Press Release

Inox Wind Awarded 52 MW Orders from Leading Public Sector Undertakings

- **26 MW Turnkey Order from Indian Oil Corporation Ltd.**
- **26 MW Turnkey Order from Gujarat Industries Power Co. Ltd.**
- **Long Term Operations & Maintenance Contracts**

Noida, 8th March 2016: Inox Wind Limited, India's leading wind energy solutions provider to IPPs, Utilities, PSUs, Corporates and Retail Investors, has bagged two orders of 26 MW each from two of India's leading Public Sector Undertakings. The company has bagged a 26 MW turnkey wind power project to be set up at Mahidad, in the state of Gujarat from Indian Oil Corporation Limited (IOCL). IOCL, a Maharatna Central Public Sector Enterprise, is India's largest commercial enterprise and is ranked amongst the world's largest corporates.

Maintaining its momentum as India's leading wind power solutions provider, Inox Wind has bagged a further 26 MW turnkey order to be set up in Rojmal, Gujarat. The order was awarded by Gujarat Industries Power Company Limited (GIPCL), a leading Public Sector Undertaking engaged in the business of electrical power generation.

As part of the two turnkey orders, Inox Wind will supply and install 26 units of its top rated 2MW DFIG 100 rotor diameter Wind Turbine Generators (WTGs). Inox Wind will be responsible for the entire project lifecycle from manufacture and supply of WTGs to erection and commissioning as well as providing long term operations and maintenance services to the two projects.

"Inox Wind is extremely proud to work with two of India's leading enterprises. With the continued thrust that the government is providing to the development of renewable energy in the country, the wind sector in India is expected to be one of the fastest growing. The two orders further consolidate the company's market leadership position across institutional clients in the country." said **Mr. Kailash Tarachandani, Chief Executive Officer of Inox Wind Limited** in his statement.

ABOUT INOX WIND:

Inox Wind is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs, Corporates and Retail Investors. Inox Wind is a fully integrated player in the wind energy market with three state-of-the-art manufacturing plants in Gujarat, Himachal Pradesh and Madhya Pradesh. The plant near Ahmedabad (Gujarat) manufactures Blades & Tubular Towers while Hubs & Nacelles are manufactured at the company's facility at Una (Himachal Pradesh). The new integrated manufacturing facility at Barwani (Madhya Pradesh) manufactures blades and will manufacture nacelles, hubs, and towers. The facility at M.P., which will be amongst the largest in the world, will double Inox Wind's manufacturing capacity to 1,600 MW per annum.

IWL manufactures key components of WTGs in-house to maintain high quality, most advanced technology, reliability and cost competitiveness. IWL has obtained ISO 9001:2008, ISO 14001:2004, OHSAS 18001 and ISO 3834 certifications for its management systems pertaining to manufacturing, installation, commissioning and O&M of wind turbines.

IWL offers complete end to end solutions from concept to commissioning. Besides manufacturing and supply of WTGs, IWL offers services including wind resource assessment, site acquisition, infrastructure development, erection and commissioning, and long term O&M of wind power projects.
