Q3 FY26 Management Commentary

As we reflect on Q3 FY2026, it has been marked by steady progress, decisive action and continued operational stability for Gopal Snacks. The quarter saw the successful ramp-up of our Modasa facility and the ongoing recovery from the disruptions caused by the fire incident at our Rajkot I manufacturing facility in Q3 FY25. Revenue from operations was at Rs. 400.8 Cr, up 6.7% QoQ. Gross margins improved sequentially to 27.6%, supported by cost optimization and production leverage. EBITDA margins increased to 7.6%, showing the positive impact of our cost-saving efforts and operational focus.

In Q3 FY26, we focused on scaling production at our Modasa plant, which has now become a pivotal part of our manufacturing base. This facility, with an added installed capacity of 63,085 MT, is focused on Gathiya and Namkeen and its operationalization has significantly strengthened our production capabilities. Additionally, we continued to work with third-party manufacturers to ensure a seamless supply of products to the market, further mitigating any potential disruptions.

In terms of operational performance, the Snack Pellets segment saw a 20.8% QoQ growth, driven by strong consumer demand and improved production efficiencies. The Gathiya segment experienced a 10.6% QoQ growth, reflecting higher sales and better utilization of production capacity. These results highlight the effectiveness of our operational strategies and the continued strength of our product portfolio.

During the quarter, our focus on core and focus markets remained strong, supported by 93 micro-distributors under the SSD model to deepen our regional penetration. This initiative has enabled us to strengthen our presence in untapped regions, ensuring better product availability across a wider geography. The growth in Other States has been particularly strong, with an increase of 28.7% YoY, reflecting the success of our regional expansion strategy. Furthermore, the expansion of our distribution network has played a key role in driving sales growth and improving market reach.

Our marketing efforts have been essential in strengthening our brand's position. Gopal Snacks has secured a prominent partnership as the Official Snacks Partner for the Filmfare Awards 2025, which has significantly increased brand visibility and consumer engagement. Additionally, our marketing initiatives around major festivals like Navratri have further enhanced our consumer reach and engagement across key regions. These efforts complement our ongoing efforts to align with popular cultural moments and increase product visibility. In January 2026, we have launched digital TV advertising campaign for Gathiya, aimed at expanding our reach.

We continue to make progress with our Distribution Management System (DMS), aimed at improving supply chain efficiency and providing real-time insights to our distributors. The DMS is designed to enhance inventory management, reduce lead times and allow distributors to track shipments and assess returns on investment more effectively. This initiative is a key component of our strategy to build a more responsive and efficient distribution network.

As we move forward into the final quarter of FY2026, Gopal Snacks remains committed to expanding its production capacity, enhancing market penetration and investing in strategic growth initiatives. With our newly operational Modasa facility and ongoing investments in technology and infrastructure, we are confident that we are well-positioned for sustained growth. We will continue to focus on restoring production, scaling up operations and expanding our reach into untapped markets, ensuring a strong finish to FY2026 and long-term value creation for our stakeholders.

Looking ahead, Gopal Snacks enters the final quarter of FY2026 with a strengthened operational base, increased capacity, and a growing distribution network, positioning the Company for long-term growth and enhanced value for stakeholders.

Mr. Bipin Hadvani
Chairman and Managing Director

Diversified Product Portfolio

*Other Products include Noodles, Rusk, Flour, Jaggery, Wafer Biscuit, Biscuit, Ghee, Beauty Soap & Washing Bar

**Balance Revenue Contribution of 7% comes from other products like sale of by-product, wastages, Scraps, raw material & Subsidy

Gathiya Sales (%)

Focus State Sales, experienced a steady increase, from Rs. 89.6 crore in FY23 to Rs. 96.0 crore in FY25. The overall sales mix for focus states reflects a strong upward trajectory, highlighting the growing market penetration and sales potential. This performance indicates the successful expansion and improvement in focus state sales, with expectations for future growth following the ramp-up of operational efficiencies and the new product offerings.

Strategic Recovery Post Fire Incident

Resilience in Adversity: Ensuring Continuity and Growth Post Fire Incident

Large Scale Manufacturing & Capacity Restoration

- Installed capacity of **63,085 MT**, restoring a substantial portion of capacity impacted by the Rajkot fire
- Designed with **scope for gradual scale-up**, supporting future volume growth
- Commercial production commenced post successful trial runs, ensuring operational readiness

Single Location Fulfilment Enhancing Supply Chain Efficiency

- Enables **almost the full dealer product basket** (Namkeen, Gathiya, Wafers, Snack Pellets, Extruded Snacks) to be serviced from **one location**
- Addresses earlier supply-chain fragmentation that led to higher order service time
- Centralised dispatch improves **service consistency and turnaround time**

Improved Dealer Economics & Market Reach

- Centralised manufacturing expected to **increase dealer order value and ordering frequency**
- Supports deeper penetration across **Gujarat (ex-Saurashtra & Kutch), Rajasthan, Madhya Pradesh and parts of Maharashtra**

Modern Infrastructure & Operational Resilience

- Equipped with higher-capacity fryers and an ultra-modern dispatch facility
- Strengthens business continuity and reduces operational risk post the Rajkot incident
- Implemented DMS System to improve supply chain and enhance distribution network

Strengthening Supply Chain Flexibility & Market Reach

Capital Restoration

- Operationalized the Modasa Facility with an installed capacity of 63,085 MT, restoring production capacity and enabling centralized dealer servicing from a single location. This will improve revenue and lowering of logistic cost

Strategic Logistic Realignment

- Streamlined dispatch from the Nagadka facility to Saurashtra, consolidating all SKUs into a single truck load. This change, previously handled by Modasa, has improved sales efficiency and reduced delivery times

Geographic Diversification

- Long-term third-party manufacturing arrangements across Hiriyur, Kashipur and Manendragarh to expand capacity, improve supply- chain efficiency and strengthen regional market presence
