

<p>If the compliance status to the principles is decided as “Yes” or “Partial” there must be information about the report/link including the public information.</p> <p>Explanations about the compliance to the principles must be written in “Explanation” column.</p> <p>The extent to which the requested information is presented as consolidated or solo must be stated in the “Explanation” column</p>		Compliance Status				Explanation	Related Links
Title	Policy Statement	Yes	No	Partial	Not Relevant		
<b>A. General Principles</b>							
<b>A1. Strategy, Policy and Targets</b>							
A1.1	Material environmental, social and corporate governance (ESG) issues, risks and opportunities have been determined by the Company’s board of directors.	✓				Our Board of Directors has identified ESG material issues, risks, and opportunities. Risks and opportunities are evaluated in our 2021 Sustainability Report.	<a href="https://www.sasa.com.tr/en/sustainability/sustainability-reports">https://www.sasa.com.tr/en/sustainability/sustainability-reports</a>
	ESG Policies (i.e., Environmental Policy, Energy Policy, Human Rights and Labor Policy etc.) have been established and publicly disclosed by the Company’s board of directors.	✓				Policies have been established through the decision of the Board of Directors and in accordance with these, procedures and guidelines have been prepared to implement said policies. All our policies are published on our website.	<a href="https://www.sasa.com.tr/en/sustainability/esg-policies">https://www.sasa.com.tr/en/sustainability/esg-policies</a>
A1.2	Short and long-term targets which have been defined under the ESG policies are disclosed to the public.	✓				Our sustainability strategy and our short and long-term ESG targets were directly associated with 10 SDGs and indirectly with 7 SDGs, which are shared in the 2021 Sustainability Report.	<a href="https://www.sasa.com.tr/en/sustainability/sustainability-reports">https://www.sasa.com.tr/en/sustainability/sustainability-reports</a>
<b>A2. Application/Monitoring</b>							
A2.1	The committees and/or departments responsible for the execution of ESG policies and top-level executives in the Company related to ESG issues and their duties have been identified and they are publicly disclosed.	✓				The Sustainability Committee, which is responsible for the execution of the ESG Policy, was established on 13.12.2021. The Sustainability Committee began its activities in accordance with the Charter, which covers the tasks, structures, and responsibilities.	<a href="https://www.sasa.com.tr/en/investor-relations/corporate-governance/board-of-directors-committees">https://www.sasa.com.tr/en/investor-relations/corporate-governance/board-of-directors-committees</a>
	The responsible committee / unit reported the activities carried out within the scope of the policies to the Board of Directors at least once a year.	✓				Our board of directors' activities are reported quarterly.	<a href="https://www.sasa.com.tr/en/investor-relations/corporate-governance/board-of-directors-committees">https://www.sasa.com.tr/en/investor-relations/corporate-governance/board-of-directors-committees</a>
A2.2	In line with ESG targets, implementation and action plans were developed and disclosed to the public.	✓				Current situation analysis to establish short and long term goals and target planning for the years 2025-2030 were arranged and shared in our 2021 Sustainability Report. Other KPI-based initiatives will be disclosed in the 2022 Sustainability Report.	<a href="https://www.sasa.com.tr/en/sustainability/sustainability-reports">https://www.sasa.com.tr/en/sustainability/sustainability-reports</a>

Title	Policy Statement	Compliance Status				Explanation	Related Links
		Yes	No	Partial	Not Relevant		
A2.3	ESG Key Performance Indicators (KPI) and the level of achievement of these indicators were disclosed to the public on a yearly basis.	✓				ESG KPIs are presented comparatively for the years 2018-2019-2020-2021 in the 2021 Sustainability Report. Our updated KPI data will be presented in our 2022 Sustainability Report.	<a href="https://www.sasa.com.tr/en/sustainability/sustainability-reports">https://www.sasa.com.tr/en/sustainability/sustainability-reports</a>
A2.4	Activities to improve the sustainability performance of business processes or products and services have been disclosed to the public.	✓				All departments, including the R&D department, continue to improve their activities related to the sustainability of products and services. Our R&D activities are based on eco-innovation, renewable energy feasibility studies for emission reduction, energy efficiency projects, zero waste applications, as well as innovative projects such as energy production from waste and water recycling.	<a href="https://www.sasa.com.tr/en/sustainability/environmental-sustainability">https://www.sasa.com.tr/en/sustainability/environmental-sustainability</a> <a href="https://www.sasa.com.tr/en/sustainability/sustainable-product-stewardship">https://www.sasa.com.tr/en/sustainability/sustainable-product-stewardship</a>
<b>A3. Reporting</b>							
A3.1	In the Company's annual reports, information regarding sustainability performance, targets and actions should be disclosed in an understandable, accurate and sufficient manner.	✓				In 2022, our Sustainability Report for the 2021 fiscal year has been published on our website. All information regarding our sustainability activities is disclosed within the scope of our 2020 and 2021 reports.	<a href="https://www.sasa.com.tr/en/sustainability/sustainability-reports">https://www.sasa.com.tr/en/sustainability/sustainability-reports</a>
A3.2	Information on which of the Company's activities are related to the United Nations (UN) 2030 Sustainable Development Goals (SDGs) has been disclosed to the public by the Company.	✓				Our website and 2021 Sustainability Report provide information on which the United Nations (UN) 2030 Sustainable Development Goals to our activities are related to.	<a href="https://www.sasa.com.tr/en/sustainability/our-strategy">https://www.sasa.com.tr/en/sustainability/our-strategy</a> <a href="https://www.sasa.com.tr/en/sustainability/sustainability-reports">https://www.sasa.com.tr/en/sustainability/sustainability-reports</a>
A3.3	Lawsuits filed and/or concluded against ESG issues, which are important in terms of ESG policies and/or will significantly affect activities, have been disclosed to the public				✓	In 2022, there were no lawsuits filed and/or concluded against SASA regarding ESG issues.	
<b>A4. Verification</b>							
A4.1	The Company's ESG Key Performance metrics have been verified by an independent third party and publicly disclosed.	✓				Our carbon emissions for 2021 have been calculated and verified in accordance with the ISO 14064-1 standard. The verification report is available in the 2021 Sustainability Report. (In the Emission Management section). All of our management systems certifications (ISO 9001, ISO 14001, ISO 50001, ISO 45001, ISO 27001, ISO 22000) applied within the scope of sustainability are published on our website. The 2021 Sustainability Report has been prepared in accordance with GRI standards and verified by GRI. The data disclosed in our 2022 Sustainability Report will be subject to independent third-party audits, and an assurance report will be published.	<a href="https://www.sasa.com.tr/en/sustainability/sustainability-reports">https://www.sasa.com.tr/en/sustainability/sustainability-reports</a> <a href="https://www.sasa.com.tr/en/sustainability/corporate-governance/iso-certificates">https://www.sasa.com.tr/en/sustainability/corporate-governance/iso-certificates</a>
