Dear Sirs,

In the backdrop of the Supreme Court's Order on the cancellation of 214 Coal blocks, a coal mine block known as "Rampia" in the state of Odisha also stands cancelled, where GMR Group is one among the 6 shareholders. This mine was allotted to GMR Energy Ltd., and intended to feed coal towards 550 MW of power generation at GMR Kamalanga Energy Ltd. (GKEL). However, the mine could not be developed on account of variety of reasons beyond the control of the developers.

The management of GMR Group wishes to clarify that:

- a) GMR Group has not made any significant investment and no borrowing was made for the development of Rampia Coal Block.
- b) Considering the PPA obligations with Haryana / Bihar / Odisha States Discoms, a presidential directive was given to Coal India via Ministry of Coal to provide Coal linkage up to September 2019 and to this effect an FSA has been signed with the subsidiaries of Coal India Ltd., [Mahanadi Coalfields Limited (MCL) & Eastern Coalfields Limited (ECL)] and Coal supplies are being received.
- c) In addition to this arrangement, GKEL also has a Firm linkage of Coal Supplies for 500MW, assuring fuel linkage to Kamalanga Thermal Power Plant to its full capacity.

Therefore, in the light of above clarifications we are of the opinion that the current SC order will not have any negative impact on GMR Kamalanga Energy / GMR Group.

This is for your kind information.

Thanking you,

Yours faithfully,
For GMR Infrastructure Limited

C.P. Sounderarajan
