SASA launches an offering of up to EUR 500 million Guaranteed Convertible Bonds due 2031

7 January 2026 – Adana, Türkiye – SASA Polyester Sanayi A.Ş. (ISIN: TRASASAW91E4) (“**SASA**” or the “**Company**”) announces today the launch of an up to EUR 500 million offering (the “**Offering**”) of unsubordinated, unsecured, guaranteed convertible bonds due 2031 (the “**Bonds**”), convertible into new and/or existing fully paid ordinary shares of the Company with a nominal value of TL0.01 (1 *Kuruş*) each listed on Borsa Istanbul (the “**Shares**”).

The net proceeds of the Offering will be used for refinancing of indebtedness and for general corporate purposes of the Company.

The Company intends to issue the Bonds in an aggregate principal amount of EUR 500 million, comprising of a base issue size of EUR 450 million and an upsize option of up to EUR 50 million, in minimum denominations of EUR 100,000, and in reliance on Regulation S through a private placement to institutional investors outside the United States of America, Australia, Canada, South Africa, Japan and Türkiye. The number of Shares underlying the Bonds will be adjusted for any change in the conversion price of the Bonds resulting from dilutive events (such as a share capital increase), and also certain conversion price resets on the first, second, third and fourth anniversary of the Issue Date (to be described in the terms and conditions of the Bonds (the “**Conditions**”) to be published in due course).

The Bonds are expected to bear a coupon of between 4.50% and 5.00% per annum, payable quarterly in arrear in equal instalments, with the first interest payment due on 15 April 2026. The payment when due of all sums payable by the Company under the Bonds and the related trust deed will be guaranteed by SASA Dış Ticaret A.Ş. (the “**Guarantor**”), an unlisted wholly-owned subsidiary of the Company.

In addition, the Company agrees to abide by certain covenants (as summarised below and as to be set out in full in the Conditions) throughout the life of the Bonds which will, among other things, restrict the ability of the Company to:

- (i) create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, “**incur**”) any Indebtedness, provided however, that the Company and any Guarantor may incur Indebtedness if the Consolidated Net Leverage Ratio for any Determination Date is not more than 4.0 to 1.0 determined on a pro forma basis (including a pro forma application of the net proceeds of such Indebtedness);
- (ii) make certain payments, including dividends and other distributions, with respect to the outstanding share capital;
- (iii) create or incur certain Liens (as defined in the Conditions);
- (iv) provide guarantees to certain other indebtedness;

- (v) enter into certain transactions with affiliates;
- (vi) sell, lease or transfer certain assets;
- (vii) effect a merger or consolidated of, or sell, all or substantially all of their assets taken as a whole; and
- (viii) make any material change to its core business.

If at the end of any fiscal quarter, the Company and the Guarantor (and any other guarantors acceding as an obligor under the Bonds and the related trust deed at a future date), after eliminating intra group transactions, on a combined basis account for less than the lower of (i) 95% of the Consolidated EBITDA (as to be defined in the Conditions); or (ii) €500 million, in each case during any 12-month period ending on the end of such fiscal quarter of the Company, the Company shall cause additional Restricted Subsidiaries (as to be defined in the Conditions) to unconditionally and irrevocably guarantee the due payment of all moneys payable by the Company and any other Guarantor under the Bonds.

The Company plans to issue the Bonds with a maturity of 5 years and, unless previously redeemed, converted or purchased and cancelled, the Bonds will be redeemed at maturity at 100% of their principal amount. The Bonds are expected to be issued at a price of 100% of their principal amount, implying a gross yield to maturity of between 4.50% and 5.00% per annum. The conversion price is expected to be set at a premium of between 20% and 25% above the reference price. The reference price will be determined as the placement price per Share in the Concurrent Offering of Existing Shares (as defined below), converted to EUR at the relevant EUR:TRY spot rate.

The Company will be entitled to redeem the Bonds at their principal amount plus any accrued but unpaid interest at any time (i) on or after 5 February 2029, if the Parity Value of a Bond (as to be defined in the Conditions) exceeds 130% of the principal amount of such Bond over a certain period or (ii) if less than 20% of the aggregate principal amount of the Bonds originally issued remain outstanding.

Moreover, the Bonds may be redeemed at the option of bondholders (i) at their principal amount plus accrued but unpaid interest on 15 January 2029, and (ii) at their principal amount plus an amount equal to all remaining scheduled coupon payments (undiscounted) that would otherwise have been payable if held to maturity, upon the occurrence of a Change of Control Event, a Free Float Event, a Short-Selling Ban Event, a Delisting Event or an Event of Default (each as to be defined in the Conditions).

The coupon and conversion premium of the Bonds are expected to be determined once bookbuilding is completed, with pricing expected to occur on 8 January 2026. Settlement of the Bonds is expected to take place on or around 15 January 2026 (the “**Issue Date**”).

Bondholders may exercise their conversion right in the following circumstances:

- (i) at any time during any CoCo Conversion Period (as defined in the Conditions) (or portion thereof) falling in the period from (and including) the Issue Date to (and including) the Istanbul and London business day immediately preceding 15 July 2026,
- (ii) at any time during the period from (and including) 15 July 2026 to (and including) the 10th Istanbul and London business day prior to the maturity date.

Upon exercise of their conversion right, bondholders will receive Shares plus an amount in cash in euros equal to all remaining scheduled coupon payments (undiscounted) in the circumstances described in the Conditions.

To facilitate the participation of certain investors in the Offering, Erdemoğlu Holding A.Ş., the main and controlling shareholder of SASA (the “**Main Shareholder**”), has entered into a stock lending agreement with HSBC Bank plc, for a number of Shares not lower than the number of Shares underlying the Bonds for the purpose of facilitating investors’ hedging activities. The agreement can only be terminated by the Main Shareholder if none of the Bonds originally issued remain outstanding.

In the context of the Offering, the Company and the Main Shareholder will agree to lock-up undertakings from the date of pricing of the Bonds until 180 and 90 days after the Issue Date, respectively, subject to waiver by the Joint Global Coordinators and to certain limited exceptions.

An application for the admission of the Bonds to trading on the Open Market (*Freiverkehr*) of the Frankfurt Stock Exchange is intended to be made by no later than the first interest payment date under the Bonds.

This Offering is being managed by BNP PARIBAS, HSBC and J.P. Morgan as Joint Global Coordinators and Joint Bookrunners (together, the “**Joint Global Coordinators**”).

Concurrent Offering of Existing Shares

The Company has been advised by the Joint Global Coordinators that to facilitate hedging for certain subscribers of the Bonds, the Joint Global Coordinators may organise a simultaneous placement of existing Shares in short sales, at a placement price to be determined via an accelerated bookbuilding process (the “**Concurrent Offering of Existing Shares**”) to purchasers procured by the Joint Global Coordinators, on behalf of certain subscribers of the Bonds.

The Company will not receive any proceeds from any sale of existing Shares in connection with the Concurrent Offering of Existing Shares as these Shares are not being issued by, or sold on behalf of, the Company.

Any offer or sale of existing Shares in any Concurrent Offer of Existing Shares will be made (i) outside the United States in offshore transactions in reliance on Rule 903 of Regulation S under the US Securities Act of 1933 (the “**Securities Act**”) or (ii) inside the United States to qualified institutional buyers (as defined in Rule 144A under the US Securities Act) pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.
