TCS Recognized as a Leader in 2018 Magic Quadrant for SAP Application Services, Worldwide by Gartner

Tata Consultancy Services' Great Global Depth and Breadth of SAP Services, Continued Investments in Automation and Good Client Feedback on Capabilities are named as Key Attributes

SANTA CLARA | MUMBAI, March 5, 2018: Tata Consultancy Services (TCS), (BSE: 532540, NSE: TCS), a leading IT services, consulting and business solutions organization, has been positioned as a Leader in the Gartner's 2018 SAP Application Services Magic Quadrant, Worldwide¹.

"Today's rapidly changing world of business requires organizations to embrace digital and be agile to maintain their competitive edge, by leveraging next generation enterprise applications, customized to their unique market conditions and trends," said Akhilesh Tiwari, Global head, Enterprise Application Services, TCS. "Our positioning as a Leader is recognition of our strengths and capabilities in SAP services, and our track record in enabling successful business outcomes for our customers."

TCS has an integrated full services portfolio on SAP, across industries, business domains and geographies. Services include consulting, advisory, implementation, rollouts, upgrade, shared services, and hosting services. We have a comprehensive set of industry specific solutions such as predictive maintenance for utilities, liquidity risk management for the financial sector and MRO (maintenance, repair and overhaul) solution for transportation.

TCS helps enterprises evaluate and adopt digital technologies such as SAP S/4HANA, Hybris, SuccessFactors, Ariba, and more. TCS' innovation and demo centers in Cincinnati-US, Paris-France, Mumbai-India and Tokyo-Japan help customers get a first-hand experience of SAP's new products and global innovations through a digital transformation ecosystem.

Customers get significant time to market benefits from TCS' Smart Operations suite that includes automation tools (TCS Fast Forward, TCS Data Sure, TCS QuickConfig) and solution accelerators (TCS Value MaXX and TCS ACE+) for proactive remediation. TCS' flagship cognitive automation product, ignio™ for SAP comes with a pre-built knowledge on the end to end management of SAP including SAP application maintenance and OS/database management, automating the resolution of common errors and helping customers run their SAP operations more efficiently and effectively.

TCS' award-winning strategic partnership with SAP spans across co-innovation to go-to-market programs in multiple industries and solution areas. TCS is a SAP Global Services Partner, SAP Global BPO Partner, Global Run SAP Partner, Outsourcing Operations Partner (Hosting & Cloud Services) and Channel Partner.
