Notes:

1. These standalone financial results have been prepared in accordance with Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules thereunder and in terms of Regulation 33 of the SEBI ("Listing Obligations and Disclosure requirements") Regulations, 2015, as amended.
2. The Company is engaged in the manufacture and sale of products which form part of a single product group which represents one operating segment. As the Chief Operating Decision Maker ("CODM") reviews business performance at an overall group level, disclosure requirement under Ind AS 108 on "Operating Segment" is not applicable.
3. Performance of the plant in Reva Division, Bharuch of the Company is reported as a cost centre for products used captively for manufacture of Gelatin and profit centre for products sold to external customers (including Group Company). The management was not utilising the installed capacity in full due to higher manufacturing cost and a provision for impairment amounting to ₹ 531.95 lakhs was created during previous years based on impairment testing carried out then in the manner prescribed in Ind AS 36. Due to increase in manufacturing activity, the unit has started generating sustainable positive cash flows from these identifiable group of assets . The management has performed an impairment assessment and concluded that the recoverable value of this cash generating unit exceeds its carrying value as on 31 March 2025 and hence no provision is required to be carried in books. Accordingly, provision for impairment amounting to ₹ 531.95 lakhs has been reversed during the current year (₹ 381.95 lakhs during the current quarter) and such reversal of provision is presented as an exceptional item in the financial results for the quarter and year ended 31 March 2025.
4. The Company had acquired a sea food processing facility at Aroor including Land, lease hold rights, building and plant and machinery in 2011, with a plan to set up a facility for manufacture of marine collagen peptide. Subsequent market developments were not as anticipated due to which the facility could not be utilized as envisaged. As part of the management's strategy to divest non-operational assets, the Company sold these assets on 21 October 2024. Profit on sale of these assets amounting to ₹ 668.41 lakhs has been presented as an exceptional item in the financial results for the year ended 31 March 2025 (₹ 668.41 lakhs for the quarter ended 31 December 2024).
5. Other income for the year ended 31 March 2025 and year ended 31 March 2024 includes dividend of ₹ nil and ₹ 700.00 lakhs received from the subsidiary Company.
6. The Maharashtra State Pollution Control Board ("MPCB") vide their closure order dated 13 March 2024 had directed the subsidiary Company, Bamni Proteins Limited ("subsidiary") to stop the manufacturing activities at its factory in Bamni Village, Chandrapur District, Maharashtra citing failure to comply with certain pollution control norms and conditions for the discharge of treated effluent by the unit as stipulated in the 'consent to operate' letter issued by them. The subsidiary had stopped its manufacturing activities upon receipt of closure order. The management of the subsidiary believes that it has complied with all applicable norms stipulated in the consent to operate letter and the same was communicated to MPCB. The management of subsidiary also requested MPCB for an in-principle approval to lay a pipeline for the discharge of treated effluent water to a nearby river which has been declined by the MPCB vide its letter dated 30 April 2024. In the absence of technically and economically viable solution for resuming operations of the subsidiary's manufacturing activities on a sustainable basis, the Board of Directors of the subsidiary in their meeting held on 9 May 2024 decided to permanently close the manufacturing unit/factory of the Company by 25 July 2024. Accordingly, the Board of Directors of the subsidiary based on their assessment, had concluded that the subsidiary has ceased to be a going concern and the financial statements of the subsidiary were prepared on other than going concern basis, whereby, the assets are carried at lower of cost or estimated net realizable values and the liabilities are carried at their estimated settlement values.

   The subsidiary had recognised ₹ 337.58 lakhs towards provision for employee benefits which includes notice period salary to administrative staff as per terms of employment and notice pay wages and retrenchment compensation to workers during the quarter and year ended 31 March 2024. During the current year, dues accrued as above were transferred to the bank accounts of employees based on notice of termination served on employees of the subsidiary. Further, on account of compliance by the subsidiary with relevant regulations, MPCB has issued a restart order vide its order dated 2 August 2024.

   The subsidiary had also received a legal opinion that it had complied with relevant labour laws in connection with the closure which was also affirmed by the Industrial Court Chandrapur upon its reference. The valuation of fixed assets has been benchmarked to the Government guidance value for stamp duty purposes.

   The management of the subsidiary Company was continuing its efforts in terms of finding a technically and financially feasible solution for restarting operations for which studies were ongoing in consultation with external technical agencies. Subsequent to year ended 31 March 2025, such studies have been completed and the management is of the view that any suggested process would involve substantial capital expenditure in addition to operating expenses considering the volume of effluent that needs to be handled based on the subsidiary's scale of operations. The management of the subsidiary has initiated discussions with its promoters, NGI, Japan on the future of subsidiary's operations, given the implications on the entire supply chain. However, as on date, the management and Board of Directors of the subsidiary have concluded that the subsidiary continues to not being a going concern. Accordingly, the financial statements of the subsidiary used for the purpose of consolidation have been prepared on a basis other than going concern."
7. Financial results for the quarter and year ended 31 March 2024 includes reversal of provision relating to non moving inventory of ₹ 264.21 lakhs and ₹ 1,096.20 lakhs respectively.
8. The financial performance of the Company is dependent on quality / availability of crushed bone, its price and market demand of finished goods.
9. The Board of Directors has proposed a dividend of ₹ 0.7650 per preference share (@ 7.65063% p.a.) on 44,44,444 redeemable preference shares of ₹ 10/- each and a dividend of ₹ 8/- per equity share (80% of the face value of ₹ 10/- per share, including 20% special dividend to commemorate the golden jubilee year of operations of the Company) in their meeting held on 2 May 2025 which is subject to approval by the shareholders in the ensuing annual general meeting.
10. Figures for the quarters ended 31 March 2025 and 31 March 2024 are the balancing figures between audited figures for the full financial year and the reviewed year to date figures upto the third quarter of the respective financial years.
11. Prior period/year comparatives have been regrouped/reclassified where necessary to conform with the current period/year classification.
12. The above standalone financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 30 April 2025 and 02 May 2025.

The results alongwith the Auditors' Report have been posted at the Company's Website at https://gelatin.in/investors-portal. The same can be accessed by scanning the QR Code.

Notes:

1. These standalone financial results have been prepared in accordance with Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules thereunder and in terms of Regulation 33 of the SEBI ("Listing Obligations and Disclosure requirements") Regulations, 2015, as amended.
2. The Company is engaged in the manufacture and sale of products which form part of a single product group which represents one operating segment. As the Chief Operating Decision Maker ("CODM") reviews business performance at an overall group level, disclosure requirement under Ind AS 108 on "Operating Segment" is not applicable.
3. Performance of the plant in Reva Division, Bharuch of the Company is reported as a cost centre for products used captively for manufacture of Gelatin and profit centre for products sold to external customers (including Group Company). The management was not utilising the installed capacity in full due to higher manufacturing cost and a provision for impairment amounting to ₹ 531.95 lakhs was created during previous years based on impairment testing carried out then in the manner prescribed in Ind AS 36. Due to increase in manufacturing activity, the unit has started generating sustainable positive cash flows from these identifiable group of assets. The management has performed an impairment assessment and concluded that the recoverable value of this cash generating unit exceeds its carrying value as on 31 March 2025 and hence no provision is required to be carried in books. Accordingly, provision for impairment amounting to ₹ 381.95 lakhs during the current quarter) and such reversal of provision is presented as an exceptional item in the financial results for the quarter and year ended 31 March 2025.
4. The Company had acquired a sea food processing facility at Aroor including Land, lease hold rights, building and plant and machinery in 2011, with a plan to set up a facility for manufacture of marine collagen peptide. Subsequent market developments were not as anticipated due to which the facility could not be utilized as envisaged. As part of the management's strategy to divest non-operational assets, the Company sold these assets on 21 October 2024. Profit on sale of these assets amounting to ₹ 668.41 lakhs has been presented as an exceptional item in the financial results for the year ended 31 March 2025 (₹ 668.41 lakhs for the quarter ended 31 December 2024).
5. Other income for the year ended 31 March 2025 and year ended 31 March 2024 includes dividend of ₹ nil and ₹ 700.00 lakhs received from the subsidiary Company.
6. The Maharashtra State Pollution Control Board ("MPCB") vide their closure order dated 13 March 2024 had directed the subsidiary Company, Bamni Proteins Limited ("subsidiary") to stop the manufacturing activities at its factory in Bamni Village, Chandrapur District, Maharashtra citing failure to comply with certain pollution control norms and conditions for the discharge of treated effluent by the unit as stipulated in the 'consent to operate' letter issued by them. The subsidiary had stopped its manufacturing activities upon receipt of closure order. The management of the subsidiary believes that it has complied with all applicable norms stipulated in the consent to operate letter and the same was communicated to MPCB. The management of subsidiary also requested MPCB for an in-principle approval to lay a pipeline for the discharge of treated effluent water to a nearby river which has been declined by the MPCB vide its letter dated 30 April 2024. In the absence of technically and economically viable solution for resuming operations of the subsidiary's manufacturing activities on a sustainable basis, the Board of Directors of the subsidiary in their meeting held on 9 May 2024 decided to permanently close the manufacturing unit/factory of the Company by 25 July 2024.
