Pursuant to provisions of Section 178 of the Companies Act, 2013 and on the recommendation of the Nomination & Remuneration Committee, the Board has adopted a policy for selection, appointment and remuneration of Directors, Key Managerial Personnel ('KMPs') and Senior Management Personnel ('SMPs') including criteria for determining qualifications, positive attributes, independence of a director and other related matters. The Remuneration Policy has been placed on the website of the Company and is available on www.remsons.com.

The salient features of Remuneration Policy are mentioned below:

Selection:

- Any person to be appointed as a Director on the Board of Director of the Company or as KMP or Senior Management Personnel, including Independent Directors, shall possess appropriate skills, experience and knowledge in one or more fields of sciences, actuarial sciences, banking, finance, economics, law, management, sales, marketing, administration, research, corporate governance or technical operations.
- Any person to be appointed as a Director on the Board of the Company shall possess the relevant experience and shall be able to provide policy directions to the Company, including directions on good corporate governance.
- While appointing any person as Chief Executive Officer, Managing Director or a Whole-time Director of the Company, his / her educational qualification, work experience, industry experience, etc. shall be considered.

Remuneration of Managing Director:

- At the time of appointment or re-appointment, the Managing Director shall be paid such remuneration as may be mutually agreed between the Company (which includes the nomination & remuneration committee and the Board of Directors) and the Managing Director within the overall limits prescribed under the Companies Act, 2013.
- The remuneration shall be subject to the approval of the Members of the Company in General Meeting.
- In determining the remuneration the Nomination & Remuneration Committee shall consider the following:
 - I. The relationship of remuneration and performance benchmarks is clear;
 - II. Balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals;
 - III. Responsibility of the Managing Director's and the industry benchmarks and the current trends;
 - IV. The Company's performance vis-à-vis the annual budget achievement and individual performance.

Remuneration of Non-Executive Directors:

The Non-Executive Directors shall be entitled to receive remuneration by way of sitting fees, reimbursement of expenses for participation in the Board / Committee meetings. A Non-Executive Director shall be entitled to receive sitting fees for each meeting of the Board or Committee of the Board attended by him of such sum as may be approved by the Board of Directors within the overall limits prescribed under the Companies Act, 2013 and The Companies (Appointment and Remuneration of Managerial Remuneration Rules, 2014).

The Independent Directors of the Company shall not be entitled to participate in Stock Option Scheme of the Company, if any, introduced by the Company.

Remuneration of Senior Management Employees:

In determining the remuneration of the Senior Management employees (i.e. KMPs and Executive Committee Members) the Nomination and Remuneration Committee shall consider the following:

1. The relationship of remuneration and performance benchmark is clear;
2. The fixed pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals;
3. The components of remuneration includes salaries, perquisites and retirement benefits;
4. The remuneration including annual increment and performance incentive is decided based on the criticality of the roles and responsibilities, the Company's performance vis-à-vis the annual budget achievement, industry benchmark and current compensation trends in the market.

The Managing Director / Executive Director / CEO will carry out the individual performance review based on the standard appraisal matrix and after taking into account the appraisal score card and other factors mentioned hereinabove, recommends the annual increment to the Nomination & Remuneration Committee for its review and approval.

The Company has not given any stock option to the Executive and Non-Executive Directors.

17. DIRECTOR'S FAMILIARISATION PROGRAMME :

The Company undertakes and makes necessary provision for appropriate induction programme for new Directors and ongoing training for existing Directors.

The new directors are introduced to the company's culture, through appropriate training programmes. Such kind of training programmes help in developing relationship of the directors with the Company and familiarise them with Company processes. The management provides such information and training either at the meeting of Board of Directors or otherwise.

The induction process is designed to:

- build an understanding of the Company's processes and
- fully equip Directors to perform their role on the Board effectively.

Upon appointment, directors receive a letter of appointment setting out in detail, the terms of appointment, duties, responsibilities and expected time commitments. The details of familiarization programme imparted to independent directors are available on the Company's website at: https://www.remsons.com/wp-content/uploads/2017/03/1443002120_terms-of-appt.pdf

**ANNEXURE - II
SECRETARIAL AUDIT REPORT**

**FOR THE FINANCIAL YEAR ENDED 31ST MARCH
2019**

**[Pursuant to Section 204(1) of the Companies Act, 2013
and Rule 9 of the Companies (Appointment and
Remuneration Personnel) Rules, 2014]**

To,
The Members,
Remsons Industries Limited

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Remsons Industries Limited** (hereinafter called 'the Company'). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluation of the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2019 ('Audit Period') generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019 according to the provisions of:

- (I) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings (not applicable to the Company during the Audit Period);

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (i) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (ii) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (iii) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (not applicable to the Company during the Audit Period);
 - (iv) Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (not applicable to the Company during the Audit Period);
 - (v) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (not applicable to the Company during the Audit Period);
 - (vi) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (vii) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (not applicable to the Company during the Audit Period);
 - (viii) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 (not applicable to the Company during the Audit Period);
 - (ix) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; and
 - (x) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.
- (vi) As informed and certified by the management, there are no laws that are specifically applicable to the business activities carried on by the Company based on its section/industry.

I have also examined compliance with the applicable clauses of the Secretarial Standards (SS - 1 and SS - 2) issued by The Institute of Company Secretaries of India.

During the period under review, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, etc. mentioned above, except *delay in filling of certain e-forms with the Registrar of Companies.*

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. During the period under review, the appointment of independent director and Key Managerial Personnel were made in compliance of the Companies Act and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Adequate notice are given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period there was no specific event or action having a major bearing on the company's affairs.

Annexure IV

STATEMENT OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNING AND OUTGO PURSUANT TO THE PROVISIONS OF SECTION 134 OF THE COMPANIES ACT, 2013 READ WITH THE COMPANIES (ACCOUNTS) RULES, 2014

As required under Section 134(3)(m) of the Companies Act, 2013, read with the Companies (Accounts) Rules, 2014, the information relating to the foregoing matters is given as under:

a) Conservation of Energy

Your Company's existing activities are not power intensive and hence consumption of power is not significant. However, the Management is conscious of the importance of conservation of energy and reviews the measures to be taken for reduction in the consumption of energy from time to time.

b) Technology Absorption

Technologies require aggregation, validation and commercialization with engagement of the company and its various channel partners who can validate and adapt them to local economic structures, regulatory framework and markets.

The Company has identified new technologies which it intends to bring into the Indian markets by way of Joint Ventures and Technical Tie-ups. Currently the Assessment Reports are being prepared for the products identified.

The Company realized that the major drawbacks for Technology Absorption is

- The Lack of strategy and structure to aggregate technologies
- Largely isolated effort in technology generation
- Disconnect to commercialization

In order to counter the above the Company addressed key questions such as

- How do we sustain interest among OEM's to engage in every stage of development, validation and commercialization?
- How do we engage OEM'S from convergent disciplines to engage in collaborative development and translational validation?

- How do we make “go” / “no go” decisions for validated technologies?

The Company has already adapted best technologies in the manufacturing processes and the same shall continue to be upgraded with time.

The Company's engineering center at Gurgaon with modern Testing and Validation Equipments has facilitated undertaking various validation tests for the auto control cables and Gear Shifters produced by the Company. These validation tests include among others, Life test under different climatic conditions from sub-zero to High temperatures to guarantee uniform functioning. Based on various tests, the Engineering team regularly suggests design modifications of the cables to further enhance the efficiency and Life of its products.

Along with this the Company has formed a core team of Engineers to concentrate on Future Technologies.

REPORT ON MANAGEMENT DISCUSSION AND ANALYSIS**1. BUSINESS OVERVIEW :**

The automobile industry in India is world's fourth largest, with the country currently being the world's 4th largest manufacturer of cars and 7th largest manufacturer of commercial vehicles in 2018. Indian automotive industry (including component manufacturing) is expected to reach ₹ 16.16-18.18 trillion by 2026. Two-wheelers dominate the industry and made up 81 per cent share in the domestic automobile sales in FY19. Overall, Domestic automobiles sales increased at 6.71 per cent CAGR between FY13-18 with 26.27 million vehicles being sold in FY19. Indian automobile industry has received Foreign Direct Investment (FDI) worth US\$ 20.85 billion between April 2000 and December 2018.

Domestic automobile production increased at 6.96 per cent CAGR between FY13-19 with 30.92 million vehicles manufactured in the country in FY19.

In FY19, commercial vehicles recorded the fastest pace of growth in domestic sales at 17.55 per cent year-on-year, followed by three-wheelers at 10.27 per cent year-on-year.

The passenger vehicle sales in India crossed the 3.37 million units in FY19, and is further expected to increase 10 million units by FY20.

Performance of Auto Industry during 2018-19**Production**

The industry produced a total 30,915,420 vehicles including passenger vehicles, commercial vehicles, three wheelers, two wheelers and quadricycle in April-March 2019 as against 29,094,447 in April-March 2018, registering a growth of 6.26 percent over the same period last year.

Domestic Sales

The sale of Passenger Vehicles grew by 2.70 percent in April-March 2019 over the same period last year. Within the Passenger Vehicles, the sales of Passenger Cars, Utility Vehicle & Vans grew by 2.05 percent, 2.08 percent and 13.10 percent respectively in April-March 2019 over the same period last year.

The overall Commercial Vehicles segment registered a growth of 17.55 percent in April- March 2019 as

compared to the same period last year. Medium & Heavy Commercial Vehicles (M&HCVs) increased by 14.66 percent and Light Commercial Vehicles grew by 19.46 percent in April-March 2019 over the same period last year.

Three Wheelers sales increased by 10.27 percent in April-March 2019 over the same period last year. Within the Three Wheelers, Passenger Carrier sales registered a growth of 10.62 percent and Goods Carrier grew by 8.75 percent in April-March 2019 over April-March 2018.

Exports

In April-March 2019, overall automobile exports grew by 14.50 percent. While Passenger Vehicles exports declined by 9.64 percent, Commercial Vehicles, Three Wheelers and Two Wheelers registered a growth of 3.17 percent, 49.00 percent and 16.55 percent respectively in April-March 2019 over the same period last year.

2. INDUSTRY STRUCTURE & DEVELOPMENTS.

In spite of the challenges, the domestic automobile industry should perform well in view of expected increase in Government's budget for infrastructure, building national highways and widening of roads at cities and rural areas too. Increasing foreign investments under 'Make in India' may provide better employment opportunities with higher pay scales. Indian automobile sector has seen huge investments from both domestic and foreign manufacturers. FDI inflows to the sector were US\$ 20.85 billion in automobiles sector between April 2000 - December 2018. This should not only increase the purchasing power of the public, but should also result in higher GDP and overall economic growth of the Country.

3. OPPORTUNITIES AND THREATS**Opportunities**

In addition, several initiatives by the Government of India, to implement Faster Adoption & Manufacturing of Electric Hybrid Vehicles (FAME) till 2020 which would cover all vehicle segments, all forms of hybrid & pure electric vehicles. Under the scheme, the

Government of India is planning to provide grants of up to Rs 105 crore (US\$ 16.33 million) to each of the selected city with population of more than a million, for buying electric buses, cars and three-wheelers in FY18. Additional funds will be provided for charging infrastructure.

The Government of India has shortlisted 11 cities in December 2017 to have electric vehicle based public transportation systems under this scheme. Number of vehicles supported under FAME scheme has increased to 192,451 in March 2018 from 5,197 in June. FAME Phase-I has been extended up to March 31, 2019. The Government of India is expected to launch the second phase soon.

In February 2019, the Government of India approved the FAME-II scheme with a fund requirement of Rs 10,000 crore (US\$ 1.39 billion) for FY20-22.

Following the implementation of GST, manufacturing activity is expected to further accelerate. Given the positive environment for Indian automotive sector, the Company is set to capitalize on the upcoming opportunity by focusing on improving process efficiencies, reducing cost, building scale in existing markets, exploring new markets and working with its OEMs to bring in the best in class products to the country and outside of the country.

Threats

Inflationary pressures may push up prices of all commodities besides impacting the cost of manufacturing. Steel products, Non Ferrous Metals, Engineering Plastic & Rubber Components are some of the major raw material inputs of the company have been rising constantly during the year.

Slowdown in the Indian Auto industry can impact OEM volumes is one of the major threat which could lead to decreased volumes and capacity utilisation. Excessive fluctuations in currency rates can have impact in sales and hence the margins. Increasing commodity prices, liquidity issues, looming trade war, competitive intensity act as a dampener continues to be the area of concern in the future.

4. OUTLOOK

Indian economy is expected to grow better this year. With lower inflation, lower bank interest rates and expected normal monsoon, outlook for automotive industry appears to be satisfactory. Although, global

economy continues to struggle, opportunities for business are significant considering current low market penetration. With focused customer service, the outlook for the Company appears satisfactory.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
REMSONS INDUSTRIES LIMITED

Report on the Audit of the financial statements**Opinion**

We have audited the accompanying financial statements of **REMSONS INDUSTRIES LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash Flows for the year the ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

A. Provision for slow moving and non moving inventories.Description of Key Audit Matters

The company carries a sizeable portion of inventory which is a material portion of the total assets of the company. The management has the process of identifying the slow moving and non moving inventories. This estimate has inherent uncertainty as it involves estimation/judgment on the part of the management.

Description of Auditors Response

Our procedures included discussion with the management on the control on the data and its effectiveness. Our audit approach was a combination of test of internal controls and substantive procedures which included the following:

- Evaluated the design of internal controls relating to identifying the slow moving and non moving items and tested the controls pertaining to the same.
- Reviewed the age-wise inventory reports and movement of inventory and production of items in which such inventories are being used.
- Discussed with the operating personnel about the alternate use of such items.
- Reviewed the net realizable value of such non moving and slow moving items
- Performed analytical procedures and test of details for reasonableness of the provisions.

B. Valuation of Employee BenefitsDescription of Key Audit Matters

The Company has Present Value of Obligations for Gratuity of Rs. 202.93 lakhs and provision for Leave Encashment of Rs. 43.32 lakhs as of March 31, 2019. The assumptions that underpin the valuation of the Gratuity and Leave Encashment are important and also based on subjective judgements. Management has obtained advice from actuarial specialists in order to calculate the amount of Gratuity and Leave Encashment to be recognised as uncertainty arises as a result of estimates made based on the Company's expectations about long-term trends and market conditions. As a result, the actual surplus or deficit realised by the Company may be significantly different to that recognised on the balance sheet since small changes to the assumptions used in the calculation materially affect the valuation.

Description of Auditors Response

Our procedures included discussion with the management on the control on the data and reasonableness of the assumptions

- We reviewed the scheme rules to ensure our understanding is correct. We tested the input data used by the actuary to company records.
- We evaluated the key actuarial assumptions with the assistance of our specialists to determine if these were within an acceptable range.
- We compared with the actuarial gain/loss of earlier years to understand the impact of the variation in the assumptions

Management's Responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to

issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the

disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under

Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note No. 28 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company by the Company during the year ended March 31, 2019.
3. With respect to the matter to be included in the Auditors' report under Section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

**ANNEXURE B TO THE INDEPENDENT
AUDITORS' REPORT**

**Report on the Internal Financial Controls under
Clause (i) of Sub-Section 3 of Section 143 of the
Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **REMSONS INDUSTRIES LIMITED** ("the Company") as of 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal
Financial Controls**

The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide

reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

REMSONS INDUSTRIES LIMITED
CIN No- L51900MH1971PLC015141

Notes to the Standalone financial statements for the year ended March 31, 2019

1. Corporate Information

Remsons Industries Limited ('the company') is a listed public limited company incorporated in India. The registered office is located at 401, 4th Floor, Hanuman Road, Vile Parle (East), Mumbai - 400 057, Maharashtra, India. The Company is manufacturing automotive control cables, flexible shafts, push pull cables and gear shifter assembly. The Company has eight manufacturing plants located in India.

2. Summary of significant accounting policies

2.1 Basis of preparation

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle.

The financial statements were authorized for issue by the Company's Board of Directors on 29th May, 2019.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lacs, unless otherwise indicated.

2.2 Use of estimates and judgments

The preparation of financial statements requires management to make judgments, estimates and

assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

2.3 Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

2.4 Foreign Exchange Transactions

i. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

ii. Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. All the foreign exchange gains and losses are presented in the statement of Profit and Loss on a net basis within other expenses or other income as applicable.

2.5 Property Plant and Equipment (PPE)

An item of PPE is recognized as an asset, if and only if, it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. PPE are initially recognized at cost. The initial cost of PPE comprises its purchase price (including non-refundable duties and taxes but

excluding any trade discounts and rebates), and any directly attributable cost of bringing the asset to its working condition and location for its intended use.

Subsequent to initial recognition, PPE are stated at cost less accumulated depreciation and any impairment losses. When significant parts of property, plant and equipment are required to be replaced in regular intervals, the Company recognizes such parts as separate component of assets. When an item of PPE is replaced, then its carrying amount is de-recognized from the balance sheet and cost of the new item of PPE is recognized. Further, in case the replaced part was not being depreciated separately, the cost of the replacement is used as an indication to determine the cost of the replaced part at the time it was acquired.

The expenditures that are incurred after the item of PPE has been put to use, such as repairs and maintenance, are normally charged to the statement of profit and loss in the period in which such costs are incurred

Depreciation has been charged to statement of profit & loss on Straight Line Method on Buildings, Plants and Machineries, Electric Installations and Dies & Mould, where as other assets on Written Down Value method determined based on the economic useful lives of assets estimated by the management; or at the rates prescribed under Schedule II of the Companies Act, 2013. Accordingly, the Company has used the following rates:-

Name of Assets	Useful Life (in Years)
Building	
- Factory Building	30
- Other Building	60
- Fences, wells, tube wells	5
Plant & Machinery	15
Spares of Plant & Machinery	5
Moulds and Dies	15
Electrical Installations and Equipment's	10
Office equipment's	5
Furniture & Fittings	10
Servers and networks	6
Data processing machine and computer, laptops	3
Vehicle	8

2.6 Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as Investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is

derecognised. Investment properties (except freehold land) are depreciated using the straight-line method over their estimated useful lives at the rates prescribed under Schedule II of the Companies Act, 2013.

2.7 Intangible assets

- i. An intangible asset shall be recognised if, and only if:
 - (a) it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and
 - (b) the cost of the asset can be measured reliably.
- ii. Cost of technical know-how is amortised over a period of life of contract.

iii. Computer software is capitalised where it is expected to provide future enduring economic benefits. Capitalisation costs include license fees and costs of implementation / system integration services. The costs are capitalised in the year in which the relevant software is implemented for use. The softwares are amortised over a period of 3 or 8 years based on the life it is expected to provide future enduring benefits on straight-line method.

2.8 Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. All other borrowing costs are charged to statement of profit & loss in the period in which it is incurred except loan processing fees which is recognized as per Effective Interest Rate method.

Borrowing costs consist of interest and other costs that company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.9 Tax Expenses

Income Tax expense comprises of current tax and deferred tax charge or credit. Provision for current tax is made with reference to taxable income computed for the financial year for which the financial statements are prepared by applying the tax rates as applicable.

i. Current Tax

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii. Deferred Tax:

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Company has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

iii. Dividend distribution tax

Dividend distribution tax paid on the dividends is recognised consistently with the presentation of the transaction that creates the income tax consequence. Dividend distribution tax is charged to statement of profit and loss if the dividend itself is charged to

statement of profit and loss. If the dividend is recognised in equity, the presentation of dividend distribution tax is recognised in equity.

2.10 Revenue

(a) Revenue from operation:

The Company derives revenues primarily from sale of manufactured goods, traded goods and related services.

Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) - 'Revenue from contracts with customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Group performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

(b) Other Income:

- i. Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.
- ii. Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy. Premium of sale of import licenses is recognised on an accrual basis.
- iii. Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

2.11 Inventory

Raw materials, Packing materials, Stores and Spare parts are valued at Lower of cost (cost includes direct cost & attributable overheads) or net realizable value. The Company follows Weighted Average Cost method for valuation of Raw materials, Packing materials, Stores and Spare parts. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Semi-finished & Finished goods are valued at lower of estimated cost or net realizable value. Scrap is valued at net realizable value.

The company was valuing its Raw materials, Packing materials, Stores and Spare parts on first-in-first-out basis, during the year the company implemented SAP Accounting software and started valuing such inventories on Weighted Average Cost basis. The impact of such change is not material.

2.12 Segment Reporting

Primary Segment is identified based on the nature of products and services, the different risks and returns and the internal business reporting system. Secondary segment is identified based on geographical area in

which major operating divisions of the Company operate.

2.13 Impairment Of Assets

Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.14 Fair Value Measurement

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) prices for identical assets or liabilities in active markets

Level 2: Significant inputs to the fair value measurement are directly or indirectly observable

Level 3: Significant inputs to the fair value measurement are unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.15 Financial Instrument

2.15.1 Recognition, classification and presentation

The financial instruments are recognised in the balance sheet when the company becomes a party to the contractual provisions of the instrument.

The Company determines the classification of its financial instruments at initial recognition.

The Company classifies its financial assets in the following categories: a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and b) those to be measured at amortized cost. The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Financial assets and liabilities arising from different transactions are off-set against each other and the resultant net amount is presented in the balance sheet, if and only when, the Company currently has a legally enforceable right to set-off the related recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

2.15.2 Measurement

I. Initial measurement

At initial recognition, the Company measures financial instruments at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Otherwise transaction costs are expensed in the statement of profit and loss.

II. Subsequent measurement - financial assets

The subsequent measurement of the financial assets depends on their classification as follows:

i. Financial assets measured at amortized cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost using the effective interest rate ('EIR') method (if the impact of discounting / any transaction costs is significant). Interest income from these financial assets is included in finance income.

ii. Financial assets at fair value through other comprehensive income ('FVTOCI')

Equity investments which are not held for trading and for which the Company has elected to present the change in the fair value in other comprehensive income and debt instruments that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flow represent solely payment of principal and interest, are measured at FVTOCI.

The changes in fair value are taken through OCI, except for the impairment, interest (basis EIR method), dividend and foreign exchange differences which are recognised in the statement of profit and loss.

When the financial asset is derecognized, the related accumulated fair value adjustments in OCI as at the date of derecognition are reclassified from equity and recognised in the statement of profit and loss. However, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss in case of

equity instruments.

iii. Financial assets at fair value through profit or loss ('FVTPL')

All equity instruments and financial assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. Interest (basis EIR method) and dividend income from FVTPL is recognised in the statement of profit and loss within finance income / finance costs separately from the other gains/losses arising from changes in the fair value.

Impairment

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and debt instrument carried at FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition. If credit risk has not increased significantly, twelve month ECL is used to provide for impairment loss, otherwise lifetime ECL is used.

However, only in case of trade receivables, the company applies the simplified approach which requires expected lifetime losses to be recognized from initial recognition of the receivables.

III. Subsequent measurement - financial liabilities

Other financial liabilities are initially recognised at fair value less any directly attributable transaction costs. They are subsequently measured at amortized cost using the EIR method (if the impact of discounting / any transaction costs is significant).

2.15.3 De-recognition

The financial liabilities are de-recognised from the balance sheet when the under-lying obligations are extinguished, discharged, lapsed, cancelled, expires or legally released. The financial assets are de-recognised from the balance sheet when the rights to receive cash flows from the financial assets have expired, or have been transferred and the Company has transferred substantially all risks and rewards of ownership. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

2.16 Cash and cash Equivalents

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of

cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

2.17 Investment

Investment which are of equity in nature is carried at Fair Value and gain/loss on fair valuation are recognised through Other Comprehensive Income.

2.18 Trade Receivable

Trade receivables are recognized initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for expected credit loss.

2.19 Trade and Other payable

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

2.20 Provision, Contingent Liability and Contingent Assets

I. Provision

A provision is recognized, when company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made for the amount of obligation. The expense relating to the provision is presented in the profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by

the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent liabilities, if material, are disclosed by way of notes and contingent assets, if any, are disclosed in the notes to financial statements.

iii. Contingent Assets

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

2.21 Earnings Per Share

i. Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii. Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.22 Leases

i. As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase

in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

ii. As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

2.23 Employee benefits

i. Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii. Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii. Post-employment obligations

a. Defined benefit gratuity plan:

The Company provides for the liability towards the said benefit on the basis of actuarial valuation carried out as

at the reporting date, by an independent qualified actuary using the projected-unit-credit method. The Company has opted for a Group Gratuity-cum-Life Assurance Scheme of the Life Insurance Corporation of India (LIC), and the contribution is charged to the Statement of Profit & Loss each year.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan. The defined benefit obligation is calculated annually as provided by LIC. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

b. Defined Contribution plan:

Contribution payable to recognised provident fund which is defined contribution scheme is charged to Statement of Profit & Loss. The company has no further obligation to the plan beyond its contribution.

iv. Other long-term employee benefits

The employees of the Company are entitled to compensated absences as well as other long-term benefits. Compensated absences benefit comprises of encashment and availment of leave balances that were earned by the employees over the period of past employment.

The Company provides for the liability towards the said benefit on the basis of actuarial valuation carried out quarterly as at the reporting date, by an independent qualified actuary using the projected-unit-credit method. The related re-measurements are recognized in the statement of profit and loss in the period in which they arise.

2.24 Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects

of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.25 Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

2.26 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA"), through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified following new and amendments to Ind AS which the Company has not applied as they are effective from April 1, 2019.

(a) Ind AS 116: Leases

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities.

The Company is currently evaluating the impact on account of implementation of Ind AS 116 which might have impact on key profit & loss and balance sheet ratio i.e. Earnings before interest, tax, depreciation and amortisation (EBITDA), Asset coverage, debt equity, interest coverage, etc.

(b) Ind AS 109: Prepayment features with negative compensation

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost even in case of negative compensation payments. The Company does not expect this amendment to have any impact on its financial statements.

(c) Ind AS 19 : Plan amendment, curtailment or settlement

The amendment clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Company does not expect this amendment to have any significant impact on its financial statements.

(d) Ind AS 23 : Borrowing Costs

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes the part of the funds that entity borrows generally when calculating the capitalisation rate on general borrowings. The Company does not expect any impact from this amendment.

2.27 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Rupees Lacs (upto two decimals), unless otherwise stated as per the requirement of Schedule III (Division II).

Dear Shareholder,

Sub : Updation of Shareholders' details in the records of the Company

Dear Sir/Madam,

As per Register of Members of the Company maintained by the Company's RTA viz. Sharex Dynamic (India) Private Limited ('RTA') you hold shares in our Company in physical mode.

In this regard, we would like to bring to your kind attention the following -

Dematerialization of Shares

You would kindly appreciate that in today's scenario and in line with "Green Initiative" by government which encourages paperless holding, the safest possible way to hold shares is holding shares in dematerialized form. In case of physical holding, there may be a chance of loss of share certificate, mutilation thereof resulting in compliance on your part to restore the share certificates. Besides, if you want to pledge shares, the holding must be in demat mode. Therefore, we would like to suggest you to kindly convert your shares from physical mode to demat mode as it will be beneficial to you. In case you do not have any demat account, you may contact your nearest Depository Participant (DP) who will guide you in opening the same. Conversion of physical shares to dematerialized shares is a simple process.

Consolidation of multiple Folios

Members holding more than one share in the same name or joint names in the same order but under different ledger folios are requested to apply for consolidation of such folios into a single folio and accordingly send the relevant share certificates to the Registrars and Share Transfer Agent (RTA) of the Company, Sharex Dynamic (India) Private Limited C-101, 247 Park, L. B. S. Marg, Vikroli (West), Mumbai - 400 083 to enable them to consolidate all such multiple folios into one single folio.

Updating Bank Mandate, PAN, and contact details

As per the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and SEBI Circular No. SEBI/HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018, all listed companies are required to make payment of dividend, if declared, to the members through electronic mode and to maintain updated Bank details of the members / beneficiaries. We would also like to have your contact details for paperless and speedy communication to you. In this respect, you are also requested to give your consent to receive all further communications in electronic mode. Further, to facilitate speedy disbursement of dividend to your bank account and speedy communication, we request you to kindly fill up the enclosed form with your bank account details from where you will collect the proceeds of the dividend payment and your contact details, sign the form and arrange to dispatch the same directly to our RTA, viz. Sharex Dynamic (India) Private Limited C-101, 247 Park, L. B. S. Marg, Vikroli (West), Mumbai - 400 083. Furnishing of Bank account details and PAN, both are compulsory now as per latest Regulations.

Transfer of shares in physical mode to be discontinued

SEBI vide its Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018 has mandated that except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in dematerialized form with a depository after 5th December, 2018. You are therefore requested to dematerialize your physical shares held in the Company at the earliest, to comply with the legal provisions for transfer of shares prescribed by SEBI. However, you can continue to hold shares in physical mode, if not wish to sell/transfer. Your kind co-operation in this matter is solicited.

Thanking you,

Yours faithfully,

For Remsons Industries Limited
