Press Release**HCC-HSEPL JV wins Rs 673 crore order in Rajasthan**

Mumbai, May 22, 2017: HCC (Hindustan Construction Company Ltd), as a lead partner in the joint venture with HSEPL has been awarded Rs 672.99 crore contract on EPC basis for the construction of Parwan Gravity Dam by the Water Resources Department, Government of Rajasthan. HCC's share in the JV is 90% (Rs 605.70 crore).

Mr. Arun Karambelkar, President & CEO- E&C, HCC Ltd. said, "We are honored to be a part of this prestigious project. This project will not only provide irrigation benefits to an area of 1,31,400 ha covering 313 villages but will also cater to drinking water demand of 820 villages of Jhalawar, Baran & Kota districts. In addition about 79 million cu m water from this dam will be utilized for two thermal power plants coming up in the region."

The project envisages construction of a concrete gravity dam and 8.475 km long tunnel for irrigation and water supply purpose involving civil, hydro-mechanical and electrical works on EPC basis. A 21 km long access road will be also constructed to the project site. The project is to be completed in 48 months.

The project is located approximately 375 kms from Jaipur and is part of Parwan Irrigation cum Drinking Water Supply Project on Parwan river. The Parwan river is a tributary of Kalisindh river, which is the main tributary of Chambal river.

HCC has extensive experience in execution of large scale multidisciplinary EPC contracts for some of the largest irrigation projects in the country. HCC has constructed Godavari Lift irrigation Phase I, Phase II and Phase III – one of the largest lift irrigation projects in Asia, the Vaitarna Dam - Mumbai's largest water source, Tirupur Water supply project in Tamil Nadu - India's first private sector water supply project and the country's largest water treatment plant at Bhandup in Mumbai.

About HCC:

HCC is a business group of global scale developing and building responsible infrastructure through next practices. With an engineering heritage of nearly 100 years, HCC has executed a majority of India's landmark infrastructure projects, having constructed 25% of India's Hydel Power generation and over 65% of India's Nuclear Power generation capacities, over 3,800 lane km of Expressways and Highways, more than 320 km of complex Tunnelling and over 365 Bridges. Today, HCC Ltd. serves the infrastructure sectors of Transportation, Power and Water. HCC is also developing Lavasa City, a planned hill city and one of India's largest urban development and management initiatives. The HCC Group, with a group turnover of Rs 9,867 crore, comprises of HCC Ltd, HCC Infrastructure Co. Ltd, Lavasa Corporation Ltd and Steiner AG in Switzerland.
