

Redcare Pharmacy's CardLink solution extended by gematik.

Sevenum, 15 July 2025. Through its technology partner, eHealth Experts, Redcare Pharmacy N.V. today received confirmation that its CardLink solution license for the redemption of e-prescriptions in Germany has been extended by the German National Digital Health Agency (gematik) until 31 January 2027 (from previously 31 March 2026).

With this extension, Redcare Pharmacy's access to the German e-prescription market remains secured during the transition to the new Proof of Patient Presence (PoPP) infrastructure.
