PRESS RELEASE

Accelya wins the Acquisition International 2017 Award for Revenue Accounting

Mumbai, Barcelona, 16th March, 2017: Accelya, the leading provider of financial and commercial solutions to the Airline and Travel industry, has received the award for 'Best Airline Revenue Accounting Specialists' category at 2017 Accounting, Audit & Tax Awards by Acquisition International (AI) Magazine.

AI 2017 Accounting, Audit & Tax awards are all about identifying and honouring the most respected companies and their C-level executives, while recognising and rewarding outstanding performance, success, innovation and ethics across international business communities. Each nomination goes through a thorough research and shortlist process in the form of a case study which is assessed by the judging panel and then adjudged as the winner.

Accelya's REVERA® Revenue Accounting platform processes over 1 Billion revenue accounting transactions across passenger, cargo and airmail. It is available as a hosted platform and also as Managed Process Service (MPS). Leading airlines including Air India, Turkish Airlines, Etihad Airways, Thai Airways, LATAM Airlines and Japan Airlines are the customers to name a few.

Speaking on this occasion, Ms. Laura Hunter, Awards Coordinator, AI Global Media said, "Accelya has impressed the judges with its commitment towards revenue accounting and not just as an offering to clients. I congratulate them for winning this award and wish them all the best for the future."

Speaking on the recognition, Mr. Mitul Mehta, SVP - Marketing, Accelya said, "Accelya is a leader in revenue accounting solution and this award reconfirms our position in the industry. We are happy to receive this recognition."

This also resonates with the recent award won by REVERA for its Strategic Product Group (SPG) program at ITSMA 2016 Marketing Excellence Awards. SPG program was recognized for taking customer collaboration to the next level.
