<sup>1</sup> Oct-Sep represents the same year's Non-Crop (NC) prices before switching to next year's NC prices again from October, i.e. Oct'24 represents 2025 NC RTFC prices, but Sep'24 represents 2024 NC RTFC prices. All prices are based on the transfer and payment of RTFCs during Q1 the year after the obligation year ends, i.e. 2025 RTFCs are transferred and paid during Q1 '26. Earlier transfers and payment of RTFCs usually result in a 0.1p/RTFC/month discount.
