

Profile of Mr. C Subash Chandra Bose

C Subash Chandra Bose, aged, 45, B. Tech. Chemical Engineering joined Manali Petrochemicals Limited (MPL) in 1993 as an Engineering Management Service Trainee.

Mr. Bose over the years has gained rich experience in the operations of MPL and currently heads the Research and Development (R&D), Quality Assurance, Technical Services, Materials Management and HR functions. He drives pilot projects for manufacturing and scale up of new base polyols and polyurethane applications related to slab polyols, automotive systems, rigid foam systems and microcellular applications.

Mr. Bose was instrumental in the design and scale up of polymer polyols right from the product development stage. He successfully led a cross functional team to augment the Propylene Oxide production unit at MPL with improved operational efficiency. He also specializes in reduction of batch times in production of various base polyols, which has helped in improving the polyol production rates at MPL.

At the meeting of the Board held on 16th May 2017, Mr. Bose has been appointed as an Additional Director and Wholetime Director (Works) for a period of three years from 28th May 2017

Mr. Bose is not related to any of the directors of the Company.
