Aditya Birla Cap Posts Record ₹377-cr Profit

Press Trust of India

New Delhi: Aditya Birla Capital on Monday reported its highest ever quarterly profit of ₹377 crore on a consolidated basis in July-September 2021 on the back of strong growth across its business verticals.

It had posted a consolidated net profit of ₹264 crore in the same period a year ago.

Consolidated profit after tax (after minority interest) grew 43% year on year to ₹377 crore, the highest level ever recorded by the company, Aditya Birla Capital (ABCL) said in a release. Consolidated revenue grew 22% to ₹5,961 crore as against ₹4,885 crore in the same period of 2020-21.

The active customer base grew to about 28 million (2.8 crore), a 42% year-on-year growth. "The company's focus on building scale, growing its retail base and delivering consistent profitability continues to yield results," it said.

The overall asset under management across asset management, life insurance and health insurance businesses grew by 24%.

Firm Cooking Oils, Cotton, Agri Prices Dampen Festive Spirits

Industry bodies urge members to take voluntary steps to bring down prices

Jayashree.Bhosale @timesgroup.com

Pune: Prices of agricultural commodities, such as cooking

oils, cotton and guar seeds, continue to stay firm during Diwali, prompting price-control interventions from the industry and trade.

To be sure, New Delhi has taken measures such as reduction in import duty and imposition of stock limits on edible oils, but such steps have met with limited success in restraining inflation for such commodities.

While Solvent Extractors Association has urged its members to voluntarily cut cooking

oil prices by ₹3-5/kg to give relief to consumers, Confederation of Indian Textile Industry (CITI) has pleaded with the government to stabilise cotton prices, which are at an 11-year high. Import of cooking oils was at a record high in September after duty cuts. However, the impact could be negated by two increases (tariff value of cooking-oils — the base price on which duty

is calculated) last month. "SEA members, even though they are saddled with high duty paid stocks, are responding to

the needs of consumers and bringing down the selling prices. Our members have decided to further reduce prices of edible oils by ₹3,000 to ₹5,000 per tonne keeping in mind the Diwali festivities," said Atul Chaturvedi, president, SEA, in a statement.

Like cooking oils, cotton prices too have been consistently moving upward. Pradip Agarwal, chairman, Cotton Corpo-

ration of India (CCI), said, "Cotton prices have been moving only upward due to international as well as domestic factors. We at CCI have cotton stocks only in the northern zone. Farmers are bringing cotton slowly to the markets as they expect prices to increase further."

T Rajkumar, chairman, CITI, has demanded government intervention to stabilise the cotton prices. "The textile industry may head toward a severe raw material crisis... We appeal to the government to work out the cotton procurement and trading scheme for CCI by providing government funds to procure 10-15% of the cotton which arrives in the market during the season and create a strategic stock for the price stability," said Rajkumar.
