TCS Recognized as a Leader in Magic Quadrant for Application Testing Services, Worldwide by Gartner

Evaluation based on Completeness of Vision and Ability to Execute

NEW YORK | MUMBAI, December 10, 2014: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS), a leading IT services, consulting and business solutions organization, announced today it has been recognized by Gartner, Inc. as a "Leader" in its "Magic Quadrant for Application Testing Service Providers, Worldwide" report, by Susanne Matson and Patrick J. Sullivan, November 25, 2014.

According to Gartner, providers designated as Leaders "are performing well today, gaining traction and mind share in the market. They have a clear vision of the market's direction and are actively building competencies to sustain their leadership position in the market." Gartner evaluated 16 service providers, including TCS, on their ability to execute and completeness of vision.

Commenting on the report, Siva Ganesan, Vice President and Global Head of Assurance Services, TCS, said, "We are delighted to be recognized by Gartner analysts as a Leader in the Magic Quadrant report. We believe it reinforces our leadership in application testing services and the value we bring to our customers leveraging Industrialized Global Delivery, Customer Centricity and Breadth of Consulting, Solutions, Offerings and Services."

TCS' Assurance Services addresses both business and quality challenges for its global clients, empowering organizations across domains to realize first mover advantage, improve customer satisfaction and optimize overheads. It continually redefines quality assurance and testing paradigms to help clients stay ahead of the curve. With specialized labs and solutions, TCS drives the delivery of assurance in a non-disruptive, agile and automated manner, making the entire development lifecycle more efficient.

Gartner does not endorse any vendor, product or service depicted in its research publications, and does not advise technology users to select only those vendors with the highest ratings or other designation.
