BACKGROUND TO THE AMALGAMATION

10. The Transferor Company is a wholly owned subsidiary of the Transferee Company in terms of Section 2(87) of the Companies Act, 2013. The Transferee Company currently holds 99.99% of the paid-up equity share capital of the Transferor Company.

RATIONALE FOR THE SCHEME

11. The rational and reasons for the proposed Scheme of Arrangement, inter alia, are summarized below:
 - Would enable focused strategic leadership and top management attention to be bestowed on the Undertaking of the Transferor Company so as to integrate the business synergies and reap the benefits of consolidation.
 - Would channelize synergies; enable optimum utilization of the available resources, broadening the customer base besides enabling a focused business approach for achieving optimization.
 - Would enable to achieve higher long-term financial returns and inculcation of greater financial strength and flexibility that could be achieved by the companies individually.
 - Would enable the Transferee Company to have diversified product portfolio which would enable it to manage risks in a better way.

- Would enable the Transferee Company to make value added products from Transferor Company's which would give higher returns and also exploit its customer base to increase exports of such products which could result in higher foreign earnings to the country and to the transferee company.
- Would result in greater rationalization and help reduce duplication of systems and processes.
- Would result in more efficient and more cost effective management system in view of consolidation of operations and larger size as the Transferor and Transferee Companies are involved in the same line of business.
- Would be beneficial for pooling of financial, managerial and technical resources, personnel capabilities, skills, expertise and technologies of the merging companies leading to increased competitive strength.

In view of the above benefits, the proposed amalgamation would result in an enhanced shareholder value.

12. The Board of Directors of the Transferor Company has at their meeting held on 05th August, 2016 passed a resolution approving the Scheme of Amalgamation ('the Scheme') between the Transferor Company and the Transferee Company and their respective shareholders. Similarly, the Board of Directors of the Transferee Company has approved the said Scheme of Amalgamation in their meeting held on 06th August, 2016. The board (s) of both the companies have further took note of the legal position consequent to bringing into force the provisions of the Section 233 and other relevant provisions of the Act and have made the changes in the Scheme and the related items to bring in line with the statutory requirement although the content and spirit of the same remained same .
13. While approving the proposed Scheme, amongst others, the Board of Directors considered the following:
 - i. The Transferor Company is a wholly owned subsidiary of the Transferee Company. Retaining the Transferor Company as a separate legal entity results in increased administrative hassle and also cash outflow on various unavoidable expenses. The management thus believes that having multiple entities does not have any commercial benefit and results in carrying out duplication of efforts, higher administrative cost and hassles. The amalgamation of the Transferor Company would result into streamlining the operations of the Group from global perspective and would also result in saving of administration cost and increase in operating efficiencies.
 - ii. The Scheme does not affect the rights and interests of the shareholders or the creditors of the Transferee Company. The Shareholding and other rights of the members of the Transferee Company will remain unaffected as there is no change in the capital structure. Further, the Creditors of the Transferee Company will not be affected by the Scheme.
14. **The Scheme is conditional upon and subject to:**
 - (a) The Scheme being agreed to by the requisite majority of the respective classes of members and/ or Secured and Unsecured Creditors of each of the Transferor Company and of the Transferee Company as required under the Act and the requisite orders of the statutory authorities being obtained;
 - (b) Such other consents, sanctions and approvals as may be required by law in respect of the Scheme being obtained; and
 - (c) The Certified true copies of the Orders of the respective authorities sanctioning the Scheme being filed with the Ministry of Corporate Affairs.

15. There is no likelihood that any creditor of the Company would lose or be prejudiced as a result of the Scheme being passed. The latest Audited Accounts of the Companies indicate that they are in a solvent position and the Amalgamated Company i.e., the Transferee Company would emerge stronger and thus would be able to meet the liabilities as they arise in the ordinary course of business.
16. The rights and interests of the members and the creditors of the Transferee Company will not be prejudicially affected by the Scheme.
17. **Valuation Report**
The valuation report certificate obtained from M/s. Nandyala & Associates, Chartered Accountants certifying the non-applicability of Valuation Report pursuant to Clause 4 of Annexure-I of SEBI Circular CIR/CFO/CMD/16/2015 dated 30th November 2015 is annexed to this notice.

2. The Scheme involves amalgamation of the Transferor Company, which is a wholly owned subsidiary of the company, with the company. Since the Transferor Company is a wholly owned subsidiary, no shares would be issued by the company pursuant to the Scheme.

In such case, the benefit if any arises to the company only. Such a benefit would be to the advantage of all shareholders of the company. The objective of safeguarding the interest of the Minority shareholders (the purpose behind the above restriction) would not apply to such a case.
- The Transferor Company is a private limited company and is the wholly owned subsidiary of the company. The wholly owned subsidiary has no relationship with Promoters / Promoters Group of the Company except for the relationship through the company.
