Sub.: Successful Commissioning of 5th 270 MW unit of Amravati Thermal Power Project.

Dear Sirs,

We wish to inform you that RattanIndia Power Limited (formerly known as Indiabulls Power Ltd.) has successfully commissioned the 5th unit of its 1350 MW (5X270MW) Phase-I Thermal Power Plant at Amravati, Maharashtra and has commenced commercial operation.

This marks the completion of Phase-1 of entire 1350 MW at Amravati Thermal Power Plant. Also, Amravati Power Transmission Company Ltd. (APTCL), a wholly owned subsidiary of RattanIndia Power Ltd., has commissioned the transmission system for evacuation of power from Phase-1. The transmission system includes 104 Km long 400 KV double circuit Quad Moose line from Amravati Project to Akola-II Substation and 7 Km long LILO 400 KV single circuit line connecting to Koradi - Akola line.

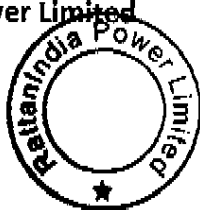

The Amravati Thermal Power Plant will supply 1200 MW of power under a long term Power Purchase Agreement with energy utility, Maharashtra State Electricity Distribution Company Ltd.

Thanking you,

Yours truly

For RattanIndia Power Limited

Gaurav Toshkhani
Company Secretary
