Commenting on Financial Technologies' FY 2012-13 performance, Dewang Neralla, Whole Time Director, said:

"2012-13 has been a watershed year for Financial Technologies. On a consolidated basis our profits (excluding profit from sale of shares) has grown by 237% to Rs 227 crore. This year has seen remarkable and path breaking performances by our subsidiaries NSEL and NBHC and our associate IEX. NSEL profit after tax crossed the Rs 127 crore mark in the current year (Rs 29 crore last year) and continues to lead the spot commodity market with 99.78% market share. IEX volumes grew by 62% and led to profit growth of 94% to Rs 66 crore and continue to lead with 97% market share in the day-ahead market. NBHC, which has built India's largest private sector 360 degree warehousing and collateral management company, saw its net profit grow by 353% to Rs 14.5 crore. Cumulative Bank funding on warehouse receipts of NBHC touched over Rs 33,000 crore in 2012-13. Our consolidated results were achieved despite MCX share of associate in minority profit reduced from 31% to 26% and losses in international subsidiaries. We expect them to scale up over the next couple of years and start contributing. We are very excited as the global foot print of Financial Technologies created and owned exchanges start contributing financially too in the coming few years."
