Dear Sir,

MOIL had applied for mining lease over 53.75 Ha. land in Parsoda village, Tehsil Ramtek, Dist. Nagpur for opening a new mine. In this regard, it is to inform that Government of India, Ministry of Environment, Forest and Climate Change (MoEF&CC) vide their letter dated 31st July, 2015 have granted environmental clearance for the above area.

The said area is about 45 KM from Nagpur and is very near to existing Munsar mine of the company.

As per approved mining plan, total 5.27 lakh tonnes of total reserves & resources is expected in the above area. Further, production of about 40,000 tonnes per annum is expected from this area. The anticipated life of the mine based on the available proved and probable resources is 10 years. However, the same will increase after subsequent exploration during the ensuing mining plan period.

The company will now take necessary steps to execute mining lease with State Government of Maharashtra at the earliest possible so as to take initiatives for opening of new mine in the village Parsoda.

This is for your kind information.
