Ramco Aviation and Aerexchange jointly automate inventory pooling at a leading Aviation MRO Specialist

Princeton, UNITED STATES / Chennai, INDIA – April 23, 2021 – Global aviation software specialist, [Ramco Systems](#) announced that it has gone live at a leading aviation MRO specialist with its [Aviation M&E MRO Software V5.8](#), thereby automating the organization's business processes. This marks the successful implementation of Ramco together with its partner [Aerexchange](#), who played a pivotal role in the implementation with its AeroComponent® connector, enabling seamless integration at client end.

With modules for commercials, supply chain management, procurement and repair management, part technical data management and financial management, Ramco Aviation Software V5.8 enables the MRO specialist with solutions to provide visibility through efficient operational and financial reporting, automate their repair order processing and support day-to-day operations and the growing volume of transactions. Integrated with Aerexchange through their AeroComponent connector, the solution will connect the ITM / Pool Parts providers with their customers' systems to facilitate real time exchange of data on both demand fulfilment and core return process.

Virender Aggarwal, CEO, Ramco Systems, said, "With Ramco Aviation and Aerexchange's (AeroComponent) combined solution, customer demand for parts are interfaced seamlessly with pool provider. Through this, we are able to put in place a robust and scalable platform, that delivers an exceptional degree of supply-chain process automation in a real-world environment, allowing the organization to offer a highly efficient, tailored and differentiated part support service to their customers. We are confident that the MRO specialist will now be able to meet its AOG and Routine demands, thereby driving overall turnaround time (TAT) reduction and delivering SLA commitments, efficiently.

Albert Koszarek, President and Chief Executive Officer, Aerexchange, said, "Through our partnership with Ramco, customers seeking to realize perfect MRO commerce using Aerexchange's real-time collaboration network can benefit from the robust combination of our applications. We look forward to continuing to work with Ramco in providing enhanced value for companies in the aviation industry."

[Ramco Aviation, Aerospace & Defense](#) is trusted by 24,000+ users to manage 4,000+ aircraft globally. Accessible on cloud and mobile, Ramco Aviation & Defense Software continues to innovate with 'Anywhere Apps', significantly reducing transaction time both during aircraft-on-ground (AOG) conditions and critical aircraft turnarounds. Ramco is changing the paradigm of enterprise software with Artificial Intelligence based solutions, powered by cool new features such as digital task cards, offline capability, chatbots, mail bots, HUBs and cognitive solutions. With 80+ Aviation organizations onboard, Ramco is the solution of choice for top heli-operators, leading defense companies, space launch vehicles, UAS/Drones, eVTOL and multiple MROs around the world.

About Aerexchange:

Aerexchange is the only electronic business network serving the aviation MRO industry. Founded in 2000, Aerexchange has grown to serve aviation leaders including major airlines, MRO providers, airframe manufacturers, OEMs, part and component suppliers and repair service providers around the world.

About Ramco Systems:

Ramco is a next-gen enterprise software player disrupting the market with its multi-tenant cloud and mobile-based enterprise software in HR and Global Payroll, ERP and M&E MRO for Aviation. Part of the USD 1 billion Ramco Group, Ramco Systems focuses on Innovation and Culture to differentiate itself in the marketplace. On the Innovation front, Ramco has been focusing on moving towards Active ERP leveraging Artificial Intelligence and Machine Learning by building features such as **Talk It** - which allows transactions to be carried out by simple voice commands, **Bot it** – which allows users to complete transactions using natural conversations; **Mail It** – transact with the application by just sending an email; **HUB It** - a one screen does it all concept built to address all activities of a user; **Thumb It** – mobility where the system presents users with option to choose rather than type values and **Prompt It** – a cognitive ability which will let the system complete the transaction and prompts the user for approval.

With 1800+ employees spread across 24 offices, globally, Ramco follows a flat and open culture where employees are encouraged to share knowledge and grow. No Hierarchies, Cabin-less Offices, Respect work and not titles, among others are what makes the team say, Thank God it's Monday!
