MEDIA STATEMENT

Mumbai, August 08, 2014

ISSUE IS NOT OF NON-DISCLOSURE: RIL

Subject: PTI story* regarding SEBI order on “Non-Disclosure

In view of the aforementioned story, here is our attributable statement:

“The issue relates to the method of calculation of diluted EPS under the Accounting Standards. The issue is not of non-disclosure.

*It can be observed from the results published by the company of all the quarters in question that both basic and diluted EPS have been disclosed (**please see relevant line on basic and diluted EPS in the enclosed media releases relating for 6 quarters**).*

The company in its arguments and written submission has brought out all the relevant clauses of the Accounting Standards to substantiate why basic EPS and diluted EPS were same in all the quarters.

We are now studying the order as to the interpretation SEBI has taken and would take appropriate action based on legal advise.”

Notes to the Editors (The context of our statement is the report from PTI* mentioned below):

Mumbai, Aug 8 (PTI) In one of its biggest penalties for non-disclosure of a key earnings ratio, Sebi today imposed a penalty of Rs 13 crore on corporate behemoth Reliance Industries Ltd (RIL) for violation of the Listing Agreement.

The order follows a probe by the capital markets regulator in an over seven-year old case involving alleged irregularities in issuance of 12 crore warrants by Mukesh Ambani-led RIL to its promoters entitling its holders to subscribe to equivalent number of equity shares of RIL.

It was alleged that this issuance in April 2007 had resulted in diluting the pre-issue paid-up equity share capital of RIL, but the company repeatedly failed to disclose a key earnings ratio for as many as six quarters.

Subsequently, Sebi began adjudication proceedings to probe the alleged violation of relevant clauses of the Listing Agreement and the Securities Contracts (Regulation) Act (SCRA) for not disclosing to stock exchanges the Diluted Earnings

Per Share (DEPS) as prescribed for the quarterly and annual disclosures, the regulator said in its 15-page order.

A show-cause notice was served on RIL in February last year, listing out allegations levelled against the company.

After looking into the company's reply and further probe into the matter, Sebi said that "EPS (Basic or Diluted) is a vital factor or one of the fundamental tools for the investors while arriving at decision to continue or invest in the shares of a particular company.

The regulator said further that RIL "under an obligation to disclose separately the DEPS for the quarters ended June 2007, September 2007, December 2007, March 2008, June 2008 and September 2008, which the noticee had failed to do so".

"In view of aforesaid observations, facts and records of the case", Sebi said, the company was in violation of the relevant provisions of the Listing Agreement and the SCRA and therefore it was liable to a penalty.

Noting that a specific quantum of any direct or indirect unfair gain made by RIL and the loss caused to the investors were not available on records, Sebi said that "the fact cannot be ignored that millions of shareholders/investors were deprived of correct disclosures about DEPS."

"As regards to the repetitive nature of default, as observed above that the Noticee had failed to disclose the DEPS repetitively for the six quarters. Hence, an appropriate penalty needs to be imposed upon the Noticee, taking into account the aforesaid gravity of the violations committed," Sebi said.

Accordingly, the regulator has decided to impose a penalty of Rs one crore for violation of Listing Agreement and of another Rs 12 crore for violating the SCRA provision.

RIL has been asked to pay the total amount of Rs 13 crore within 45 days through a demand draft in favour of 'SEBI - Penalties Remittable to Government of India'. PTI BJ

(REOPENS DCM 59)

Sebi said that "EPS is considered as the single most important vehicle in determining a share's price.

"It is key driver of share price and used as a barometer to gauge a company's profitability per unit of shareholder ownership. It is not out of place to mention that the noticee company has millions of shareholders and the prospective investors who were also deprived of correct disclosures in relation to DEPS in respective quarterly financial results..."

The regulator further said RIL's Annual report for the year 2008-09 contained a disclosure regarding issue of 12 crores warrants on preferential basis on April 12, 2007 to entities in the promoter group entitling them to acquire equivalent number of fully paid up equity shares.

RIL had also disclosed that the warrant holders had applied for and were allotted 12 crores shares during the year 2008-09. It was also observed that RIL had outstanding share warrants issued on April 2007 which got converted to equity shares only during the third quarter ended December 2008 of Financial Year 2008-09.

Corresponding to the conversion of the warrants into shares, it was observed that there was increase in the paid – up share capital of RIL.

In terms of Clause 41 of the listing agreement, the listed companies are required to disclose both Basic and DEPS in the quarterly financial statements filed with stock exchanges. As the RIL had outstanding share warrants issued in April 2007 which got converted into equity shares only during the third quarter of financial year 2008-09, RIL should have disclosed Basic and DEPS in the filings for the quarters ended June 2007, September 2007, December 2007, March 2008, June 2008 and September 2008, Sebi said.

"However, on scrutiny of quarterly financial statements of RIL filed with NSE during the quarter ended June 2007 to September 2008, it was observed that RIL did not disclose separately DEPS in quarterly financial statements for the aforesaid period and contained the same figures for Basic and DEPS," it added.

It was alleged in the show-cause notice that RIL did not disclose the DEPS in Quarterly Financial Results despite the existence of share warrants and therefore it violated Clause 41 of the Listing Agreement, as also the Section 21 of SCRA.

In reply to Sebi's notice, RIL on February 25, 2013 sought certain information /documents from the regulator, including whether an investigation was conducted prior to the issuance of the notice, the basis for conducting an investigation against it, and the internal notes and legal opinion, if any, received by the regulator in the matter.

RIL also sought an inspection of the documents and it was informed by Sebi on March 7, 2013 that "all relevant documents relied upon to issue the SCN, were already provided and it was also stated that a copy of complaint on the basis of which the allegations are levelled, has been forwarded to the Chairman, Audit Committee of the Noticee". SEBI-RELIANCE 3 LAST

RIL did not immediately reply to queries on SEBI order.

The penalty of Rs 13 crore imposed on RIL by Sebi comes over one year after another fine of Rs 11 crore slapped by the regulator in May 2013 on Reliance Petroinvestments, a subsidiary of RIL, in an insider trading case.

That case was related to charge that Reliance Petroinvestments bought shares of erstwhile IPCL (Indian Petrochemicals Corp Ltd) in early 2007 just before it declared an interim dividend and announced the merger of IPCL with RIL.

Also, the Securities Appellate Tribunal dismissed a plea by RIL on June 30 this year against Sebi, which had rejected the company's consent application on an alleged irregularities in relation to trading in shares of Reliance Petroleum Ltd, then a separately listed group company, in November, 2007.

In the present case SEBI provided an opportunity to RIL to inspect the document and appear for personal hearings early last year and these submissions continued till March 7, 2014.

RIL submitted that the company's board had allotted 12 crore warrants to promoter entities pursuant to a Special Resolution passed by the shareholders on April 12, 2007. These said warrants were exercisable at any time during 18 months from the date of issue, that is April 12, 2007, at an exercise price of Rs 1,402 per cent per share.

The company cited relevant Accounting Standard rules to say that "there will be no dilutive effect in the Earning Per Share (EPS) if the proceeds from the issue are not less than the fair value of the shares issued."

Sebi said that the company has itself admitted that it had issued 12 crores warrants on April 12, 2007 and the same were converted into equity shares on October 3, 2008.

"It is not disputed by RIL that the disclosures made during the quarter ended June 2007 to quarter ended September 2008 contained the same figures for DEPS as well as for Basic EPS and no separate DEPS was disclosed.

"The main contention/defence of the Noticee is that there is no requirement to disclose the DEPS separately as the warrants were exercised at the fair value and no dilution in EPS took place and therefore, no separate disclosures of DEPS is required," Sebi observed.

"According to the Noticee, the exercise price was more than the fair value and hence, no question of DEPS arises."

Sebi, however, ruled that it "is necessary to add that conversion of warrants into equity shares would necessarily result in reduction in net profit per share of the Company as the same amount of profit needs to be distributed to additional equity shares as well upon such conversion.

Sebi further said that the warrant holders in this case had paid Rs 1,682.4 crore "which in essence, is in the nature of advance shares application money and there is no doubt about utilization of such funds by RIL for its business, as the Noticee failed to establish that such application money/ capital was kept separately as statutorily required and was not utilized in its business."

Sebi also said that the method adopted by RIL for calculation of DEPS was "incorrect" and there was huge variance in 'fair value' for the subsequent reporting periods as against the exercise price calculated by the firm. PTI BJ NS
