FOR IMMEDIATE RELEASE

MINDTECK SUCCESSFULLY MAINTAINS CMMI LEVEL 5 APPRAISAL

Bengaluru, India – October 13, 2016: Mindteck, a global technology company (BSE: 517344 and NSE: MINDTECK), today announced that it has been appraised at level 5 of the CMMI Institute's Capability Maturity Model Integration (CMMI)[®] for software and hardware development projects in its Bengaluru and Kolkata locations. ProcessWhirl Management Consulting Pvt. Ltd. performed the appraisal.

CMMI, a capability improvement framework, provides organizations with the essential elements of effective processes that ultimately improve their performance. The appraisal at maturity level 5 indicates that the organization is performing at an "optimizing" level. At this level, an organization continually improves its processes based on a quantitative understanding of its business objectives and performance needs. The organization uses a quantitative approach to understanding the variation inherent in the process and the causes of process outcomes.

In acknowledging the achievement, Mr. Yusuf Lanewala, Chairman and Managing Director of Mindteck, commented, "Maintaining this highest level in the CMMI model of development demonstrates Mindteck's commitment to delivering value to our customers, through effective project management. We are continually proud to be among a select group of global companies appraised at this level."
