a recommendation based on what was stated in (1) Dr. Mohammed Al-Amri & Co. Certified Accountants and Auditors (BDO). Due to the reputation of the company and its experience in the company's business.

Walid bin Ahmed Bamarouf
Chairman of Audit Committee

Vote on the Board of Directors 'recommendation to distribute cash dividends for the second half of 2021 at the rate of 0.25 riyal per share, which represents 2.5% of the par value of the share with a total amount of 42.5 million riyals, provided the eligibility for dividend will be to Shareholders who own the shares on the day of Company's general assembly and registered in the Company's shareholders register at Securities Depository Center by the end of the second trading day following the day of general assembly, thus the total dividends distributed and proposed to be distributed for the year 2021 is 1 riyals per share representing 10% of the nominal value of the share with a total amount of 170 million riyals. Date of distribution will be announced later.

Details	Dividend distributed during the year	Dividend proposed to be distributed at the end of year	Total Dividend
Distribution date	17-10-2021	To be announced later	
Percentage of dividend	7.5%	2.5%	10%
Total Dividend	SR 127.5 million	SR 42.5 million	SR 170 million

Independent Limited Assurance Report on Related Parties Transactions

**To the shareholders of Najran Cement Company
(A Saudi Joint Stock Company)
Najran, Kingdom of Saudi Arabia**

Introduction

We are engaged with **Najran Cement Company (a Saudi Joint Stock company) “the Company”** to provide a limited assurance on the declarations provided by the Chairman of the Company for the year ended 31 December 2021.

Scope

Review the declaration provided by the Chairman to be presented to the Shareholders of **Najran Cement Company “the Company”** in the general assembly meeting, which will disclose the direct and indirect personal interest of the Company's Board of Directors members in accordance with the requirements of Article (71) of the Companies Law.

Responsibility of the Company's Management

Company's management is responsible for preparing the declarations in accordance with Article (71) of the Companies Law in the Kingdom of Saudi Arabia and Article (27) of the Corporate Governance Regulations issued by the Capital Market Authority and submitting the declarations to us with all information and notes requested.

Quality Control, Commitment to Independence and Other Ethical Requirements

The office applies International Standard On Quality Control (ISQC) 1, “Quality Control for Firms That Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Services Engagements” and accordingly maintains a comprehensive system of quality control system including documented policies and procedures regarding compliance with ethical requirements professional standards and applicable legal and regulatory requirements.

We have complied with the independence and other ethical requirements in the Code of Conduct and Ethics for Professional Accountants issued by Saudi Organization for Chartered and Professional Accountants, which is founded on the basic principles of integrity, objectivity, professionalism, due diligence, confidentiality and professional conduct.

Our Responsibilities

Our responsibility is to express a limited assurance on the above-mentioned declarations based on the procedures we have performed in accordance with the International Standard on Assurance Engagements (ISAE) 3000 “Assurance Engagements other than Audits or Reviews of Historical Financial Information”

The procedures performed in a limited assurance engagement are different in nature and timing, and are less in extent than a reasonable assurance engagement. As a result, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had we reasonable assurance engagement been performed.

Our report is solely for the purpose set forth above and for your information and is not to be used for any other purpose or to be distributed to any other parties. This report relates only to the items set forth above, and does not extend to any financial statements of Najran Cement Company, taken as a whole.

Summary of the procedures performed

The procedures performed are summarized in verifying the accuracy, of the information provided that the amounts of transactions and contracts in which the board members has a direct or indirect interest, matched with the declarations provided by the Chairman.

Conclusion

Based on the procedures we have performed and the evidence obtained, and with the exception of what was stated in the notification submitted by the Chairman of Najran Cement Company, nothing has come to our attention that there is direct and indirect personal interest of the Company’s Board of Directors members In the business and contracts during the year ended 31 December 2021 except what has been disclosed in the financial statements during the year ended 31 December 2021.

13/08/1443(H)
16/03/2022(G)

To the Shareholders of Najran Cement Company,

Based on Article 71 of the Companies Law, the Chairman of the Board of Directors shall disclose to the Ordinary General Assembly, when it convenes, about the transactions and contracts in which a member of the Board of Directors has a direct or indirect interest.

Therefore, the Board of Directors would like to inform the respected Assembly that the members of the Board of Directors who have a direct or indirect interest in the transactions and contracts that are made for the account of the Company are as follows:

---	---

Please accept my sincere greetings and appreciation.

Mohammed bin Manea Aballala
Chairman of the Board of Directors

Charter of Audit Committee

Article (1): Composition of the Committee

1. The Board of Directors shall recommend to the General Assembly the appointment of the members of the Committee and/or the Chairman of the Committee for a period of three (3) years, and this period may not exceed the term of the Board of Directors.
2. By a decision of the Company's Ordinary General Assembly, an audit committee shall be formed from the shareholders or others whose members shall not be less than three (3) and not more than five (5).
3. The members of the committee shall nominate the Head of the committee by way of a vote by the majority of the committee members unless the council does so, and it is preferable that the Head of the committee be an independent member.
4. The committee appoints a secretary for its own committee from among its members or from one of the Company's employees, and the committee's secretary's terms of reference are determined by a decision of the committee.
5. The General Assembly may dismiss any member of the Committee in the event that member ceases to meet the conditions of membership or violates any system in force in the Company or followed by it.
6. A committee member may resign from the committee by providing the Company with thirty (30) days' notice prior to the effective date of the resignation.

7. The committee member shall be considered legally resigned if he fails to attend three (3) consecutive meetings without providing the Board of Directors with an acceptable excuse, and his membership in the committee shall ipso facto terminate upon the occurrence of any event that violates the terms of membership of the committee or any system in force in the Company or followed by it.

8. The committee member shall inform the company immediately in writing of any change that may lead to the termination of his membership in the committee and not to attend any meetings of the committee after that.

9. If any of the committee seats becomes vacant, the committee nominates one of the members, either from shareholders or others and submit the request to the Board of Directors for temporary approval. The Board of Directors presents the request for new membership at the first ordinary meeting of the general assembly to approve the new member or appoint another member.

Article (2): Rules for Selecting Members of the Committee

1. The committee must include at least an independent member and not include any of the executive Board members.

2. The Chairman of the Board of Directors may not be a member of the Committee.

3. The committee must include a member specialized in financial and accounting matters.

4. A person who works or has worked during the past two years in the executive or financial management of the Company, or with the Company's auditor, may not be a member of the committee.

5. Non-members of the Board of Directors who are shareholders, non-executives or independents can be members of the committee.

Article (3): The Committee's Duties and Responsibilities

The Audit Committee is responsible for monitoring the Company's business and verifying the integrity and correctness of its reports, financial statements and internal control systems. The committee's tasks include in particular the following:

1. Financial reports:

- a. Studying the company's quarterly and annual financial statements before submitting them to the Board of Directors and expressing its opinion and recommendation to ensure its integrity, fairness and transparency.
- b. Expressing a technical opinion - at the request of the Board of Directors - on whether the Board's report and the company's financial statements are fair and understandable and include information that allows shareholders and investors to evaluate the company's financial position, performance, business model and strategy.
- c. Study any important or unfamiliar issues contained in the financial reports.
- d. Carefully review issues raised by the company's financial Manager and the internal audit official or the auditor.
- e. Verification of accounting estimations in the material issues contained in the financial reports.
- f. Studying the accounting policies followed in the company and expressing opinion and recommendation to the Board of Directors in this regard.

2. Internal Audit:

- a. Studying and reviewing the company's internal and financial control and risk management systems.
- b. Approval of the annual plan of the internal audit activity.
- c. Studying internal audit reports and follow up the implementation of corrective actions recommended therein.
- d. Monitor and supervise the performance and activities of the internal audit in the company to verify the availability of the necessary resources and their effectiveness in performing the work and tasks assigned to it.
- e. Recommending to the Board of Directors for the following:
 - Appointing Manager of the internal audit unit/department, proposing his remuneration, evaluating his performance, and dismissing him (if the company does not have an internal audit unit/department, the committee must submit its recommendation to the Board regarding the need to establish it or not). The Manager of the Internal Audit Unit/Department is accountable to the Committee.
 - Nominating an external party to carry out the tasks and competencies of the internal audit unit or department, terminating them, determining their fees and evaluating their performance, after verifying their independence and reviewing the scope of their work and the terms of their contract.
- f. Meeting periodically with the internal audit officials and discussing the topics that the committee deems necessary to discuss with them individually or in the presence of whomever it deems appropriate of the company's senior executives.

g. Considering any difference in opinions that may arise between the internal audit officials and the management in the company, addressing them, and ensuring implementation of the decisions issued in this regard.

3. Auditing

a. Recommending the Board of Directors to nominate and dismiss the external auditor, determine his fees and evaluate his performance, after verifying his independence and reviewing the scope of work and the terms of engagement with him.

b. Verify the auditor's independence, fairness and the effectiveness of audit work, taking into consideration the relevant rules and standards.

c. Reviewing and approving the company's auditor's plan and make sure that they do not perform technical or administrative works outside the scope of audit work and expressing views in this regard.

d. Answer the company's auditor's queries.

e. Studying the auditor's report and their notes on the financial statements and follow up.

f. Considering any differences in opinion that may arise between the auditor and the executive management of the company, addressing them, and ensuring the implementation of the decisions issued in their regard.

g. Ensure the coordination of audit work in the event of more than one external auditor.

4. Commitment guarantee

a. Reviewing the results of the reports of the regulatory authorities and ensuring that the company has taken the necessary measures in this regard.

- b. Verify the company's compliance with relevant laws, regulations, policies and instructions.
 - c. Reviewing the contracts and transactions proposed to be conducted by the company with related parties, and presenting its views to the Board of Directors.
 - d. Raise the issues, it deems necessary to take action, to the Board of Directors, and make recommendations for actions to be taken.
5. Establishing a mechanism that allows employees in the company to submit their observations on any abuse in financial or other reports confidentially. The committee shall verify the application of this mechanism by conducting an independent investigation commensurate with the extent of the abuse and adopt appropriate follow-up procedures.
6. Ensure that the company's executive management takes appropriate measures to protect the company from strategic, financial, operational and compliance risks.
7. Ensuring that the company is managed according to sound economic base with efficiency and effectiveness.
8. Preparing and submitting regular reports to the Board of Directors on the activities of the Committee and its recommendations.
9. Preparing the annual report of the Audit Committee for the General Assembly.

Article (4): Powers of the Committee

1. In order to perform its duties, the Audit Committee will have following powers:

- a. The right to access the company's records and documents.
 - b. To request any clarification or statement from the members of the Board of Directors or the executive management.
 - c. To request the Board of Directors to invite the company's general assembly to convene if the Board of Directors interrupts its work or the company suffers serious damage or losses.
2. If there is a conflict between the audit committee's recommendations and the decisions of the Board of Directors, or if the Board refuses to accept the committee's recommendation regarding the appointment and termination of the company's auditor, determining his fees and evaluating performance, or appointing the official of the internal audit activity, the annual report of the Board of Directors must include the committee's recommendation and its justifications for it.
3. Seeking the assistance of experts and specialists it deems fit from within or outside the company within the limits of its powers, provided that this is included in the minutes of the committee's meeting, with the name of the expert and his relationship with the company or the executive management.

Article (5): Committee's Work Rules

1. The committee meets periodically at the times specified by its Chairman, and the number of its meetings must not be less than four (4) meetings during the company's financial year, and it is possible for the committee to meet at the request of two of its members or whenever the need arises.
2. For the validity of the committee's meetings, the presence of the majority of its members is required, and its decisions are issued by the majority of the votes of those present, and each member of the committee has one vote.

3. A committee member may not delegate other members to attend committee meetings on his behalf.
4. The audit committee meets periodically with the company's auditor and with the company's internal audit official.
5. The internal audit official and the auditor may request a meeting with the audit committee whenever the need arises.
6. No member of the Board of Directors or the executive management, except for the secretary of the committee and members of the committees, is entitled to attend its meetings unless the committee requests hearing his opinion or obtaining his advice.
7. The committee's meeting agendas are prepared by its Chairman and the committee approves the agenda during the meeting. If any member objects to this schedule, it must be recorded in the minutes of the meeting. Each member of the committee has the right to suggest adding any item to the meeting's agenda.
8. The Secretary of the Committee shall provide the Committee members with the agenda for each meeting of the Committee, working papers, documents and information related to the meeting, and any additional documents or information requested by any of the members related to the topics included in the meeting's agenda before the meeting date.

Article (6): Committee meeting minutes

1. The committee's meetings must be documented. Minutes should be prepared to include discussions and deliberations, its recommendations and voting results. It should be recorded in a special and organized register with names of the attending members, reservations they made (if any) and to be signed by all the members present.

2. The minutes are prepared by the committee's secretary and presented to the committee Chairman, then to the members. Circulation of the draft minutes is limited to this group only until it is approved.

3. The draft minutes shall be prepared within a period not exceeding seven (7) working days, from the date of the day following the meeting and to be completed by both the committee secretary as well as the Chairman. Thereafter, it should be circulated to the committee members. Each member must express his opinion and suggestions on the draft minutes within seven (7) days from the date of sending the draft to the member, with the need to indicate any observations (if any) or approval of the draft minutes. Comments received after approval will not be considered.

Article (7): Evaluation of the Committee's Performance

1. The performance of the committee is evaluated annually by the Board of Directors.
2. The committee Chairman shall annually evaluate the performance of the committee's secretary.

Article (8): Remunerations and Compensations of Committee Members

Each member of the committee is entitled to the following compensation:

1. Attendance allowance for each meeting in the amount of three thousand (3000) riyals for each member.
2. Annual compensation of one hundred thousand riyals (100,000) per member, in addition to additional annual compensation of fifty thousand riyals (50,000) for the chairman of the committee.
3. An attendance allowance of one thousand five hundred riyals (1,500) for each meeting to the Secretary of the Committee.

4. Members of the Committee who reside outside the cities in which the meeting of the Committee is held are entitled for reimbursement of all expenses incurred by them to attend the meetings, provided that such expenses are reasonable and acceptable in accordance with business standards such as travel, meals, accommodation and other expenses incurred specifically for the purpose.
5. The Board of Directors shall evaluate and disclose to the General Assembly the submitted reports, the remuneration and other payments made to the members of the Committee.

Article (9): The committee's work charter

The General Assembly, based on a proposal from the Board of Directors, issues a work regulation (charter) for the committee that includes the committee's work controls and procedures, its tasks, the rules for selecting its members, how to nominate them, the term of their membership, their remuneration and the mechanism for temporarily appointing its members in case one of the seats becomes vacant.

The committee reviews this charter periodically, and the Board of Directors must approve any changes proposed by the committee. Such Charter will be valid only once approved by the general assembly in its annual meeting.

Amendment to Charter of the Audit Committee

Article Number	Existing charter	Amendment proposed
8 - 2	Annual compensation of one hundred thousand riyals (100,000) per member	Annual compensation of one hundred thousand riyals (100,000) per member, in addition to additional annual compensation of fifty thousand riyals (50,000 riyals) for the Chairman of committee.
