Please take the above on record.

Thanking You

Yours faithfully,

For **Inox Wind Limited**

Deepak Banga
Company Secretary

Encl: as above

INOX WIND LIMITED

PRESS RELEASE

Inox Wind receives Letter of Intent for developing 501.6 MW from Adani Green Energy

- **Inox Wind to supply, erect and commission 152 units of its latest 3.3 MW wind turbines**
- **Builds on our already strong partnership with Adani Green Energy in the renewables sector**

Noida, January 23, 2019: Inox Wind Limited, one of India's leading wind energy solutions provider, has received a Letter of Intent (LOI) from Adani Green Energy, a part of the Adani group and India's leading Independent Power Producer (IPP) to supply, erect and commission 501.6 MW of wind power projects, across projects won under SECI auctions. The project is scheduled to be executed over the next 15 months at Kutch District in the state of Gujarat. Inox Wind will supply, erect and commission its latest 3.3 MW Wind Turbine Generators (WTGs) with 145 metre rotor dia and 100/120 metre hub height. These turbines will be amongst the highest rated turbines with the largest rotor dia to be made available in the Indian market.

ABOUT ADANI GROUP:

The Adani Group is one of India's leading business houses with revenue of over \$12 billion. Founded in 1988, Adani has grown to become a global integrated infrastructure player with businesses in key industry verticals - resources, logistics, energy and agro. The integrated model is well adapted to the infrastructure challenges of the emerging economies.

Adani Green Energy is India's largest renewable energy IPP (independent power producer) with a consolidated renewable portfolio exceeding 2.2 GW. Adani Green Energy targets a renewable energy portfolio of about 10 GW by 2021.

ABOUT INOX WIND:

Inox Wind is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs & corporate investors. Inox Wind is a fully integrated player in the wind energy market with three state-of-the-art manufacturing plants in Gujarat, Himachal Pradesh and Madhya Pradesh. The plant near Ahmedabad (Gujarat) and Barwani (Madhya Pradesh) manufactures Blades & Tubular Towers while

Hubs & Nacelles are manufactured at the company's facility at Una (Himachal Pradesh). Inox Wind's manufacturing capacity stands at 1,600 MW per annum.

IWL manufactures key components of WTGs in-house to maintain high quality, most advanced technology, reliability and cost competitiveness. IWL has obtained ISO 9001:2008, ISO 14001:2004, OHSAS 18001 and ISO 3834 certifications for its management systems pertaining to manufacturing, installation, commissioning and O&M of wind turbines. Inox Wind offers complete end to end solutions from concept to commissioning. Besides manufacturing and supply of WTGs, Inox Wind offers services including wind resource assessment, site acquisition, infrastructure development, erection and commissioning and long term O&M of wind power projects.
