Press Release

The Board of Directors of M/s Surana Ventures Limited has decided to change the name of the company from Surana Ventures Limited to M/s Surana Solar Limited, to reflect the solar business of the company. The Ministry of Corporate affairs has given approval for the name change.

Surana Ventures Ltd. is one of the largest companies in India, manufacturing Solar Products with a range of 3 Wp to 300 Wp SPV Modules.

Surana Ventures Limited has set up Solar Power Project under EPC for its associated companies. M/s Surana Telecom and Power Limited is successfully operating 5 MW Solar Power Plant Project in Gujarat. And another project of 5 MW is operating under Bhagyanagar India Limited in Telengana. Two more 5 MW of Solar Power projects are under execution by associate companies.

To make the company as one of the most integrated company in India, it has procured two Solar Cell Lines with a capacity of 130 MW from Schott Solar, Germany and the same is under commissioning, which will make it one of the largest Solar Manufacturing Company in the country.

Surana Ventures Limited is a brand to reckon with in Europe and has established itself as a brand name. During the financial year ended 31.3.2014, it has performed well. Out of total turnover of Rs.129.05 crores, the solar division accounted for a turnover of Rs.127.83 crores. Out of the total turnover the export turnover was Rs.20.08 crores. The exports are expected to further go up in the coming years.

The company is also one of the 5 top companies in India and shortly will be equipped with cell manufacturing facility. During the recent Inter Solar Expo at Munich, the company has booked substantial export orders for Solar Modules and Solar Cells from USA and Europe and has made a headway in the export market

The other range of products include
Emergency Home Power Pack for domestic usage
Solar Water Pump
Solar Lantern
Solar Remote Communication Tower
Solar Street Light
Solar Home Lighting System
EPC contracts for Solar Power Plants
