Notes to the Annual Financial Statements for the 2024 Financial Year

(1) Recognition and measurement principles

Berentzen-Gruppe Aktiengesellschaft, Haselünne, is a stock corporation (Aktiengesellschaft) organised under German law. The Company's head office is in Haselünne, Ritterstraße 7, 49740 Haselünne, Germany, and the Company is registered in the Commercial Register of the Osnabrück Local Court (record HRB 120444).

The annual financial statements have been prepared in accordance with the accounting and valuation principles applicable for large corporations under commercial law and the supplementary provisions of the German Stock Corporation Act (Aktiengesetz; AktG).

The Income Statement has been prepared in accordance with the cost summary format pursuant to Section 275 (2) HGB.

The additions made to the legally prescribed structure of the Statement of Financial Position and the Income Statement under Section 265 (5) sentence 2 HGB – notably including the separate presentation of alcohol tax – relate to the commercial activities of Berentzen-Gruppe Aktiengesellschaft and serve to present a better view of the Company's financial position, cash flows and financial performance.

The same accounting and valuation methods have been applied as in the previous year.

Intangible assets, which are comprised almost entirely of licences, are carried at acquisition cost less scheduled amortisation. The licences are amortised on a straight-line basis over a customary useful life of four to five years.

The items included in property, plant and equipment are carried at acquisition or production cost less scheduled depreciation, where they are depreciable. The depreciation is taken using the straight-line method based on the standard useful life (5 – 57 years). Low value assets up to a value of EUR 1,000 have been recorded in a collective item and written down on a straight-line basis over a period of five years, in accordance with the statutory provisions.

Non-current financial assets such as shares in affiliated companies and loans to affiliated companies are carried at acquisition cost or repayment amount. Writedowns are recognised in accordance with Section 253 (3) sentences 5. The impairment test performed for the shares in affiliated companies in the form of a discounted cash flow method is based on a medium-term plan with estimation uncertainties that has been approved by the Executive Board and ratified by the Supervisory Board.

Raw materials and supplies and merchandise for resale, are carried at average acquisition cost. Where the current market values are lower at the reporting date, these are recognised.

Work in progress and finished products are carried at the production cost to be recognised at a minimum under commercial law, meaning with direct input costs plus appropriate add-ons for indirect input costs. The principle of loss-free valuation is observed by applying discounts to the selling prices for costs still to accrue.

Receivables and other assets are stated at the lower of face value or fair value. Specific provisions for anticipated uncollectibility and general provisions to cover general credit risk are deducted from the receivables in the Statement of Financial Position. Receivables with credit insurance, receivables for which guarantees have been provided and the value added tax contained in these amounts are deducted when identifying the stock of receivables exposed to risk.

Cash on hand and at credit institutions balances are recognised at their nominal values.

Prepaid expenses include amounts disbursed prior to the reporting date that represent expenses for a certain period after the reporting date.

Subscribed capital is carried at face value. In accordance with Section 272 (1a) HGB, the imputed nominal value of treasury shares (own shares) is openly deducted from subscribed capital. The difference between the imputed nominal value and the acquisition cost of treasury shares is recognised within the distributable profit. Incidental acquisition costs incurred are recognised in profit or loss.

The provisions for pensions and similar obligations are determined using the projected unit credit (PUC) method in accordance with the generally accepted actuarial principles. The calculations are based on the 2018 G standard tables prepared by Professor Dr. Klaus Heubeck, an increase in pensions of 2.0%, and a fluctuation and salary trend of 0% due to a pure pensioner base. Use has been made of the option permitted by Section 253 (2) sentence 2 HGB. The amounts are discounted using the average market rate of 1.90% announced by Deutsche Bundesbank for an assumed residual maturity of 15 years.

Provisions for service anniversary awards are funded taking into account a general employer contribution to social security of 20% in line with the employee's present length of service and discounted using a rate of 1.97%. The figures calculated are similarly based on reports using a fluctuation rate of 5% and the 2018 G standard tables prepared by Professor Dr. Klaus Heubeck as the biometric basis of calculation based on the projected unit credit (PUC) method in accordance with generally accepted actuarial principles.

Tax and other provisions are set up to cover all uncertain liabilities and identifiable risks and carried at the amount anticipated to be payable under sound commercial judgement.

Provisions for share-based compensation are measured at fair value using corresponding multivariate Black–Scholes models with Monte Carlo simulations.

The measurement of provisions for legal disputes depends on estimates to a considerable degree. Legal disputes often involve complex legal questions and are fraught with considerable uncertainties. Accordingly, the determination at the reporting date of whether a current obligation probably results from a past event, whether a future outflow of economic resources is probable, and whether the amount of such obligation can be estimated reliably necessarily entails a considerable degree of discretion.

Derivative financial instruments, if available, are carried at fair value.

Alcohol tax and import duties are recognised as liabilities in the amounts owed to the main customs offices and presented in a separate item added to the legally prescribed structure.

Liabilities are stated at the settlement amount.

Deferred income comprises amounts received prior to the reporting date that represent income for a specific period after the reporting date.

Deferred tax assets and liabilities are determined in accordance with Section 274 HGB, under which probable tax savings and charges arising in the future are recognised for temporary differences between the book values carried in the annual financial statements of Berentzen-Gruppe Aktiengesellschaft prepared in accordance with German commercial law and the amounts recognised for assets and liabilities for tax purposes. In this context, any such temporary differences accruing in the Group companies of Berentzen-Gruppe Aktiengesellschaft for income tax purposes are recognised by the parent company. The same principle applies for such temporary differences accruing at unincorporated firms in which Berentzen-Gruppe Aktiengesellschaft holds an equity interest, although the valuation is normally limited to deferred corporation taxes including the solidarity surcharge. Anticipated tax savings arising from the use of loss carry-forwards considered realisable in the future are included, provided this does not yield an excess of deferred tax assets. When exercising the capitalisation option permitted in Section 274 (1) sentence 2 HGB, deferred tax assets arising from deductible temporary differences and tax loss carry-forwards in excess of the deferred tax liabilities arising from taxable temporary differences are not capitalised. The amounts of the tax savings and charges accruing are calculated using the tax rate applicable to the specific company when the differences reverse and are not discounted. Deferred tax assets and liabilities are netted within the Company and within the group of companies for income tax purposes.

Receivables and liabilities denominated in foreign currency are translated using the exchange rate applicable at the closing date (average spot exchange rate).

(2.8) Retained earnings and distributable profit

In accordance with the Stock Corporations Act, the utilisation of profit, including the distribution of dividends to the shareholders, is measured on the basis of the distributable profit presented in the separate financial statements of Berentzen-Gruppe Aktiengesellschaft prepared in accordance with German commercial law.

At the Annual General Meeting on May 17, 2024, it was decided that the distributable profit for the 2023 financial year in the amount of EUR 6,890 thousand presented in the annual financial statements of Berentzen-Gruppe Aktiengesellschaft be utilised to pay a dividend of EUR 0.09 per common share qualifying for dividends for the 2023 financial year and to carry forward the remaining amount to new account. In consideration of the treasury shares held by the Company at the date of the Annual General Meeting, which do not qualify for dividends in accordance with Section 71b AktG, this amount corresponded to a total distribution of approximately EUR 845 thousand and a carry-forward to new account of approximately EUR 6,044 thousand.

The Statement of Financial Position was prepared taking into account the partial utilisation of the distributable profit.

In consideration of the treasury shares held by the Company at the date of the Annual General Meeting, which do not qualify for dividends in accordance with Section 71b AktG, this amount corresponds to a total distribution of approximately EUR 1,033 thousand and a carry-forward to new account of approximately EUR 6,564 thousand. Payment of this dividend is dependent on the approval of the Company's Annual General Meeting of May 23, 2025. The number of shares eligible for dividends may change in the time leading up to the Annual General Meeting. In this case, the dividend will remain unchanged at

EUR 0.11 per eligible common share and an adjusted draft resolution for the utilisation of profit will be presented to the Annual General Meeting.

| Deferred taxes presented in the Statement of Financial Position | 0 | 39 | 0 | 0 |

Deferred taxes are measured on the basis of a tax rate of 29.9% (previous year: 29.7%).

Deferred tax assets on corporation tax loss carry-forwards were recognised in 2024 in the amount of EUR 374 thousand and on interest carry-forwards in the amount of EUR 173 thousand. Deferred tax assets of EUR 208 thousand were not capitalised in the previous year. Compared to the previous year, deferred tax assets decreased by EUR 139 thousand (previous year: increased by EUR 124 thousand) before netting and deferred tax liabilities before netting increased by EUR 655 thousand (previous year: decreased by EUR 50 thousand).

(2.14) Contingent liabilities

There are liabilities from guarantees amounting to EUR 872 thousand (previous year: EUR 872 thousand).

Berentzen-Gruppe Aktiengesellschaft has issued an absolute maximum-liability guarantee of EUR 864 thousand (previous year: EUR 864 thousand) for the branch of a subsidiary in Brandenburg in favour of Investitionsbank des Landes Brandenburg to secure receivables arising from the subsidy relationship, especially possible future claims to repayment. In both 2007 and 2010, the subsidiary had submitted an ongoing request for the granting of state aid to industry under the regional economic promotion programme over an investment period of three years. The amounts requested by calling down funds were disbursed starting in 2011 and 2012, and were secured by a guarantee. Based on our current assessment, there are no indications to suggest that, if amounts payable under the subsidy relationship – especially a request for repayment of state aid – were to be enforced, which is currently not the case, the guarantee could potentially be utilised.

Furthermore, Berentzen-Gruppe Aktiengesellschaft issued a letter of indemnity for a bank guarantee of EUR 8 thousand for a foreign subsidiary in the 2012 financial year. The letter of indemnity is not expected to be utilised, as it only covers current liabilities.

There are also letters of indemnity related to maximum-liability customs bonds in the amount of EUR 776 thousand (previous year: EUR 776 thousand). The current alcohol tax liabilities secured by such guarantees amounted to EUR 32,208 thousand (previous year: EUR 36,081 thousand) at year-end.

(2.15) Other financial commitments and information on off-balance sheet transactions

Berentzen-Gruppe Aktiengesellschaft has total commitments of EUR 784 thousand (previous year: EUR 541 thousand) arising from rental and lease contracts, of which EUR 3 thousand (previous year: EUR 3 thousand) relates to affiliated companies.

The following table shows the breakdown of rental and lease commitments by the due date of the agreed rental or lease payments:

| | 12/31/2024 EUR'000 | of which payable in | | |
|-------------------------------------|-----------------------|-------------------------|-------------------------|---------------------------------|
| | | up to 1 year EUR'000 | 1 to 5 years EUR'000 | more than 5 years EUR'000 |

|-------------------------------------|-----------------------|-------------------------|-------------------------|---------------------------------|
| | | up to 1 year EUR'000 | 1 to 5 years EUR'000 | more than 5 years EUR'000 |

| Lease payments for office equipment | 28 | 9 | 19 | 0 |
| Lease payments for vehicle fleet | 385 | 197 | 188 | 0 |
| Lease payments for Company bicycles | 66 | 37 | 29 | 0 |
| | 541 | 288 | 253 | 0 |

The rental and lease agreements serve the purpose of flexibly managing investments on the basis of liquidity and innovation considerations and lead to an improvement in the financial position and cash flows in the respective financial years. The risk of future cash outflows is made calculable by the fixed amounts payable and terms of the contracts.

Berentzen-Gruppe Aktiengesellschaft has entered into services contracts governing the provision of distribution services and market research services and in connection with brand strategies and advertising measures. These contracts give rise to a total commitment of EUR 427 thousand (previous year: EUR 637 thousand) as at December 31, 2024.

The following table shows the breakdown of the commitments arising from the services contracts broken down by the due dates of the payments to be made:

| | 12/31/2024 EUR'000 | of which payable in | | |

| Commitment for market research services | 146 | 146 | 0 | 0 |
| | 637 | 384 | 253 | 0 |

Trade receivables of EUR 13,835 thousand (previous year: EUR 15,951 thousand) had been sold at the reporting date under the terms of two factoring agreements. Following the deduction of the relevant haircuts of EUR 2,826 thousand (previous year: EUR 4,395 thousand), there was a cash inflow of EUR 11,009 thousand (previous year: EUR 11,556 thousand).

Factoring serves to enhance the Company's capital structure and reduce its financing costs. The latent default risks in the stock of receivables have been transferred to the buyer; a default risk is thus excluded. A lasting, constant improvement in liquidity is ensured by the continuous stream of revenues during the course of the year.

(2.16) Litigation

In connection with its ordinary business activities, Berentzen-Gruppe Aktiengesellschaft is involved in legal disputes in different jurisdictions; moreover, existing legal disputes may be broadened or additional legal disputes may be initiated. Such legal disputes may arise particularly in relation to suppliers and service providers, customers, consumers, employees, investors or government authorities, but also in relation to competitors and other third parties, e.g. in trademark and patent matters. These legal disputes could result in payment obligations for Berentzen-Gruppe Aktiengesellschaft in the form of damages, punitive damages, or obligations to satisfy other claims, as well as penalties, fines, or disgorgements under criminal law or civil law. In isolated cases, moreover, legal disputes could lead to formal or informal exclusions from public tenders or the withdrawal or loss of government permits or approvals. Claims asserted in legal disputes bear interest, as a general rule.

At the present time, Berentzen-Gruppe Aktiengesellschaft does not expect any material adverse effects on its financial position, cash flows and financial performance to result from individual legal disputes. Appropriate risk provisions have been formed for these proceedings insofar as the corresponding obligation is sufficiently concretised. However, because the risks of legal disputes can be estimated only to a limited extent, the occurrence of adverse effects not fully covered by the respective risk provisions cannot be ruled out, as a general rule.

(4) Additional information on the annual financial statements

(4.1) Governing bodies of Berentzen-Gruppe Aktiengesellschaft

Executive Board of Berentzen-Gruppe Aktiengesellschaft

| Name | Term of Board membership | Occupation / Responsibilities | Membership in other statutory supervisory boards and in comparable domestic and foreign supervisory bodies of business companies |
|--------------------------|--------------------------|---|--|
| Ralf Brühöfner | since June 18, 2007 | Member of the Executive Board of Berentzen-Gruppe Aktiengesellschaft Finance, Controlling, Human Resources, Information Technology, Legal Affairs, Corporate Communications, Investor Relations, Corporate Social Responsibility | Doornkaat Aktiengesellschaft ^{1) 2)} (Deputy Chairman of the Supervisory Board) |
| Oliver Schwegmann | since June 1, 2017 | Member of the Executive Board of Berentzen-Gruppe Aktiengesellschaft Marketing, Sales, Production, Logistics, Purchasing, Research and Development | Doornkaat Aktiengesellschaft ^{1) 2)} (Chairman of the Supervisory Board) |

¹⁾ Membership in statutory supervisory boards.

²⁾ Non-listed, intra-Group company.

The following total compensation within the meaning of Section 285 No. 9 letter a) HGB or compensation commitments were granted to the members of the Executive Board:

| Type of compensation | 2024 EUR'000 | 2023 EUR'000 |
|---|-----------------|-----------------|
| Non-performance-based components | 827 | 834 |
| Performance-based components | 563 | 372 |
| Total compensation | 1,390 | 1,206 |
| Committed performance-based components with a long-term incentive effect | 53 | 53 |

In addition to fixed basic salaries, the compensation system for Executive Board members also consists of short- and long-term variable components. The long-term variable components are based on share-based and non-financial performance criteria.

In addition to the total compensation granted in the respective financial year, commitments of performance-based, non-share-based compensation components were granted to the members of the Executive Board for the respective financial year. The amounts to be paid depend on the achievement of certain strategic corporate objectives. The total amounts so committed amounted to EUR 53 thousand (previous year: EUR 53 thousand).

Long-term share-based compensation is based on the total shareholder return (TSR) with a performance period of four years. The TSR is calculated as the share price change plus paid dividends at the end of the performance period divided by the share price at the start of the performance period. To determine the extent to which objectives have been met for the TSR, the TSR of Berentzen-Gruppe Aktiengesellschaft and the TSR of a comparable group are ranked and the relative positioning is expressed on the basis of the percentile rank achieved.

The data used in the model for the 2024 financial year encompass the following:

- Exercise price: EUR 0.64 (previous year: EUR 1.09)
- Berentzen Group share price as at December 30, 2024: EUR 3.74 (previous year: EUR 5.75)
- Performance period or term of the option: December 29, 2023 to December 30, 2027 (previous year: December 30, 2022 to December 30, 2026)

The expected price volatility is based on historical volatilities, with a maturity-matched period having been applied. Correlations are estimated based on historical time series from the three years prior to the valuation day. The estimates are made using Pearson correlation coefficients.

On the basis of this model, a provision of EUR 236 thousand (previous year: EUR 399 thousand) was recognised in respect of share-based compensation for the members of the Executive Board in the 2024 financial year. In addition, the provision for share-based compensation in the 2021-2023 financial years was decreased by EUR 509 thousand (previous year: increased by EUR 40 thousand) due to changed parameters. Thus, a total provision of EUR 1,116 thousand (previous year: EUR 1,394 thousand) has been recognised for share-based compensation to members of the Executive Board as at December 31, 2024. Since an activity is only considered as completed once it has been completed in full, this expense does not constitute part of the total compensation within the meaning of Section 285 No. 9 letter a) HGB.

No compensation was granted to Executive Board members for exercising mandates on the boards of subsidiaries in the 2024 financial year. Furthermore, neither Berentzen-Gruppe Aktiengesellschaft nor a subsidiary granted loans or advances to members of the Executive Board, nor did they assume contingent liabilities in favour of them in the 2024 financial year.

No compensation was paid to former members of the Executive Board or their surviving dependants in the 2024 financial year. Post-employment benefits or total compensation within the meaning of Section 285 No. 9 letter b) HGB were granted to former managing directors of Group companies to which Berentzen-Gruppe Aktiengesellschaft is the legal successor, and their survivors, in the amount of EUR 29 thousand in the 2024 financial year (previous year: EUR 28 thousand).

As calculated in accordance with Section 253 HGB, the present value of accrued pension obligations for this group of persons amounted to EUR 283 thousand as at December 31, 2024 (previous year: EUR 308 thousand).

Independent Auditor's Report

To Berentzen-Gruppe Aktiengesellschaft, Haselünne

Report on the Audit of the Annual Financial Statements and of the Management Report

Audit Opinions

We have audited the annual financial statements of Berentzen-Gruppe Aktiengesellschaft, Haselünne, which comprise the balance sheet as at 31 December 2024, and the statement of profit and loss for the financial year from 1 January to 31 December 2024 and notes to the financial statements, including the presentation of the recognition and measurement policies. In addition, we have audited the management report of Berentzen-Gruppe Aktiengesellschaft, which is combined with the group management report, for the financial year from 1 January to 31 December 2024. In accordance with the German legal requirements, we have not audited the contents of the sections "Internal Control System (Non-Management Report Disclosure)" and "Statement by the Board of Management on the Effectiveness and Appropriateness of the Internal Control System and the Risk Management System (Non-Management Report Disclosure)" of the management report.

In our opinion, on the basis of the knowledge obtained in the audit,

- the accompanying annual financial statements comply, in all material respects, with the requirements of German commercial law and give a true and fair view of the assets, liabilities and financial position of the Company as at 31 December 2024 and of its financial performance for the financial year from 1 January to 31 December 2024 in compliance with German Legally Required Accounting Principles and
- the accompanying management report as a whole provides an appropriate view of the Company's position. In all material respects, this management report is consistent with the annual financial statements, complies with German legal requirements and appropriately presents the opportunities and risks of future development. Our audit opinion on the management report does not cover the content of the above named sections "Internal Control System (Non-Management Report Disclosure)" and "Statement by the Board of Management on the Effectiveness and Appropriateness of the Internal Control System and the Risk Management System (Non-Management Report Disclosure)" of the management report.

Pursuant to § 322 Abs. [paragraph] 3 Satz [sentence] 1 HGB, we declare that our audit has not led to any reservations relating to the legal compliance of the annual financial statements and of the management report.

Basis for the Audit Opinions

We conducted our audit of the annual financial statements and of the management report in accordance with § 317 HGB and the EU Audit Regulation (No. 537/2014, referred to subsequently as "EU Audit Regulation") in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Our responsibilities under those requirements and principles are further described in the "Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report" section of our auditor's report. We are independent of the Company in accordance with the requirements of European law and German commercial and professional law, and we have fulfilled our other German professional responsibilities in accordance with these requirements. In addition, in accordance with Article 10 (2) point (f) of the EU Audit Regulation, we declare that we have not

provided non-audit services prohibited under Article 5 (1) of the EU Audit Regulation. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions on the annual financial statements and on the management report.

Key Audit Matters in the Audit of the Annual Financial Statements

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the annual financial statements for the financial year from 1 January to 31 December 2024. These matters were addressed in the context of our audit of the annual financial statements as a whole, and in forming our audit opinion thereon; we do not provide a separate audit opinion on these matters.

In our view, the matter of most significance in our audit was as follows:

- ① Measurement of shares in affiliated companies and loans to and receivables from those affiliated companies

Our presentation of this key audit matter has been structured as follows:

- ① Matter and issue
- ② Audit approach and findings
- ③ Reference to further information

Hereinafter we present the key audit matter:

- ① **Measurement of shares in affiliated companies and loans to and receivables from those affiliated companies**
 - ① In the annual financial statements of the Company shares in affiliated companies amounting to EUR 28.0 million and loans to affiliated companies amounting to EUR 0.9 million are reported under the "Financial assets" balance sheet item. In addition, receivables from those affiliated companies amounting to EUR 22.1 million were also recognized. Together, the carrying amount of the total exposure amounts to EUR 51.0 million (42,2 % of total assets). Shares in affiliated companies and loans and receivables are measured in accordance with German commercial law at the lower of cost and fair value. The fair values are calculated using discounted cash flow models as the present values of the expected future cash flows according to the planning projections prepared by the executive directors. Expectations relating to future market developments and assumptions about the development of macroeconomic factors are also taken into account. The discount rate used is the individually determined cost of capital for the relevant affiliated company. On the basis of the values determined and supplementary documentation, writedowns totalling EUR 2.9 million were required for the financial year. The outcome of this valuation is dependent to a large extent on the estimates made by the executive directors of the future cash flows, and on the respective discount rates and rates of growth used. The valuation is therefore subject to material uncertainties. Against this background and due to the highly complex nature of the valuation and its material significance for the Company's net assets and results of operations, this matter was of particular significance in the context of our audit.

- ② As part of our audit, we assessed, among other things, the methodology used by the Company for the purposes of measuring shares in affiliated companies as well as loans to and receivables from those affiliated companies. In particular, we assessed whether the fair values had been appropriately determined using discounted cash flow models in compliance with the relevant measurement standards. We based our assessment, among other things, on a comparison with general and sector-specific market expectations as well as on the executive directors' detailed explanations regarding the key value drivers underlying the expected cash flows. In the knowledge that even relatively small changes in the discount rate and the growth rates applied can have a material impact on values, we focused our testing in particular on the parameters used to determine the discount rate applied, and assessed the calculation model. We concluded by assessing whether the values calculated in this way were properly compared against the corresponding carrying amounts, in order to ascertain any impairment losses or reversals of impairment losses. In our view, taking into consideration the information available, the valuation parameters and underlying assumptions used by the executive directors are appropriate overall for the purpose of appropriately measuring the shares in affiliated companies as well as loans to and receivables from those affiliated companies.
- ③ The Company's disclosures relating to financial assets and to receivables from affiliated companies are contained in sections 1, 2.1, 2.2 and 3.4 of the notes to the financial statements

Other Information

The executive directors are responsible for the other information. The other information comprises the sections "Internal Control System (Non-Management Report Disclosure)" and "Statement by the Board of Management on the Effectiveness and Appropriateness of the Internal Control System and the Risk Management System (Non-Management Report Disclosure)" as non-audited parts of the management report. The other information contain the statement on corporate governance pursuant to § 289f HGB and § 315d HGB.

Our audit opinions on the annual financial statements and on the management report do not cover the other information, and consequently we do not express an audit opinion or any other form of assurance conclusion thereon.

In connection with our audit, our responsibility is to read the other information mentioned above and, in so doing, to consider whether the other information

- is materially inconsistent with the annual financial statements, with the management report disclosures audited in terms of content or with our knowledge obtained in the audit, or
- otherwise appears to be materially misstated.

Responsibilities of the Executive Directors and the Supervisory Board for the Annual Financial Statements and the Management Report

The executive directors are responsible for the preparation of the annual financial statements that comply, in all material respects, with the requirements of German commercial law, and that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles. In addition, the executive directors are responsible for such internal control as they, in accordance with German Legally Required Accounting Principles, have determined necessary to enable the preparation of annual financial

statements that are free from material misstatement, whether due to fraud (i.e., fraudulent financial reporting and misappropriation of assets) or error.

In preparing the annual financial statements, the executive directors are responsible for assessing the Company's ability to continue as a going concern. They also have the responsibility for disclosing, as applicable, matters related to going concern. In addition, they are responsible for financial reporting based on the going concern basis of accounting, provided no actual or legal circumstances conflict therewith.

Furthermore, the executive directors are responsible for the preparation of the management report that as a whole provides an appropriate view of the Company's position and is, in all material respects, consistent with the annual financial statements, complies with German legal requirements, and appropriately presents the opportunities and risks of future development. In addition, the executive directors are responsible for such arrangements and measures (systems) as they have considered necessary to enable the preparation of a management report that is in accordance with the applicable German legal requirements, and to be able to provide sufficient appropriate evidence for the assertions in the management report.

The supervisory board is responsible for overseeing the Company's financial reporting process for the preparation of the annual financial statements and of the management report.

Auditor's Responsibilities for the Audit of the Annual Financial Statements and of the Management Report

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and whether the management report as a whole provides an appropriate view of the Company's position and, in all material respects, is consistent with the annual financial statements and the knowledge obtained in the audit, complies with the German legal requirements and appropriately presents the opportunities and risks of future development, as well as to issue an auditor's report that includes our audit opinions on the annual financial statements and on the management report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with § 317 HGB and the EU Audit Regulation and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer (IDW) will always detect a material misstatement. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements and this management report.

We exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements and of the management report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our audit opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal control relevant to the audit of the annual financial statements and of arrangements and measures (systems) relevant to the audit of the management report in order to design audit procedures that are

appropriate in the circumstances, but not for the purpose of expressing an audit opinion on the effectiveness of these systems of the Company and these arrangements and measures (systems), respectively.

- Evaluate the appropriateness of accounting policies used by the executive directors and the reasonableness of estimates made by the executive directors and related disclosures.
- Conclude on the appropriateness of the executive directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the annual financial statements and in the management report or, if such disclosures are inadequate, to modify our respective audit opinions. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to be able to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements present the underlying transactions and events in a manner that the annual financial statements give a true and fair view of the assets, liabilities, financial position and financial performance of the Company in compliance with German Legally Required Accounting Principles.
- Evaluate the consistency of the management report with the annual financial statements, its conformity with German law, and the view of the Company's position it provides.
- Perform audit procedures on the prospective information presented by the executive directors in the management report. On the basis of sufficient appropriate audit evidence we evaluate, in particular, the significant assumptions used by the executive directors as a basis for the prospective information, and evaluate the proper derivation of the prospective information from these assumptions. We do not express a separate audit opinion on the prospective information and on the assumptions used as a basis. There is a substantial unavoidable risk that future events will differ materially from the prospective information.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with the relevant independence requirements, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the annual financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter.

In our opinion, the rendering of the annual financial statements and the management report contained in the electronic file identified above and prepared for publication purposes complies in all material respects with the requirements of § 328 Abs. 1 HGB for the electronic reporting format. Beyond this assurance opinion and our audit opinion on the accompanying annual financial statements and the accompanying management report for the financial year from 1 January to 31 December 2024 contained in the "Report on the Audit of the Annual Financial Statements and on the Management Report" above, we do not express any assurance opinion on the information contained within these renderings or on the other information contained in the electronic file identified above.

Basis for the Assurance Opinion

We conducted our assurance work on the rendering of the annual financial statements and the management report contained in the electronic file identified above in accordance with § 317 Abs. 3a HGB and the IDW Assurance Standard: Assurance Work on the Electronic Rendering, of Financial Statements and Management Reports, Prepared for Publication Purposes in Accordance with § 317 Abs. 3a HGB (IDW AsS 410 (06.2022)) and the International Standard on Assurance Engagements 3000 (Revised). Our audit firm applies the IDW Standard on Quality Management: Requirements for Quality Management in the Audit Firm (IDW QMS 1 (09.2022)).

Responsibilities of the Executive Directors and the Supervisory Board for the ESEF Documents

The executive directors of the Company are responsible for the preparation of the ESEF documents including the electronic rendering of the annual financial statements and the management report in accordance with § 328 Abs. 1 Satz 4 Nr. [number] 1 HGB.

In addition, the executive directors of the Company are responsible for such internal control as they have considered necessary to enable the preparation of ESEF documents that are free from material non-compliance with the requirements of § 328 Abs. 1 HGB for the electronic reporting format, whether due to fraud or error.

The supervisory board is responsible for overseeing the process for preparing the ESEF-documents as part of the financial reporting process.

Auditor's Responsibilities for the Assurance Work on the ESEF Documents

Our objective is to obtain reasonable assurance about whether the ESEF documents are free from material non-compliance with the requirements of § 328 Abs. 1 HGB, whether due to fraud or error. We exercise professional judgment and maintain professional skepticism throughout the assurance work. We also:

- Identify and assess the risks of material non-compliance with the requirements of § 328 Abs. 1 HGB, whether due to fraud or error, design and perform assurance procedures responsive to those risks, and obtain assurance evidence that is sufficient and appropriate to provide a basis for our assurance opinion.
- Obtain an understanding of internal control relevant to the assurance work on the ESEF documents in order to design assurance procedures that are appropriate in the circumstances, but not for the purpose of expressing an assurance opinion on the effectiveness of these controls.
- Evaluate the technical validity of the ESEF documents, i.e., whether the electronic file containing the ESEF documents meets the requirements of the Delegated Regulation (EU) 2019/815 in the version in force at the date of the annual financial statements on the technical specification for this electronic file.
- Evaluate whether the ESEF documents provide an XHTML rendering with content equivalent to the audited annual financial statements and to the audited management report.
