Dear Sirs,

RE: Disclosure of Material Events

Please take note that based on the decisions of the Board of Directors of the Company, the following actions are proposed:

1. Restructuring of China operations

Due to the economic slowdown in China, the Company's business operations have been severely affected there is a need for some restructuring to be carried out in order to minimise losses and approach the market in a focused manner by supplying products that meet local market requirements. Thus, it was decided to:

A. Restructure the business and operations of Elgi Equipments Zhejiang Limited

The business licence of Elgi Equipments Zhejiang Limited has been expanded to include trading activities. The operations of Elgi Equipments Zhejiang Limited will also be restructured by adopting measures like optimisation of manpower, surrender of manufacturing licence, moving to a smaller location and carry on purely import, warehousing, selling and servicing of compressor products. The manufacturing license be freshly applied for as and when the new products are made available and business improves in the future.

B. Wind down Elgi Compressors Shanghai Trading Limited

Elgi compressors Shanghai Trading Limited, was basically promoted to engage in trading activities since Elgi Equipments Zhejiang Limited possessed only a manufacturing license at the relevant time and was not permitted to engage in trading activities. Elgi Equipments Zhejiang Limited recently obtained a license to trade and therefore, it makes sense to wind down Elgi compressors Shanghai Trading Limited and carry on all trading operations in Elgi Equipments Zhejiang Limited.

These activities are likely to be completed in the next few weeks.
