Annexure B to the Independent Auditor's Report- 31 March 2016 on Standalone Financial Statements

(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Hindustan Unilever Limited ("the Company") as of 31 March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 ("the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Hindustan Unilever Limited

Annexure B to the Independent Auditor's Report- 31 March 2016 on Standalone Financial Statements (*Continued*)

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

RESULTS FOR QUARTER AND FINANCIAL YEAR ENDING 31st MARCH 2016

ANOTHER QUARTER AND YEAR OF PROFITABLE VOLUME LED GROWTH

Mumbai, May 9th, 2016: Hindustan Unilever Limited announced its results for the quarter and financial year ending 31st March 2016.

March Quarter 2016

During the quarter, the Domestic Consumer business grew at 4%, with 4% underlying volume growth. Growth in the quarter was impacted by the phasing out of Excise Duty incentives, a one-time credit for excise duty refund in the base quarter and marginal price de-growth.

Soaps and Detergents: Volume growth partially offset by price deflation

Skin Cleansing was driven by strong volume growth on Dove, Lifebuoy and Hamam. In Laundry, growth was led by the premium segment, with Surf maintaining its strong double digit growth momentum. Comfort Fabric Conditioner delivered another strong performance on the back of sustained market development. Household Care performance was led by Vim liquids.

The quarter witnessed price deflation in this segment, albeit at lower levels, arising from actions taken earlier to pass on the benefit of lower commodity costs to consumers.

Personal Products: Healthy underlying performance

The reported growth for this segment was impacted by the phasing out of Excise Duty incentives, a one-time credit for excise duty refund in the base quarter and the residual impact from the re-alignment of channel spends.

Skin Care delivered broad based volume growth across Fair & Lovely, Pond's and Vaseline. The performance of Fair & Lovely was led by BB cream, whilst growth in Pond's and Lakme was driven by the premium portfolio.

Hair Care registered another quarter of volume led growth, with Dove and TRESemmé leading the category performance.

In Oral Care, Close Up continued to do well, while Pepsodent core was relaunched in the quarter.

Color Cosmetics sustained innovation led double digit growth with Lakme Absolute and 9 to 5 strengthening its position in premium make up.

Beverages: Consistent growth

Tea registered broad based growth, driven by market development and strengthened brand equities across the portfolio. Lipton Green Tea maintained its strong growth momentum. Bru Coffee delivered another quarter of double digit growth.

Packaged Foods: Double digit growth sustained

Market development continues to be a key driver of growth for this segment. Kissan delivered another robust quarter on both ketchups and jams, while the solid growth on Knorr was led by Instant Soups. Ice Creams registered double digit growth driven by sharper in-market execution on Kwality Walls and the extension of Magnum to new cities.

Water: Innovation led growth

Pureit delivered double digit growth led by the strong performance in the 'Reverse Osmosis' segment. The portfolio was further strengthened with the launch of the 'Pureit Ultima with Oxytube' device in quarter.

Margin improvement sustained

Lower input costs resulted in 240 bps reduction in Cost of Goods Sold. Brand investments were sustained at competitive levels; overall A&P was up by Rs.65 Crores (+40 bps). Profit before interest and tax (PBIT) grew by 11% and PBIT margin improved by 115 bps. Profit after tax before exceptional items, PAT (bei), grew by 13% to Rs.1031 Crores. Net Profit at Rs.1090 Crores, was up 7% with the growth rate impacted by the higher exceptional income arising from the sale of subsidiary in the base quarter.

Financial Year 2015-16: Competitive and profitable growth delivered

The Domestic Consumer business grew by 4% with 6% underlying volume growth. Reported growth was impacted by -110ps arising from the phase out of excise duty incentives. Profit before interest and tax (PBIT) grew by 10% with PBIT margin improving +90 bps, despite the net excise duty impact of -50bps on PBIT. The consistency in margin improvement was delivered even as we continued to make significant investments behind our brands (A&P was up 160bps). Profit after tax but before exceptional items, PAT (bei), grew by 6% to Rs.4078 Crores. Net Profit was at Rs.4082 Crores, with the growth rate impacted by the higher exceptional income arising from subsidiary and property related sales in the previous year. The strong track record of cash generation was sustained with cash from operations exceeding Rs.5000 Crores for yet another year.

The Board of Directors have proposed a final dividend of Rs. 9.5 per share, subject to the approval of the shareholders at the AGM. Together with the interim dividend of Rs. 6.5 per share, the total dividend for the financial year ending 31st March, 2016 amounts to Rs. 16 per share.

Harish Manwani, Chairman commented: "In challenging markets and a deflationary cost environment, we have delivered another year of competitive and profitable growth. The consistency of our performance is a result of managing our business dynamically, and executing our strategy with even greater rigour and discipline. Our sustained focus on investing behind brands, sharpening our executional capabilities and driving market development has enabled us to keep winning with consumers in a rapidly changing market."
