Dynamatic Technologies Inaugurates & Expands Manufacture of Major Assemblies of Bell 407 at the Aerospace Park, Bangalore

Dynamatic inaugurates its first facility at the KIADB Aerospace Park next to the Bangalore International Airport. It is the first facility on the sprawling 27 acres Dynamatic Aerotropolis.

Dynamatic will manufacture Major Sub-Assemblies of the Bell 407 from the park, with gradual expansion of the work package for Bell 407.

Dynamatic CEO Udayant Malhoutra said, *"Dynamatic is privileged to be working with Bell Helicopter on developing major Assemblies for the Bell 407 on a global single-source basis. Bell Helicopter is an extremely capable partner that brings high technology and artisanal skills along with an incredible commitment to 'Make In India'. Their capability-insertion, knowledge-transfer and skill - sharing practices are extremely mature, and of great benefit to Dynamatic and the Indian Aerospace ecosystem."*

Mr. R V Deshpande – Minister for Large & Medium Industries & Infrastructure Development, **Mr. Sameer Rehman**, Bell Helicopter Managing Director for Asia Pacific, Mr. Gaurav Gupta Commissioner Industrial Development & Director of Industries & Commerce and Mr. Udayant Malhoutra, CEO & Managing Director, Dynamatic Technologies Limited. (L to R)

“Bell Helicopter is committed to the ‘Make In India’ campaign and we are well-positioned to work together with Dynamatic to increase capabilities and drive market development in India,” said Sameer Rehman, Bell Helicopter Managing Director for Asia Pacific. “The work Dynamatic performs on the Bell 407 repeatedly demonstrates their commitment to exacting quality. We are very confident Dynamatic will continue to build world-class quality aerospace components and deliver those components on time.”

British Deputy High Commissioner in Bangalore Dominic McAllister said *“I am privileged to witness the inaugural of Dynamatic Aerotropolis along with British High Commissioner. I recall visiting Dynamatic’s 3 months back when Dynamatic showcased their capabilities and skills to UK Prime Minister Ms. Theresa May. I congratulate Dynamatic on this expansion and wish lots of success in UK & India.”*
