NOTES TO THE CONDENSED FINANCIAL STATEMENTS AS OF 31 MARCH 2026 AND
FOR THE THREE-MONTH INTERIM PERIOD THEN ENDED

(Amounts are expressed in thousand Turkish Liras (“TL”) based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 1 – ORGANISATION AND NATURE OF OPERATIONS

Teknosa İç ve Dış Ticaret Anonim Şirketi, (“Teknosa” or “the Company”) was established on 3 March 2000 and is engaged in retail sales of consumer electronics through its stores and website www.teknosa.com and air conditioners and white goods through its dealers. In addition, the website www.teknosa.com became “Marketplace” as of 4 February 2022 and started selling its own products to its customers as well as the products of its authorized dealers on its website.

The Company’s main shareholder is Hacı Ömer Sabancı Holding A.Ş. As at 31 March 2026, number of personnel of the Company is 2,459 (31 December 2025: 2,514). The Company is registered in Türkiye and operates under the laws and regulations of Turkish Commercial Code.

The Company operates in Türkiye in 94,009 square meters with 138 stores retail space as at 31 March 2026 (31 December 2025: 95,307 square meters with 141 stores). The registered office address of the Company is as follows:

Carrefoursa Plaza Cevizli Mahallesi. Tugay Yolu Caddesi No:67 Blok: B Maltepe-İstanbul.

The Company’s shares have been traded on Borsa Istanbul since 2012.

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.1 Basis of presentation

(i) Statement of compliance with Turkish Financial Reporting Standards (“TFRS”)

The accompanying interim condensed financial statements have been prepared in accordance with the Turkish Financial Reporting Standards (“TFRS”), which was put into effect by the Public Oversight Accounting and Auditing Standards Authority (“POA”), in compliance with the communiqué numbered II-14.1 “Communiqué on the Principles of Financial Reporting In Capital Markets” (the Communiqué) announced by the Capital Market Boards (“CMB”) on 13 June 2013 which is published on Official Gazette numbered 28676. TFRS includes standards and interpretations published by POA under the names of Turkish Accounting Standards (“TAS”), Turkish Financial Reporting Standards, TMS Interpretations and TFRS Interpretations.

The condensed interim financial statements are presented in accordance with the formats specified in the "Announcement on TFRS Taxonomy" published by POA on 15 April 2019 and the Financial Statement Examples and User Guide published by CMB. In addition, the financial statements are presented in accordance with the "TFRS Taxonomy" published by POA on 4 October 2022 and the formats specified in the Financial Statement Examples and User Guide published by CMB, based on the CMB's financial statement and footnote formats. The financial statements are prepared on the historical cost basis except for the revaluation of buildings. The determination of historical cost is generally based on the fair value of the consideration paid for the assets.

In compliance with the TAS 34, entities have preference in presenting their interim financial statements whether full set or condensed. In this framework, the Company preferred to present its interim financial statements in condensed version. The Company’s condensed interim financial statements do not include all disclosures and notes that should be included at year-end financial statements. Therefore, the condensed interim financial statements should be considered together with the financial statements as of 31 December 2025.

Approval of interim condensed financial statements:

The condensed interim financial statements are approved by the Company’s Board of Directors on 29 April 2026. The General Assembly of the Company has the right to amend and relevant regulatory bodies have the right to request the amendment of these condensed interim financial statements.

TEKNOSA İÇ VE DIŞ TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS AS OF 31 MARCH 2026 AND
FOR THE THREE-MONTH INTERIM PERIOD THEN ENDED

(Amounts are expressed in thousand Turkish Liras ("TL") based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont'd)

2.1 Basis of presentation (cont'd)

(ii) Basis of measurement

The financial statements have been prepared on historical cost basis except for revaluation of land, building, investment properties measured at fair value and derivatives. Historical cost is generally based on the fair value of the consideration given in exchange for assets. The financial statements are prepared by reflecting the necessary corrections and classifications to the legal records prepared on the basis of historical cost, in order to make the right presentation in accordance with TFRS.

(iii) Functional currency and reporting currency

These financial statements are presented in Turkish Lira ("TL"), which is the valid currency of the Company. Unless otherwise stated, all financial information presented in TL has been rounded to the nearest thousand TL.

(iv) Preparation of financial statements in hyperinflationary periods

The financial statements and related figures for previous periods have been restated for changes in the general purchasing power of the functional currency and, consequently, the financial statements and related figures for previous periods are expressed in terms of the measuring unit current at the end of the reporting period in accordance with TAS 29 Financial Reporting in Hyperinflationary Economies.

TAS 29 applies to the financial statements, including the financial statements, of each entity whose functional currency is the currency of a hyperinflationary economy. If an economy is subject to hyperinflation, TAS 29 requires an entity whose functional currency is the currency of a hyperinflationary economy to present its financial statements in terms of the measuring unit current at the end of the reporting period.

As at the reporting date, entities operating in Türkiye are required to apply TAS 29 "Financial Reporting in Hyperinflationary Economies" for the reporting periods ending on or after 31 December 2023, as the cumulative change in the general purchasing power of the last three years based on the Consumer Price Index ("CPI") is more than 100%.

POA made an announcement on 23 November 2023 regarding the scope and application of TAS 29. It stated that the financial statements of the entities applying Turkish Financial Reporting Standards for the annual reporting period ending on or after 31 December 2023 should be presented in accordance with the related accounting principles in TAS 29, adjusted for the effects of inflation.

In accordance with the CMB's decision dated 28 December 2023 and numbered 81/1820, issuers and capital market institutions subject to financial reporting regulations applying Turkish Accounting/Financial Reporting Standards are required to apply inflation accounting by applying the provisions of TAS 29 to their annual financial statements for the accounting periods ending on 31 December 2023.

In this framework, while preparing the financial statements dated 31 March 2026, inflation adjustment has been made in accordance with TAS 29.

TEKNOSA İÇ VE DIŞ TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS AS OF 31 MARCH 2026 AND
FOR THE THREE-MONTH INTERIM PERIOD THEN ENDED

(Amounts are expressed in thousand Turkish Liras (“TL”) based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont’d)

2.1 Basis of presentation (cont’d)

(iv) Preparation of financial statements in hyperinflationary periods (cont’d)

The table below shows the inflation rates for the relevant years calculated by taking into account the Consumer Price Indices published by the Turkish Statistical Institute (“TURKSTAT”):

<u>Date</u>	<u>Index</u>	<u>Adjustment coefficient</u>
31 March 2026	3,866.74	1.00000
31 December 2025	3,513.87	1.10042
31 March 2025	2,954.69	1.30868

The main lines of TAS 29 indexation transactions are as follows:

- As of the balance sheet date, all items other than those stated in terms of current purchasing power are restated by using the relevant price index coefficients. Prior year amounts are also restated in the same way.
- Monetary assets and liabilities are expressed in terms of the purchasing power at the balance sheet date and are therefore not subject to restatement. Monetary items are cash and items to be received or paid in cash.
- Fixed assets, subsidiaries and similar assets are indexed to their acquisition values, which do not exceed their market values. Depreciation has been adjusted in a similar manner. Amounts included in shareholders' equity have been restated by applying general price indices for the periods in which they were contributed to or arose within the Company.
- All items in the income statement, except for the effects of non-monetary items in the balance sheet on the income statement, have been restated by applying the multiples calculated over the periods when the income and expense accounts were initially recognized in the financial statements.
- Net gain or loss arising on the net monetary position as a result of general inflation is the difference between the adjustments to non-monetary assets, equity items and income statement accounts. This gain or loss on the net monetary position is included in net profit.

The impact of the application of TAS 29 “Inflation Accounting” is summarized below:

Restatement of the Statement of Financial Position

Amounts in the statement of financial position that are not expressed in terms of the measuring unit current at the end of the reporting period are restated. Accordingly, monetary items are not restated because they are expressed in the currency of the reporting period. Non-monetary items are required to be restated unless they are expressed in terms of the currency in effect at the end of the reporting period.

TEKNOSA İÇ VE DIŞ TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS AS OF 31 MARCH 2026 AND
FOR THE THREE-MONTH INTERIM PERIOD THEN ENDED

(Amounts are expressed in thousand Turkish Liras (“TL”) based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont’d)

2.1 Basis of presentation (cont’d)

(iv) Preparation of financial statements in hyperinflationary periods (cont’d)

Restatement of the Statement of Financial Position (cont’d)

The gain or loss on the net monetary position arising on restatement of non-monetary items is recognized in profit or loss and presented separately in the statement of comprehensive income.

Restatement of the Statement of Profit or Loss

All items in the statement of profit or loss are expressed in terms of the measuring unit current at the end of the reporting period. Therefore, all amounts have been restated by applying changes in the monthly general price index.

Cost of inventories sold has been restated using the restated inventory balance.

Depreciation and amortization expenses have been restated using the restated balances of property, plant and equipment, intangible assets, and right-of-use assets.

Restatement of Statement of Cash Flows

All items in the statement of cash flows are expressed in terms of the measuring unit current at the end of the reporting period.

Consolidated financial statements

The financial statements of a subsidiary whose functional currency is the currency of a hyperinflationary economy are restated by applying the general price index before they are included in the consolidated financial statements prepared by the parent company. If the subsidiary is a foreign subsidiary, its restated financial statements are translated at the closing rate. When consolidating financial statements with different reporting period ends, all monetary and non-monetary items are restated in accordance with the measuring unit current at the date of the consolidated financial statements.

Comparative figures

Relevant figures for the previous reporting period are restated by applying the general price index so that the comparative financial statements are presented in the measuring unit applicable at the end of the reporting period. Information disclosed for prior periods is also expressed in terms of the measuring unit current at the end of the reporting period.

TEKNOSA İÇ VE DIŞ TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS AS OF 31 MARCH 2026 AND
FOR THE THREE-MONTH INTERIM PERIOD THEN ENDED

(Amounts are expressed in thousand Turkish Liras (“TL”) based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont’d)

2.1 Basis of presentation (cont’d)

(v) Comparative information and reclassifications of the prior periods’ financial statements

The financial statements of the Company have been prepared comparatively with the prior period in order to evaluate financial position and performance trends. Comparative information is reclassified, where necessary, to conform to the changes in the presentation of the current period financial statements.

The Company has not made reclassifications on prior period financial statements.

2.2 Changes in Significant Accounting Policies

The accounting policies applied in these interim condensed financial statements are the same as those applied in the Company’s financial statements as at and for the year ended 31 December 2025.

2.3 Changes in accounting estimates and errors

If changes in accounting estimates are related to only one period, they are applied in the current period in which the change is made, and if they are related to future periods, they are applied both prospectively and in the future periods. Significant accounting errors are applied retrospectively, and prior period financial statements are restated.

The assumptions and significant accounting estimates used in the preparation of the interim condensed financial statements as of 31 March 2026 have not changed compared to those used in the preparation of the financial statements as of the year ended 31 December 2025.

2.4 New and Amended Turkish Financial Reporting Standards

a) Amendments that are mandatorily effective from 2026

Amendments to TFRS 9 and TFRS 7 Classification and Measurement of Financial Instruments

The amendments address matters identified during the post-implementation review of the classification and measurement requirements of TFRS 9 *Financial Instruments*. Amendments are effective from annual reporting periods beginning on or after 1 January 2026.

Amendments to TFRS 9 and TFRS 7 Power Purchase Arrangements

The amendments aim at enabling entities to include information in their financial statements that in the IASB’s view more faithfully represents contracts referencing nature-dependent electricity. Amendments are effective from annual reporting periods beginning on or after 1 January 2026.

Annual Improvements to TFRSs – Volume 11

The pronouncement comprises the following amendments:

- TFRS 1: Hedge accounting by a first-time adopter
- TFRS 7: Gain or loss on derecognition
- TFRS 7: Disclosure of deferred difference between fair value and transaction price
- TFRS 7: Introduction and credit risk disclosures
- TFRS 9: Lessee derecognition of lease liabilities
- TFRS 9: Transaction price
- TFRS 10: Determination of a ‘de facto agent’
- TAS 7: Cost method

(Amounts are expressed in thousand Turkish Liras (“TL”) based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont’d)

2.4 New and Amended Turkish Financial Reporting Standards (cont’d)

Amendments are effective from annual reporting periods beginning on or after 1 January 2026.

The aforementioned standard, amendments and improvements do not have any significant effect on the Company's financial position and performance.

2.5 Use of accounting estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Changes to estimates are accounted for prospectively.

Information on estimates and assumptions that have a significant effect on the amounts recognized in the condensed interim financial statements is disclosed below:

Useful lives of property, plant and equipment and intangible assets

In accordance with the accounting policies, property, plant and equipment and intangible assets other than land and buildings are shown at their net value after deducting accumulated amortisation and impairment, if any, from their acquisition cost. Amortisation is allocated using the straight-line method based on the useful lives of tangible assets. Useful lives are based on management's best estimates and are reviewed at each balance sheet date and adjusted if necessary.

Impairment of property, plant and equipment and intangible assets

The Company assesses at each reporting date to determine whether there is any indication of impairment. If the stores which are operating more than 1 year generates operating profit/ (loss) before income tax lower than the planned performance result, this situation is assessed as objective evidence for impairment, except for outlet stores. If any such indication exists, then the asset’s recoverable amount is compared with the carrying amount. The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. If the carrying amount of an asset or any cash generating unit that the asset belongs to is higher than its net realizable value, the value of the asset has impaired. Additionally, the Company recognizes allowance for impairment for the property, plant and equipment and right-of-use assets of the stores for which the Company management has expected to close down. The mentioned provision amount is applied at the rate of 100% over the net book value of right-of-use assets, 100% for leasehold improvements and 50% over the net book value of property, plant and equipment. As of 31 March 2026, the Company has recorded a net impairment of TL 49,620 for property, plant and equipment and no impairment for intangible assets (31 March 2025: TL 6,227 for property, plant and equipment) (Note 12,13 and 14).

Inventory impairment

In accordance with the accounting policy, inventories are stated at the net realizable value (“NRV”). The Company measures the products with selling prices lower than its cost at lower of cost or NRV. NRV, is the value after deducting the estimated expenditures to be made to bring the stocks at sale at the estimated selling price.

The Company makes aging analysis for its inventories based on certain date ranges from the acquisition date. Impairment is calculated for the old stock over 180 days with different rates applied for each date range based on the aging analysis as at reporting date. In this context, the Company has recognized net impairment provision amounting to TL 160,004 as of 31 March 2026 (31 December 2025: TL 172,395) (Note 9).

FOR THE THREE-MONTH INTERIM PERIOD THEN ENDED

(Amounts are expressed in thousand Turkish Liras (“TL”) based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 2 – BASIS OF PRESENTATION OF FINANCIAL STATEMENTS (cont’d)

2.5 Use of accounting estimates and assumptions (cont’d)

Deferred tax assets

The Company recognizes deferred tax assets and liabilities based upon the temporary differences between financial statements as reported in accordance with TFRS and its tax base of statutory financial statements. The Company has deferred tax assets arising from deductible temporary differences. The partially or fully recoverable amount of deferred tax assets has been estimated under current conditions. During the evaluation, future profit projections, losses incurred in current periods, expiration dates of unused losses and other tax assets, and tax planning strategies that can be used, when necessary, were taken into consideration.

Accounting of gift checks

The Company recognizes income from the gift checks by estimating the portion which will not be used by the customers based on the historic data. As at 31 March 2026, the amount offset from the deferred revenue from the gift checks recognized in the financial statement is amounting to TL 213,887 (31 December 2025: TL 137,932) (Note 10).

NOTE 3 – SEGMENT REPORTING

The Company applies TFRS 8 starting from 1 January 2009 and determined the reportable segments based on the internal management reports which are regularly reviewed by the decision maker.

In order to take the decisions about the allocation of resources to the operating segments and evaluate the performance of these segments, the decision maker reviews the results and the operations by sales channel. The Company’s sales channel are as follows: Electronics retail sales, and sales of air conditions and white goods through dealers. These sales are also reviewed as stores and e-commerce (including Marketplace sales) and dealers (İklimsa). In addition, assets and liabilities are not included in the segment reporting, since they are not regularly presented to the decision maker and are not reviewed in as a part of segment reporting.

Details of the segment reporting according to the internal management reports are as follows:

	1 January – 31 March 2026		
	Retailing and E-commerce	Dealer Group	Total
Total segment income	21,375,794	863,938	22,239,732

Net Book Value	1,720,536	106,586	1,827,122

The depreciation expense for the three-month interim accounting period ending on 31 March 2026 is TL 364,455 (31 March 2025: TL 361,558). TL 361,855 (31 March 2025: TL 359,803) of the depreciation expense is included in marketing expenses and TL 2,600 (31 March 2025: TL 1,755) is included in general administrative expenses.

TEKNOSA İÇ VE DIŞ TİCARET ANONİM ŞİRKETİ
NOTES TO THE CONDENSED FINANCIAL STATEMENTS AS OF 31 MARCH 2026 AND
FOR THE THREE-MONTH INTERIM PERIOD THEN ENDED

(Amounts are expressed in thousand Turkish Liras ("TL") based on purchasing power as of 31 March 2026, unless otherwise stated.)

NOTE 12 – INVESTMENT PROPERTY

The net book value of the investment properties of the company is TL 343,715 as of 31 March 2026 (31 December 2025: TL 378,231).

The Company generates rental income by TL 3,389 (2025: TL 4,145) from its investment property, which is leased by an operating lease agreement. Direct operating costs arising from the investment property is amounting to TL 1,253 (2025: TL 1,338). Operating expenses which are not related to the Teknosa store are distributed to lessees.

As of 31 March 2026, the recoverable amount was reassessed as part of the valuation of the Company's investment property, and a provision for impairment of TL 34,516 was recognized for the portion of the net book value that exceeds the recoverable amount. The related amount has been recognised in the income statement under "Expenses from investment activities".

As of 31 December 2025, the fair value of the Company's investment properties and the building included in property, plant and equipment has been determined by TSKB Gayrimenkul Değerleme ve Danışmanlık A.Ş., an independent valuation company, in its valuation report dated 19 February 2026.

The aforementioned firm is authorized by the CMB and provides real estate valuation services in accordance with the capital markets legislation and has sufficient experience and qualifications in the fair value measurement of the properties in the relevant regions. The fair value of the owned building was calculated using the "Income Approach" and "Direct Capitalization Method" and the final value was reached by harmonizing the results obtained.

Fair value of the related building is level 2.

As of 31 March 2026 and 31 December 2025, there is no mortgage on investment properties.

NOTE 25 - NATURE AND LEVEL OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

Foreign currency risk

As the Company primarily purchases from domestic vendors in TL, the Company is exposed to limited foreign exchange risk.

The risk is monitored by the Board of Directors in regular meetings. The idle cash is invested in foreign currency in order to minimize the foreign exchange risk resulted from balance sheet items. The Company also manages the foreign currency risk by limited use of forward contracts, which is one of derivative instruments, if necessary.
