Datamatics (TruBot) recognized in the 2019 Gartner Magic Quadrant for Robotic Process Automation Software

Mumbai, July 24, 2019: Datamatics Global Services Ltd. (DGSL), a global IT & BPM company, today announced that it has been recognized in Gartner's first Magic Quadrant for Robotic Process Automation (RPA) Software. This report is authored by Gartner analysts Derek Miers, Marc Kerremans, Saikat Ray and Cathy Tornbohm, published on 8 July, 2019. The research says "RPA tools link applications, eliminating keying errors, speeding up processes and cutting costs. As a market, RPA is still relatively small, with total revenue of slightly less than \$850 million in 2018. However, RPA is the fastest-growing software subsegment officially tracked by Gartner, with year-over-year growth of more than 63% in 2018."

The vendors in Magic Quadrants are evaluated based on their Ability to Execute and Completeness of Vision. The research report evaluates vendors on multiple parameters like Automation Development, Integration Features, Control panel/dashboard, Component/script library, Resilience and error recovery and Security. It also considers capabilities in AI, machine learning and NLP, Business rules and process automation and OCR.

[Datamatics TruBot](#) is an enterprise grade, multi-skilled RPA product that automates a range of repetitive and rule-based processes. TruBot has more than 96 customers globally and has automated over 800 processes. TruBot has other advance platforms including [TruBot Neuro](#) (TruBot with AI), [TruCap+](#) (Intelligent Data Capture Solution) and TruBot Analytics. Datamatics TruBot has also been evaluated among the top rated RPA products with an overall rating of 4.6 out of 5 on [Gartner Peer Insights Portal with 156 reviews, as of July 22nd 2019](#).

Mr. Mitul Mehta, SVP & Head, Marketing & Communications, Datamatics Global Services Ltd. said, "We are delighted to be recognized in the 2019 Gartner Magic Quadrant for Robotic Process Automation Software. We believe this will further strengthen our position as a strong player in the RPA Software market. We will continue to invest and grow our capabilities as a provider of intelligent automation software. On behalf of Datamatics, I would like to thank our customers for their support."

Gartner Magic Quadrant for Robotic Process Automation Software, Derek Miers et al., 8 July 2019
