Additionally, worldwide COVID-19 pandemic spread in India in January 2020 which took a toll on the human lives and the world economy. The unprecedented situation has greatly affected the performance of the Company for the last quarter of the financial year 2019-20.

Furthermore, the Company had made a significant provision during the year ended 31st March 2020 amounting Rs. 149.92 Crore on account of impairment of assets of the Rail EPC - Kalindee Division in respect of certain legacy contracts which were under execution for a long time and the pending obligations thereunder were completed during the year. (ii) Steps taken or proposed to be taken for improvement and Expected increase in productivity and profits in measurable terms:

The Railway infrastructure segment continues to remain the focus area of the Government. The plan of the Railway reinforces the importance of raising resources for expansion of network, doubling of lines, upgradation of signalling system, rail safety, and modernisation of the existing infrastructure. The opportunities in the Rail Infra sector will certainly benefit the Rail EPC business of the Company. The mega plan of Indian Railways for Freight Corridors is going on to meet the targeted timeline and this would certainly open up the demand for increased number of wagons for the Rolling Stock Division of the Company.

The Steel Foundry Division has been able to exhibit the advantage of acquisition of Urla unit – Raipur.
