---

Dear Sir/Madam,

Pursuant to Regulation 30 of SEBI (LODR) Regulations, 2015, we wish to inform you that WSFx Global Pay Limited has launched the **GlobalPay Smart Switch Card** at the Global Fintech Fest 2025 in Mumbai.

This innovative card allows users to switch between 12 currencies via the GlobalPay app, enabling seamless international transactions in the currency of their destination. It combines prepaid convenience with intelligent currency management, offering enhanced control, transparency, and security for global travelers.

We request you to take the above on record.

Thanking You,

Yours faithfully,  
**For WSFx Global Pay Limited**

## GlobalPay's 'Smart Switch Card' Reinvents the Single-Currency Concept — Letting Users Transact in Any Destination Currency

The next evolution in card payments enables seamless currency switching for users.

**Mumbai, October 9, 2025:** WSFx Global Pay Limited, a RBI Authorized Dealer Category II and a BSE-listed entity with 30+ years of leadership in compliant, innovative forex solutions launched the **GlobalPay Smart Switch Card** at the **Global Fintech Fest (GFF) 2025**. The card sets a new benchmark in seamless global payments. Built for today's borderless world, it enables customers to switch from single-currency to multi-currency use, giving them the freedom to transact globally with ease and confidence.

The GlobalPay Smart Switch Card enables customers to manage their travel spending with unmatched ease — from INR to USD, EUR, and beyond. Through the GlobalPay app, users can choose from **12 supported currencies** and switch between them effortlessly, one at a time.

Traditionally, single-currency cards have been limited to the U.S. dollar, restricting users' flexibility when travelling to other destinations. The Smart Switch Card changes that — becoming the first of its kind to offer true multi-currency functionality, allowing users to load and transact directly in their destination currency.

Built on GlobalPay's robust infrastructure, the **Smart Switch Card** bridges the gap between prepaid convenience and intelligent, real-time currency management. It empowers global travellers, corporates, and frequent spenders to transact confidently, without worrying about conversion hassles or hidden fees.

The GlobalPay app, India's first global transit app, is designed to be a comprehensive, one-stop solution for global travelers. It brings together a range of carefully curated transit features, making international travel seamless and convenient. From managing travel insurance to accessing airport lounges, the app ensures that every aspect of a traveler's journey is thoughtfully covered, allowing users to focus on enjoying their trip with complete peace of mind.

### Key Highlights of GlobalPay Smart Switch Card:

- Load in the currency of your destination — transact globally with ease
- Choose from 12 currencies; switch between them effortlessly
- Seamless activation via the GlobalPay app
- Enhanced security, transparency, and real-time control over spending

**Speaking on the launch, Srikrishna Narasimhan, CEO & Whole-Time Director, GlobalPay, said,** “At GlobalPay, our mission is to make global payments simple, smart, and secure. The Smart Switch Card represents another milestone in our journey to simplify how Indians manage money across borders. With this launch, we are not just introducing a new product, we are building an adaptive, intelligent, and future-ready payments ecosystem that empowers users to transact seamlessly, switch currencies effortlessly, and experience true financial freedom wherever they go.”

**About GlobalPay:**

WSFx Global Pay Limited, a BSE-listed company, is a trusted leader in foreign exchange, forex cards, and cross-border payment solutions with 21 customer touchpoints. With a strong emphasis on innovation, compliance, and customer-centricity, GlobalPay is committed to delivering secure, efficient, and transparent financial products to empower individuals and businesses alike.
