CONVENIENCE TRANSLATION INTO ENGLISH OF INDEPENDENT AUDITOR'S REVIEW REPORT ORIGINALLY ISSUED IN TURKISH

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

To the General Assembly of AG Anadolu Grubu Holding A.Ş.

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of AG Anadolu Grubu Holding A.Ş. (the "Company") and its subsidiaries (collectively referred as the "Group") as at 30 June 2025 and the related condensed consolidated statements of profit or loss, other comprehensive income, changes in equity and cash flows for the six-month period then ended. The management of the Group is responsible for the preparation and fair presentation of this interim condensed consolidated financial information in accordance with Turkish Accounting Standard 34 ("TAS 34") "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the Standard on Review Engagements ("SRE") 2410, "Review of interim financial information performed by the independent auditor of the entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and the objective of which is to express an opinion on the consolidated financial statements. Consequently, a review on the interim condensed consolidated financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to conclude that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with TAS 34.

PwC Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik A.Ş.

Work Environments and Economic Conditions of Subsidiaries and Joint Ventures in Foreign Countries

Certain countries, in which consolidated subsidiaries and joint ventures operate, have undergone substantial political and economic changes in recent years. Accordingly, such markets do not possess well-developed business infrastructures and the Group's operations in such countries might carry risks, which are not typically associated with those in more developed markets. Uncertainties regarding the political, legal, tax and/or regulatory environment, including the potential for adverse changes in any of these factors, could significantly affect the commercial activities of subsidiaries and joint ventures.

Developments in Russia and Ukraine

The Group is closely following the developments in Russia and Ukraine, where the Group has beer operations. The Group has taken all possible precautions to ensure the safety of its employees.

Accordingly, as of February 24, 2022, breweries were shut down and the sales operations were halted and in the light of the developments in the region, the brewery facility in Chernihiv, Ukraine restarted production as of October 2022 and the brewery facility in Mikolayiv, Ukraine restarted production as of May 2023. Throughout 2024, the Chernihiv and Mikolayiv factories continued production. On January 28, 2025, an explosion occurred in Mikolayiv, Ukraine, causing damage to the Mikolayiv brewery, which is owned by PJSC AB InBev Efes. Accordingly, impairment losses have been recognized on property, plant and equipment and on inventories, and have been reflected in the consolidated financial statements as of June 30, 2025. Production activities at the brewery have been temporarily halted, and it is planned that production loss is planned to be mitigated through adjustments at the Chernihiv brewery. As part of the preparation of the consolidated financial statements dated June 30, 2025, the Group assessed the potential impacts of the developments in Ukraine, as well as the related estimates and assumptions, and determined that no significant impairment was identified other than those disclosed in Notes 17 and 18.

Financial Reporting in High-Inflation Economies

The Group prepared its consolidated financial statements for the annual reporting period ending on or after December 31, 2023 by applying TAS 29 "Financial Reporting in Hyperinflationary Economies" in accordance with the announcement made by Public Oversight Accounting and Auditing Standards Authority ("POA") on November 23, 2023 and the "Implementation Guide on Financial Reporting in Hyperinflationary Economies". The standard requires that financial statements prepared in the currency of a hyperinflationary economy be stated in terms of the purchasing power of that currency at the reporting period and that comparative figures for prior period financial statements be expressed in terms of the measuring unit current at the end of the reporting period. Therefore, the Group has presented its consolidated financial statements as of June 30, 2024 and December 31, 2024, on the purchasing power basis as of June 30, 2025.

- Monetary assets and liabilities are not restated as they are currently expressed in terms of the purchasing power at the reporting period. Where the inflation-adjusted amounts of non-monetary items exceed the recoverable amount or net realizable value, the provisions of TAS 36 and TAS 2 have been applied, respectively.
- Non-monetary assets, liabilities and equity items that are not expressed in the current purchasing power at the reporting period are restated by applying the relevant conversion factors.
- All items in the statement of comprehensive income, except for the effects of non-monetary items in the statement of financial position on the statement of comprehensive income, have been restated by applying the multipliers calculated over the periods in which the income and expense accounts were initially recognized in the financial statements.

Murabaha

CCBPL has signed Murabaha facility agreements with Habib Bank Limited and Standard Chartered Bank (Banks). Based on these agreements, the Banks and CCBPL agree that they shall enter into a series of sugar and resin purchase transactions from time to time on the dates and in the amounts to be agreed between them subject to the terms of this agreement. As of June 30, 2025, CCBPL have USD 37,8 million purchase commitments to the banks for sugar and resin until December 31, 2026, respectively. (December 31, 2024: USD 16,4 million sugar and resin until March 31, 2025 and USD 41 million sugar and resin until June 30, 2025).

Tax and Legal Matters

Legislation and regulations regarding taxation and foreign currency transactions in most of the territories in which the Group operates out of Türkiye continue to evolve as a result of the transformation from command to market oriented economy managed by the government. The various legislation and regulations are not always clearly written and the interpretation related with the implementation of these regulations is subject to the opinions of the local, regional and national tax authorities, Central Banks and Ministries of Finance. Tax declarations, together with other legal compliance areas (i.e., customs and currency control) are subject to review and investigation by a number of authorities, who are enabled by law to impose significant fines, penalties and interest charges. These facts may create tax risks in the territories in which the Group operates substantially more so than typically found in countries with more developed tax systems.

The Group's subsidiary operating in Uzbekistan, LLC Coca-Cola Bottlers Uzbekistan ("CCBU"), was subject to a tax audit by the Uzbek Tax Administration. As a result of this, in May 2025, the tax authorities calculated a total amount of approximately USD 25 Million (equivalent to UZS 314.5 Billion), which includes taxes, penalties, and interest related to various matters, including dividend distributions made in 2023 and 2024. CCBU applied to the higher authority within the Uzbek Tax Administration. On August 7, 2025, the appeal was rejected, and CCBU applied to the Administrative Court. Group management does not expect any adverse consequences. Accordingly, no provision has been accounted in June 30, 2025 financials.

Litigations against the Group

As of June 30, 2025, CCBPL has various tax litigations. If the claims are resulted against CCBPL, the tax liability would be TRL 104.386 (December 31, 2024 – TRL 110.653).

As per the change in governing law in Pakistan, "Capacity Tax" was started to be applied as of July 9, 2013, replacing "Sales and Excise Tax". CCBPL fulfilled all the obligations as per the new law and change in regulations.

As of May 2014, "Capacity Tax" application was cancelled by the constitutional court and the law has been reverted to "Sales and Excise Tax". After this withdrawal, CCBPL fulfilled all the obligations again according to "Sales and Excise Tax" system.

The Pakistan tax authority, citing the cancellation decision, has requested additional taxes from CCBPL (Coca-Cola Beverages Pakistan Limited) by arguing for the retrospective application of the "Sales and Excise Taxes" system before its cancellation. The company management, based on the principle of non-retroactivity of constitutional court decisions and also asserting that the obligations under the "Capacity Tax" regime in force during the relevant period were fully complied with, has objected to this request and taken the matter to court. As of end of 2024, the issue has been resolved between the company and the tax authority.

Group management does not expect any adverse consequences related with these litigations that would materially affect Group's operation results or financial status or liquidity.

NOTE 21 - TAX ASSETS AND LIABILITIES

The Group is subject to taxation in accordance with the tax procedures and the legislation effective in the countries in which the Group companies operate.

The corporate tax rate for the fiscal year is 25% in Türkiye. Corporate tax returns are required to be filed until the twenty-fifth of the fourth month following the balance sheet date and paid in one installment until the end of the related month. The tax legislation provides for a provisional tax to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the final corporate tax liability for the fiscal year.

In Türkiye, with the law titled "Law on the Introduction of Additional Motor Vehicle Tax to Compensate for the Economic Losses Caused by the Earthquakes on February 6, 2023, and on the Amendment of Some Laws and Decree Law No. 375" published in the Official Gazette dated July 15, 2023, and numbered 32249, the Corporate Tax rate increased from 20% to 25%. The corporate tax rate in Türkiye is 25% as of June 30, 2025.

According to the Turkish Tax Law, corporate tax losses can be carried forward for a maximum period of five years following the year in which the losses were incurred. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years. In Türkiye, the tax legislation does not permit to file a consolidated tax return. Therefore, provision for taxes, as reflected in the interim condensed consolidated financial statements, has been calculated on a separate-entity basis.

NOTE 21 - TAX ASSETS AND LIABILITIES (cont'd)

Tax Advantages Obtained Under the Investment Incentive System: (cont'd)

Deferred tax assets are recognized when it is determined that taxable income is likely to occur in the coming years. In cases where taxable income is likely to occur, deferred tax assets are calculated over deductible temporary differences, tax losses and tax advantages vested in indefinite-lived investment incentives that allow reduced corporate tax payments. In this context, the Group's bases the reflection of deferred tax assets arising from investment incentives in the consolidated financial statements on long-term plans and evaluates the recoverability of deferred tax assets related to these investment incentives as of each balance sheet date, based on business models that include taxable profit estimations. It is foreseen that the deferred tax assets in question will be recovered within 5 years from the balance sheet date.

In the sensitivity analysis carried out as of June 30, 2025, when the inputs in the basic macroeconomic and sectoral assumptions that make up the business plans are increased/decreased by 10%, the recovery period of deferred tax assets regarding investment incentives, which is foreseen as 5 years, has not changed.

NOTE 23 - NATURE AND LEVEL OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

Financial Risk Management Objectives and Policies

General

The Group's principal financial instruments comprise bank borrowings, finance leases, and cash and short-term deposits. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial instruments such as trade debtors and trade creditors, which arise directly from its operations.

The main risks arising from the Group's financial instruments are foreign currency risk, interest rate risk, price risk, credit risk and liquidity risk. The Group manages these risks as stated below. The Group also monitors the market price risk arising from all financial instruments.

Foreign currency risk

Foreign currency risk arises from the EUR and USD denominated assets and liabilities of the Group. The Group has transactional currency exposures. Such exposures arise from sales or purchases or borrowings by the Group in currencies other than the Group's functional currency. The Group manages foreign currency risk by using natural hedges that arise from offsetting foreign currency denominated assets and liabilities. Adel, the subsidiary of the Group, as mentioned in Note 5, reserves a certain portion of its bank deposits for future purchases of raw materials and goods payments.

Foreign Currency Risk (cont'd)

Foreign Currency Hedge of Net Investments in Foreign Operations

Anadolu Efes, the subsidiary of the Group has designated an instrument which is amounting to USD 500 Million out of USD 500 Million bond issued as of June 29, 2021 to hedge its foreign currency risk arising from the translation of net assets of its subsidiary located in Netherlands, Efes Breweries International (whose main activity is facilitating foreign investments in breweries).

CCI, the subsidiary of the Group, has designated two instruments, the first one amounting to USD 80 Million out of the USD 80 Million bank loan drawn on April 24, 2024, and the second one amounting to USD 500 Million out of USD 500 Million bond issued as of January 20, 2022, as a hedging instrument in order to hedge its foreign currency risk arising from the translation of net investments of its subsidiary located in Netherlands, CCI Holland and Waha B.V.

The effective part of the change in the value of the bonds and loans designated as hedging of net investments amounting to TRL 5.056.111 (TRL 3.792.083 - including deferred tax effect) is recognized as "Gains (Losses) on Hedge" under Equity and to "Other Comprehensive Income (Loss) Related with Hedges of Net Investment in Foreign Operations" under Other Comprehensive Income (June 30, 2024: TRL 5.829.367 (TRL 4.372.025 - including deferred tax effect).

Capital Risk Management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. Regarding capital risk management the Group follows net financial debt/equity ratio. Net financial debt is calculated by subtracting cash and cash equivalents and short term financial investments from total financial debt.

NOTE 24 - FINANCIAL INSTRUMENTS

24.1 Fair Value

Fair value is the amount for which an asset could be exchanged, or a liability settled between knowledgeable, willing parties in an arm's length transaction. The optimum fair value of a financial instrument is the quoted market value, if any.

The financial assets and liabilities which are denominated in foreign currencies are evaluated by the foreign exchange rates prevailing on the date of balance sheet which is approximate to market rates. The following methods and assumptions were used to estimate the fair value of each class of financial instrument of the Group for which it is practicable to estimate a fair value:

a) Financial Assets

The fair values of certain financial assets carried at cost in the consolidated financial statements, including cash and cash equivalents plus the respective accrued interest and other financial assets are considered to approximate their respective carrying values due to their short-term nature and negligible credit losses. The carrying value of trade receivables along with the related allowance for unearned income and uncollectibility are estimated to be their fair values.

NOTE 24 - FINANCIAL INSTRUMENTS (cont'd)

24.1 Fair Value (cont'd)

b) Financial liabilities

Trade payables and other monetary liabilities are considered to approximate their respective carrying values due to their short-term nature. The bank borrowings are stated at their amortized costs and transaction costs are included in the initial measurement of loans and bank borrowings. The fair value of bank borrowings are considered to state their respective carrying values since the interest rate applied to bank loans and borrowings are updated periodically by the lender to reflect active market price quotations. The carrying value of trade payables along with the related allowance for unrealized cost is estimated to be their fair values.
