NANTA

Nanta Tech Limited

Nanta Tech Ltd Launches UAE Operations to Accelerate High-Growth GCC Market Expansion

Ahmedabad, 23rd April 2026 - Nanta Tech Limited incorporated in 2023, today announced its strategic expansion into the United Arab Emirates and the wider GCC region, establishing **Nanta Technologies FZ-LLC** in Dubai, which is positioned as the central hub to drive regional growth. The move marks a decisive step in the company's ambition to become a provider of service robotics solutions across the Middle East.

Nanta Technologies FZ-LLC, recently incorporated in the Ras Al Khaimah Economic Zone, as a Wholly Owned Subsidiary Company.

This ownership structure ensures robust governance and strategic oversight from the parent entity, while simultaneously enabling agile, market-responsive leadership at the regional level. The company's incorporation and governance framework are aligned with the provisions outlined in its Memorandum of Association.

The establishment of **Nanta Technologies FZ-LLC** marks a significant step in the Company's international expansion strategy, aimed at capitalizing on the accelerating demand for automation, smart infrastructure, and artificial intelligence solutions across the Middle East. This demand is being driven by large-scale national transformation initiatives, including Saudi Arabia's Vision 2030 and the UAE's National Artificial Intelligence Strategy, which are fostering rapid adoption of advanced technologies across key sectors such as construction, manufacturing, logistics, and real estate.

To effectively penetrate and scale within these high-growth markets, **Nanta Technologies FZ-LLC** has adopted a **partner-led go-to-market strategy**. This model enables faster market entry, reduces time-to-revenue, and ensures an immediate operational footprint in the region.

Commenting on this, Mr. Mayank Jani, Managing Director of Nanta Tech Ltd, said "Building on this foundation, Nanta Tech plans to further expand its regional presence across Saudi Arabia, Qatar, and Kuwait through its subsidiary arm. The Company will prioritize partnerships with entities possessing strong B2B and industrial relationships, with a clear focus on scaling its 'Allbotix' robotics portfolio alongside its advanced artificial intelligence solutions.

Through this structured expansion and partnership-driven model, Nanta Tech aims to position itself as a leading provider of next-generation automation and AI-driven solutions in the Middle East, supporting the region's transition towards a digitally enabled and innovation-led economy through its subsidiary."

Nanta Tech Limited

About Nanta Tech Limited

Incorporated in June 2023, **Nanta Tech Limited** is an integrated technology solutions company operating through two core verticals: **Audio-Visual (AV)** and **Robotics**. The AV vertical encompasses AV integration services, along with product deployment and support, while the Robotics vertical focuses on service robotics solutions, complemented by software and AI-driven capabilities.

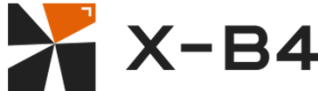

The Company provides end-to-end AV solutions including design, supply, installation, commissioning, and annual maintenance, primarily catering to B2B clients across corporate, education, hospitality, and manufacturing sectors.

Through its **ALLBOTIX** brand, Nanta Tech delivers customized service robots for cleaning, delivery, greeting, and logistics applications, supported by in-house software development, automation, and AI capabilities.

With strong in-house technical expertise, the Company focuses on delivering integrated digital and physical solutions that enhance operational efficiency, productivity, and customer experience.
