

25 April 2015

Press Release

Update on Nepal Plant

With reference to today's earthquake in Nepal, we hereby inform that the company's Nepal plant is safe. All employees are safe. There is no damage reported to the building, plant and machinery.

If there is any further relevant information, the same shall be shared.

We stand firmly with the people of Nepal in this hour of grief.

Hester is setting up an animal vaccine manufacturing facility, 26 kilometers east of Kathmandu. The facility is expected to start commercial production in July 2015.
