Subject: Re. : Compliance with minimum Public Shareholding requirement under clause 40A of the Listing Agreement

1. We would inform that by an open offer made by the promoters on December 19, 2012, the public float in the Company was increased to 25%.

2. However, we understand from the Stock Exchanges that we have not achieved the requisite level of minimum public holding since we have considered 5,88,310 shares held by the holders of Global Depository Receipts (GDRs) as Public Shareholding.

3. We are of the considered view that the shares held by the GDR holders represent non-promoter holding in the Company. Therefore, we have complied with the requirement of ensuring the non-promoter holding in the Company at a minimum 25% .
4. However, taking into account the views of the Stock Exchanges that the holding of the GDR holders representing about 0.2% should also be taken into account in determining the non-promoter holding, we would inform that our promoters will make the necessary arrangements to off load their holding by a minimum of 4,42,000 shares to ensure the non-promoter holding in the Company at a minimum of 25%.
5. However, taking into consideration the small quantity of the shares involved, the Promoter hereby seeks an exemption from SEBI to allow the sale of 4,42,000 shares on the floor of stock exchange to achieve the minimum public shareholding compliance.
6. We undertake that the Sale of shares on the floor of stock exchange of a minimum before market hours today.
7. We believe that this sale of shares on the floor of the exchanges will ensure a successful compliance with the Minimum Public Shareholding Requirements for the Company.

Thanking you
