CHIEF FINANCIAL OFFICER

Dynamic Aviation takes innovation to new heights with Ramco

Signs agreement to implement Ramco Aviation and HCM offering

Virginia, USA / Chennai, INDIA – February 11, 2015 – Ramco Systems, the global aviation software provider on cloud, mobile, tablets, and wearables announced a new partnership with leading U.S.-based aviation company, **Dynamic Aviation**. Dynamic Aviation, which provides innovative aviation solutions to government and commercial organizations, has chosen Ramco Aviation Suite with Ramco HCM to help integrate its business operations under one platform.

In order to get a seamless and integrated view of its worldwide operations, Dynamic Aviation will implement Ramco's full-suite aviation software including fleet maintenance tracking and management, supply chain management, flight contracting and billing, and Human Resource management.

"We firmly believe that collaborative development and reliable execution are among the many reasons that Dynamic Aviation is an industry leader," said **Shawn Lough, Enterprise Systems Manager, Dynamic Aviation**. "Ramco's future-ready innovations and fully web-architected solutions will enable us to continue serving a global market which requires real-time business operation capabilities."

Commenting on the latest win, **Mr. Virender Aggarwal, CEO, Ramco Systems**, said, "Dynamic Aviation has set a benchmark for its meticulous customer service delivery with its rich legacy of success stories. With Dynamic on board, Ramco Aviation's strength in addressing defense and military aircraft with the latest technology backbone gets a seal of acceptance. We look forward to gaining further inroads into this growing segment as we move forward. Interestingly, this win also marks the recently launched Ramco HCM's entry into U.S. geography."

With Emirates, Malaysia Airlines, Singapore Airlines Engineering Company, Petroleum Helicopters, Columbia Helicopters, Air Methods and 66 others onboard, Ramco is the solution of choice for several top airlines and five of the top 10 civilian heli-operators in the world. Designed to be accessible on cloud, mobile and tablets, Ramco Aviation continues to add technological innovations with wearable devices offering hands-free computing, and straight-through processing to cut down AOG (aircraft on ground) time and TAT (turnaround time) drastically. Ramco Aviation suite powers over 2,650+ aircraft.

About Dynamic Aviation

Dynamic Aviation is the leading provider of innovative special-mission aviation solutions designed to meet the unique requirements of government and commercial organizations worldwide. Headquartered on its privately owned, public use airport in Bridgewater, Va., the company delivers customized aerial assets and services to support a wide range of customers including national defense, military intelligence, federal agencies, state and local governments, non-profit research organizations and private companies. Dynamic Aviation has the flexibility and resources to deliver world-class aviation solutions that combine mission-modified aircraft, experienced flight crews and comprehensive maintenance services. The company employs approximately 650 aviation professionals, owns more than 140 aircraft and operates from 18 locations in five countries across three continents.

About Ramco Systems

Ramco Systems is part of the USD 1 Billion diversified conglomerate, the Ramco Group of companies. Ramco Systems is a rapidly growing cloud enterprise software company focused on providing multi-tenanted enterprise software to corporates in the area of HCM, ERP and M&E MRO with Mobile first philosophy and In-memory based Planning and Optimization engine. At Ramco, we understand that functionality alone cannot help a product succeed in today's crowded marketplace. With utmost importance to usability, Ramco has charted out a product philosophy of MUSIC—an acronym for Mobility, User Interface, Social, In-Memory and Context-aware applications. Globally, Ramco has over 150,000 users from 1000+ customer organizations. Headquartered in Chennai (India), the company has 20 offices spread across India, USA, Canada, Europe, Australia, Middle East, South Africa and APAC.
