Titagarh Rolls Out the 1st Trainset of Ahmedabad Metro-

Hon'ble Chief Minister of Gujarat, Shri Bhupendrabhai Patel visited the plant of Titagarh in Kolkata to receive the train

Kolkata, December 20, 2025: Titagarh Rail Systems Ltd., the leading Indian rolling stock manufacturer, today rolled out its first driverless Made in India trainset for Ahmedabad to the Gujarat Metro Rail Corporation (GMRC) at the company's state-of-the-art Passenger Rail Systems facility in Uttarpara, West Bengal.

The event was honoured by the presence of **Shri Bhupendrabhai Patel, Hon'ble Chief Minister of Gujarat** who endorsed the programme as a pivotal enabler of Gujarat's high-velocity urban mobility agenda. The Honourable chief minister was accompanied by his principal advisor, Sri Hasmukh Adia and his advisor and managing director of Gujarat metro, Sri SS Rathod.

Speaking on the occasion, **Shri. Bhupendrabhai Patel, Chief Minister, Government of Gujarat**, said, Today is a moment of pride as the Hon'ble Prime Minister's vision of *Make in India* and *Atmanirbhar Bharat* is being realised by Titagarh Rail Systems Limited. The workforce of Titagarh reflects India's rich diversity, with people from across the country working together as the company rolls out the new coach for Ahmedabad Metro Rail Phase-2 under the Hon'ble Prime Minister's visionary leadership. With the success of *Make in India*, infrastructure growth especially in railways has played a key role. Under the leadership of our Hon'ble PM, metro networks have expanded from 248 km to over 1,013 km, transforming India's urban mobility.

Mr. Umesh Chowdhary, VC & MD, Titagarh Rail Systems Ltd., said, "We are deeply honoured to deliver a driverless metro trainset that has been engineered and manufactured in India. With over 70-75% local content by value, these trainsets stand as a testament to the growing strength of India's indigenous manufacturing capabilities. This achievement reflects our unwavering commitment to the vision of making India a global hub for railway manufacturing driven by deep technical expertise, disciplined execution, and a culture of innovation. We are privileged to contribute to Gujarat's growth story and remain steadfast in our commitment to providing advanced, sustainable, and efficient mobility solutions that enhance the daily commuting experience of millions."

Manufactured with stainless steel car bodies, the trains offer a lightweight, highly durable, and corrosion-resistant solution while significantly improving energy efficiency and sustainability. The metro services will operate on the Yellow Line corridor from Narendra Modi stadium in Ahmedabad to Mahatma Mandir in Gandhinagar, spanning 23.8 km, along with the Violet Line branch from Gujarat National Law University (GNLU) to Pandit Deendayal Energy University (PDEU) and GIFT City, covering an additional 5.4 km. In total, the metro network will run across a 28.26 km elevated corridor connecting 22 stations.

The trains are equipped with the latest Train Control and Management System enabling driverless train operations. Designed with passenger comfort, safety, and ergonomics at the forefront, the trainsets include modern amenities and dedicated spaces for Persons with Reduced Mobility (PRM) to ensure inclusive and seamless boarding and de-boarding. The interiors are thoughtfully styled with a Garba-inspired theme, celebrating the rich cultural heritage and vibrant spirit of Ahmedabad.

The Honourable Chief Minister also toured the entire plant and while appreciating the work and the facilities of Titagarh, emphasised on the importance of scale and speed, a mantra given by the Honourable Prime Minister. The Honourable chief minister also noted the facilities created by Titagarh for building vande Bharat trains. Sri Umesh Chowdhary presented the future plans of Titagarh to the Honourable Chief Minister including the expansion being carried out in order to make Titagarh a leading global player in this field and also developing the capability of manufacturing high speed trains in the future.

At Titagarh Rail Systems, we remain committed to playing a meaningful role in advancing India's urban mobility landscape, contributing towards the national vision of a Viksit Bharat through sustainable, reliable, and future-ready transportation solutions.

About Titagarh Rail Systems Limited:

Titagarh Rail Systems is a leading comprehensive mobility solution provider with a strong presence in India and Italy. With state-of-the-art factories in both countries, we are committed to meeting the diverse requirements of passenger and freight rolling stock. At Titagarh, we specialize in crafting cutting-edge transportation solutions, including semi high-speed trains, urban metros, passenger coaches, propulsion systems, and a wide array of wagons, including specialized ones. With a passion for innovation and an unwavering dedication to excellence, our commitment lies in shaping the future of transportation, embodying the spirit of Make in India and contributing towards a Viksit Bharat. We strive to deliver world-class products that redefine the way people and goods move across the world.
