U.S. FDA Completes Inspection of Lupin's Vizag Facility with No Observations

Mumbai, India, March 10, 2023: Global pharma major Lupin Limited (Lupin) today announced that the United States Food and Drug Administration (U.S. FDA) has completed a Pre-Approval and GMP Inspection of its API manufacturing facility located in Visakhapatnam (Vizag), India. The inspection was conducted from March 6 to March 10, 2023 and concluded with no observations.

“We are pleased with the successful completion of the inspection at our Vizag facility,” said **Nilesh Gupta, Managing Director, Lupin**. “This accomplishment is a testament to our commitment to upholding global quality standards across all our manufacturing sites, and to provide quality affordable healthcare for all.”

About Lupin

Lupin is an innovation-led transnational pharmaceutical company headquartered in Mumbai, India. The Company develops and commercializes a wide range of branded and generic formulations, biotechnology products, and APIs in over 100 markets in the U.S., India, South Africa, and across the Asia Pacific (APAC), Latin America (LATAM), Europe, and Middle East regions.

The Company enjoys a leadership position in the cardiovascular, anti-diabetic, and respiratory segments and has a significant presence in the anti-infective, gastrointestinal (GI), central nervous system (CNS), and women's health areas. Lupin is the third-largest pharmaceutical company in the U.S. by prescriptions. The company invested 8.7% of its revenue in research and development in FY22.

Lupin has 15 manufacturing sites, 7 research centres, more than 20,000 professionals working globally, and has been consistently recognized as a 'Great Place to Work' in the Biotechnology & Pharmaceuticals sector.
