The Italian version of the Offer Document is the only official and binding document, approved by CONSOB on 3 October 2022, and shall prevail in any event over this English version.

Overseas jurisdictions

The distribution of this document in certain jurisdictions may be subject to specific requirements or authorisations by law or the relevant regulatory authorities. Whoever has title and intends to accept the Offer is exclusively responsible for complying with applicable laws and regulations and, consequently, before accepting the Offer, he or she is reminded to inform him or herself about the Offer's existence and applicability, addressing his or her own consultants.

Neither Schema Alfa S.p.A., nor Atlantia S.p.A. nor their respective affiliates accept any liability to any person in relation to the distribution or possession of this document in or from any jurisdiction. Copies of this document will not be, and must not be, mailed or otherwise forwarded, distributed or sent in, into or from any jurisdiction where local laws or regulations may result in a significant risk of civil, regulatory or criminal exposure if information concerning the Offer is sent or made available to Atlantia S.p.A. shareholders in that jurisdiction or any jurisdiction where to do so would violate the laws of that jurisdiction and persons receiving such documents (including custodians, nominees and trustees) must not mail or otherwise forward, distribute or send them in or into or from any such jurisdiction.

Note to US shareholders

The Offer described herein is subject to the laws of Italy. It is important that U.S. shareholders understand that the Offer and any related offer documents (including this document) are subject to disclosure and takeover laws and regulations in Italy that may be different from the United States. To the extent applicable, the Offer is made in compliance with the U.S. tender offer rules, including Regulation 14E under the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the "Tier II" exemption in respect of securities of foreign private issuers provided by Rule 14d-1(d) under the Exchange Act. It may be difficult for U.S. holders of Atlantia S.p.A. shares to enforce their rights and any claim arising out of the U.S. federal securities laws, since the Offeror is located in a Country other than the U.S. and some or all of the officers and directors may be residents of a Country other than the United States.

The Offeror and its affiliates may, from time to time, purchase or make arrangements to purchase Atlantia S.p.A. shares outside of the Offer from the time the Offer was first publicly announced until the expiration of the acceptance period of the Offer (or until the end of the reopening of the acceptance period, if applicable), including purchases in the open market at prevailing prices or in private transactions at negotiated prices, in each case, outside of the United States and to the extent permitted by applicable Italian law. Any such purchases will not be made at prices higher than the consideration payable in the Offer or on terms more

favourable than those offered pursuant to the Offer unless the consideration payable in the Offer is increased accordingly. Any such purchases will be made in accordance with applicable laws, rules and regulations of Italy. From the date of this document until settlement of the Offer, the Offeror, the companies controlling, controlled by or under common control with the Offeror, the relevant directors, members of auditing bodies and general managers and any Persons Acting in Concert with the Offeror must communicate each purchase of Atlantia S.p.A shares made by them, directly or through representatives, by the end of the day when the purchase is made, to CONSOB, Borsa Italiana and the market and publish the communication on the website indicated by the Offeror in this document for the purposes of publishing communications, announcements and documents related to the Offer. INTRODUCTION

The following introduction provides a brief description of the structure of the transaction. For a thorough assessment of the terms and conditions of the transaction, you are urged to carefully read the following Section “Risk Factors” and, in any case, the entire Offer Document.

This Offer Document does not address the tax profiles related to the sale of the Offer Shares, which may be relevant to Shareholders participating to the Offer. Shareholders participating in the Offer should consult their own tax advisors regarding the relevant tax consequences.

The data and information relating to the Issuer contained in this Offer Document are based on the data and information available to the public (including those available on Atlantia’s website, www.atlantia.com, as of the date of this Offer Document).

A. Main characteristics of the Offer

The Offer is a voluntary public tender offer, launched by Schema Alfa S.p.A. (“**Offeror**” or “**BidCo**”), pursuant to Articles 102 and 106, paragraph 4, of the TUF and the related implementing provisions set forth in the Issuers’ Regulation, on all the Shares in Atlantia S.p.A. (“**Atlantia**” or “**Issuer**”), meaning the maximum no. 552,442,990 Shares, equal to 66.90% of the Shares issued by Atlantia as of the Date of the Offer Document (“**Offer Shares**”), listed on Euronext Milan, including Treasury Shares, excluding the 273,341,000 Shares held by Sintonia S.p.A. (“**Sintonia**”), equal to 33.10% of the Shares issued by Atlantia as of the Date of the Offer Document. For further details on the categories and quantities of financial instruments under the Offer, see Section C, Paragraph C.1 of the Offer Document.

BidCo is the special purpose vehicle that was established for the purpose of promoting the Offer. BidCo, as of the Date of the Offer Document, is indirectly controlled by Edizione, which, in turn, directly controls Sintonia and indirectly controls Holdco (BidCo’s sole shareholder). For further information on the Offeror and the Persons Acting in Concert, see Section B, Paragraph B.1 of the Offer Document.

The Offeror will pay each Adherent cash consideration for each Share tendered equal to Euro 23.00 (twenty-three/00) (the “**Consideration**”).

The Offer is addressed to all the shareholders (the “**Shareholders**”) indistinctly and at the same conditions and is aimed at obtaining the delisting of the Shares from Euronext Milan, organized and managed by Borsa Italiana S.p.A. (the “**Delisting**”). For further information on the reasons underlying the Offer, see Section G, Paragraph 0 of the Offer Document.

In addition to the Prior Authorizations that have already been obtained as of the Offer Document Date, the Offer is subject to the Offer Conditions. For the sake of completeness, the following are the Offer Conditions which have not been fulfilled as at the Date of the Offer Document: the Threshold Condition (relating to the attainment of a number of acceptances of the Offer that enables the Offeror to hold an aggregate shareholding greater than 90% in the Issuer’s share capital), the MAC Condition, the Authorizations Condition, the Prior Authorization Condition, only with respect to the circumstance that no events or circumstances have occurred which may negatively affect the Prior Authorizations already issued as of the Date of the Offer Document) and the further conditions under letter d), e), and f) referred to under Section A, Paragraph A.1 of the Offer

Document. For further information, including information relating to the ability of the Offeror to waive such conditions, see Section A, Paragraph A.1 of the Offer Document.

B. Agreements related to the Offer

The Offer was announced through the Notice 102 on 14 April 2022. On the same date, Edizione, Sintonia, the Investor, BIP TopCo1, BIP TopCo2, HoldCo and BidCo entered into an investment and partnership agreement (the “**Investment Agreement**”) aimed at disciplining, *inter alia*, the promotion, through BidCo, of the Offer. A draft of the shareholders’ agreement that, on the Payment Date, will be entered into by and between Edizione, Sintonia, the Investor and the Blackstone Investors, containing certain key principles concerning the governance of HoldCo, BidCo and Atlantia is attached to the Investment Agreement (the “**Shareholders Agreement**” or “**SHA**”).

Prior to the execution of the Investment Agreement, on 6 April 2022, Sintonia had incorporated HoldCo and BidCo, whose share capital was subsequently and entirely sold by Sintonia to HoldCo.

At the same time of the execution of the Investment Agreement and in compliance with the relevant provisions therein, Sintonia sold to BIP TopCo a stake in HoldCo in such a way that, as of the Date of the Offer Document, HoldCo’s capital is divided as described below:

- Sintonia holds a 65 percent stake in HoldCo’s share capital, represented by class “A” shares;
- BIP TopCo1 holds a 5.25 percent stake in HoldCo’s share capital, represented by class “B” shares; and
- BIP TopCo2 holds a 29.75 percent stake in HoldCo’s share capital, represented by class “B” shares.

Under the terms of the Investment Agreement, if the Offer is successful, Sintonia has undertaken to contribute in kind to HoldCo the Sintonia Stake at a value per share equal to the Consideration (the “**Sintonia Commitment**”). Also, on 14 April 2022, Fondazione CRT entered into an agreement (the “**CRT Agreement**”) with HoldCo and BidCo, which governs, *inter alia*, Fondazione CRT’s commitment to tender to the Offer a number of shares held by the same in Atlantia and its reinvestment in HoldCo (the “**CRT Commitment**”). On 22 April 2022, Fondazione CRT communicated to HoldCo and the Offeror confirmation of its commitment to adhere to the Offer, which includes its entire stake, as of the Date of the Offer Document, equal to the 4.39% of the Issuer’s share capital². Fondazione CRT has also increased its commitment to reinvest in HoldCo a portion of the consideration that the same will receive from the sale of the Shares under the Offer, for an overall undertaking to invest in HoldCo the proceeds from the sale of Shares equal to 3% of the Issuer’s share capital. Should the Offer be completed, the Parties will adapt the contents of the SHA to allow the adherence of Fondazione CRT in accordance with the principles set out in the SHA.

For further information on the undertakings that qualify as shareholders’ agreements contained in the Investment Agreement, the SHA and the CRT Agreement, relating to the Offeror’s financial instruments and governance, please refer to the information published, pursuant to Articles 122 of the TUF and 130 of the

² Fondazione CRT stake, which, at the time of the signing of the CRT Commitment was equal to 4.54% of Atlantia’s capital, was then reduced, on 17 June 2022, to 4.39% of the capital, due to the exercise of third party *call* options on Shares subscribed by Fondazione CRT before the launch of the Offer, as reported in the press release disseminated on the same date by Fondazione CRT and available on Issuer’s website (www.atlantia.com).

Issuers' Regulation, on the Issuer's website (<https://www.atlantia.com/it/voluntary-tender-offer-documenti>) and attached to this Offer Document as appendix K.1.

As provided for in the Investment Agreement, the Offeror intends to pursue the delisting of the Shares from Euronext Milan, organized and managed by Borsa Italiana S.p.A. (the “**Delisting**”). If, following the completion of the Offer (including any extension under the applicable law or Reopening of Term) the conditions to proceed with the Delisting are not met, should the Threshold Condition be waived, the Offeror intends to pursue the Delisting by means, where possible, of a merger by incorporation of the Issuer into the Offeror (or into another non-listed company, including a newly incorporated company, belonging to the same group as the Offeror) (the “**Delisting Merger**”), subject to the approval of the competent corporate bodies, as better defined in Paragraph C below.

In the case of Delisting (other than as a consequence of the Delisting Merger), the Offeror intends to proceed, subject to the approval of the relevant corporate bodies, with the reverse merger of HoldCo and BidCo into Atlantia, without prejudice to the applicability of Article 2501-*bis* of the Italian Civil Code (the “**Post-Delisting Merger**”).

C. Reasons for the Offer

The Offer concerns the entire share capital of the Issuer (excluding the Sintonia Stake) and is aimed at obtaining the Delisting.

If, following the completion of the Offer (including extension under the applicable law or Reopening of Term), the conditions to proceed with the Delisting are not met, should the Threshold Condition be waived, the Offeror intends to pursue the Delisting by means, where possible, of a merger by incorporation of the Issuer into the Offeror (or into another non-listed company, including a newly incorporated company, belonging to the same group as the Offeror) (the “**Delisting Merger**”), subject to the approval of the competent corporate bodies, with the consequence that the holders of Shares of the Issuer who do not tender their Shares to the Offer or who do not exercise their right of withdrawal would, as a result of the Delisting Merger, become holders of financial instruments which are not traded on any regulated market, with the consequent difficulty of liquidating their investment in the future.

In the case of Delisting (other than as a consequence of the Delisting Merger), the Offeror intends to proceed, subject to the approval of the relevant corporate bodies, with the reverse merger of HoldCo and BidCo into Atlantia, without prejudice to the applicability of Article 2501-*bis* of the Italian Civil Code (the “**Post-Delisting Merger**”). In any event, the Offeror reserves the right to consider in the future, at its own discretion, the implementation of any further extraordinary transactions and/or corporate and business reorganisation that may be considered appropriate, in line with the objectives and rationale of the Offer, as well as the objectives of strengthening Atlantia, whether the Delisting is achieved or not.

Following the completion of the Offer, the Offeror intends to fully support Atlantia's long-term investment strategy and sustainable growth by continuing to implement the strategy already announced to the market by the Issuer. This activity will be pursued with a focus on both the development of Atlantia's existing activities and on new synergistic investments, aimed at consolidating its position as a leading company in the

infrastructure and mobility sector. The Offeror's strategic approach is aimed at enhancing the value of the business in the long term.

Under the Offeror's control and as a non-listed company, characterised by greater operational and organisational flexibility, as well as the ability to access flexible and long-term oriented sources of capital, the Offeror expects Atlantia to be able to accelerate its investment and value creation strategy.

For further information on the reasons underlying the Offer and the Offeror's future plans, please refer to Section G, Paragraph 0 of this Offer Document.

D. Consideration of the Offer and Maximum Disbursement

The Offeror will pay each Adherent consideration in cash for each Share tendered equal to 23.00 (twenty-three/00) (the “**Consideration**”).

On 29 April 2022, Atlantia's annual general meeting of the shareholders approved the payment of a dividend of Euro 0.74 per share (the “**2022 Dividend**”); the Consideration will not be reduced by the 2022 Dividend paid before the Payment Date (as defined *below*).

As explained in Section E of the Offer Document:

- the Consideration (amounting to Euro 23.00) embodies: (i) a premium equal to 24.4% with respect to the official price of the Shares on the Reference Date, and (ii) a premium equal to 40.8%, 36.3%, 35.2% and 30.9% with respect to the weighted arithmetic average of the official prices of the Shares registered in the twelve, six, three and one month preceding the Reference Date (included);
- the Aggregate Value, as defined below (equal to Euro 23.74, taking into account the 2022 Dividend) embodies: (i) a premium equal to 28.4% with respect to the official price of the Shares on the Reference Date, and (ii) a premium equal to 45.3%, 40.6%, 39.6% and 35.1% with respect to the weighted arithmetic average of the official prices of the Shares registered in the twelve, six, three and one month preceding the Reference Date (included).

The maximum total disbursement of the Offer, equal to Euro 12,706,188,770.00 (twelve billion seven hundred and six million one hundred and eighty-eight thousand seven hundred and seventy/00), is calculated on the basis of the Consideration, in case of full acceptance of the Offer by all the holders of the Offer Shares (the “**Maximum Disbursement**”).

For further information on the methods of determination of the Consideration and of the premium percentages with respect to the daily weighted average of the prices of the Shares, please refer to Section E of this Offer Document.

A. RISK FACTORS

A.1. CONDITIONS TO THE OFFER

The effectiveness of the Offer is subject to the fulfillment of each of the following conditions precedent (the “**Offer Conditions**”):

- a. the attainment of a number of acceptances of the Offer that enables the Offeror to hold an aggregate shareholding greater than 90% in the Issuer’s share capital (the “**Threshold Condition**”), taking into account in the shareholding the Shares held by the Persons Acting in Concert, the Treasury Shares, and the Shares, if any, acquired by the Offeror and the Persons Acting in Concert outside of the Offer in accordance with the applicable laws and regulations;
- b. the obtainment, by the 2nd (second) trading day preceding the Payment Date, of any authorization, approval or clearance that may be required by any competent authority under applicable laws for the completion of the Offer and/or the achievement of the objectives of the same, without the imposition of any conditions, constraints or other corrective measures and/or remedies (the “**Authorizations Condition**”);
- c. the non-occurrence, by the 2nd (second) trading day preceding the Payment Date, of (i) events, facts, circumstances or situations not known as the date hereof to the Offeror and/or the market causing or that may reasonably cause significant changes in the political, financial, economic, currency or market situation, whether national or international, which have or might potentially have substantially negative effects on the Offer and/or Issuer’s group, and/or (ii) events, facts, circumstances or situations concerning the Issuer and/or its subsidiaries not known to the Offeror and/or the market on the Announcement Date, which cause, or could reasonably cause, substantially negative effects on the financial and/or economic conditions of the Issuer’s group in comparison with those resulting from the Atlantia’s consolidated financial statements as at 31 December 2021. It is understood that this Offer Condition specifically includes all circumstances listed in limbs (i) and (ii) above that may occur as a result of, or in connection with, the Russia-Ukraine’s political and military crisis and its developments (which, although representing publicly known situations, may still entail new consequences that are not currently foreseeable in relation to the Offer and/or the economic and financial conditions of the Issuer’s group); on the contrary, this condition of the Offer expressly excludes all circumstances listed in limbs (i) and (ii) above that occur as a result of, or in connection with, the COVID-19 pandemic (the “**MAC Condition**”);

and/or economic conditions compared with those resulting from Atlantia's consolidated financial statements at 31 December 2021;

- e. the circumstance that by the 2nd (second) trading day prior to the Payment Date, the Issuer, starting from the Announcement Date, has not approved and/or made any distribution of profits or reserves, save for the 2022 Dividend;
- f. the circumstance that, within the 2nd (second) trading day prior to the Payment Date, no competent authority issues resolutions or measures, or initiates proceedings which may result in the adoption of a resolution or measure, which may cause or are likely to cause materially adverse effects on the Issuer's economic, asset or financial position, compared to those reported in Atlantia's consolidated financial statements as of 31 December 2021, or which may preclude, limit or render more onerous the possibility for the Offeror to carry out the Offer, the Delisting and/or the mergers referred to in Section A, Paragraph A.5;
- g. between the Date of the Offer Document and the Payment Date, no facts, events or circumstances have occurred which (i) determine or may determine a change in the conditions and/or circumstances communicated to the Bank of Italy and/or the Bank of Spain which have been assessed by the said authorities for the purpose of the issue of the Prior Authorizations such as to determine or may determine the possible revocation, modification or suspension of the relevant Prior Authorization or (ii) are the subject of a written notice or the commencement of proceedings by the Bank of Italy and/or the Bank of Spain for the possible revocation, modification or suspension of the relevant Prior Authorization (the “**Prior Authorization Condition**”).

The Offeror has set the Threshold Condition as referred to in letter (a) above based on its desire to make a significant investment in the Shares and to achieve the Delisting of the Issuer. In the event that the Threshold Condition is not fulfilled, the Offeror reserves the right, at its sole discretion, (upon prior agreement by and between the direct and indirect shareholders of the Offeror, where required) to waive the Threshold Condition and to purchase a lower quantity of Shares.

The identification of a sub-threshold below which the Offeror is precluded from waiving the Threshold Condition (the “**Sub-Threshold**”) requires an agreement by and between the direct and indirect shareholders of the Offeror. As of the Date of the Offer Document, the level of such possible Sub-Threshold has not been agreed. Moreover, any decision of the Offeror to waive the Threshold Condition and to purchase a lower number of Shares will be taken during the Acceptance Period or at the end of the Acceptance Period, once the effective number of acceptances to the Offer is known and will be communicated to the market by means of a press release, which will also indicate the underlying reasons, if any, behind such waiver. In particular, should the decision on the waiver of the Threshold Condition be taken by the Offeror after the fifth trading day prior to the end of the Acceptance Period, the terms for accepting the Offer will be reopened for a further period of five trading days starting from the day following the Date of Payment, *i.e.* 21 November, 22 November, 23 November, 24 November and 25 November 2022, unless the Acceptance Period is extended. For further information in this respect, please refer to Section A, Paragraphs A.7 and A.13 of the Offer Document.

With reference to the sale of the entire stake held by the Issuer in Hochtief A.G., equal to 14.46% of the share capital, in favor of Actividades de Construcción y Servicios S.A, resolved upon by the Issuer on September

15, 2022, based on the information made available as of the Date of the Offer Document by the Issuer regarding the abovementioned transaction, in the opinion of the Offeror, such disposal, *per se*, does not conflict with the objectives of the Offer in accordance with the Offer Condition set forth in the Risk Factor A.1(d) of the Offer Document.

The Offeror reserves the right to waive, or modify, in whole or in part, one or more of the Offer Conditions at its sole discretion (and, as far as the Authorization Condition is concerned, within the limits permitted by law) within the terms set out below (without the need to give notice in advance of such terms), in accordance with the provisions of Article 43 of the Issuers' Regulation, giving notice pursuant to Article 36 of the Issuers' Regulation.

In particular, pursuant to Article 36 of the Issuers' Regulation, the Offeror shall announce the fulfilment or the non-fulfilment of the Offer Conditions and, or if one or more Conditions Precedent have not been fulfilled, the relevant waiver (if any) of the same, by providing notice by the following deadlines:

- as for the Threshold Condition, through the notice on the provisional results of the Offer to be disseminated in the evening of the last day of the Acceptance Period and, in any event, by 7:59 a.m., Italian time, of the first trading day following the end of the Acceptance Period;
- as for the Authorization Condition, the Prior Authorization Condition and the MAC Condition by 7:59 a.m., Italian time, of the trading day preceding the Payment Date; and
- as for all of the other Offer Conditions, with the Notice of Results of the Offer (as defined below), which shall be disseminated by 7:59 a.m., Italian time, on the trading day preceding the Payment Date.

In the event of non-fulfilment of even only one of the Offer Conditions and the Offeror's failure to exercise its right to waive the same, the Offer shall not be completed. In such a case, the Shares tendered to the Offer shall be returned to their respective owners by the end of the trading day following the date on which the non-fulfillment has been announced: the Shares shall therefore be returned to the possession of the accepting shareholders through the Depository Intermediaries (as defined below), without any charges or expenses charged to them.

A.2. FUNDING OF THE OFFER

The Offeror intends to cover the payment of the Consideration, up to the Maximum Disbursement, by using the proceeds of the share capital increases and/or other equity injections and/or shareholder loans to be made available to it by its sole shareholder, HoldCo.

The above referred share capital increases and/or other equity injections and/or shareholder loans for the benefit of BidCo will be funded by HoldCo which in turn will fund such amounts:

- (ii) in part, through the proceeds of the capital increases for an amount up to Euro 569,790,960 to be made available by Fondazione CRT in accordance with the reinvestment commitment in HoldCo of proceeds arising from the Shares tendered as part of the Offer, an amount equal to 3% of the Issuer’s capital in compliance with the provisions of the CRT Agreement as supplemented by the notice dated 22 April 2022 regarding the increase in its reinvestment commitment in HoldCo; and

Pursuant to the terms set out in the Investment Agreement, Edizione and Sintonia have been delivered a copy of an equity commitment letter dated 14 April 2022 addressed to BIP TopCo, HoldCo and Sintonia (the “**Equity Letter**”) and of a debt commitment letter dated 13 April 2022 (as may be supplemented, amended and/or restated from time to time, including as most recently amended and restated on 10 May 2022, the “**BIP TopCo Debt Letter**”) addressed to Lux GP, in its capacity as the general partner of BIP TopCo1 and BIP TopCo2. In such respect, the BIP TopCo Capital Increase will be funded by BIP TopCo1 and BIP TopCo2 through a combination of:

Morgan SE, JPMorgan Chase Bank N.A., London Branch, MB, MBE, MUFGBE, Natixis, Royal Bank of Canada, London Branch, SMBC, SG, UCI, WGMA and WBHK collectively, the “**Lux HoldCo Lenders**”), under the terms and conditions set out under an English law governed senior facilities agreement dated 16 July 2022 (“**Lux HoldCo Loan Facilities Agreement**”) between, amongst others, BIP TopCo and the Lux HoldCo Lenders. The Lux HoldCo Facilities comprise (i) up to Euro 1,400,000,000 term facilities and (ii) up to Euro 50,000,000 liquidity revolving facility, each to be provided by, among others, the Lux HoldCo Lenders, provided that the Lux HoldCo Loan Facilities Agreement may be supplemented, amended, and/or restated from time to time, including as part of any syndication of the Lux HoldCo Facilities and/or transfer process in connection with the Lux HoldCo Facilities held by the Lux HoldCo Lenders at any time (which may be effected by way of a transfer certificate delivered by any Lux HoldCo Lender to J.P. As is customary in this kind of transaction:

- (A) under, and subject to the terms and conditions of, the Cash Bridge Loan Facility Agreement, the Cash Bridge Issuing Banks have undertaken to issue cash confirmation guarantees in an aggregate amount equal to the full amount of the Consideration which may be payable under or in connection with the Offer, as required pursuant to Article 37-*bis* of the CONSOB regulation on issuers (the “**Issuers’ Regulation**” and the “**Guarantees of Exact Fulfilment**”);
- (B) in connection with (x) the issuance of the Guarantees of Exact Fulfilment by the Cash Bridge Issuing Banks, (y) the availability of the Cash Bridge Loan by the Cash Bridge Lenders and (z) related costs, commissions and other amounts, HoldCo and the Offeror have executed the Cash Bridge Loan Facility Agreement in their capacity as guarantors and each undertakes in favour of the Cash Bridge Lenders, the Cash Bridge Issuing Banks and certain other “Finance Parties” (under and as defined in the Cash Bridge Loan Agreement) to provide guarantees and indemnities subject to customary guarantee limitations as more particularly described in the following Paragraph G.1; and
- (C) in connection with (x) the availability of the Lux HoldCo Facilities and (y) related costs, commissions and other amounts, the BIP TopCo have entered into an Italian law share pledge agreement (the “**Italian Share Pledge Agreement**”) pursuant to which 100 per cent. of the shares in the capital of HoldCo held by the BIP TopCo is pledged in favour of Wilmington Trust (London) Limited in its capacity as security agent in its own name and as *mandatario con rappresentanza* in the name and on behalf of, amongst others, the Lux HoldCo Lenders, in order to secure all present and future obligations at any time due, owing or incurred by any obligor to any secured party subject to customary guarantee and security limitations as more particularly described in the following Paragraph G.1.

Exact Performance Guarantees

Each GEF Issuing Bank has issued in the proportions set out in the Bridge Loan Agreement, for an aggregate amount equal to the full amount of the Consideration which may be payable under or in connection with the Offer, an Exact Performance Guarantee within the meaning set forth in Article 37-*bis* of the Issuers' Regulation. This constitutes a declaration whereby the Issuing Banks of GEF, in aggregate, has undertaken to irrevocably and unconditionally guarantee the exact fulfilment of the Offeror's payment obligations under the Offer, to provide the Maximum Disbursement and, in any event, in the proportions better described in the Bridge Facilities Agreement, to pay, in cash, to the shareholders the Consideration for all the Shares tendered in acceptance of the Offer (including following any Reopening of Terms pursuant to Article 40-*bis* of the Issuers' Regulation), for the benefit of those accepting the Offer and at the simple written request of the Intermediary Appointed to Coordinate the Collection of Tenders.

A.3. RELATED PARTIES OF THE ISSUER

It should be noted - pursuant to the law and, in particular, to the Regulation adopted by CONSOB with resolution no. 17221 dated 12 March 2010, as subsequently integrated and amended (the “**Related Parties Regulation**”) - that the Offeror is a related party to the Issuer as it is indirectly controlled by Edizione which holds, through its subsidiary Sintonia, the Sintonia Stake corresponding to 33.10% of the Issuer's share capital. HoldCo, Sintonia and Edizione are also considered related parties of the Issuer, since they are part of the Offeror's chain of control. Similarly, the members of the management and control bodies of the Offeror and of the companies forming part of its chain of control are considered related parties of the Issuer. For further information on the parties of the transaction, please refer to Paragraphs B.1 and B.2 of the Offer Document.

A.4. FUTURE PLANS OF THE OFFEROR

The Offer concerns the Issuer's entire share capital and is aimed at obtaining the Delisting.

If, following the completion of the Offer (including any extension of the applicable law or Reopening of the Term), the conditions to proceed with the Delisting are not met but the Threshold Condition is waived, the Offeror intends to pursue the Delisting, by means, where possible, of the Delisting Merger, subject to the prior approval of the competent corporate bodies, with the consequence that the holders of shares of the Issuer who do not tender their shares to the Offer or who do not exercise their right of withdrawal pursuant to Article 2437-*quinquies* of the Italian Civil Code would, as a result of the Delisting Merger, become holders of financial instruments which are not traded on any regulated market, with the consequent difficulty of liquidating their investment in the future.

In any event, the Offeror does not rule out the possibility of assessing in the future the execution of further extraordinary transactions and/or corporate and business reorganization transactions that may be deemed appropriate, in line with the objectives and reasons underlying the Offer, as well as the objectives of strengthening Atlantia, regardless of whether or not the Delisting is achieved. In particular, in the event of the Delisting (not resulting from the Delisting Merger), the Offeror intends to proceed, subject to the prior approval of the relevant corporate bodies, with the Post-Delisting Merger.

The Offeror intends to fully support Atlantia's long-term investment strategy and sustainable growth by continuing to implement the strategy already announced to the market by the Issuer. This activity will be

pursued with a focus on both the development of Atlantia's existing activities and on new synergistic investments, aimed at consolidating its position as a leading company in the infrastructure and mobility sector.

Through the Offer and upon completion of the Delisting, the Offeror expects the Issuer to benefit from the status of being a non-listed company and, therefore, to pursue the future programs relating to the Issuer, described above, more easily and effectively. In fact, as a non-listed Company, the Issuer could benefit from the simplification of the shareholding structure that would cause a greater simplification in managerial and operating decision processes and would face less disclosure requirements towards the market (by not being required to comply with the regulatory standards and disclosure requirements provided by the applicable laws and regulations for listed companies), avoiding the costs associated with compliance with such obligations. The Offeror expects the Issuer, under the Offeror's control and as a non-listed company, therefore characterised by greater operational and organisational flexibility, as well as the ability to access flexible and long-term oriented sources of capital, to be able to accelerate its investment and value creation strategy. Further operational flexibility may be achieved in the context of the private capital market both in relation to the structure of new transactions aimed at growth in new fields or to the management of existing initiatives. In pursuit of this investment strategy, the Offeror will be guided by the M&A, financial and dividend policies that have already been agreed upon among the Offeror's shareholders and which are attached to the SHA.

For further information on the reasons underlying the Offer and the Offeror's future plans, please refer to Section G, Paragraph 0 of this Offer Document.

A.5. MERGER

If, following the completion of the Offer (including any extension under applicable law or Reopening of Terms), the conditions to proceed with the Delisting are not met but the Threshold Condition is waived, the Offeror intends to pursue the Delisting, by means, where possible, of the Delisting Merger.

It should also be noted that, in case of a Delisting (not resulting from the Delisting Merger), the Offeror intends to proceed, subject to the approval of the competent corporate bodies of the Offeror itself, HoldCo and the Issuer, with the Post-Delisting Merger. The Post-Delisting Merger would qualify, if applicable, as a "merger leveraged buy-out" with the consequent applicability of Article 2501-*bis* of the Italian Civil Code, due to the facility agreement granted to HoldCo for the purposes of the Offer.

Pending completion of the possible merger, it cannot be ruled out that, in light of the prospective performance of the Issuer's business, BidCo may resort, as the case may be, to the use of cash flows arising from any distribution of dividends and/or available reserves (if any) that may be approved, at its discretion, by the Issuer to meet payments relating to the facility agreement, as described in more detail in Section G., Paragraph G.1 of the Offer Document.

In any case, it is understood that, as of the Date of the Offer Document, no formal resolutions have been taken by the competent bodies of the companies which might be involved with regard to the implementation of the possible merger, nor with regard to the relevant execution procedures.

For further information, please refer to Section G, Paragraph G.2.4 of this Offer Document.

A.5.1. MERGER WITHOUT DELISTING

If, following the completion of the Offer (including any extension under applicable law or Reopening of Terms) the conditions to proceed with the Delisting are not met, the Offeror - in line with the reasons and objectives of the Offer - reserves the right to propose to the competent bodies of the Issuer and of the Offeror to achieve the Delisting through, where possible, the Delisting Merger, subject to the waiver of the Threshold Condition.

Therefore, following the Delisting Merger, the Issuer's shareholders who decide not to exercise the right of withdrawal pursuant to Article 2437-*quinquies* of the Italian Civil Code will own financial instruments that are not traded on any regulated market, with the consequent difficulty of liquidating their investment in the future.

In this respect, the Delisting Merger would be a transaction between related parties subject to the applicable laws and regulations and would also be subject to the necessary authorizations from the competent authorities. Furthermore, the merger between the Issuer and the Offeror would qualify, if applicable, as a “merger leveraged buy-out” with the consequent applicability of Article 2501-*bis* of the Italian Civil Code.

The shareholders of the Issuer who did not vote in favour of the resolution approving the Delisting Merger would be entitled to the right of withdrawal pursuant to Article 2437-*quinquies* of the Italian Civil Code, since, in this case, they would receive in exchange shares not listed on a regulated market. In this case, the liquidation value of the Shares subject to withdrawal would be determined in accordance with Article 2437-*ter*, paragraph 3, of the Italian Civil Code, by reference to the arithmetic average of the prices of the Shares during the six months preceding the publication of the notice of call of the shareholders' meeting called to approve such resolutions that entitle the shareholders to the withdrawal right. In this regard, it should be noted that: (i) the withdrawal value, as determined above, could differ, even significantly, from the Consideration; and (ii) the Issuer's shareholders who decide not to exercise their withdrawal right would be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

A.5.2. POST-DELISTING MERGER

Furthermore, if, upon completion of the Offer (including by means of the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, the Purchase Obligation under Article 108, paragraph 1, of the TUF and the exercise of the Right to Purchase under Article 111 of the TUF and including any extension under applicable law or Reopening of Terms) the Issuer is delisted, the Offeror reserves the right to propose to the competent corporate bodies the Post-Delisting Merger.

Such merger would qualify, if applicable, as a “merger leveraged buy-out” with the consequent applicability of Article 2501-*bis* of the Italian Civil Code, due to the Cash Bridge Loan Facility Agreement granted in favour of HoldCo for the purposes of the Offer.

The shareholders of the Issuer who did not vote in favour of the resolution approving the merger would have the right of withdrawal only if one of the conditions set forth in Article 2437 of the Italian Civil Code is met. In this case, the liquidation value of the Shares subject to withdrawal would be determined pursuant to Article

2437-ter, paragraph 2, of the Italian Civil Code, taking into account the Issuer's assets and liabilities and its income prospects, as well as the market value of the Shares, if any.

It should be noted that the withdrawal value, as determined above, could differ, even significantly, from the Consideration.

As at the Date of the Offer Document, no formal decisions have been taken by the competent bodies of the Offeror or of the companies belonging to the Offeror's group.

For further details, please refer to Section G, Paragraph G.2.4 of the Offer Document.

A.6. ABSENCE OF MERGER

In the event that, as a result of the Offer (including any Reopening of Terms, as defined below), the Delisting has not been achieved – that is, the Offeror has come to hold a stake in the Issuer's share capital equal to or greater than the sum of the stakes covered by the Sintonia Commitment and the CRT Commitment, but, in any event, lower than the percentage required to approve the Merger in the absence of Delisting as set forth in Section A., Paragraph A.5.1 - and the Offeror has waived the Threshold Condition, the Offeror would not have the voting rights in the Issuer's Extraordinary Shareholders' Meeting that would enable it to achieve the Delisting Merger, thus negatively affecting the realization of those future programs of the Offeror - referred to in Section A., Paragraph A.4 and Section G, Paragraph G.2.2 - which are based on the successful Delisting of the Issuer.

A.7. APPLICATION OF ARTICLES 39-BIS (OPINION OF INDEPENDENT DIRECTORS) AND 40-BIS (REOPENING OF TERMS) OF THE ISSUER'S REGULATION

The provisions relating to the opinion of the independent directors under Article 39-bis, paragraph 1, letter a) no. 2 and 4 (persons acting in concert), of the Issuers' Regulation apply to this Offer, since (i) the Offeror is acting in concert with HoldCo, Sintonia, Edizione, BIP TopCo1, BIP TopCo2 and Fondazione CRT and (ii) Edizione, through its subsidiary Sintonia, holds a stake equal to 33.10% of the Issuer's current share capital.

Therefore, pursuant to Article 39-bis of the Issuers' Regulation, prior to the approval of the Issuer's Notice (as defined below), the independent directors who are not related parties of the Offeror have prepared a reasoned opinion containing their assessments of the Offer and the fairness of the consideration, attached to the Issuer's Notice (as defined below). The Issuer's Notice is attached to the Offer Document as appendix K.2.

Article 40-bis of the Issuers' Regulation (reopening of the terms of the Offer) is also applicable. Therefore, by the trading day following the Payment Date, the acceptance period for the Offer - agreed with Borsa Italiana and between the day 10 October 2022 and the day 11 November 2022 (inclusive) from 8:30 a.m. to 5:30 p.m., Italian time, unless extended, during which it will be possible to accept the Offer (the “**Acceptance Period**”) - shall be reopened for five Open Market Days, namely for the sessions of 21 November, 22 November, 23 November, 24 November and 25 November 2022, unless the Acceptance Period is extended if the Offeror, upon publication of the announcement on the provisional results of the Offer, announces that the Threshold Condition has been waived.

Also in this case, the Offeror will pay to each Adherent to the Offer during the Reopening of Terms a Cash Consideration equal to Euro 23.00 (twenty-three/00), less the amount per share of any additional ordinary and/or extraordinary dividends taken from profits or reserves or any other distribution approved by the competent corporate bodies of the Issuer prior to the Payment Date, with the exception of the amount of the 2022 Dividend, for each Share tendered and purchased, which will be paid on the fifth trading day following the end of the period of Reopening of Terms and therefore on 18 November 2022, unless the Acceptance Period is extended. The Reopening of Terms, however, will not occur:

- (a) if the Offeror has notified the market at least five trading days prior to the end of the Acceptance Period:
 - (i) of the occurrence of the Threshold Condition; or
 - (ii) if the Threshold Condition has not yet occurred, the waiver of the same, by means of a specific notice to be published pursuant to Article 40-*bis*, paragraph 3, of the Issuers' Regulation; or
- (b) if, at the end of the Acceptance Period, the Offeror (jointly with the Persons Acting in Concert) holds a total participation equal to that set out under (i) Article 108, paragraph 1, of the TUF (*i.e.*, at least 95% of the Issuer's share capital) or (ii) Article 108, paragraph 2, of the TUF (*i.e.*, more than 90% of the share capital represented by Shares, but less than 95% of the Issuer's share capital) and waives the Threshold Condition, as the Offeror has stated that it does not intend to restore a free float sufficient to ensure the regular trading of Atlantia's shares:
- (c) If there are competing tenders, pursuant to Article 40-*bis*, paragraph 3, letter f), of the Issuers' Regulation.

For further information on the Offeror's declaration in relation to the purchase obligation pursuant to Article 108, paragraph 2, of the TUF, please refer to Section A., Paragraph A.9 of this Offer Document.

A.8. COMMUNICATIONS AND AUTHORIZATIONS FOR THE EXECUTION OF THE OFFER

The Offer is also conditional upon, *inter alia*, the Authorizations Condition. In this respect, please note the below.

The Offeror has filed – pursuant to applicable law in the relevant jurisdictions – the following requests for authorization as to antitrust matters.

Furthermore, on 28 June 2022 a request for authorisation in respect of a change of control over Aéroports de la Côte d’Azur S.A., a subsidiary of the Issuer, was submitted to the relevant Ministry of the French Government (*Ministre chargé de l’aviation civile*).

The following authorizations (the “**Prior Authorizations**”) have been obtained prior to the Date of the Offer Document:

A.9. OFFEROR’S NOTICE ON THE PURCHASE OBLIGATION PURSUANT TO ARTICLE 108, PARAGRAPH 2, OF THE TUF AND ON THE RIGHT TO RESTORE THE FREE FLOAT PURSUANT TO ARTICLE 108 OF THE TUF

In the event that, upon the Offer including the Reopening of Terms, if any, the Offeror (jointly with the Persons Acting in Concert) were to hold – as a result of the tender to the Offer, as well as of any purchases made outside of the Offer (including the Reopening of Terms), directly or indirectly, by the Offeror and/or the Persons Acting in Concert after the Notice 102 and within the end of the Acceptance Period (and, therefore, by 5:30 p.m. of 11 November 2022, unless the Acceptance Period is extended) or during the Reopening of Terms (and, therefore, by 5:30 p.m. of 25 November 2022, unless the Acceptance Period is extended) – a shareholding of more than 90%, but less than 95%, of the Issuer’s share capital, the Offeror hereby declares its intention not to restore a free float sufficient to ensure regular trading and, as a result, will proceed, pursuant to Article 108, paragraph 2, of the TUF, with the purchase of the remaining Shares from each requesting shareholder as provided for under the above mentioned Article (the “**Purchase Obligation under Article 108, paragraph 2, of the TUF**”).

For the purposes of the calculation of the thresholds provided under Article 108 of the TUF, Treasury Shares are added to the stake held by the Offeror and the Persons Acting in Concert (numerator) without being deducted from the Issuer’s share capital (denominator).

The consideration for the fulfillment of the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF will be determined in accordance with the provisions of Article 108, paragraph 3, of the TUF in relation to the Shares tendered to the Offer.

The Offeror will indicate in the notice on the final results of the Offer, which will be published by the Offeror pursuant to Article 41, paragraph 6, of the Issuers’ Regulation (the “**Notice on the Results of the Offer**”) as well as in the notice on the outcome of the Reopening of Terms, if any, whether the conditions for the Purchase Obligation under Article 108, paragraph 2, of the TUF exist. In such a case, the Notice on the Results of the Offer will contain information on (i) the number of Shares outstanding (both in terms of number of Shares and as a percentage of the entire share capital of the Issuer) and (ii) the terms and conditions under which the Offeror will fulfil the Purchase Obligation under Article 108, paragraph 2, of the TUF; and (iii) the terms and conditions and timing of the Delisting.

Please note that, following the occurrence of the requirements of the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF – pursuant to Article 2.5.1, paragraph 6, of the regulations of the markets

organized and managed by Borsa Italiana (the “**Stock Exchange Regulation**”) – Borsa Italiana will order the delisting of the Shares from Euronext Milan starting from the first trading day following the Payment Date of the consideration relating to the procedure aimed at fulfilling the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF, without prejudice to the provisions of paragraph A.10 below.

Therefore, following the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, the Shares will be delisted and the shareholders of the Issuer who have decided not to tender their Shares and who have not requested the Offeror to purchase their Shares, under Article 108, paragraph 2, of the TUF, will be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

For further information, please refer to Section G, Paragraph G.3 of the Offer Document.

A.10. DECLARATIONS OF THE OFFEROR TO AVAIL ITSELF OF THE RIGHT UNDER ARTICLE 111 OF THE TUF AND DECLARATIONS IN RELATION TO THE OBLIGATION TO PURCHASE UNDER ARTICLE 108, PARAGRAPH 1, OF THE TUF

In the event that, following the Offer (including the Reopening of Terms, if any), the Offeror (together with the Persons Acting in Concert) comes to hold – as a result of the acceptances of the Offer (including the Reopening of Terms), as well as of any purchases made on the market, directly or indirectly, by the Offeror and/or the Persons Acting in Concert after the Notice 102 and within the end of the Acceptance Period (and, therefore, by 5:00 p.m.: 11 November 2022, unless the Acceptance Period is extended) or during the Reopening of Terms (and, therefore, by 5:00 p.m.: 25 November 2022, unless the Acceptance Period is extended) and/or the purchases made during, and/or as a result of, the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF – a stake of at least 95% of the Issuer’s share capital, the Offeror hereby declares its intention to avail itself of the Sell Out Right, in order to purchase each of the remaining Shares pursuant to and for the purposes of Article. 111 of the TUF (the “**Right to Purchase**”).

The Offeror, if the conditions are met, by exercising the Right to Purchase, will simultaneously fulfil the Purchase Obligation pursuant to Article 108, paragraph 1, of the TUF (the “**Purchase Obligation pursuant to Article 108, paragraph 1, of the TUF**”) vis-à-vis the requesting Shareholders according to a procedure agreed with CONSOB and Borsa Italiana pursuant to the Consob Regulation on Issuers. Consequently, the Offeror will carry out a single procedure in order to fulfil the Purchase Obligation under Article 108, paragraph 1, of the TUF and exercise the Right to Purchase (the “**Joint Procedure**”).

For the purposes of calculating the thresholds provided for in Articles 108 and 111 of the TUF, the Treasury Shares are added to the stake held by the Offeror and the Persons Acting in Concert (numerator) without being deducted from the Issuer’s share capital (denominator).

The consideration for the Shares purchased following the exercise of the Right to Purchase and the fulfilment of the Purchase Obligation pursuant to Article 108, paragraph 1, of the TUF, will be determined, pursuant to Article 108, paragraph 3, of the TUF, in consideration of the reference to such provision contained in Article 111 of the TUF.

The Offeror will disclose, in a specific section of the Notice on the Results of the Offer or in the Notice on the Overall Results of the Offer following the possible Reopening of Terms or in the notice on the results of the

procedure for the fulfilment of the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF, whether or not the conditions for the exercise of the Right to Purchase have occurred. In case such conditions are met, information will also be provided in such notice in relation to: (i) the amount of the remaining Shares (in terms of number of shares and as a percentage of the entire share capital), and (ii) the terms and conditions under which the Offeror will exercise the Right to Purchase and fulfil, within the same procedure, the Purchase Obligation under Article 108, paragraph 1, of the TUF during the Joint Procedure; and (iii) the terms and conditions and the timing of the Delisting.

The Right to Purchase will be exercised in accordance with the terms and procedures that will be agreed with Borsa Italiana and CONSOB as soon as possible and, in any case, no later than three months from the Payment Date, by depositing the total countervalue of the purchase price for the remaining Shares.

The transfer of the Shares purchased, by virtue of the above provisions, will be effective from the time of notification to the Issuer of the deposit of the consideration for the exercise of the Right to Purchase with a bank appointed for this purpose. The Issuer will make the consequent entries in its shareholders' register. Pursuant to Article 2949 of the Italian Civil Code, once the five-year prescription period has elapsed from the date of deposit of the consideration for the exercise of the Right to Purchase, the Offeror will have the right to obtain the return of the amounts deposited as consideration for the Right to Purchase and not collected by the entitled parties.

Pursuant to Article 2.5.1, paragraph 6, of the Stock Exchange Regulation, in the event of the exercise of the Right to Purchase, Borsa Italiana will order the suspension and/or revocation of the Issuer's shares from listing on Euronext Milan, taking into account the timeframe envisaged for the exercise of the Right to Purchase.

A.11. POSSIBLE INSUFFICIENCY OF FREE FLOAT

At the end of the Offer, (including any Reopening of the Term or any extension of the Acceptance Period in accordance with applicable laws), if the conditions for the Delisting are not met, it cannot be excluded that there may be a lack of free float such as not to ensure the regular course of trading of the Issuer's ordinary shares, also taking into account the permanence in the Issuer's share capital of shareholders with significant holdings under applicable laws. In such a case, Borsa Italiana may order the suspension and/or delisting of the Shares pursuant to Article 2.5.1 of the Stock Exchange Regulation, unless the Offeror decides to restore a free float sufficient to ensure regular trading.

In such respect, it should be noted as of now that, even in the event of an insufficiency of free float, the Offeror does not intend to take measures aimed at restoring the minimum level of free float for regular continuation of trading of the Shares, as there is no obligation for the Offeror to do so.

In the event of a Delisting, it should be noted that the holders of the Shares who have not accepted the Offer will be holders of financial instruments not traded on any regulated market, which means that they would encounter difficulties in liquidating their investment in the future.

A.13. POSSIBLE ALTERNATIVES FOR THE HOLDERS OF SHARES OF THE ISSUER

For the sake of clarity, the possible scenarios for current Shareholders are outlined below.

(i) *Tender to the Offer*

In the event a Shareholders tenders its Shares to the Offer and the Conditions of the Offer set out in paragraph A.1 above are fulfilled (or waived by the Offeror), the Issuer's Shareholders will receive a consideration equal to Euro 23.00 (twenty-three/00) for each Share held by them and tendered to the Offer.

(ii) *No tender to the Offer*

Should a Shareholder fail to tender its Shares to the Offer, the following alternative scenarios will arise for the Issuer's Shareholders:

a) Reaching a shareholding of at least 95% of the Issuer's share capital

If, following the Offer, including the Reopening of Terms if applicable, the Offeror (jointly with the Persons Acting in Concert) comes to hold – as a result of the tenders to the Offer, as well as of any purchases made outside of the Offer, directly or indirectly, by the Offeror and/or the Persons Acting in Concert after the Notice 102 and within the end of the Acceptance Period and/or of the purchases made during and/or as a result of the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF – a total stake equal to at least 95% of the share capital of the Issuer, and, therefore, the Offeror exercises the Right to Purchase – simultaneously fulfilling the Purchase Obligation under Article 108, paragraph 1, of the TUF – the Issuer's Shareholders will be paid a purchase price for each Share determined under Article 108, paragraph 3, and 111 of the TUF.

In such scenario, the Offeror will carry out the Joint Procedure and the shareholders who did not accept the Offer will be obliged to transfer ownership of the Shares held by them to the Offeror and, accordingly, will receive for each Share held by them a consideration determined pursuant to Article 108, paragraph 3, of the TUF, which will be equal to the Consideration.

Pursuant to Article 2.5.1, paragraph 6, of the Stock Exchange Regulation, in case of exercise of the Right to Purchase, Borsa Italiana shall order the suspension of the trading of the Shares and/or the Delisting, taking into account the timeframe for the exercise of the Right to Purchase.

b) Reaching of a stake of more than 90% but less than 95% of the Issuer's share capital

If, following the Offer, including the Reopening of Terms if applicable, the Offeror (jointly with the Persons Acting in Concert) comes to hold – as a result of the tenders to the Offer, as well as of any purchases made outside the Offer, directly or indirectly, by the Offeror and/or the Persons Acting in Concert after the Notice 102 and within the end of the Acceptance Period – a percentage greater than 90% but lower than 95% of the Issuer's share capital, the Offeror, who has declared his intention not to restore a free float sufficient to ensure regular trading, will be subject to the Purchase Obligation under Article 108, paragraph 2, TUF. In such a case, therefore, the Issuer's Shareholders who did not accept the Offer will have the right to request the Offeror to purchase their Shares, pursuant to Article 108, paragraph 2, of the TUF at the price determined in accordance with Article 108, paragraphs 3 or 4, of the TUF.

Therefore, following the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, the Shares will be delisted and the shareholders of the Issuer who have decided not to tender their Shares and who have not requested the Offeror to purchase their Shares, under Article 108 of the TUF, will be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

c) Reaching a shareholding of less than 90% of the Issuer's share capital

If, as a result of the Offer, including the Reopening of Terms if applicable, the Offeror (jointly with the Persons Acting in Concert) holds a total participation lower than or equal to 90% of the Issuer's share capital and, therefore, the conditions for the Purchase Obligation under Article 108, paragraph 2, of the TUF or for the Purchase Obligation under Article 108, paragraph 1, of the TUF or for the exercise of the Right to Purchase under Article 111, paragraph 1, of the TUF and the consequent delisting of the Issuer's shares does not occur, of the TUF or for the exercise of the Right to Purchase under Article 111, paragraph 1, of the TUF and the consequent delisting of the Issuer's Shares, the Issuer's Shareholders who did not accept the Offer would remain the owners of Shares of the Issuer listed on Euronext Milan and the Offeror, subject to the possible waiver of the Threshold Condition, would still have the possibility to acquire the Shares tendered, thus increasing its participation in the Issuer. In such a case, the Offeror will evaluate the options to achieve, where possible, the Delisting, including the Delisting Merger.

(iii) Merger

If following the completion of the Offer (including any extension of the applicable law or Reopening of Terms), the conditions to proceed with the Delisting are not met but the Threshold Condition is waived, the Offeror intends to pursue the Delisting by means of the Delisting Merger, where possible.

It should also be noted that, in case of a Delisting (not arising from the Delisting Merger), the Offeror intends to proceed, subject to the approval of the competent corporate bodies of the Offeror itself, HoldCo and the Issuer, with the Post-Delisting Merger. The Post-Delisting Merger would qualify, if applicable, as a “merger leveraged buy-out” with the consequent applicability of Article 2501-*bis* of the Italian Civil Code, due to the Cash Bridge Loan Facility Agreement granted to HoldCo for the purposes of the Offer.

Pending completion of the possible merger, it cannot be ruled out that, in light of the prospective performance of the Issuer’s business, BidCo may resort, as the case may be, to the use of cash flows arising from any distribution of dividends and/or available reserves (if any) that may be approved, at its discretion, by the Issuer to meet payments relating to the Cash Bridge Loan Facility Agreement, as described in more detail in Section G, Paragraph G.1 of the Offer Document.

In any case, it is understood that, as of the Date of the Offer Document, no formal resolution has been taken by the competent bodies of the companies which might be involved with regard to the implementation of the possible merger, nor with regard to the relevant execution procedures.

For further information, please refer to Section G, Paragraph G.2.4 of this Offer Document.

a) Merger without Delisting

If, following the completion of the Offer (including any extension under applicable law or Reopening of Terms) the conditions to proceed with the Delisting are not met, the Offeror - in line with the reasons and objectives of the Offer - reserves the right to propose to the competent bodies of the Issuer and of the Offeror to achieve the Delisting through, where possible, the Delisting Merger, subject to the waiver of the Threshold Condition.

Therefore, following the Delisting Merger, the Issuer’s shareholders who decide not to exercise the right of withdrawal will own financial instruments that are not traded on any regulated market, with the consequent difficulty of liquidating their investment in the future.

Without prejudice to the foregoing, the Delisting Merger will also be assessed in order to achieve a shortening of the chain of control and could result in the applicability of Article 2501-*bis* of the Italian Civil Code.

The shareholders of the Issuer who did not vote in favour of the resolution approving the Delisting Merger would be entitled to the right of withdrawal pursuant to Article 2437-*quinquies* of the Italian Civil Code, since, in this case, they would receive in exchange shares not listed on a regulated market. In this case, the liquidation value of the Shares subject to withdrawal would be determined in accordance with Article 2437-*ter*, paragraph 3, of the Italian Civil Code, by reference to the arithmetic average of the prices of the Shares during the six months preceding the publication of the notice of call of the

shareholders' meeting called to approve such resolutions that entitle the shareholders to the withdrawal right. In this regard, it should be noted that: (i) the withdrawal value, as determined above, could differ, even significantly, from the Consideration; and (ii) the Issuer's shareholders who decide not to exercise the withdrawal would be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

In particular, taking into account the Cash Bridge Loan Facility Agreement granted to HoldCo for the purposes of the Offer and without prejudice to the fact that, as at the Date of the Offer Document, no formal resolutions have been taken by the competent bodies of the companies which may be involved in relation to the implementation of the possible Delisting Merger, nor on the related terms of execution, if the Delisting Merger, where possible, were to be implemented and the indebtedness incurred by BidCo was not repaid in advance, the Delisting Merger would be subject to the rules set out in the above-mentioned Article 2501-*bis* of the Italian Civil Code ("*merger leveraged buy-out*") and, in such a case, it would be necessary that:

- the merger plan referred to in Article 2501-*ter* of the Italian Civil Code indicates the financial resources that shall be used to meet the obligations of the company resulting from the merger (Article 2501-*bis*, paragraph 2, of the Italian Civil Code);
- the report of the management body referred to in Article 2501-*quinquies* of the Italian Civil Code indicates the reasons justifying the operation and contains an economic and financial plan indicating the source of the financial resources and a description of the objectives to be achieved (Article 2501-*bis*, paragraph 3, of the Italian Civil Code); and
- the report of the experts referred to in Article 2501-*sexies* of the Italian Civil Code certifies the reasonableness of the information contained in the merger plan pursuant to the second paragraph of Article 2501-*bis* (Article 2501-*bis*, paragraph 4, of the Italian Civil Code).

If the conditions to proceed with an integration by means of a merger are met and the merger is approved by the shareholders' meetings of the respective companies involved, the total residual indebtedness of the companies participating in the merger will be transferred to the company resulting from the merger. Accordingly, the Issuer's assets would be the source of repayment of the above indebtedness and, as a result, holders of the Issuer's Shares who had not accepted the Offer or exercised their right of withdrawal under Section A.5.1 would become owners of a stake in the share capital of a company with a higher level of indebtedness than Atlantia had prior to the merger.

b) Post-Delisting Merger

Furthermore, if, upon completion of the Offer (including by means of the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, the Purchase Obligation under Article 108, paragraph 1, of the TUF and the exercise of the Right to Purchase under Article 111 of the TUF and including any extension under applicable law or Reopening of Terms) the Issuer is delisted, the Offeror reserves the right to propose to the competent corporate bodies the Post-Delisting Merger.

Such merger would qualify, if applicable, as a “merger leveraged buy-out” with the consequent applicability of Article 2501-*bis* of the Italian Civil Code, due to the Cash Bridge Loan Facility Agreement granted in favour of HoldCo for the purposes of the Offer.

The shareholders of the Issuer who (i) would remain in the Issuer’s shareholding if, after completion of the Offer, a stake of between 90% and 95% of the Issuer’s share capital is reached, and (ii) did not participate in the resolution approving the merger, would have the right to withdraw only if one of the conditions set out in Article 2437 of the Italian Civil Code is met.

It should also be noted that, as indicated in Paragraph A.5.1, the Post-Delisting Merger might result in the applicability of Article 2501-*bis* of the Italian Civil Code.

The table below summarizes the above scenarios, for merely clarifying purposes.

The Shareholders of the Issuer should note that the following table does not outline all possible divestment scenarios that could occur in the context of, or subsequent to, the Offer. The scenarios below are based on, among other things, certain assumptions about potential future events that might occur and potential actions that the Offeror may decide to undertake; there is no guarantee that such potential events will actually occur or that such potential actions will actually be undertaken. Consequently, the Shareholders of the Issuer should not rely on the occurrence of any of the scenarios outlined below.

Offer Results	Effects on the Shareholders of the Issuer
The Offeror (jointly with the Persons Acting in Concert) holds a stake equal to at least 95% of the Issuer’s share capital as of the Payment Date	Shareholders adhering to the Offer will receive the Consideration. Shareholders not adhering to the Offer will receive the consideration due as a result of the Joint Procedure
The Offeror (jointly with the Persons Acting in Concert) holds a stake higher 90% but lower than 95% as of the Payment Date	Shareholders adhering to the Offer will receive the Consideration. Shareholders not adhering to the Offer will not receive the Consideration and: <ul style="list-style-type: none"> - if they tender the Shares in the context of the procedure to fulfil the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF, they will receive the consideration due; - if they do not tender the Shares in the context of the procedure to fulfil the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF, and the Offeror does not reach the 95% threshold, they will remain holders of financial instruments that are not traded on any regulated market, with consequent potential difficulties to liquidate their investment. The Offeror reserves the right to propose to the relevant corporate bodies the implementation of the Post-Delisting Merger; - if they do not tender Shares in the context of the procedure to fulfil the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF, and the Offeror reaches the 95% threshold, they will receive the consideration due.

A.18. REINVESTMENT OF FONDAZIONE CRT IN HOLDCO

In the context of the CRT Agreement entered into between Fondazione CRT, HoldCo and BidCo, Fondazione CRT has undertaken to (i) tender to the Offer all the Shares it holds in Atlantia, representing 4.39%³ of the Issuer's share capital, and (ii) reinvest the proceeds from the sale of Shares for an amount equal to 3% of Atlantia's share capital - equal to Euro 569,790,960 – to acquire shares in HoldCo on the same terms of the Blackstone Investors, at a price per share to be calculated on the basis of the same issue ratio adopted in the context of the contribution in kind of the Sintonia Stake.

In particular, pursuant to this reinvestment commitment, Fondazione CRT will acquire shares of HoldCo at the same price per share upon which Blackstone Investors will acquire their own HoldCo shares. In turn, Sintonia will contribute the Sintonia Stake in HoldCo, receiving as consideration an equal number of HoldCo shares that it would have received by adhering to the Offer with the Sintonia Stake and reinvesting the proceeds arising at the same price per HoldCo share that will be paid by the Blackstone Investors and Fondazione CRT.

Accordingly, should such reinvestment by Fondazione CRT in HoldCo be completed and all of the Offer Shares tendered to the Offer, through the aforementioned reinvestment in HoldCo, Fondazione CRT would hold a 5.2% interest in HoldCo. The remaining share capital of HoldCo would be held by Sintonia for 57.0% and Blackstone Investors for 37.8%. If, on the contrary, less than the entire amount of the Offer Shares are tendered to the Offer, the structure of HoldCo's share capital may vary due to the share capital increases that will be executed by Investors to fund the Offer.

Furthermore, due to Fondazione CRT's reinvestment in HoldCo, the Parties will adjust the contents of the Shareholders' Agreement in order to allow Fondazione CRT's adherence to the same in accordance with the principles set forth in the Shareholders' Agreement. In line with the practice of minority investment transactions in companies not listed on regulated markets, the Shareholders' Agreement will provide in favour of Fondazione CRT (i) certain limited governance rights relating to HoldCo, BidCo and Atlantia, and (ii) the ability to dispose of its stake in HoldCo upon the occurrence of certain circumstances set forth therein, (being the same conditions as which the other shareholders of HoldCo may do so). For further information on the undertakings that qualify as shareholders' agreements contained in the Investment Agreement, the SHA and the CRT Agreement, relating to the Offeror's financial instruments and governance, please refer to the information published, pursuant to Articles 122 of the TUF and 130 of the Issuers' Regulation, on the Issuer's website (<https://www.atlantia.com/it/voluntary-tender-offer-documenti>) and attached to this Offer Document as appendix K.1, and Section H, Paragraph H.2.

³ Fondazione CRT stake, which, at the time of the signing of the CRT Commitment was equal to 4.54% of Atlantia's capital, was then reduced, on 17 June 2022, to 4.39% of the capital, due to the exercise of third party *call* options on Shares subscribed by Fondazione CRT before the launch of the Offer, as reported in the press release disseminated on the same date by Fondazione CRT and available on Issuer's website (www.atlantia.com).

On the basis of the information published by the Issuer, as at 14 April 2022, Atlantia held 6,959,693 Treasury Shares, equal to approximately 0.84% of the Issuer's share capital, that may be allocated to the beneficiaries of the Issuer's stock grant plans.

(A) Incentive Plans

As of the date of the Offer Document, on the basis of the information available on the Issuer's website, the Issuer has in place the following incentive plans for Atlantia's management, directors and employees: (i) the "2014 Phantom Stock Option Plan" and the "2017 Additional Incentive Plan - Phantom Stock Option"; (ii) the "2020 Employee Free Stock Award Plan"; (iii) the "2021-2023 Stock Grant Plan" and (iv) the "2022-2027 Employee Share Ownership Plan".

To the Offeror's knowledge, as at the date of the Offer Document, on the basis of publicly available information: (i) the 2014 Phantom Stock Option Plan and the 2017 Additional Incentive Plan provided for the granting of phantom stock options whose exercise period ended on June 10, 2022 with reference to the first plan and will end on October 29, 2024 with reference to the second plan; (ii) the 2020 Employee Free Stock Award Plan, which provided for free allocation of Shares, was terminated in 2020, however, the allocated

shares are restricted and unavailable for sale and/or transfer until 2023; (iii) the 2021-2023 Stock Grant Plan provides for the grant to the respective beneficiaries of certain rights which, once vested in accordance with the vesting conditions set out in the relevant Stock Grant Plan, will enable the beneficiaries to receive one Share for each right; while (iv) the above 2022-2027 Employee Share Ownership Plan provides for the free grant of Atlantia ordinary shares through the use of treasury shares already held in the Company's portfolio by its employees.

In particular, on the basis of the information available on the Issuer's website:

- the 2014 Phantom Stock Option Plan and the 2017 Additional Incentive Plan - Phantom Stock Option, approved by the Shareholders' Meeting on April 16, 2014 and August 2, 2017 - April 20, 2018, respectively, provided for the grant to the beneficiaries a certain number of phantom stock options, namely rights to receive, once vested under the conditions set out in the plan at the end of the respective vesting period and within the respective exercise period, a cash bonus determined on the basis of the value of Atlantia's shares. Pursuant to these plans, beneficiaries who, as of the date of the notice of exercise of the vested rights (or, for the 2014 Phantom Stock Option Plan, as of the date of payment of the bonus), are executive directors and executives with strategic responsibilities pursuant to the Corporate Governance Code for listed companies, as identified by the competent corporate bodies of Atlantia, must purchase on the stock market organized and managed by Borsa Italiana a certain number of shares calculated according to the amount of the gross bonus received under the same plans. The shares purchased by the beneficiaries in fulfilment of this investment obligation are subject to a lock-up (so-called minimum holding), subject to prior authorization in writing by Atlantia's Board of Directors, until the expiration of the following terms: for beneficiaries who are executive directors, until the date of termination of their office; for beneficiaries who are executives with strategic responsibilities, until the third year following the date of purchase of the shares. With reference to the aforementioned incentive plans, Atlantia's Board of Directors has convened Atlantia's Ordinary Shareholders' Meeting in a single call for October 10, 2022 in order to, inter alia, amend and supplement in the 2014 Phantom Stock Option Plan and 2017 Additional Incentive Plan - Phantom Stock Option the provisions relating to the investment and minimum holding obligations on Atlantia's shares described above, providing that they do not apply in the event of a Delisting and that, in the event a voluntary total takeover bid is launched on Atlantia's shares aimed at the Delisting, the application of the aforementioned obligations is suspended until the completion of the Delisting or, if the Delisting is not achieved upon completion of the Offer (including the possible reopening and/or extension of the Acceptance Period) or as a result of further extraordinary transactions and/or corporate and business reorganization planned as part of the offer, until the end of the acceptance period or, if later, the date on which the competent corporate bodies are called upon to resolve on the extraordinary transaction and/or corporate and business reorganization;
- the 2020 Employee Free Stock Award Plan approved by the Shareholders' Meeting on May 29, 2020, provided for the free allocation of no. 75 shares to each employee (and thus for a total of approximately a maximum of no. 975,000 Treasury Shares held by the Company in its portfolio) who, regardless of his or her category or level of classification, is linked to the Company and/or its Italian subsidiaries by an employment relationship with a permanent contract. These shares were granted with a single payment in 2020 and the Plan is therefore to be considered terminated. However, there is a 3-year (36-month) restriction period during which the shares granted are unavailable for sale and/or transfer; this restriction ends in 2023. The purposes of this Plan are aimed at ensuring that all employees share in the results and

growth of the Company. With reference to this plan, on 15 September 2022 Atlantia's Board of Directors approved some amendments to it and in particular for the case in which the prerequisites for the execution of the Joint Procedure are not met, it resolved to remove the lock-up with effect from the date of any approval by the Shareholders' Meeting of the merger project functional to the Delisting in order to allow the beneficiaries of the plan to be able to exercise the right of withdrawal pursuant to Article 2437-*quinquies* of the Italian Civil Code with consequent liquidation of the Shares;

- the 2021-2023 *Stock Grant Plan* provides for the free assignment of a maximum of 2,000,000 Shares. The plan will be implemented through the use of the Treasury Shares held by the Company in its portfolio at the relevant date of assignment of the Shares under the plan. In the event of promotion of a tender offer or a public exchange offer for Shares or delisting of the Shares, the Board of Directors will have the right to (i) grant the beneficiaries the right to convert all or part of the rights, possibly re-proportioned, for each cycle of the plan into Shares, *ratione temporis* on the basis of the portion of the *performance* period already elapsed and/or of the level of achievement of the performance indicators, respectively, at the date of the launch of the public offer or at the time of the delisting, in advance of the terms and, possibly, also irrespective of the fulfilment of the conditions provided for by the plan; and (ii) provide for the non-application or cancellation of the lock-up obligations, also limited to the beneficiaries who communicate their irrevocable will to adhere to the public offer. The relevant Shares will be assigned to the beneficiaries in time to allow them, respectively, to accept the public offer or to sell the Shares on the market. With reference to this plan, on 4 August 2022, Atlantia's Board of Directors resolved to exercise, following the attainment of the Offer's "success" threshold and, therefore, before the Delisting, the option, provided for in the relevant regulations, to accelerate the 2021-2023 *Stock Grant Plan* by granting the beneficiaries the allocation of the Shares related to the first two cycles of the plan, re-proportioned *pro rata temporis* with respect to 31 December 2022;
- the 2022-2027 *Employee Share Ownership Plan*, approved by the Shareholders' Meeting on 29 April 2022, provides for the free assignment of a maximum of 100,000 treasury shares already held in the Company's portfolio. In the event of extraordinary transactions on the Company's share capital not expressly governed by the relevant regulation, such as, by way of example but not limited to, takeover bids and *delisting* or other events likely to affect the Shares, or the plan, the Board of Directors will make any amendments and additions to the regulation, independently and without the need for further approval by the Shareholders' Meeting, that are deemed necessary or appropriate to maintain the substantial and economic content of the plan unchanged, within the limits allowed by the laws applicable from time to time. With reference to the aforementioned 2022-2027 *Employee Share Ownership Plan*, Atlantia's Board of Directors convened Atlantia's Ordinary Shareholders' Meeting in a single call for 10 October 2022 for the purpose, *inter alia*, of resolving, subject to the completion of the Delisting, to revoke the resolution adopted by Atlantia's Ordinary Shareholders' Meeting on 29 April 2022 regarding the approval of the 2022-2027 *Employee Share Ownership Plan*.

For further information, please refer to the information on the Issuer's website www.atlantia.com, and in particular to the Information Documents prepared by Atlantia in connection with the respective plans and the documents relating to Atlantia's single call Shareholders' Ordinary General Meeting on 10 October 2022 available on the Issuer's website www.atlantia.com *Governance/Shareholders' Meeting* section.

B.2.5. BRIEF DESCRIPTION OF THE ISSUER

Atlantia is a strategic holding company operating in the infrastructure sector, managing motorway and airport concessions in Italy and abroad and providing mobility services.

Listed below are the business segments that contributed to earnings for fiscal year 2021.

Motorway activities

Atlantia manages its motorway activities through a series of strategic investments, which for the sake of brevity are summarised below:

- a) Abertis group: the Abertis group, 50% owned + 1 share, manages 34 concessions for the development, maintenance and management of toll motorway infrastructures, for approximately 7,800 km in Europe (France, Spain, Italy), America (Chile, Mexico, Brazil, United States, Puerto Rico, Argentina) and India. The concessions expire between 2022 and 2070;
- b) foreign motorway operations: a group of investments that includes 12 companies holding concessions for the construction, operation and maintenance of toll motorways in Brazil, Chile and Poland, for a total length of approximately 1,500 km.

Following the agreement for the sale of the entire investment in Autostrade per l'Italia by Atlantia to Holding Reti Autostradali in June 2021, the Autostrade per l'Italia group is classified as discontinued operations under IFRS 5 in the consolidated financial statements at 31 December 2021. Accordingly, Autostrade per l'Italia Group has not been included in the motorway business segment.

Airport activities

Atlantia essentially manages its airport activities through two strategic shareholdings:

- a) Aeroporti di Roma group: the group includes Aeroporti di Roma (“**AdR**”), 99% owned, and its subsidiaries operating on the Rome airport system, consisting of the “Leonardo da Vinci” international airport located in Fiumicino and the “Giovan Battista Pastine” airport located in Ciampino. AdR is the leading airport operator in Italy in terms of number of passengers (pre-Covid-19, the Roman airport system welcomed almost 50 million passengers in the full year 2019) and the seventh largest airport operator in Europe;
- b) Aéroports de la Côte d’Azur Group: its foreign airport activities include Aéroports de la Côte d’Azur (“**ACA**”), 64% owned, and its subsidiaries, whose main activity is the management of three airports in France: Nice – Côte d’Azur Airport (“**ANCA**”), Cannes – Mandelieu Airport (“**ACM**”) and Saint-Tropez – La Môle Airport (“**AGST**”). The ACA Group, which welcomed 14.6 million passengers in 2019, is the second largest airport hub in France after the Paris airport system.

Mobility Services

Atlantia provides mobility services essentially through the Telepass group:

- a) Telepass group: the group, 51% owned, provides services for integrated and sustainable mobility. Specifically, Telepass manages electronic tolling systems in Italy and in 13 European countries and payment systems related to transport (parking, limited traffic zones, vehicle tracking systems, etc.), also offering mobility services through digital platforms, insurance services and roadside assistance.

Telepass has about 9.4 million onboard units, while the number of Telepass Pay customers is about 650 thousand.

In addition, on 17 January 2022 Atlantia entered into an agreement with the Siemens group to acquire Yunex Traffic, one of the leading global operators in the innovative *intelligent transport systems* (ITS) sector, for an enterprise value of Euro 950 million. The transaction was completed on 30 June 2022.

The Issuer's mission is to create economic and social value for the communities and territories in which it operates, including through its subsidiaries, through active investment in cutting-edge assets capable of offering mobility services that make the travel experience unique and simplify daily life; Atlantia's activities are inspired by environmental, social, ethical and governance principles that comply with the highest international standards.

In order to reinforce the Company's commitment to sustainability, on 18 February 2021 Atlantia approved the Group's first integrated sustainability plan with six challenging and measurable objectives. The Plan was drawn up by the Board following a process that defined new guidelines for its development, aimed, among other things, at strengthening its position in its current sectors of activity and expanding into adjacent sectors, in accordance with a logic of synergistic diversification and resilience of its portfolio, adopting sustainability and innovation as the guidelines for the Issuer's growth over the long term and with a view to creating value for all *stakeholders*. This plan was approved by the Issuer's Shareholders' Meeting on 29 April 2022.

For further information on the Issuer and the Group, please refer to the Issuer's website (www.atlantia.com).

Restatement

On 30 December 2020, the subsidiary Abertis Infraestructuras S.A., in partnership with Manulife Investment Management, completed the acquisition of 100% of ERC, the company holding the concession for the Elizabeth River Crossings tunnels in Virginia, for a total consideration of approximately Euro 1 billion. Specifically, Abertis Infraestructuras S.A. acquired 55.2% of ERC's capital for a consideration of Euro 584.8 million, while Manulife Investment Management acquired the remaining 44.8% of ERC's capital.

The allocation of the cost of the acquisition resulted in adjustments to the fair value of the net assets acquired of Euro 1,008 million, against:

- a) the higher value of intangible assets (mainly concession rights for Euro 1,054 million);
- b) the higher value of financial liabilities, of Euro 37 million;
- c) the effects of deferred taxation related to the previous points, limited to Euro 20 million, due to the almost complete fiscal relevance of the aforementioned adjustments.

The portion of shareholders' equity pertaining to minority interests was determined on the basis of the share of current values attributed to assets and liabilities at the date control was assumed, excluding any goodwill attributable to them (the so-called "*partial goodwill method*"). Net of minority interests, the fair value of the net assets acquired by the Group amounted to Euro 574 million, compared to an acquisition cost of Euro 585 million, with the recognition of goodwill (only for the portion pertaining to the Group) of Euro 11 million.

As required by IFRS 3, the above amounts have been reflected retrospectively from the date of acquisition, resulting in the amendment and integration of the balance sheet amounts already provisionally included in the 2020 Consolidated Financial Statements (2020 Restated).

“Operating revenue” for 2021 amounted to Euro 6,391 million and increased by Euro 1,131 million (+22%) compared to 2020 (Euro 5,260 million).

“Motorway toll revenue” amounted to Euro 4,959 million, an increase of Euro 880 million compared to 2020 (Euro 4,079 million), mainly due to the recovery of traffic from the motorway concessionaires of the Abertis group (Euro +607 million), and other foreign motorway activities (Euro +101 million).

“Aviation revenue” amounted to Euro 294 million, up by Euro 50 million compared to 2020 (+20%) related to the increase in traffic volumes of Aeroporti di Roma (+22.1%) and Aeroports de la Cote d’Azur (+42.8%).

“Other operating income” totals Euro 1,138 million and shows an increase of Euro 201 million compared to the 2020 financial year (+21%) mainly attributable to the Euro 219 million public contribution, due to Aeroporti di Roma, from the “Covid damage fund” for airport operators (Law 178/2020 and Law Decree 73/2021) against traffic losses from 1 March to 30 June 2020 as a result of the pandemic, of which Euro 110 million was collected in March 2022.

“Operating costs” amounted to Euro 2,362 million, up by Euro 174 million compared to 2020 (Euro 188 million) mainly due to the aforementioned changes in the scope of consolidation relating to the Abertis group.

“Concession fees” amount to a total of Euro 95 million, up on 2020 Euro 81 million) in relation to the increase in traffic at the Group’s concessionaires.

“Staff costs” amounted to Euro 769 million and increased by Euro 23 million compared to 2020 mainly in relation to changes in the scope of consolidation of the Abertis group.

The “Operating change in provisions” in 2021 is negative by Euro 82 million essentially due to provisions totalling Euro 77 million for risks related to contractual and legal obligations.

The “Gross operating profit” (EBITDA) amounted to Euro 4,029 million, an increase of Euro 957 million compared to last year (Euro 3,072 million, +31%) due to the mentioned improvement in motorway and airport traffic volumes compared to 2020.

“Amortisation and depreciation, impairment losses and reversals of impairment losses” amounted to Euro 4,269 million and increased by Euro 770 million compared to 2020 Euro 3,499 million) mainly due to:

- a) impairment of intangible assets of Euro 1,107 million essentially as a result of impairment tests, intangible concession rights of the Brazilian concessionaire Arteris Euro 723 million) and Aéroports de la Côte d’Azur (Euro 384 million). In 2020, write-downs resulting from impairment tests totalled Euro 520 million;
- b) the write-down of Euro 134 million of Aeroporti di Roma’s receivable from Alitalia SAI in extraordinary administration, following an updated assessment of the probability of recovery.

The “Operating loss (EBIT)” was negative Euro 240 million, an increase of Euro 187 million compared to 2020 (negative Euro 427 million).

“Net financial expenses” amounted to Euro 736 million with a reduction of Euro 391 million compared to 2020 (Euro 1,127 million) essentially attributable to:

- a) lower valuation charges on derivative financial instruments of Euro 265 million, primarily relating to Atlantia (Euro 190 million) and Azzurra Aeroporti (Euro 46 million) following the increase in interest rates during 2021;
- b) the lower charges incurred by Abertis Infraestructuras S.A. following the repurchase of the bonds in December 2020 (Euro 56 million);
- c) lower interest expense at Atlantia (Euro 32 million) following the repayment of bank lines in November 2020 and during 2021 (Euro 71 million), net of higher amortised cost charges linked to these repayments and higher interest on the bond issue in February 2021 (Euro 36 million).

In 2021, there were also lower impairment losses on financial assets and investments compared to 2020 for a total of Euro 193 million and higher net financial expenses related to the aforementioned changes in the scope of consolidation for Euro 123 million.

The “Loss before tax – EBT” is therefore negative by Euro 1,018 million in 2021 (Euro 1,570 million in 2020), resulting in the recognition of tax income of Euro 474 million (Euro 390 million in 2020).

“Profit from discontinued operations” in 2021 amounted to Euro 926 million (negative Euro 461 million in 2020) and included the contribution of the ASPI Group. The change in the item, amounting to Euro 1,387 million, is essentially attributable to the extraordinary provisions, recognised in 2020, related to the agreement with the MIT aimed at closing the serious non-compliance procedure in relation to the Polcevera event, in addition to the recovery of motorway traffic in 2021 on the ASPI Group’s network (+23.1%).

The “Profit for the year” amounted to Euro 382 million, compared to the loss for 2020 of Euro 1,641 million. Profit attributable to owners of the parent was Euro 626 million compared to the 2020 loss of Euro 1,177 million.

The loss attributable to non-controlling interests shows a loss of Euro 244 million (2020 loss of Euro 464 million).

“Net invested capital” amounted to Euro 51,348 million (Euro 53,531 million at 31 December 2020) and decreased by Euro 2,183 million compared to 31 December 2020. As of 31 December 2021, “Intangible

royalties” amounted to Euro 35,127 million and decreased by Euro 14,139 million compared to 31 December 2020 (Euro 49,266 million) mainly in relation to:

- a) the reclassification, totalling Euro 12,045 million, of the Autostrade per l’Italia group’s intangible concession rights to “Non-financial assets and liabilities held for sale”;
- b) the recognition of amortisation, depreciation and write-downs for a total of Euro 4,023 million;
- c) investments for completed works amounting to Euro 1,599 million.

“Goodwill” amounted to Euro 8,441 million and decreased by Euro 4,356 million compared to 31 December 2020 (Euro 12,797 million), mainly due to the aforementioned reclassification of the ASPI Group’s contribution, which totalled Euro 4,383 million.

“Property, plant and equipment and other intangible assets” amounted to Euro 1,094 million and decreased by Euro 163 million compared to 31 December 2020 (Euro 1,257 million), mainly due to the reclassification of the ASPI Group’s contribution (Euro 296 million), depreciation and amortisation of Euro 276 million and investments for the year (Euro 414 million).

“Investments” amounted to Euro 1,929 million and decreased by Euro 912 million compared to 31 December 2020 (Euro 2,841 million). The change is attributable to the reduction in the value of the equity investment held in Hochtief, totalling Euro 543 million, following the partial sale of 8% and the reduction in the stock market value of the company’s shares in 2021 (from Euro 79.55 per share as at 31 December 2020 to Euro 71 per share as at 31 December 2021), the sale of A’lienor (Euro 180 million) as well as the reclassification of Euro 105 million of the equity investments held by ASPI Group companies under “Non-financial assets and liabilities held for sale”.

“Working capital (net of current provisions)” amounted to Euro 888 million with an increase of Euro 604 million compared to 31 December 2020 (Euro 284 million), essentially due to the reclassification of the contribution of ASPI Group companies under current assets and liabilities held for sale (Euro 600 million).

“Provisions and commitments” amounted to Euro 2,372 million, a decrease of Euro 6,417 million compared with 31 December 2020 (Euro 8,789 million), mainly attributable to the reclassification of the ASPI Group’s contribution to “Non-financial assets and liabilities held for sale” of Euro 5,884 million. The Atlantia Group’s financial position at 31 December 2021 shows “Net debt” of Euro 38,637 million, down Euro 4,123 million on 31 December 2020 (Euro 42,760 million), essentially due to the proceeds from the sale to Partners Group of its 49% interest in Telepass for Euro 1,045 million, the issuance by Abertis Infraestructuras Finance of Hybrid bonds for Euro 734 million, the closure of the Funded Collar as part of the repayment of the Collar Financing with net proceeds of Euro 413 million and for the contribution of FFO-cash flow from operations (Euro 3,913 million), net of investments for the period (Euro 2,092 million) for a total of Euro 1,821 million. It should be noted that the net financial debt as of 31 December 2021 includes the contribution of the ASPI Group classified under the item “Net financial debt related to assets held for sale” for Euro 9,154 million and under the item “Financial assets deriving from concession rights” for Euro 419 million.

- a) The reduction in bonds of Euro 7,355 million is essentially attributable to the aforementioned reclassification of the ASPI Group’s contribution of Euro 8,086 million partially offset by the net

balance (Euro 449 million) between issues of Euro 3,664 million and repayments of Euro 3,215 million. The reduction in medium/long-term loans of Euro 7,550 million is mainly attributable to the reclassification of balances relating to the ASPI Group of Euro 2,114 million, repayments during the year totalling Euro 6,532 million and the provision of new loans of Euro 913 million. The decrease in other financial liabilities of Euro 1,590 million is mainly attributable to the reclassification of ASPI Group balances of Euro 773 million, as well as the reduction in the fair value of derivative liabilities (Euro 947 million) mainly related to the increase in interest rates compared to 31 December 2020. The decrease in other financial assets of Euro 878 million is due to the reclassification of the ASPI Group's contribution of Euro 480 million and Atlantia's closure of the Funded Collar derivative, as part of the Collar Financing repayment transaction, for Euro 339 million. Excluding the contribution from the Autostrade per l'Italia group: the weighted average residual life of debt at 31 December 2021 is five years and eight months (five years and seven months at 31 December 2020);

- b) 76.5% of financial indebtedness is at fixed rate and taking into account interest rate hedging transactions, this ratio is 79.7% of the total;
- c) the ratio of financial expenses in 2021, including differentials on hedging derivatives, to the average value of medium/long-term debt is 3.6%.
- d) At 31 December 2021, Group companies (excluding the ASPI Group) have a cash reserve of Euro 12,370 million, comprising: Euro 6,053 million in cash and/or invested with a short-term horizon, of which Atlantia's Euro 654 million;
- e) 6,317 million in undrawn committed lines of credit with an average residual utilisation period of two years and five months.

During 2021, the ratings agencies' assessments of Atlantia were positively influenced by the gradual conclusion of the agreement to sell the entire interest in ASPI. In detail:

- a) on 4 June, Fitch placed the credit rating on "Rating Watch Positive" (from "Rating Watch Evolving");
- b) on 22 June, Standard & Poor's revised its credit rating up one notch to "BB" from "BB-" to "Positive" (from "BB-" to "Developing");
- c) on 22 October, Moody's placed both the credit rating and the outlook "under review for upgrade".

“Shareholders' equity” amounted to Euro 16,070 million (Euro 14,255 million as at 31 December 2020) and included the comprehensive income for the year, which was a profit of Euro 444 million (a loss of Euro 2,819 million in 2020). The improvement in comprehensive income of Euro 3,263 million is due to the profit for the year of Euro 382 million, compared to the loss of Euro 1,641 million in 2020, and to the other components of the statement of comprehensive income, positive by Euro 62 million in 2021, negative by Euro 1,178 million in 2020, affected essentially by:

- the change in the positive fair value of cash flow hedge derivatives, amounting to Euro 173 million, mainly due to the increase in the interest rate curve in 2021 (-Euro 166 million in 2020);
- the negative change in the foreign exchange reserve of Euro 26 million, mainly due to the depreciation of the Chilean peso against the euro (-Euro 742 million in 2020, which was affected by the significant depreciation of South American currencies);

- c) the negative change in the fair value of the investment in Hochtief of Euro 148 million (-Euro 588 million in 2020).

“Shareholders’ equity attributable to the Group”, amounting to Euro 8,140 million, increased by Euro 1,950 million compared with 31 December 2020 (Euro 6,190 million) essentially due to the capital gain from the sale of 49% of the investment in Telepass, (Euro 964 million), the issue of a hybrid bond (Euro 364 million) by Abertis Infraestructuras Finance, as well as the total profit for the year attributable to the Group of Euro 631 million.

“Shareholders’ equity attributable to non-controlling interests” amounted to Euro 7,930 million and decreased by Euro 135 million compared to 31 December 2020 (Euro 8,065 million) essentially due to:

- b) the overall result for the year attributable to minority interests, a loss of Euro 187 million;
- c) an increase of Euro 370 million due to the above-mentioned issue of a hybrid bond by Abertis Infraestructuras Finance;
- d) the increase in minority interests of 49% in the contribution of Telepass and its subsidiaries following the sale (Euro 71 million).

“Net cash flow from operating activities” amounted to Euro 4,082 million (Euro 2,435 million in 2020) with an increase of Euro 1,647 million attributable to the increase in FFO (Euro 1,645 million) which essentially benefits from the improved operating performance of the Group's concessionaires.

“Net cash used for investments in non-financial assets” amounted to Euro 1,332 million (Euro 5,858 million in 2020), a decrease of Euro 4,526 million, mainly resulting from the 2020 acquisitions of RCO and ERC (for Euro 4,633 million). In addition, in 2021, there were realisations from divestments of Euro 650 million mainly related to the sale of 8% of shares held in Hochtief for Euro 413 million and non-consolidated investments by Abertis Infraestructuras S.A. for Euro 217 million.

“Net equity cash inflow” amounted to Euro 1,324 million and essentially included the proceeds from the aforementioned sale of 49% of the stake in Telepass for Euro 1,045 million and the issuance in 2021 by Abertis Infraestructuras Finance of hybrid equity instruments for Euro 734 million, partially offset by dividends to third parties for Euro 413 million.

⁵ “Attention Reminder no. 5/21” Consob and ESMA Guidelines, regarding disclosure requirements under EU Regulation 2017/1129 updating previous Recommendations.

It should be noted that net financial indebtedness as of 31 December 2021 includes the contribution of the ASPI Group classified in the item “Net financial indebtedness associated with assets held for sale and discontinued operations” for Euro 9,634 million

The reduction in bonds of Euro 7,355 million is mainly attributable to the aforementioned reclassification of the ASPI Group’s contribution of Euro 8,086 million, partially offset by the net balance (Euro 449 million) between issues of Euro 3,664 million and redemptions of Euro 3,215 million.

The reduction in medium/long-term loans of Euro 7,550 million is mainly attributable to the reclassification of balances relating to the ASPI Group for Euro 2,114 million, repayments during the year for a total of Euro 6,532 million and the provision of new loans for Euro 913 million.

D.2. REPURCHASE AGREEMENTS, SECURITIES LENDING, USUFRUCT OR PLEDGE AGREEMENTS OR OTHER COMMITMENTS UNDERLYING THE SHARES

With the exception of certain guarantees granted by BIP TopCo1 and BIP TopCo2 in the interest of HoldCo and in favour of the Lux HoldCo Lenders, as better described in Paragraph G.1, as at the Date of the Offer Document, the Offeror has not entered into any repurchase or securities lending agreements, established usufruct or pledge rights or assumed any other commitments having as their underlying the Issuer's Shares (such as, by way of example, option, *futures*, *swap*, forward contracts on such financial instruments) directly or through trust companies or intermediaries or through subsidiaries.

D.3. FINANCIAL INSTRUMENTS OF THE ISSUER OWNED BY THE PERSONS ACTING IN CONCERT

As at the Offer Document Date Edizione holds, through its subsidiary Sintonia, the Sintonia Stake corresponding to 33.10% of the Issuer's share capital. Please note that under the CRT Commitment, Fondazione CRT committed to tender to the Offer the CRT Stake, corresponding to 4.39% of the Issuer's share capital.

E. PER SHARE CONSIDERATION FOR FINANCIAL INSTRUMENTS AND ITS DETERMINATION

E.1. INDICATION OF THE PER SHARE CONSIDERATION AND ITS DETERMINATION

The Offeror will pay a consideration equal to Euro 23.00 for each Share tendered to the Offer (the “**Consideration**”). Please note that the Issuer’s shareholders’ meeting held on 29 April 2022 approved the distribution of a dividend equal to Euro 0.74 per Share (the “**2022 Dividend**”) and that the Consideration will not in any event be reduced by the 2022 Dividend paid on 25 May 2022. On the basis of the above, in consideration of (i) the Consideration (in the amount of Euro23.00) and (ii) the 2022 Dividend (in the amount of Euro0.74), Atlantia shareholders accepting the Offer will receive a total of Euro 23.74 for each Share tendered in acceptance of the Offer (the “**Aggregate Value**”). Except as described above for the 2022 Dividend, the Consideration will be reduced by the amount per share of any additional ordinary and/or extraordinary dividends taken from profits or reserves or any other distribution approved by the relevant corporate bodies of the Issuer prior to the Payment Date (even if not paid, but accrued). The Price will be entirely paid in cash on the Payment Date (or on the Payment Date following the Reopening of Terms). The Consideration is net of stamp duty, expenses, fees and/or commissions which will be borne by the Offeror, while ordinary tax or substitute tax on capital gains, if due, will be borne by the Adherents to the Offer.

Please note that, in determining the Consideration, the Offeror did not make use of independent expert opinions or valuation documents. For the purposes of determining the Price, methods and evaluation criteria consistent with the specific characteristics of the Issuer have been identified. In particular, the Consideration was determined by the Offeror through an autonomous assessment, taking into account the following elements:

- a) the listing price of the Issuer’s Shares on the trading day prior to the Announcement Date and on the Reference Date;
- b) the daily weighted average price of the Shares, based on the official price, at specified time intervals, namely: 1 month, 3 months, 6 months and 12 months prior to the Reference Date; and
- c) the target prices indicated by financial analysts in the interval between the date of publication of the results for the financial year ended 31 December 2021 and the Reference Date.

These methodologies, on the other hand, should not be analysed individually, but considered as an inseparable part of the overall evaluation process. The analysis of the results obtained by each methodology independently, without considering the evaluation process as a whole, would lead to the loss of significance of the entire evaluation process.

The Consideration was first of all established by reference to stock market prices. This valuation method determines the value of the company being valued as stock market capitalization derived from the prices of securities traded on regulated stock markets. In particular, this method is considered relevant for the valuation of listed companies. In order to neutralize potential volatility and any short-term fluctuations in the stock price level, legal theory and professional practice also suggest taking into account the results of stock market prices by calculating averages over different time horizons weighted by the relative trading volumes.

The prices recorded were observed over various time periods prior to the Reference Date of 5 April 2022, (inclusive), as the last trading day before the *rumours* of a potential transaction relating to Atlantia's share capital. For the sake of clarity, the following paragraphs also highlight the differences between the Consideration and the prices registered during different time periods prior to 13 April 2022, *i.e.*, the last trading day before the Announcement Date (the "**Pre-Announcement Date**").

Stock market prices relating to volume-weighted averages of Atlantia's prices at 1, 3, 6 and 12 months were taken into account.

The target prices for Atlantia shares resulting from research published by brokers and leading investment banks released after the publication of the Issuer's financial results on 31 December 2021, *i.e.*, after March 2022 (inclusive), identified as the period in which the Issuer provided the market with the latest significant updates in relation to its operating companies, such as to have a positive impact on target prices, were taken into consideration as well.

Below is a brief description of the main criteria used to determine the Consideration.

E.1.1. LISTING PRICE ON THE REFERENCE DATE AND THE PRE-ANNOUNCEMENT DATE

On the Reference Date, *i.e.*, the last trading day prior to the *rumours* of a potential transaction on Atlantia's share capital, the official unit price of the Shares was Euro 18.49: the Consideration and the Aggregate Value therefore embody a premium of 24.4% and 28.4%, respectively, over this price.

On the Pre-Announcement Date, the official unit price of the Shares was Euro 21.84: therefore, the Consideration and the Aggregate Value embody a premium of 5.3% and 8.7%, respectively, over that price.

E.1.2. WEIGHTED AVERAGES OVER DIFFERENT TIME HORIZONS PRIOR TO THE REFERENCE DATE

The table below summarises the daily weighted average prices (weighted for the volumes traded in the reference periods), calculated on the basis of the official prices, in the different time frames selected prior to the Reference Date and the Pre-Announcement Date, highlighting, for each of them, the implicit premiums of the Consideration.

The following table compares the Consideration with: (i) the volume-weighted arithmetic average of the official prices recorded in each of the preceding 1 (one), 3 (three), 6 (six) and 12 (twelve) months prior to the Reference Date (inclusive) and prior to the Pre-Announcement Date (inclusive).

Reference period	Weighted arithmetic average (in Euro) (*)	Difference between the Consideration and the weighted arithmetic average (in Euro)	Difference between the Consideration and the weighted arithmetic mean (in % with respect to the weighted arithmetic mean)
1 month before the Reference Date	17.57	5.43	30.9%
3 months before the Reference Date	17.01	5.99	35.2%
6 months before the Reference Date	16.88	6.12	36.3%
12 months before the Reference Date	16.34	6.66	40.8%

Reference period	Weighted arithmetic average (in Euro) (*)	Difference between the Consideration and the weighted arithmetic average (in Euro)	Difference between the Consideration and the weighted arithmetic mean (in % with respect to the weighted arithmetic mean)
1 month before the Pre-Announcement Date	19.40	3.60	18.6%
3 months before the Pre-Announcement Date	18.10	4.90	27.1%
6 months before the Pre-Announcement Date	17.57	5.43	30.9%
12 months before the Pre-Announcement Date	16.78	6.22	37.1%

The Price is net of stamp duty, if due, and of any commissions and expenses, which will be borne by the Offeror. Withholding taxes on capital gains, to the extent due, will be borne by the shareholders accepting the Offer.

Finally, on 30 March 2022, the Issuer announced that all the conditions precedent set out in the contract for the sale of the equity investment held by the Issuer in Autostrade per l'Italia S.p.A. in favour of Holding Reti Autostradali S.p.A. (the “**ASPI Transfer Agreement**”) have been fulfilled. On 5 May 2022, the Issuer has announced that the closing of the transaction for the sale of the equity investment held by the Issuer in Autostrade per l'Italia S.p.A. has been finalized upon payment of a consideration of Euro 8,198.8 million (the “**ASPI Proceeds**”).

E.1.3. TARGET PRICES

The target prices considered refer to those expressed by leading financial analysts and investment banks after 11 March 2022, the date of publication of the results for the financial year ended 31 December 2021 of the Issuer and prior to the Reference Date.

It should be noted that, in the event of several publications on the Issuer by the same financial analyst during the identified reference time period, in line with what is recognized and normally used in valuation practice, both Italian and international, for the purposes of applying this method, only the target price of the last publication is taken into consideration, considering the target prices previously expressed and the related underlying valuation considerations as exceeded (as described in greater detail by the analysts in their respective publications).

E.3. COMPARISON BETWEEN THE CONSIDERATION AND SOME INDICATORS RELATING TO THE ISSUER

For illustrative purposes only, some considerations on market multiples in the context of the valuation of the Issuer are set out below.

Atlantia is a *holding company* operating essentially in the following sectors:

- a) **Motorway concessions:** both directly and through its subsidiary Abertis, Atlantia manages motorway *assets* in Europe (primarily Spain, France and Poland) and North and South America (in countries such as Chile, Brazil, Mexico, Puerto Rico, the USA and Argentina);
- b) **Airport concessions sector:** Atlantia manages 5 airports between Italy and France through its subsidiaries AdR and Aeroport de la Cote D'Azur;
- c) **Mobility services sector:** through its Telepass subsidiary and Yunex (closing of the transaction occurred on 30 June 2022), Atlantia is one of Europe's leading providers of integrated urban and suburban mobility services.

⁶ As represented in Atlantia's reclassified consolidated statement of cash flows for the years 2021 and 2020 restated referred to as "Operating Cash Flow". Also excluded are *discontinued operations* as reported in the reclassified statement of cash flows.

⁷ EV: this represents the algebraic sum of the Consideration, multiplied by the number of shares issued (net of treasury shares held), and Atlantia's consolidated net debt at 31/12/2021, adjusted to take account of i) the proceeds from the sale of ASPI (equal to Euro 8,198.8 million); ii) the provision for staff termination benefits; iii) unconsolidated investments; iv) minority interests; v) the hybrid bond issued by the subsidiary, Abertis; and vi) the 2022 Dividend multiplied by the number of shares issued and vii) the consideration obtained from the liquidation of the interest held in Hochtief (equal to Euro 577.8 million).

The Atlantia Group also has a number of unconsolidated investments, including i) a 15.5% interest in Getlink, a company that operates cross-Channel transport services under a concession expiring in 2086 and ii) a 29% interest in the company that manages Bologna airport.

The heterogeneous nature of the Atlantia group's business mix is difficult to find in other companies listed on Italian and European stock exchanges, and therefore makes the use of valuation metrics derived from the application of market multiples is not so significant.

Moreover, with regard to the main sectors in which Atlantia operates, such as motorway and airport concessions, the application of market multiples is influenced by parameters such as:

- geographical location of concessions;
- remaining duration of the concessions;
- regulatory systems and applicable contractual models with reference, among other things, to the performance profile and risk allocation between the grantor and the concessionaire;
- *greenfield* or *brownfield* nature of the concessions (mainly related to the motorway business);
- risk and debt capital structure;
- possible exchange rate risk;
- the presence of consolidated or unconsolidated concessions and, in the case of consolidated concessions, of significant *minority interests*;
- impact of extraordinary financial transactions.

In view of the above, the Offeror considers the market multiples method to be of limited relevance.

Notwithstanding the above, and in implementation of the requirements of the rules governing the content of the Offer Document, the multipliers of those listed companies with characteristics most similar to Atlantia have been calculated and which may therefore, albeit to a limited extent, be considered comparable with Atlantia. These operators are:

- **Vinci**
 - is a French operator mainly active in the *contracting* and concessions sector (based on 2021 results, approximately 14% of turnover and approximately 60% of EBITDA is related to the concessions sector)
 - in the area of concessions, the French operator holds concessions in both the motorway and airport sectors:
 - **Motorway concessions:** Vinci is the main French motorway operator with more than 4,400 km managed mainly through ASF, Escota and Cofiroute;

- **Airport Concessions:** Vinci controls or holds minorities in 53 airport *assets* in over 12 nations that handled approximately 255 million passengers in 2019 in the pre-Covid era. The main *assets* in the French operator's portfolio are (i) Gatwick Airport, (ii) ANA, a company that operates 10 airports in Portugal, (iii) Lyon Airport, (iv) *Kansai airports* (40% stake) in Japan, (v) Salvador Airport in Brazil, (vi) Santiago de Chile Airport in Chile (40% stake) and (vii) 5 airports in the US.

- **Eiffage**

- is a French company mainly operating in the construction sector and with marginal exposure to the concession sector, mainly motorways;
- in relation to the operator's 2021 results, approximately 16% of revenues and approximately 70% of operating income are derived from the concessions business. The main asset held by the French operator is APRR (52% stake), one of the leading French motorway companies. In airport concessions, Eiffage holds 49.9% of Toulouse airport and 90% of Lille airport;
- Eiffage also holds a minority stake of approximately 5% in Getlink.

The following are therefore some of the market multiples of listed companies that, to a limited extent, may be considered comparable with Atlantia.

F. TERMS AND CONDITIONS OF TENDER OF THE OFFER, DATE AND MANNER OF PAYMENT OF THE CONSIDERATION AND RETURN OF THE SECURITIES SUBJECT TO THE OFFER

F.1. PROCEDURES AND TERMS FOR TENDER THE OFFER AND FOR DEPOSITING THE FINANCIAL INSTRUMENTS

The Acceptance Period, agreed with Borsa Italiana, pursuant to Article 40, paragraph 2, of the Issuers' Regulation, shall commence on 10 October 2022 and end on 11 November 2022 (inclusive), unless extended.

Therefore, 11 November 2022 will be the closing date of the Offer, unless extended.

The Offeror will communicate any changes to the Offer in accordance with applicable laws and regulations.

Acceptance of the Offer may take place on each trading day during the Acceptance Period, from 8.30 a.m. on 10 October 2022 to 5.30 p.m. on 11 November 2022, Italian time, inclusive, unless extended. In addition, pursuant to Article 40-*bis* of the Issuers' Regulation, within the trading day following the Payment Date, the Acceptance Period shall be reopened for 5 trading days and precisely for the sessions of 21 November, 22 November, 23 November, 24 November and 25 November 2022, unless the Acceptance Period is extended, if the Offeror, on the occasion of the publication of the notice of the provisional results of the offer (see Section F, Paragraph F.3 of the Offer Document), communicates the waiver of the Threshold Condition, for the purposes of the applicability of the rules relating to the Reopening of Terms.

In such event, 25 November 2022 will, therefore, represent the closing date of the Offer. However, the Reopening of Terms will not occur:

- if the Offeror makes known to the market at least five trading days before the end of the Acceptance Period, the waiver of the Threshold Condition by means of a specific notice which will be published pursuant to Article 40-*bis*, paragraph 3, of the Issuers' Regulation; or
- if, at the end of the Acceptance Period, the Offeror (together with the Persons Acting in Concert) comes to hold overall the shareholding referred to in Article 108, first paragraph, of the TUF (95%), or the shareholding referred to in Article 108, second paragraph, of the TUF (90%) and waives the Threshold Condition, and the Offeror, with reference to the latter, has already declared its intention not to restore a free float sufficient to ensure regular trading.

Acceptances during the Acceptance Period by the holders of the Shares (or their duly authorised representative) are irrevocable (except, in the case of acceptances during the Acceptance Period, in the cases of revocation permitted according to applicable regulations for acceptance of competing offers, pursuant to Article 44 of the Issuers' Regulation).

Tenders to the Offer must be made by executing the appropriate Acceptance Forms duly completed, with simultaneous deposit of the Shares with the Appointed Intermediaries.

The Issuer's Shareholders who intend to accept the Offer may also deliver the Acceptance Form and deposit the Shares indicated therein with the Depository Intermediaries, provided that delivery and deposit are made

in sufficient time to enable the Depository Intermediaries to deposit the Shares with the Appointed Intermediary by and no later than the last day of the Acceptance Period or Reopening of Terms, if applicable.

The Shares are subject to the securities dematerialization regime provided for in Articles 83-*bis* et seq. of the TUF, as well as in the Single Provision on post-trading of Consob and the Bank of Italy of 13 August 2018, as subsequently amended.

Those who intend to tender their Shares to the Offer must be holders of dematerialized Shares, duly registered in a securities account with one of the Depository Intermediaries and must apply to their respective intermediaries for appropriate instructions in order to accept the Offer.

The subscription of the Acceptance Form, therefore, in consideration of the aforementioned regime of dematerialisation of the securities, will also be valid as an irrevocable instruction given by the individual holder of Shares Subject of the Offer to the Appointed Intermediary and to the relevant Depository Intermediary, with which the Shares are deposited in a securities account, to transfer such Shares into escrow accounts with such Appointed Intermediary or Depository Intermediary, in favour of the Offeror through the Intermediary Appointed to Coordinate the Collection of Tenders.

The Depository Intermediaries, in their capacity as proxies, must countersign the Acceptance Forms. Shareholders bear the sole risk that the Depository Intermediaries do not deliver the Acceptance Forms and, where applicable, do not deposit the Offer Shares with the Intermediary Appointed to Coordinate the Collection of Tenders by the last valid day of the Acceptance Period (or Reopening of Terms, if applicable).

Upon acceptance of the Offer and deposit of the Shares by signing the Acceptance Form, a mandate will be given to the Appointed Intermediary and to the Depository Intermediary – if any – to perform all the formalities necessary and preparatory to the transfer of the Shares to the Offeror, who will bear the relevant costs.

The Shares conferred must be free from encumbrances of any kind and nature, whether *in rem*, obligatory or personal, and must be freely transferable to the Offeror. For the entire period during which the Shares will be bound to the Offer and, therefore, until the Payment Date or, in case of Reopening of Terms, the Payment Date following the Reopening of Terms, the Adherents to the Offer may exercise the property rights (e.g. the option right) and the social rights (e.g. the voting right) relating to the Shares, which will remain in the ownership of the same Adherents.

Acceptances to the Offer during the Acceptance Period by minors or persons under the care of guardians or curators, in accordance with the applicable provisions of law, signed by the person exercising parental authority, guardianship or curatorship, if not accompanied by the authorization of the tutelary judge, shall be accepted with reservation and not counted for the purpose of determining the percentage of acceptance of the Offer and their payment shall in any case be made only after authorization has been obtained.

Only Shares which, at the time of acceptance, are duly registered and available in a securities account opened by the Adherent to the Offer with an Appointed Intermediary or Depository Intermediary may be tendered to the Offer. In particular, the Shares resulting from purchase transactions carried out on the market may be tendered to the Offer only after the settlement of such transactions within the settlement system.

F.2. OWNERSHIP AND EXERCISE OF ADMINISTRATIVE AND PROPERTY RIGHTS RELATING TO THE SHARES TENDERED DURING THE OFFER

The Shares tendered during the Acceptance Period will be transferred to the Offeror on the Payment Date. The Shares tendered during the Reopening of Terms, if any, will be transferred to the Offeror on the Payment Date following the Reopening of Terms.

Until the Payment Date and/or until the Payment Date Following Reopening of Terms, Shareholders will retain and may exercise their property and administrative rights arising from ownership of the Shares; however, Shareholders who have accepted the Offer may not transfer their Shares, other than by accepting any competing offers or raises pursuant to Article 44 of the Issuers' Regulation.

F.3. PERIODIC COMMUNICATIONS AND RESULTS OF THE OFFER

During the Acceptance Period and also during any Reopening of Terms, the Intermediary Appointed to Coordinate the Collection of Tenders will communicate on a daily basis to Borsa Italiana, pursuant to Article 41, paragraph 2, letter d), of the Issuers' Regulation, the data relating to the Acceptances received and the total Shares tendered to the Offer, as well as the percentage that such quantities represent with respect to the Shares Subject of the Offer.

Borsa Italiana shall publish the data by means of a specific notice by the day following such communication.

Furthermore, if, during the Acceptance Period and/or the Reopening of Terms, as well as during and/or following the procedure aimed at fulfilling the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF, the Offeror or the Persons Acting in Concert purchase, directly and/or indirectly, additional Shares outside of the Offer, the Offeror will give notice thereof within the day to CONSOB and to the market pursuant to Article 41, paragraph 2, letter c), of the Issuers' Regulation.

The provisional results of the Offer will be announced by the Offeror, pursuant to Article 36 of the Issuers' Regulation, by the evening of the last day of the Acceptance Period, or by 7:59 a.m., Italian time, on the first trading day following the end of the Acceptance Period.

The final results of the Offer will be announced by the Offeror, pursuant to Article 41, paragraph 6, of the Issuers' Regulation, by the trading day preceding the Payment Date (*i.e.*, by 17 November 2022, unless extended).

Upon publication of the Notice on the Results of the Offer, the Offeror will disclose whether or not the conditions provided by law for the occurrence of the Purchase Obligation under Article 108, paragraph 2, of the TUF or for the Purchase Obligation under Article 108, paragraph 1, of the TUF and for the Right to Purchase have occurred, as well as information relating to the subsequent Delisting.

In case the Reopening of Terms applies:

- the provisional results of the Offer following any Reopening of Terms will be announced to the market by the evening of the last day of the Reopening of Terms (25 November 2022, unless extended) and, in

any event, by 7.59 a.m., Italian time, on the first trading day following the closing of the Reopening of Terms (28 November 2022, unless extended);

- the overall results of the Offer will be announced by the Offeror, pursuant to Article 41, paragraph 6, of the Issuers' Regulation, within the day preceding the Payment Date following Reopening of Terms (1 December 2022, unless extended). On this occasion, the Offeror will disclose the occurrence of the conditions required by law for the Purchase Obligation under Article 108, paragraph 2, of the TUF, or the Purchase Obligation under Article 108, paragraph 1, of the TUF and the Right to Purchase under Article 111 of the TUF, as well as information on the process and timing of the subsequent Delisting.

F.4. MARKETS ON WHICH THE OFFER IS PROMOTED

The Offer is (i) launched in Italy, as the Issuer's shares are listed exclusively on Euronext Milan, and (ii) addressed, indiscriminately and under the same conditions, to all shareholders holding Shares.

The Offer is launched in the United States of America pursuant to Section 14(e) of the U.S. Securities Exchange Act and of the Regulation 14E adopted pursuant to U.S. Securities Exchange Act, and, in any event, in accordance with the requirements of Italian law. For the warning directed to those who hold the Offer Shares and are residents of the United States of America, as well as, generally, to those not resident in Italy, see the Important Notice section at the front of the Offer Document.

As of the Date of the Offer Document, the Offer has not been and will not be promoted or disseminated in Canada, Japan and Australia, or in any other country in which such Offer is prohibited in the absence of authorization by the competent authorities or other compliance by the Offeror (such countries, including Canada, Japan and Australia, collectively, the “**Other Countries**”), nor by using national or international means of communication or commerce of the Other Countries (including, by way of example, the postal network, fax, electronic mail, telephone and Internet), nor through any facility of any of the financial intermediaries of the Other Countries, nor in any other way.

Tenders to the Offer by persons residing in countries other than Italy may be subject to specific obligations or restrictions provided for by laws or regulations. It is the sole responsibility of the persons intending to accept the Offer to comply with such regulations and, therefore, prior to accepting the Offer, such persons will be required to verify the existence and applicability of such regulations by contacting their advisors.

F.5. PAYMENT DATE OF THE CONSIDERATION

The payment of the Consideration to the holders of the Shares tendered to the Offer, against the simultaneous transfer of ownership of such Shares, will take place on the fifth trading day following the closing of the Acceptance Period and, therefore, on 18 November 2022, or, if extended, on the fifth trading day following the closing of the Acceptance Period (as extended), against the simultaneous transfer of ownership of the Shares.

The new payment date thus determined will be announced by the Offeror by means of a notice published in accordance with Article 36 of the Issuers' Regulation.

In the event of a Reopening of Terms, payment of the Consideration with reference to the Shares tendered during the Reopening of Terms will take place on the fifth trading day following the close of the Reopening of Terms, *i.e.*, on 2 December 2022, unless the Acceptance Period is extended.

On the Payment Date (and, if applicable, on the Payment Date following the Reopening of Terms), the Intermediary Appointed to Coordinate the Collection of Tenders will transfer the total Shares tendered to the Offer (including during the Reopening of Terms, if applicable) to a securities deposit account in the name of the Offeror.

No interest will be paid on the Consideration between the date of acceptance of the Offer and the Payment Date or the Payment Date following the Reopening of Terms.

F.6. PAYMENT METHODS

Payment of the Consideration will be made in cash by the Offeror, through the Intermediary Appointed to Coordinate the Collection of Tenders, to the Appointed Intermediary, that will transfer the funds to the Depository Intermediaries for crediting to the accounts of the respective Adhering Customers, in accordance with the instructions indicated by the latter in the relevant Acceptance Forms.

The Offeror's obligation to pay the Offer Price under the Offer shall be deemed to have been fulfilled when the relevant amounts are transferred to the Depository Intermediaries. The risk that the Depository Intermediaries fail to transfer such amounts to the entitled parties or delay their transfer shall be borne by the Adherents.

F.7. INDICATION OF THE LAW GOVERNING THE CONTRACTS ENTERED INTO BETWEEN THE OFFEROR AND THE HOLDERS OF SHARES, AS WELL AS OF THE COMPETENT JURISDICTION

The Offer is governed by Italian law and is subject to Italian jurisdiction.

F.8. MODALITIES AND TERMS FOR THE RETURN OF THE SECURITIES SUBJECT TO ADHESION IN CASE OF INEFFECTIVENESS OF THE OFFER

In the event of failure to fulfil even one of the Conditions of the Offer and failure by the Offeror to exercise the right of waiver, the Offer will not be completed. In such a case, any Shares tendered to the Offer will be made available to the Adherents within one trading day from the date on which the failure to fulfil the Conditions is first communicated: the Shares will then return to the availability of the Adherents through the Appointed Intermediaries and/or Depository Intermediaries, without any charge or expense to them.

G. FINANCING ARRANGEMENTS, GUARANTEES OF EXACT FULFILMENT AND FUTURE PLANS OF THE TENDERER

G.1. FINANCING ARRANGEMENTS AND GUARANTEES OF EXACT FULFILMENT

Pursuant to the Cash Bridge Loan Facility Agreement, the Cash Bridge Loan will bear interest at a rate equal to the sum of (i) EURIBOR and (ii) an additional margin, as more particularly described below.

The Cash Bridge Loan has a maturity of 18 (eighteen) months and 3 (three) days after the first drawdown (the “**Initial Maturity Date**”), provided that at a request of HoldCo and subject to the payment of an extension fee by HoldCo in favour of the Cash Bridge Lenders, the Initial Maturity Date shall be extended to the date falling 24 (twenty-four) months from the date of the first drawdown. In line with market practice for similar transaction, the Cash Bridge Lenders may require that the Cash Bridge Loan is repaid in advance of the maturity date described above in the event that, *inter alia*, (i) it becomes unlawful for any Cash Bridge Lender to lend the Cash Bridge Loan; (ii) prescribed significant changes in the corporate structure of Atlantia and/or HoldCo and/or BidCo (the so-called change of control mandatory prepayment events) or disposal of all or substantially all the assets of HoldCo and its subsidiaries to third parties, except for transfers to other subsidiaries or in any case as permitted by the Cash Bridge Loan Facility Agreement; (iii) Trilateral Merger⁹ or a Debt Pushdown Merger¹⁰; and (iv) amounts deriving from any extraordinary distribution by the Target actually received by HoldCo from time to time (including indirectly through BidCo) (subject to certain customary and prescribed deductions), in all cases, subject to and in accordance with the terms of the Cash Bridge Loan Facility Agreement.

The Offeror will cover the financial requirements deriving from the payment obligations related to the Offer, calculated assuming full acceptance of all the Offer Shares, and therefore equal to the Maximum Disbursement, by using the proceeds deriving from the capital increases and/or other equity injections and/or shareholder loans, which will be made available by HoldCo.

HoldCo intends to cover the payment of the abovementioned capital increases and/or other equity injections and/or shareholder loans in favour of BidCo as more particularly described in the Risk Factor A.2 above.

It is worth noting that, should the Offer Shares not be entirely tendered to the Offer such that less funding is required by the Offeror for the aggregate Consideration payable for the actual tendered shares, the Cash Bridge Loan will be partially used to, to meet the actual financial needs of the Offeror fund such Consideration payments, together with which will depend also on the equity funds received by its shareholders through capital increases (or, if any, other equity contributions). It should also be noted that in such circumstances, the borrower may, subject to the terms and conditions of the Cash Bridge Loan, make multiple utilisation requests under the Cash Bridge Loan in order to fund additional payments of Consideration, such as under a reopening of the terms of the Offer, the Right to Purchase and/or permitted on-market purchases.

⁹ Trilateral Merger means the reverse trilateral merger of HoldCo, BidCo and the Target, with the Target as the surviving entity.

¹⁰ Debt Pushdown Merger means, following the delisting merger of Target into BidCo with BidCo being the surviving entity (the “**Delisting Merger**”), the downstream merger of HoldCo into BidCo, with BidCo as the surviving entity.

The table below describes the main terms and conditions, in line with market standard, of the Cash Bridge Loan Facility Agreement for a single facility for an amount up to Euro 8,225,000,000.00 (the “**Cash Bridge Loan**”), and whose term and conditions reflect market practice provisions for this kind of transaction.

Exact Performance Guarantees

As is customary in this kind of transaction, each GEF Issuing Bank has issued in the proportions set out in the Bridge Loan Agreement, for an aggregate amount equal to the full amount of the Consideration which may be payable under or in connection with the Offer, an Exact Performance Guarantee within the meaning set forth in Article 37-*bis* of the Issuers’ Regulation. This constitutes a declaration whereby the Issuing Banks of GEF, in aggregate, has undertaken to irrevocably and unconditionally guarantee the exact fulfilment of the Offeror’s payment obligations under the Offer, to provide the Maximum Disbursement and, in any event, in the

proportions better described in the Bridge Facilities Agreement, to pay, in cash, to the shareholders the Consideration for all the Shares tendered in acceptance of the Offer (including following any Reopening of Terms pursuant to Article 40-*bis* of the Issuers' Regulation), for the benefit of those accepting the Offer and at the simple written request of the Intermediary Appointed to Coordinate the Collection of Tenders.

G.2. REASONS FOR THE OFFER AND FUTURE PLANS OF THE OFFEROR

G.2.1. REASONS FOR THE OFFER

The Offer concerns the entire share capital of the Issuer and is aimed at obtaining the Delisting. If the conditions are met, the Delisting will be obtained through the fulfilment of the Purchase Obligation under Article 108, paragraphs 1 and 2, of the TUF, and/or through the exercise of the purchase right under Article 111, paragraph 1, of the TUF.

If the Delisting is not achieved as a result of the Offer, the Offeror reserves the right to achieve the objective of the Delisting through the Delisting Merger, where possible.

G.2.2. FUTURE PLANS OF THE OFFEROR IN RELATION TO THE ISSUER

Following the completion of the Offer (including fulfilment of the Purchase Obligation under article 108, paragraph 2, of the TUF, fulfilment of the Purchase Obligation under article 108, paragraph 1, of the TUF and exercise of the Right to Purchase under article 111 of the TUF and including any extensions under applicable legislation or Reopening of the Term), the Offeror intends to fully support Atlantia's long-term investment strategy and sustainable growth by continuing to implement the strategy already announced to the market by the Issuer. This activity will be pursued with a focus on both the development of Atlantia's existing activities and on new synergistic investments, aimed at consolidating its position as a leading company in the infrastructure and mobility sector. The Offeror's strategic approach is aimed at enhancing the value of the business in the long term.

The Offeror therefore does not exclude the possibility of evaluating, at its discretion, any future market opportunities aimed at the aforesaid internal and/or external growth of the Issuer, including the opportunity of carrying out extraordinary transactions, such as, purely by way of example, acquisitions, disposals, mergers, demergers, concerning the Issuer or certain of its assets or business divisions and/or capital increases, the execution of which could have dilutive effects on the shareholders of the Issuer.

Through the Offer and upon completion of the Delisting, the Offeror expects the Issuer to benefit from the status of non-listed company and, therefore, to pursue the future programs relating to the Issuer, described above, more easily and effectively. In fact, as a non-listed Company, the Issuer could benefit from the simplification in the shareholding structure that would cause a greater simplification in the managerial and operating decision processes and would face less disclosure requirements towards the market and not the regulatory standards and disclosure requirements provided by the applicable laws and regulations for listed companies, avoiding the costs associated to the compliance with such obligations. The Offeror expects the Issuer, under the Offeror's control and as a non-listed company, therefore characterised by greater operational and organisational flexibility, as well as the ability to access flexible and long-term oriented sources of capital, to be able to accelerate its investment and value creation strategy. Further operational flexibility may be achieved in the context of the private capital market both in relation to the structure of new transactions aimed

at growth in new fields or to the management of the existing initiatives. In pursuit of this investment strategy, the Offeror will be guided by the M&A, financial and dividend policies, which have already been agreed between the shareholders of the Offeror and attached to the Shareholders' Agreement.

Based on the understandings reached between the parties as of the Offer Document Date, it is expected that these policies will also represent the main guidelines for the preparation and implementation of the business plan for the Issuer, HoldCo and the Offeror (the “**Plan**”), and any future updates and additions thereto.

Specifically:

- the M&A policy defines the following principles guiding the M&A activities of the Group: (i) geographic focus for investment opportunities limited to OECD countries, with particular attention to Western Europe, North America, Latin America and Australia; (ii) investment focus on further growth and/or replacement of assets in the portfolio in the reference sectors; (iii) compliance with the financial and dividend policy;
- the financial policy is based on the objective of achieving a financial profile for Atlantia that is compatible with certain investment grade metrics, meaning credit metrics that are compatible with at least two of the following ratings: (a) from S&P of at least BBB-, (b) from Fitch of at least BBB-, and (c) from Moody's of at least Baa3. To this extent the issuance of incremental debt and refinancing of existing financing shall be funded in order for HoldCo, BidCo, Atlantia, Abertis, ADR and other material subsidiaries (agreed upon between the parties from time to time) to maintain metrics that are compatible with the above-mentioned investment grade metrics (in each case to the extent permitted by applicable law, the existing concession agreements and applicable financing agreements); and
- the dividend policy envisages that HoldCo, BidCo, Atlantia and the other group companies will make distributions (via, among other things, payment of dividends and distribution of available reserves) in respect of all available cash, on the understanding that such distributions will be made in compliance with the financial policy, applicable loan agreements, existing concessions (to the extent applicable), and all applicable statutory, legal and regulatory restrictions.

In relation to the abovementioned Plan at present, the understanding between the parties is that such a Plan shall be finalised and agreed between the parties by the First Payment Date of the Offer; nevertheless, the Offeror cannot exclude that the finalization of the Plan may occur following that date, as a result of, amongst other things, the market environment and the possible need for the contribution of the Issuer's management in order to draw up a Plan complete in all its details. Furthermore, the definition of the Plan may be affected by the developments and the progress of the Offer with particular reference to the outlooks and the timing of the achievement of the Delisting (which may take place alternatively as a direct consequence of the Offer or through the Delisting Merger, where possible).

The share capitals of BIP TopCo1 and BIP TopCo2 are held, directly or indirectly through intermediary entities, by the Lux Lower Fund and the Cayman Funds.

The Lux Lower Fund is represented, managed and controlled by the Lux GP and the Cayman Funds are represented, managed and controlled by the Cayman GP (the Funds, the Lux GP and the Cayman GP, together

with certain affiliates, “**BIP**”). BIP is an active investor in the energy, transportation, digital and water infrastructure and waste sectors, aimed at a long-term buy-and-hold strategy with respect to large-scale infrastructure assets, with the objective of achieving long-term capital appreciation along with predictable annual cash flows. The investment mandate focuses on responsible management and stakeholder engagement to create value for investors and the communities served by BIP.

In addition, the Offeror is committed to support the Issuer in achieving its ambitious ESG and technology innovation strategy already announced.

G.2.3. INVESTMENTS AND RELATED FORMS OF FINANCING

As at the Date of the Offer Document, the Board of Directors of the Offeror has not taken any resolution regarding investments of particular importance and/or additional to those generally required for the operational management of activities in the industrial sector in which the Issuer operates.

G.2.4. MERGER

If the Delisting is not achieved after the completion of the Offer (including the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, the Purchase Obligation under Article 108, paragraph 1, of the TUF and the exercise of the Right to Purchase under Article 111 of the TUF and including any extension under applicable law or Reopening of Terms), the Offeror intends to pursue the Delisting, if the Threshold Condition is waived, by means of the Delisting Merger, where possible.

It should also be noted that, in case of a Delisting (not resulting from the Delisting Merger), the Offeror intends to proceed, subject to the approval of the competent corporate bodies of the Offeror itself, HoldCo and the Issuer, with the Post-Delisting Merger. The Post-Delisting Merger would qualify, if applicable, as a “merger leveraged buy-out” with the consequent applicability of Article 2501-*bis* of the Italian Civil Code, due to the Cash Bridge Loan Facility Agreement granted to HoldCo for the purposes of the Offer.

Pending completion of the possible merger, it cannot be ruled out that, in light of the prospective performance of the Issuer’s business, BidCo may resort, as the case may be, to the use of cash flows arising from any distribution of dividends and/or available reserves (if any) that may be approved, at its discretion, by the Issuer to meet payments relating to the Loan, as described in more detail in Section G, Paragraph G.1 of the Offer Document.

In any case, it is understood that, as of the Date of the Offer Document, no formal resolutions have been taken by the competent bodies of the companies which might be involved with regard to the implementation of the possible merger, nor with regard to the relevant execution procedures.

G.2.4.1. MERGER WITHOUT DELISTING

If, following the completion of the Offer (including any extension under applicable law or Reopening of Terms) the conditions to proceed with the Delisting are not met, the Offeror - in line with the reasons and objectives of the Offer - reserves the right to propose to the competent bodies of the Issuer and of the Offeror to achieve the Delisting through, where possible, the Delisting Merger, subject to the waiver of the Threshold Condition.

Therefore, following the Delisting Merger, the Issuer's shareholders who decide not to exercise the right of withdrawal will own financial instruments that are not traded on any regulated market, with the consequent difficulty of liquidating their investment in the future.

In this respect, the Delisting Merger would be a transaction between related parties subject to the applicable laws and regulations and would also be subject to the necessary authorizations from the competent authorities. Furthermore, the merger between the Issuer and the Offeror would qualify, if applicable, as a “merger with indebtedness” with the consequent applicability of Article 2501-*bis* of the Italian Civil Code.

The shareholders of the Issuer who did not vote in favour of the resolution approving the Delisting Merger would have the right of withdrawal pursuant to Article 2437-*quinquies* of the Italian Civil Code, since, in this case, they would receive in exchange shares not listed on a regulated market. In this case, the liquidation value of the Shares subject to withdrawal would be determined in accordance with Article 2437-*ter*, paragraph 3, of the Italian Civil Code, by reference to the arithmetic average of the prices of the Shares during the six months preceding the publication of the notice of call of the shareholders' meeting whose resolutions legitimise withdrawal. In this regard, it should be noted that: (i) the withdrawal value, as determined above, could differ, even significantly, from the Consideration; and (ii) the Issuer's shareholders who decide not to exercise the withdrawal would be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

G.2.4.2. POST-DELISTING MERGER

In the event that, on completion of the Offer (including the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, the Purchase Obligation under Article 108, paragraph 1, of the TUF and the exercise of the Right to Purchase under Article 111 of the TUF and including any extension under applicable law or Reopening of Terms) the Issuer is delisted, the Offeror reserves the right to propose to the competent corporate bodies the Post-Delisting Merger.

Such merger would qualify, if applicable, as a “merger with indebtedness” with the consequent applicability of Article 2501-*bis* of the Italian Civil Code, due to the Cash Bridge Loan Facility Agreement granted in favour of HoldCo for the purposes of the Offer.

The shareholders of the Issuer who did not vote in favour of the resolution approving the merger would have the right of withdrawal only if one of the conditions set forth in Article 2437 of the Italian Civil Code is met. In this case, the liquidation value of the Shares subject to withdrawal would be determined pursuant to Article 2437-*ter*, paragraph 2, of the Italian Civil Code, taking into account the Issuer's assets and liabilities and its income prospects, as well as the market value of the Shares, if any.

It should be noted that the withdrawal value, as determined above, could differ, even significantly, from the Consideration.

As at the Date of the Offer Document, no formal decisions have been taken by the competent bodies of the Offeror or of the companies belonging to the Offeror's group.

G.2.5. CHANGES TO THE COMPOSITION OF CORPORATE BODIES AND RELATED COMPENSATION

As of the Date of the Offer Document, the Offeror has not taken any decision on the proposals regarding the composition of the management (and supervisory) bodies. Without prejudice to the above, under the terms of the Shareholders' Agreement to be executed on the Payment Date, the parties have undertaken to renew Atlantia's Board of Directors and Board of Statutory Auditors so that the relevant compositions shall comply with the provisions of the Shareholders' Agreement.

G.2.6. PLANNED AMENDMENTS TO THE BY-LAWS

As at the Date of the Offer Document, the Offeror has not identified any specific amendments to be proposed to the Issuer's current by-laws, without prejudice to those which are considered necessary in accordance with law. Without prejudice to the foregoing, under the terms of the Shareholders' Agreement to be entered into on the Payment Date, HoldCo and/or BidCo and/or the Issuer – depending on whether or not the Delisting occurs – are expected to adopt, respectively, new by-laws reflecting the provisions of the Shareholders' Agreement.

G.3. WILLINGNESS OF THE OFFEROR TO RESTORE THE FREE FLOAT

The Delisting of the Issuer Shares is one of the Offeror's objectives in light of the reasons and future plans relating to the Issuer.

At the end of the Offer (including the Reopening the Acceptance Period, if any), if the legal requirements for the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF are not met and the Offeror waives the Threshold Condition, it cannot be excluded that there may be a shortage of free float which would not ensure the regular trading of the Shares.

In such a case, Borsa Italiana may order the suspension and/or delisting of the Shares pursuant to Article 2.5.1 of the Stock Exchange Regulation, unless the Offeror decides to restore a free float sufficient to ensure regular trading.

In this respect, it should be noted as of now that, even in the event of an insufficiency of free float, the Offeror does not intend to take measures aimed at restoring the minimum level of free float for regular continuation of trading of the Shares, as there is no obligation for the Offeror to do so.

In addition, following the fulfilment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, Borsa Italiana, pursuant to Article 2.5.1 of the Stock Exchange Regulation, will proceed with the Delisting.

In the event of a Delisting, it should be noted that the holders of the Shares who have not accepted the Offer will be holders of financial instruments not traded on any regulated market, which means that they would encounter difficulties in liquidating their investment in the future.

H. EVENTUAL AGREEMENTS AND TRANSACTIONS BETWEEN THE OFFEROR, PERSONS ACTING IN CONCERN WITH IT AND THE ISSUER OR SIGNIFICANT SHAREHOLDERS OR MEMBERS OF THE MANAGEMENT AND CONTROL BODIES

H.1. DESCRIPTION OF THE INVESTMENT AGREEMENTS AND FINANCIAL AND/OR COMMERCIAL TRANSACTIONS WHICH HAVE BEEN RESOLVED OR EXECUTED, IN THE TWELVE MONTHS PRECEDING THE PUBLICATION OF THE OFFER, BETWEEN THE ABOVE PARTIES, WHICH MAY HAVE OR HAVE HAD SIGNIFICANT EFFECTS ON THE ACTIVITIES OF THE OFFEROR AND/OR THE ISSUER

Without prejudice to what is stated in the Offer Document, the Offeror and the Persons Acting in Concert are not parties to any further financial and/or commercial agreements and transactions with the Issuer, its relevant shareholders, its statutory auditors or its directors, executed or resolved in the twelve months preceding the publication of the Offer, which may have significant effects on the business of the Offeror and/or the Issuer.

H.2. AGREEMENTS CONCERNING THE EXERCISE OF VOTING RIGHTS OR THE TRANSFER OF SHARES AND/OR OTHER FINANCIAL INSTRUMENTS

As at the Date of the Offer Document, there are no agreements between the Offeror, the Persons Acting in Concert and the other shareholders of the Issuer (or its directors or statutory auditors) concerning the exercise of voting rights or the transfer of shares of the Issuer, except as indicated below.

The Offer was announced through the Notice 102 on 14 April 2022, following the execution by Edizione, Sintonia, the Investor, BIP TopCo1, BIP TopCo2, HoldCo and BidCo of an investment and partnership agreement (the “**Investment Agreement**”) aimed at disciplining, *inter alia*, the promotion, through BidCo, of the Offer. A draft of the shareholders’ agreement that, on the Payment Date, will be entered into by and between Edizione, Sintonia, the Investor and the Blackstone Investors, containing certain key principles concerning the governance of HoldCo, BidCo and Atlantia is attached to the Investment Agreement (the “**Shareholders’ Agreement**” or the “**SHA**”). The Shareholders’ Agreement also provides for undertakings on corporate governance and the circulation of shares in BidCo, HoldCo and, where applicable, Atlantia that will apply depending on whether or not the Issuer is delisted.

On the same date, Fondazione CRT entered into an agreement (the “**CRT Agreement**”) with HoldCo and BidCo, which governs, *inter alia*, Fondazione CRT’s commitment to tender to the Offer a number of shares held by the same in Atlantia and its reinvestment in HoldCo. On 22 April 2022, Fondazione CRT communicated to HoldCo and the Offeror the extension in its commitment to adhere to the Offer, which includes its entire stake equal to the 4.39% of the Issuer’s share capital¹¹. Fondazione CRT has also increased its commitment to reinvest in HoldCo a portion of the consideration that the same will receive from the sale of the Shares under the Offer, for an overall undertaking to invest in HoldCo the proceeds from the sale of Shares equal to 3% of the Issuer’s share capital. Should the Offer be completed, the Parties will adapt the contents of the SHA to allow the adherence of Fondazione CRT in accordance with the principles set out in the SHA.

¹¹ Fondazione CRT stake, which, at the time of the signing of the CRT Commitment was equal to 4.54% of Atlantia’s capital, was then reduced, on 17 June 2022, to 4.39% of the capital, due to the exercise of third party *call* options on Shares subscribed by Fondazione CRT before the launch of the Offer, as reported in the press release disseminated on the same date by Fondazione CRT and available on Issuer’s website (www.atlantia.com).

For further information on the undertakings that qualify as shareholders' agreements contained in the Investment Agreement, the SHA and the CRT Agreement, please refer to the information published, pursuant to Articles 122 of the TUF and 130 of the Issuers' Regulation, on the Issuer's website (www.atlantia.com) and attached to this Offer Document as appendix K.1.

- (c) The Transfer of the Shares subject to the Drag-Along Right shall take place under the same terms and conditions as the Transfer of the Sale Shares, pro rata (i.e. in proportion to the Sale Shares transferred by each Party), both as regards price and as regards representations and warranties and indemnification obligations and any other covenants, it being understood that if (i) the Transferring Party makes representations and warranties (other than warranties as to title title, ownership and authorisation, on the absence of encumbrances on the Sale Shares at the time of the Transfer - except for any encumbrances established in favour of lending institutions - and on the ability to transfer the Sale Shares) or assumes indemnification obligations, and (ii) BIP TopCo decides not to grant any of the aforesaid representations

²⁹ For the purposes of this Essential Information, “**Drag Along Shares**” means the number of HoldCo Shares representing the percentage of HoldCo Shares held by BIP TopCo equal to the number of relevant Sale Shares divided by the total number of HoldCo Shares held directly or indirectly by Edizione on the date of (and immediately prior to) the Transfer, expressed as a percentage.

and warranties or not to assume the relevant indemnification obligations, the Minimum Price shall be deemed to be decreased by 5% (five per cent.).

- (d) In the event that the Shares to be sold by Sintonia (or another subsidiary of Edizione) are not HoldCo Shares, the consideration to be paid to BIP TopCo shall be adjusted to take into account any assets and liabilities other than the HoldCo Shares held, directly or indirectly, by the relevant entity.

5.11. **IPO**

- (e) As from the fifth anniversary of the Closing Date, if the Merger has been implemented, each Party (with the exception of the Excluded Purchaser³⁰) (the “**IPO Applicant Party**”) shall have the right to request that HoldCo initiate the process to have its shares listed on a regulated market of primary standing (the “**IPO**”).
- (f) The IPO Applicant Party has the right to request that the IPO process be carried out only if the final price of the HoldCo shares in the IPO allows BIP TopCo to achieve certain minimum returns.
- (g) After the tenth anniversary of the Closing Date, no minimum return threshold shall apply and the IPO Applicant Party shall have the right to request that HoldCo’s IPO process be carried out irrespective of the final IPO price and the actual returns obtained by each Party.
- (h) If the IPO Applicant Party sends the other Party the notice referred to in this clause 5.11(a), each Party shall, to the extent of its competence, ensure that HoldCo takes all actions necessary to implement the IPO in accordance with the provisions of the Agreement.
- (i) Notwithstanding the foregoing, in the event that the IPO Applicant Party is BIP TopCo, Sintonia will not be required to sell any of its shares in HoldCo in the context of the IPO and only BIP TopCo will be responsible for ensuring that the free float requirement applicable in the market in which the IPO is being completed (the “**Free Float Requirement**”) is met, by selling in the context of the IPO an amount of Shares that is sufficient, also taking into account the portion of the IPO to be made as a primary offering, to satisfy such Free Float Requirement. Sintonia shall in any event have the right, at its sole discretion, to sell Shares in the context of the IPO in an amount up to its pro-rata holding in HoldCo prior to the IPO applied to the total number of Shares to be sold in the IPO.
- (j) Notwithstanding the above, if the IPO Applicant Party is Sintonia, the following provisions will apply:
 - (i) BIP TopCo will have the right to sell shares as part of the IPO for an amount up to its pro-rata holding in HoldCo prior to the IPO applied to the total number of shares to be sold in the IPO; and
 - (ii) if the final price of the IPO allows BIP TopCo to achieve the minimum IPO yield, Sintonia may request BIP TopCo to sell (and in such case BIP TopCo will be obliged to sell) a pro rata portion of its HoldCo shares in the context of the IPO it being understood that the number of such shares

subject to pro rata sale shall be limited to the amount strictly necessary to comply with the Floating Requirement.

5.12. Exit in the event that the Merger and/or Delisting is not implemented

- (k) In the event that Atlantia remains a listed company for any reason or cause whatsoever, including due to the impossibility of completing the Merger process in accordance with the terms and conditions set forth in the Agreement (the “**Failure to Delist Hypothesis**”), the following provisions shall apply.
- (l) After the expiration of the fifth (5th) anniversary of the Closing Date, in the event of a Failure to Delist, each HoldCo Shareholder shall have the right to request that HoldCo commence a demerger (the “**HoldCo Demerger**”).
- (m) Prior to the effectiveness of the HoldCo Demerger, BidCo will be merged with and into HoldCo, and upon completion of the HoldCo Demerger, (i) Sintonia will be the sole shareholder of the demerged company (the “**Demerged Company**”) and (ii) BIP TopCo will be the sole shareholder of the demerger beneficiary company (the “**Beneficiary Company**”)³¹.
- (n) Each HoldCo Shareholder shall cooperate in good faith and with a view to the successful completion of the HoldCo Split in accordance with the provisions of the Agreement.
- (o) Prior to the completion of the HoldCo Demerger, BIP TopCo, Edizione and Sintonia must enter into a new shareholders’ agreement, effective as of the completion of the HoldCo Demerger, with a maximum term of 3 (three) years, under which BIP TopCo will undertake (through the Beneficiary Company) specific commitments not to use its voting rights in a “hostile” manner towards Edizione and/or Sintonia through voting agreements relating to the voting of candidate members of HoldCo’s board of directors nominated by Sintonia and/or Edizione in order to allow, to the extent possible, Edizione and/or Sintonia (through the Demerged Company) to retain control over Atlantia following the HoldCo Demerger, in each case, provided that, and for so long as, Sintonia (through the Demerged Company) remains the principal shareholder of Atlantia and the Family Members maintain at least the Minimum Threshold in Edizione. The Parties further acknowledge and agree that, under the terms of the above shareholders’ agreement (i) provided that and for so long as infrastructure investment funds and/or vehicles and/or entities and/or partnerships managed or advised by BIP and/or Blackstone Inc. and/or any of their Affiliates hold an aggregate interest in Atlantia, on a transparent basis (the so-called look-through), greater than or equal to 5% (five per cent), BIP TopCo (via the Beneficiary Company) will have the right to appoint 1 (one) director to Atlantia’s Board of Directors, and (ii) the Parties will not make - and will ensure that their related parties and/or Affiliates do not make - any direct and/or indirect purchases of Atlantia’s shares (including through derivative transactions and/or any other means) that could trigger a mandatory tender offer for Atlantia’s shares.

5.13. Edizione’s control over HoldCo

The Parties acknowledge and agree that the governance structure envisaged in the Agreement is structured in such a way as to enable Edizione to exercise control over HoldCo (and indirectly over Atlantia), under the

³¹ Mechanics relating to the HoldCo Split to be defined between the Parties.

terms and conditions set out in the Agreement, for as long as the Family Members (or any of them) (i) exercise sole control over Edizione and/or Sintonia and (ii) hold an indirect shareholding in Atlantia, on a look-through basis, greater than or equal to Edizione's Minimum Transparency Threshold. If necessary, such control will also be exercised through a class of multiple voting shares (Class A2 Shares) that will be allocated to Sintonia in the circumstances indicated in the Agreement.

5.14. Investment Policy

The Parties acknowledge and agree that the M&A Policy contains, inter alia, certain guidelines and criteria to guide HoldCo's investment strategy. In particular, the Agreement and the M&A Policy annexed thereto govern criteria for the identification, approval and financing of:

- (i) transactions to acquire companies or other assets up to certain maximum values (*asset values*), which vary depending on whether the transaction is financed entirely through available cash or debt or through a capital increase to be subscribed by shareholders (the '**Asset Tier 1 Transaction**'); and
- (ii) transactions designed to protect and increase the value of the concession agreements of Atlantia and any other company in the group by providing HoldCo and any other company in the group with the financial resources necessary to extend the concession agreements in accordance with the Business Plan ("**Tier 2 Concession Transactions**").

Any Tier 1 Asset Transaction and any Tier 2 Concession Transaction shall be approved by the Board of Directors of HoldCo without the application of the veto by the directors appointed by BIP TopCo under clauses 5.2.2(f) and 5.2.7(b). The Agreement also provides for mechanisms aimed at encouraging the subscription of any capital increase of HoldCo that may be necessary to finance the Tier 1 and Tier 2 Transactions, providing, inter alia, that if BIP TopCo does not subscribe to all or part of its portion of the capital increase for this purpose, Sintonia may subscribe to a capital increase of an amount equal to the amount not subscribed to by BIP TopCo at a discount with respect to the fair market value of the shares.

6. DURATION OF THE SHAREHOLDERS' AGREEMENT AND THE SHAREHOLDERS' AGREEMENTS CONTAINED THEREIN

- (a) The Agreement shall be executed and enter into force on the Closing Date and shall remain in force until the date falling on:
 - (i) the 3rd (third) anniversary of the Closing Date if, and for so long as, Atlantia remains a listed company; and
 - (ii) the 5th (fifth) anniversary of the Closing Date if Atlantia ceases to be a listed company before the expiry of the 3rd (third) anniversary of the Closing Date.
- (b) The Agreement will automatically renew, from time to time, for periods of (i) 3 (three) years, if and as long as Atlantia remains a listed company, or (ii) 5 (five) years, if Atlantia ceases to be a listed company, unless terminated by either Party by written notice (the "**Termination Notice**") to be sent to the other Parties at least 6 (six) months prior to the expiration of each term of the Agreement (the "**Termination Period**").

- (c) During the month preceding the commencement of any Termination Period, the Parties, at the initiative of either of them, shall meet to consult as to whether they intend to give notice of termination of the Covenant pursuant to subparagraph (b) above.

1. KEY OFFER TERMS AND CONDITIONS

This section provides a brief description of the key terms and conditions of the Offer. Further details are provided in the Offer Document.

1.1. Offer Shares

The Offer is addressed to all the Issuer’s shareholders without distinction and on equal terms and, as stated above, targets all the Shares, represented by 552,442,990 Shares, equal to 66.90% of Atlantia’s share capital, including Treasury Shares and except for the Sintonia Stake.

As specified in Section G, Paragraph G.2 of the Offer Document, the Offer targets all the Issuer’s capital (except for the Sintonia Stake) and aims to delist the Shares from the Euronext Milan stock exchange (“Euronext Milan”) organised and managed by Borsa Italiana SpA (“Borsa Italiana”) (the “Delisting”). Therefore – on fulfilment of the related conditions – the Offeror does not intend to restore a free float sufficient to ensure the regular trading of the Shares.

Following publication of the Offer Document and during the acceptance period for the Offer (agreed with Borsa Italiana, running between October 10, 2022, and November 11,

2022, unless extended in compliance with the applicable laws, the “Acceptance Period”), as potentially reopened following the Reopening of Terms, the Offeror reserves the right to purchase, arrange to purchase or otherwise acquire Shares outside the Offer, to the extent permitted under the applicable laws and regulations. Any purchases outside the Offer will be notified to the market in accordance with article 41, paragraph 2(c) of the Regulations for Issuers.

The Offer (i) has been launched in Italy, as the Issuer's shares are listed exclusively on the Euronext Milan, and (ii) is addressed to all the Issuer's shareholders without distinction and on equal terms.

The Offer has been launched in the United States of America under Section 14(e) of the U.S. Securities Exchange Act and Regulation 14E adopted under the U.S. Securities Exchange Act, and, in any event, in compliance with Italian law. The notice for anyone holding Offer Shares and who are resident in the United States of America, and, in general, anyone who is not resident in Italy, is included in the Important Notice section at the beginning of the Offer Document.

The Offer has not been launched or disseminated in Canada, Japan or Australia, or in any other country in which such Offer is prohibited without authorization from the competent authorities or the fulfilment of other requirements by the Offeror (such countries, including Canada, Japan and Australia, collectively, the “Other Countries”), nor using national or international communication or trade tools of the Other Countries (including, by way of example, the postal system, telefax, e-mail, telephone and Internet), nor through any office of any of the financial intermediaries of such Other Countries, nor in any other manner.

Acceptance of the Offer by persons resident in countries other than Italy may be subject to specific obligations or restrictions provided for by law or regulatory requirements. Anyone wishing to accept the Offer bears sole responsibility for compliance with such laws and, therefore, preceding accepting the Offer, for verifying the existence and applicability of any such laws in consultation with their advisors.

Further information on the markets in which the Offer has been launched is provided in Section F, Paragraph F.4 of the Offer Document.

- b. receipt, by the 2nd (second) stock exchange trading day preceding the Payment Date, of any authorization, approval or clearance that may be required by any competent authority under the applicable laws to complete the Offer and/or achievement of the related objectives, without the imposition of any conditions, constraints or other corrective measures and/or remedies (the "Authorizations Condition");
- c. the non-occurrence, by the 2nd (second) stock exchange trading day preceding the Payment Date, of (i) events, circumstances or situations not known as of the date hereof to the Offeror and/or the market, causing significant changes in the political, financial, economic, currency or market situation, whether national or international, which have or might potentially have substantial negative effects on the Offer and/or the Issuer's group, and/or (ii) events, circumstances or situations concerning the Issuer or its subsidiaries not known to the Offeror and/or the market at the Announcement Date, causing, or that could reasonably cause, substantially negative effects on the financial and/or economic conditions of the Issuer's group with respect to the performance reported in Atlantia's consolidated financial statements for the year ended 31 December 2021. It is understood that this Offer Condition specifically includes all circumstances listed in points (i) and (ii) above that may occur as a result of, or in connection with the Russia-Ukraine's political and military crisis and its developments (in relation to which, although representing previously known circumstances, may still have new consequences that are not currently foreseeable in relation to the Offer and/or the economic and financial conditions of the Issuer's group); on the contrary, this Offer Condition expressly excludes all circumstances listed in points (i) and (ii) above occurring as a result of, or in connection with, the COVID-19 pandemic (the "MAC Condition");
- d. the circumstance that the Atlantia Group is properly managed in a diligent manner and in accordance with criteria of ordinary and prudent management, without initiating or taking or undertaking to take any action or initiative which exceeds the limits day-to-day management activity (including, but not limited to, acquisitions, partnerships, joint ventures, disposals or other form of disposition or enhancement of investments or assets forming part of the Group or other initiatives that may modify or that modify the Group's perimeter) or that may in any way conflict with the objectives of the Offer (including if approved by the Issuer's or by subsidiary's shareholders' meeting), or that may result in a significant deterioration, including prospective deterioration, in the Atlantia Group's capital, assets and more generally financial and/or economic conditions with respect to the results reported in Atlantia's consolidated financial statements for the year ended 31 December 2021;
- e. the circumstance that, by the 2nd (second) stock exchange trading day preceding the Payment Date, the Issuer, starting from the Announcement Date, has not

approved and/or executed any distribution of profits or reserves, other than the 2022 Dividend;

- f. the circumstance that, by the 2nd (second) stock exchange trading day preceding the Payment Date, no competent authority has issued determinations or measures, or launched proceedings that could conclude with the adoption of resolutions or measures, which may cause or are likely to cause materially adverse effects on the Issuer's economic, asset, or financial position, compared to those reported in Atlantia's consolidated financial statements for the year ended 31 December 2021, or to preclude, limit or make more onerous the Offeror's ability to carry out the Offer, the Delisting and/or the mergers referred to in Section A, Paragraph A.5 of the Offer Document;
- g. that between the Date of the Offer Document and the Payment Date no facts, events or circumstances have occurred which (i) determine or may determine a change in the conditions and/or circumstances communicated to the Bank of Italy and/or the Bank of Spain which have been assessed by the said Authorities for the purpose of the issue of the Prior Authorizations, such as to determine or may determine the possible revocation, modification or suspension of the related Prior Authorization; or that (ii) are the subject of a written notice or of the commencement of proceedings by the Bank of Italy and/or the Bank of Spain in respect of the possible revocation, modification or suspension of the relevant Prior Authorization (the "Prior Authorizations Condition").

Notice A.1 in the Offer Document specifies that the Offeror has established the Threshold Condition referred to in point (a) above based on its intention to make a significant investment in the Shares and obtain the Delisting of the Issuer. If the Threshold Condition is not satisfied, the Offeror reserves the irrevocable right (following prior agreement between the Offeror's direct and indirect shareholders, where necessary) to waive the Condition and purchase a lower number of Shares.

The establishment of a lower percentage threshold below which the Offeror is precluded from waiving the Threshold Condition (the "Sub-Threshold") requires agreement to be reached between the Offeror and its direct and indirect shareholders. In addition, the Offeror has specified that, at the Date of the Offer Document, the level of any Sub-Threshold has not been agreed. Furthermore, any decision by the Offeror to waive the Threshold Condition and to purchase a lower number of Shares will be taken during the Acceptance Period or at the end of the Acceptance Period, once the effective number of acceptances to the Offer is known. This decision will be announced to the market in a press release that will also indicate the underlying reasons if any behind such waiver. If the decision to waive the Threshold Condition is taken by the Offeror after the end of the fifth Stock Exchange Trading Day preceding closure of the Acceptance Period, the Acceptance Period for the Offer will be reopened for a further period of five Stock Exchange Trading Days starting from the Trading Day following the Payment Date, and, therefore, on November 21, November 22, November 23, November 24 and November

25 2022, unless the Acceptance Period has been extended. Further information on this matter is provided in Section A., Paragraphs A.7 and A.13 of the Offer Document.

With regard to the sale of the Issuer's entire 14.46% stake in Hochtief AG to Actividades de Construcción y Servicios SA, decided by the Issuer on 15 September 2022, based on the information made available as of the Date of the Offer Document by the Issuer regarding the above mentioned transaction, in the Offeror's opinion, such disposal, *per se*, does not conflict with the objectives of the Offer as set out in the Offer Condition described in Notice A.1(d) in the Offer Document.

The Offeror reserves the right to waive, or amend, all or part of one or more of the Offer Conditions at its sole discretion (and, with regard to the Authorizations Condition, within the limits permitted by law) within the terms below (without the need to give advance notice in advance of such terms), in compliance with the provisions of article 43 of the Regulations for Issuers, giving notice in accordance with article 36 of the Regulations for Issuers.

In particular under such provision, the Offeror shall announce fulfilment or non-fulfilment of the Offer Conditions and if one or more conditions precedent have not been fulfilled, the relevant waiver (if any) of the same, by providing notice by the following deadlines:

- with regard to the Threshold Condition, when announcing the provisional outcome of the Offer to be published by the evening of the last day of the Acceptance Period and, in any event, by 7:59 a.m. (Italian time) on the first stock exchange trading day following the end of the Acceptance Period;
- with regard to the Authorizations Condition, the Prior Authorizations Condition and the MAC Condition by 7:59 a.m. (Italian time) on the stock exchange trading day preceding the Payment Date; and
- with regard to any other Offer Condition, when announcing the outcome of the Offer to be published by 7:59 a.m. (Italian time) on the stock exchange trading day preceding the Payment Date.

If any one of the Offer Conditions is not fulfilled and the Offeror does not exercise its right to waive, the Offer shall not be completed. In that case, the Shares tendered to the Offer shall be returned to their respective owners by the end of the stock exchange trading day following the date on which the non-fulfilment has been announced. The Shares will be returned to their respective owners through the Depositary Intermediaries (as defined hereafter) without any charges or expenses charged to them.

The following authorizations (the "Prior Authorizations") have been obtained before the Date of the Offer Document:

- the authorization granted to Edizione by the Bank of Italy (Financial Intermediaries Supervision Service IP and IMEL Division) on 21 September 2022 to acquire indirect control of Telepass SpA and to exercise, through the acquisition of an indirect interest in the Issuer and the signature of a shareholder

agreement, significant influence over Telepass SpA, pursuant to and for the purposes of: (a) the combined provisions of articles 114–*quinquies*.3 and 19 of the TUB and (b) Chapter III, Section I, paragraph 1 of the IMEL Supervisory Provisions (“**Edizione Bank of Italy Authorization**”);

- the authorization granted to Blackstone by the Bank of Italy (Financial Intermediaries Supervision Service IP and IMEL Division) on 21 September 2022 to acquire indirect control of Telepass SpA and to exercise, through the acquisition of an indirect interest in the Issuer and the signature of a shareholder agreement, significant influence over Telepass SpA, pursuant to and for the purposes of: (a) the combined provisions of articles 114–*quinquies*.3 and 19 of the TUB and (b) Chapter III, Section I, paragraph 1 of the Supervisory Provisions for E-money Institutions (“**Blackstone Bank of Italy Authorization**”);
- the authorization, granted by the Bank of Spain on September 29 2022, to acquire an indirect qualifying holding in Bip & Drive, E.D.E., S.A. (a Spanish electronic money institution) pursuant to Laws of the Kingdom of Spain no. 21 of 26 July 2011 and Royal Decree of the Kingdom of Spain no. 778 of 4 May 2012 (“**Bank of Spain Authorization**”).

1.3. The Investment Agreement and the CRT Agreement

As indicated in the Offer Document, on 14 April 2022:

- a) Edizione, Sintonia, the Investor, BIP TopCo1, BIP TopCo2, HoldCo and BidCo entered into an investment and partnership agreement (the “**Investment Agreement**” or the “**Agreement**”) under which, among other things:
 - (i) Sintonia undertook, in the event of a positive outcome of the Offer, to contribute to HoldCo the Sintonia Stake at a value per Share equal to the Consideration (the “**Sintonia Commitment**”); and
 - (ii) HoldCo undertook to contribute to BidCo all the Shares contributed by Sintonia pursuant to the Sintonia Commitment.A draft shareholder agreement is also annexed to the Agreement and, at the Payment Date, will be signed by Edizione, Sintonia, the Investor and the Blackstone Investors. This agreement contains several key principles regarding governance of HoldCo, BidCo and Atlantia (the “**Shareholder Agreement**”);
- b) Fondazione CRT has entered into an agreement with HoldCo and BidCo (the “**CRT Agreement**”), under which, among other things:
 - (i) Fondazione CRT undertook to (1) tender to the Offer 6,251,446 Shares held by Fondazione CRT in Atlantia, representing 0.76% of the Issuer's share capital within 5 (five) business days from the beginning of the Acceptance Period (as defined below), and (2) in the event of a positive outcome of the Offer, to reinvest all the proceeds deriving from the sale of such Shares to subscribe

for shares in HoldCo at the same conditions of the Blackstone Investors at a price per share to be calculated on the basis of the same issuance ratio applied in the contribution in kind of the Sintonia Stake (the "CRT Commitment"); and

- (ii) HoldCo and BidCo granted Fondazione CRT the right, which may be exercised until 22 April 2022, unless extended upon agreement between the parties, to extend the CRT Commitment to an additional number of 31,215,963 Shares, representing 3.78% of the Issuer's share capital, with the option to reinvest, in whole or in part, the proceeds deriving from the sale of such Shares for the purpose of subscribing for HoldCo's shares at the same conditions of the Blackstone Investors for a price per share to be calculated on the basis of the same issuance ratio applied in the contribution in kind of the Sintonia Stake.

On 22 April 2022, Fondazione CRT announced that it had increased its acceptance of the Offer to include its entire 4.54% stake and also increased its commitment to reinvest a portion of the proceeds from the sale of the Shares under the Offer in HoldCo. Fondazione CRT also gave a binding overall commitment to invest the proceeds from the sale of Shares representing 3% of the Issuer's share capital in HoldCo. The Offer Document indicates that, if the Offer is completed, the Parties will amend the text of the Shareholder Agreement to enable Fondazione CRT to be a party to it in accordance with the principles set out in the Shareholder Agreement.

On 17 June 2022, Fondazione CRT also communicated that, as a result of the exercise of certain existing call options, its commitment to accept the Offer had been reduced to a 4.39% stake in Atlantia⁽¹⁾. In the same announcement, Fondazione CRT also confirmed that it would reinvest the proceeds from its sale of a 3% stake in Atlantia in HoldCo.

As the activities described in points (a)(i), (a)(ii), (b)(i) and (b)(ii) have been completed, a total number of 309,608,409 Shares, representing 37.49% of the Issuer's share capital, have been contributed or tendered to BidCo under the Offer.

Further information on the Sintonia Commitment and the CRT Agreement is provided in the Introduction, Section B of the Offer Document and in Notices Section, Paragraph A.18 of the Offer Document, and in the related extracts published in accordance with art. 122 of the TUF and articles 129 and 130 of the Regulations for Issuers and included in Section K.1 of the Offer Document.

⁽¹⁾ The Fondazione CRT's stake in Atlantia, which at the time of signature of the CRT Commitment was 4.54%, was reduced to 4.39% on 17 June 2022, following the exercise by third parties of a number of call options on Shares subscribed for by Fondazione CRT before the launch of the Offer, as announced in the press release published on that date by Fondazione CRT and available on the Issuer's website (www.atlantia.com).

1.4. The Consideration and the Maximum Disbursement

In Section E, Paragraph E.1 of the Offer Document, the Offeror states that it intends to pay each of the Issuer's shareholders who accept the Offer ("Adherent") a consideration of €23.00 (twenty-three/00 euros) for each Share tendered to the Offer.

The Annual General Meeting of the Issuer's shareholders held on 29 April 2022 approved the distribution of a dividend equal to €0.74 per Share (the "2022 Dividend"). The Consideration will not be in any event reduced by the 2022 Dividend paid from 25 May 2022. Based on the above, taking into account (i) the Consideration (amounting to €23.00) and (ii) the 2022 Dividend (amounting to €0.74), Atlantia's shareholders accepting the Offer will receive an aggregate amount of €23.74 for each Share tendered in acceptance of the Offer (the "Aggregate Value"). Except as described above for the 2022 Dividend, the Consideration will be reduced by the amount per share of any additional ordinary and/or extraordinary dividends taken from profits or reserves or any other distribution approved by the relevant corporate bodies of the Issuer before the Payment Date (even if not paid but accrued). The Price will be paid in cash on the Payment Date (or at the Payment Date Following the Reopening of Terms). The Offer Document specifies that in determining the Consideration, the Offeror did not avail itself of independent expert opinions or specific valuation documents.

In determining the Consideration, the valuation methodologies and criteria were selected with reference to the specific nature of the Issuer. The Consideration was determined by the Offeror following a fully independent valuation, taking into account the following:

- a. the market price of the Issuer's shares on the last Stock Exchange Trading Day before the Announcement Date and the Reference Date;
- b. the weighted average daily price of the Shares, based on the official price, over certain intervals of time: 1 month, 3 months, 6 months and 12 months prior to the Reference Date; and
- c. the target prices indicated by financial analysts in the interval of time between the date of publication of the results for the financial year ended 31 December 2021 and the Reference Date.

As noted in the Introduction, Section D of the Offer Document:

- o the Consideration (amounting to €23.00) incorporates: (i) a premium of 24.4% over the official price of the Shares at the Reference Date, and (ii) a premium of 40.8%, 36.3%, 35.2% and 30.9% over the weighted arithmetic average of the official prices of the Shares recorded in the twelve, six, three and one months before the Reference Date (inclusive);
- o the Aggregate Value (after taking into account the 2022 Dividend, equal to €23.74) incorporates: (i) a premium of 28.4% over the official price of the Shares at the Reference Date, and (ii) a premium of 45.3%, 40.6%, 39.6% and 35.1% over the weighted arithmetic average of the official prices of the Shares recorded in the twelve, six, three and one months before the Reference Date (inclusive).

The Consideration is net of stamp duty, if payable, and any fees and/or commissions, which will be borne by the Offeror. Withholding tax on capital gains, to the extent due, will be borne by the Adherents to the Offer.

In the event of full acceptance of the Offer by all the holders of the Offer Shares, the maximum total value of the Offer, calculated on the basis of the Consideration of €23.00, is €12,706,188,770.00 (the “Maximum Disbursement”).

1.5. Financing of the Offer and guarantees of exact fulfilment

The Offeror intends to finance payment of the Consideration, up to the Maximum Disbursement, through the proceeds of capital increases and/or other equity injections and/or shareholder loans, provided by the sole shareholder, Schemaquarantadue SpA (“HoldCo”).

The above capital increases and/or other equity injections and/or shareholder loans to BidCo will be financed by HoldCo, which will in turn finance these amounts as follows:

- (i) in part, through use of the proceeds from a cash bridge loan facility amounting to up to €8,225,000,000.00 (the “Cash Bridge Loan Facility”), to be made available to HoldCo by Banco Santander SA, Milan Branch (“SAN”), Banco Bilbao Vizcaya Argentaria, SA, Milan Branch (“BBVA”), Banco BPM SpA (“BBPM”), Bank of America Europe Designated Activity Company (“BofA”), Bank of China (Europe) SA (“BoCE”), Bank of China Limited Zweigniederlassung Frankfurt am Main Frankfurt Branch (“BoCF”), Bank of Communications (Luxembourg) SA (“BoCL”), Bank of China Ltd., Milan Branch (“BoCM”), BPER Banca SpA (“BPER”), CaixaBank, SA (“Caixa”), Crédit Agricole Corporate e Investment Bank, Milan Branch (“CA-CIB”), Goldman Sachs Bank Europe SE (“GS”), Intesa Sanpaolo SpA (“ISP”), JP. Morgan Chase Bank, NA (“JPM”), Mediobanca – Banca di Credito Finanziario SpA (“MB”), Mizuho Bank, Ltd., Milan Branch (“Mizuho”), MUFG Bank, Ltd. (“MUFG”), Natixis S.A., Milan Branch (“Natixis”), Royal Bank of Canada, Paris Branch (“RBC”), SMBC Bank EU AG Milan Branch (“SMBC”), Société Générale (“SG”) and UniCredit SpA (“UCI”) as original lenders (SAN, BBVA, BBPM, BofA, BoCE, BoCF, BoCL, BoCM, BPER, Caixa, CA-CIB, GS, ISP, JPM, MB, Mizuho, MUFG, Natixis, RBC, SMBC, SG and UCI, jointly the “Cash Bridge Lenders or Cash Bridge Issuing Banks” and SAN, BBVA, BBPM, BofA, BoCE, BoCF, BoCL, BoCM, Caixa, CA-CIB, GS, Industrial and Commercial Bank of China (Europe) SA, Milan Branch, ISP, JPM, MB, Mizuho, MUFG, Natixis, RBC, SMBC, SG and UCI, the “Banks Issuing the GEF”), in accordance with the terms and conditions established in the financing agreement subject to English law and signed on 16 July 2022 (the “Cash Bridge Loan Facility Agreement”), notwithstanding the possibility that the Cash Bridge Loan Facility may be supplemented, amended and/or restated from time to time, including as part of any syndication of the Cash Bridge Loan and/or transfer of the transfer process in connection with the Cash Bridge Loan held by the Cash Bridge Lenders at any time, which may take place through a transfer certificate to be delivered by any lender to J.P. Morgan SE in its capacity as facility agent, in accordance with

the terms, conditions and process set out in the Cash Bridge Loan Facility Agreement;

- (ii) in part, through use of the proceeds from a capital increase amounting to a total of €569,790,960 to be subscribed for by Fondazione CRT in compliance with the commitment to reinvest, in HoldCo, the proceeds arising from the Shares tendered as part of the Offer, an amount equal to a 3% stake in the Issuer's capital, in compliance with the CRT Agreement, as amended by the notice of 22 April 2022 regarding the increase in its commitment to reinvest in HoldCo and confirmed on 17 June 2022; and
- (iii) for the residual amount, through the proceeds of a capital increase or other equity injections to be carried out by HoldCo for an amount up to €3,911,397,810.00, to be subscribed for by the Blackstone Investors (the "BIP TopCo Capital Increase").

Under the Investment Agreement, copies of an equity commitment letter dated 14 April 2022, addressed to the Blackstone Investors, HoldCo and Sintonia (the "Equity Letter") and a debt commitment letter dated 13 April 2022 (as may be supplemented and/or amended from time to time, including as most recently amended and restated on 10 May 2022, the "BIP TopCo Debt Commitment Letter") addressed to the Investor, as a shareholder in BIP TopCo1 and BIP TopCo2, have been delivered. In this regard, the BIP TopCo Capital Increase will be financed by BIP TopCo1 and BIP TopCo2 through a combination of:

- a) the proceeds arising from shareholder loans and/or capital increases and/or other equity injections amounting to up to €2,511,397,810.00, to be made available to BIP TopCo through and in accordance with the Equity Letter; and
- b) the proceeds from financing consisting of a term loan facility and a revolving credit facility, including term loan facilities amounting to up to €1,400,000,000 under a facilities agreement that includes term and revolving facilities (the "Lux Loan Facilities"), to be made available to BIP TopCo by AXA Assurance IARD Mutuelle ("AXA AIM"), AXA France IARD ("AXA France"), AXA Krankenversicherung AG ("AXA KA"), AXA Aurora Vida SA de Seguros y Reaseguros – CFM ("AXA AVSSR"), AXA Versicherung AG ("AXA VA"), SAN, BBVA, BBPM, BofA, BoCE, BoCF, BoCL, BoCM, BPER, Banco Pichincha Espana, SA ("BPES"), Caixa, CA-CIB, GS, Infrastructure Finance SCS-SIF ("IFS"), ISP, J.P. Morgan SE, JP Morgan Chase Bank NA, London Branch, MB, Mizuho Bank Europe N.V. ("MBE"), MUFG Bank (Europe) NV ("MUFGBE"), Natixis, RBC, SMBC, SG, UCI, Woori Global Market Asia Limited ("WGMA") and Woori Bank Hong Kong Branch ("WBHK") acting as the original lenders (AXA AIM, AXA France, AXA KA, AXA AVSSR, AXA VA, SAN, BBVA, BBPM, BofA, BoCE, BoCF, BoCL, BoCMzf, BPER, BPES, Caixa, CA-CIB, GS, IFS, ISP, J.P. Morgan SE, JP Morgan Chase Bank N.A., London Branch, MB, MBE, MUFGBE, Natixis, Royal Bank of Canada, London Branch, SMBC, SG, UCI, WGMA and WBHK, jointly the "Lux Lenders"), under the terms and

conditions set out in the facilities agreement subject to English law and signed on 16 July 2022 (the “**Lux Loan Facilities Agreement**”) by, among others, BIP TopCo and the Lux Lenders. The Lux Loan Facilities include (i) up to €1,400,000,000 in term loan facilities and (ii) up to €50,000,000 in revolving credit facilities, each of which to be provided, among others, by the Lux Lenders, notwithstanding the possibility that the Lux Loan Facilities may be supplemented, amended and/or restated from time to time, including as part of any syndication of the Lux Loan Facilities and/or transfer process in connection with the Lux Loan Facilities held by the Lux Lenders (which may take place through a transfer certificate to be delivered by any Lux Lenders to J.P. Morgan SE in its capacity as facility agent for the Lux Loan Facilities).

As is customary in this kind of transaction:

- A. under the Cash Bridge Loan Facility Agreement, the Cash Bridge Issuing Banks have undertaken to issue guarantees of exact fulfilment amounting to the full value of the Consideration payable in accordance with or in relation to the Offer, as provided for in article 37–bis of the Regulations for Issuers (the “**Guarantees of Exact Fulfilment**”);
- B. in relation (x) to the issue of Guarantees of Exact Fulfilment by the Cash Bridge Issuing Banks, (y) the availability of the Cash Bridge Loan by the Cash Bridge Lenders and (z) the related costs, commissions and other expenses, HoldCo and the Offeror have entered into the Cash Bridge Loan Facility Agreement in their capacity as guarantors and each undertakes in favour of the Cash Bridge Lenders, the Cash Bridge Issuing Banks, and certain other “Finance Parties” (as defined in the Cash Bridge Loan Agreement) to provide guarantees and indemnities subject to the customary guarantee limitations, as described in more detail in Paragraph G.1 of the Offer Document;
- C. in relation (x) to the availability of the Lux Loan Facilities and (y) the related costs, commissions and other expenses, the two BIP TopCos have entered into a pledge agreement under Italian law (the “**Pledge Agreement**”). Under this arrangement, 100% of HoldCo shares held, respectively, by BIP TopCo 1 and BIP TopCo 2 have been pledged to the Wilmington Trust (London) Limited in its capacity as security agent acting in its own name and as agent appointed to act in the name and on behalf of, among others, the Lux Lenders, in order to secure all the present and future obligations of any obligor to any secured party subject to the customary limitations.

Each Banks Issuing the GEF has issued, in the proportions set out in the Bridge Loan Agreement, a Guarantee of Exact Fulfilment of an aggregate amount equal to the full amount of the Consideration that may be payable under or in relation to the Offer, pursuant to article 37–bis of the Regulations for Issuers. This constitutes a declaration whereby the Banks Issuing the GEF have, in aggregate, undertaken to irrevocably and unconditionally guarantee exact fulfilment of the Offeror’s payment obligations under

the Offer, to provide the Maximum Disbursement and, in any event, in the proportions described in more detail in the Cash Bridge Loan Facility Agreement, to pay, in cash, to the shareholders the Consideration for all the Shares tendered in acceptance of the Offer (including following any Reopening of Terms pursuant to article 40-bis of the Regulations for Issuers). The Guarantee is for the benefit of shareholders accepting the Offer and provided at the simple written request of the Intermediary Appointed to Coordinate the Collection of Tenders.

1.6. Potential alternative scenarios for holders of the Shares

As indicated in the Offer Document, in view of the reasons for the Offer and the future plans for the Issuer, as described in more detail in Section G, Paragraph G.2 of the Offer Document, the Offer aims to acquire all the Shares and then proceed with the Delisting.

Notice A.13 in the Offer Document illustrates the possible alternative for the holders of the Shares of the Issuer.

(i) Tender to the Offer

In the event a Shareholder tenders its Shares to the Offer and the Conditions of the Offer set out in Paragraph **Errore. L'origine riferimento non è stata trovata.** of the Offer Document are fulfilled (or waived by the Offeror), the Issuer's Shareholders will receive a consideration equal to €23.00 (twenty-three/00 euros) for each Share held by them and tendered to the Offer.

(ii) No tender to the Offer

Should a Shareholder fail to tender its Shares to the Offer, the following alternative scenarios will arise for the Issuer's Shareholders:

a) Reaching a shareholding of at least 95% of the Issuer's share capital

If, following the Offer, including after the Reopening of Terms (if applicable), the Offeror (jointly with the Persons Acting in Concert) comes to hold – as a result of the tenders to the Offer, as well as of any purchases made outside of the Offer, directly or indirectly, by the Offeror and/or the Persons Acting in Concert after the Notice 102 and within the end of the Acceptance Period and/or of the purchases made during and/or as a result of the fulfilment of the Purchase Obligation under article 108, paragraph 2 of the TUF – a total stake equal to at least 95% of the Issuer's share capital, and, therefore, the Offeror exercises the Right to Purchase – simultaneously fulfilling the Purchase Obligation under article 108, paragraph 1 of the TUF – the Issuer's Shareholders will be paid a purchase price for each Share determined according to articles 108, paragraph 3, and 111 of the TUF.

In such scenario, the Offeror will carry out the Joint Procedure and the shareholders who did not accept the Offer will be obliged to transfer ownership of the Shares held by them to the Offeror and, accordingly, will receive for each Share held by them a consideration determined according to article 108, paragraph 3 of the TUF, which will be equal to the Consideration.

Pursuant to article 2.5.1, paragraph 6 of the Stock Exchange Regulation, in case of exercise of the Right to Purchase, Borsa Italiana shall order the suspension of trading of the Shares and/or the Delisting, taking into account the timeframe for the exercise of the Right to Purchase.

b) Reaching of a stake of more than 90% but less than 95% in the Issuer's share capital

If, following the Offer, including the Reopening of Terms (if applicable), the Offeror (jointly with the Persons Acting in Concert) comes to hold – as a result of the tenders to the Offer, as well as of any purchases made outside the Offer, directly or indirectly, by the Offeror and/or the Persons Acting in Concert after Notice 102 and within the end of the Acceptance Period – a percentage greater than 90% but lower than 95% of the Issuer's share capital, the Offeror, who has declared his intention not to restore a free float sufficient to ensure regular trading, will be subject to the Purchase Obligation under article 108, paragraph 2 of the TUF. In such a case, therefore, the Issuer's Shareholders who did not accept the Offer will have the right to request the Offeror to purchase their Shares, pursuant to article 108, paragraph 2 of the TUF at the price determined in accordance with article 108, paragraphs 3 or 4 of the TUF.

Therefore, following fulfilment of the Purchase Obligation under article 108, paragraph 2 of the TUF, the Shares will be delisted and the shareholders of the Issuer who have decided not to tender their Shares and who have not requested the Offeror to purchase their Shares, under article 108 of the TUF, will be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

c) Reaching a shareholding of less than 90% of the Issuer's share capital

If, as a result of the Offer, including the Reopening of Terms (if applicable), the Offeror (jointly with the Persons Acting in Concert) holds a total participation lower than or equal to 90% of the Issuer's share capital and, therefore, the conditions for the Purchase Obligation under article 108, paragraph 2 of the TUF or for the Purchase Obligation under article 108, paragraph 1 of the TUF or for the exercise of the Right to Purchase under article 111, paragraph 1 of the TUF and consequent delisting of the Issuer's shares does not occur, the Issuer's Shareholders who did not accept the Offer will remain the owners of Shares of the Issuer listed on the Euronext Milan and the Offeror, subject to a possible waiver of the Threshold Condition, would still have the possibility to acquire the Shares tendered, thus increasing its participation in the Issuer. In such a case, the Offeror will evaluate the options to achieve, where possible, the Delisting, including the Delisting Merger.

(iii) Merger

If following the completion of the Offer (including any extension of the applicable law or Reopening of Terms), the conditions to proceed with the Delisting are not met but the Threshold Condition is waived, the Offeror intends to pursue the Delisting by means of the Delisting Merger, where possible.

It should also be noted that, in case of a Delisting (not arising from the Delisting Merger), the Offeror intends to proceed, subject to the approval of the competent corporate bodies of the Offeror itself, HoldCo and the Issuer, with the Post-Delisting Merger. The Post-Delisting Merger would qualify, if applicable, as a “merger leveraged buyout” with the consequent applicability of article 2501-bis of the Italian Civil Code, due to the financing granted to HoldCo for the purposes of the Offer.

Pending completion of the possible merger, it cannot be ruled out that, in the light of the prospective performance of the Issuer’s business, BidCo may resort, as the case may be, to the use of cash flows arising from any distribution of dividends and/or available reserves, if any, that may be approved at its discretion by the Issuer to meet the payments relating to the financing, as described in more detail in Section G., Paragraph G.1. of the Offer Document.

In any event, it is understood that, as of the Date of the Offer Document, no formal resolution has been taken by the competent bodies of the companies that might be involved with regard to the implementation of the possible merger, nor with regard to the relevant execution procedures.

For further information, please refer to Section G., Paragraph G.2.4. of the Offer Document.

a) Merger without Delisting

If, following the completion of the Offer (including any extension under applicable law or Reopening of Terms) the conditions to proceed with the Delisting are not met, the Offeror – in line with the reasons and objectives of the Offer – reserves the right to propose to the competent bodies of the Issuer and of the Offeror to achieve the Delisting through, where possible, the Delisting Merger, subject to the waiver of the Threshold Condition.

Therefore, following the Delisting Merger, the shareholders of the Issuer who decide not to exercise the right of withdrawal will own financial instruments that are not traded on any regulated market, with the consequent difficulty of liquidating their investment in the future.

Without prejudice to the above, the Delisting Merger will also be assessed in order to achieve a shortening of the chain of control and could result in the applicability of article 2501-bis of the Italian Civil Code.

The shareholders of the Issuer who did not vote in favour of the resolution approving the Delisting Merger would be entitled to the right of withdrawal pursuant to article 2437-quinquies of the Italian Civil Code, since, in this case, they would receive in exchange shares not listed on a regulated market. In this case, the liquidation value of the Shares subject to withdrawal would be determined in accordance with article 2437-ter, paragraph 3 of the Italian Civil Code, by reference to the arithmetic average of the prices of the Shares during the six months preceding the publication of the notice of call of the shareholders’ meeting called to approve such resolutions that entitled the

shareholders to the withdrawal right. In this regard, it should be noted that: (i) the withdrawal value, as determined above, could differ, even significantly, from the Consideration; and (ii) the Issuer's shareholders who decide not to exercise their right of withdrawal would be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

In particular, taking into account the financing granted to HoldCo for the purposes of the Offer and without prejudice to the fact that, as at the Date of the Offer Document, no formal resolutions have been taken by the competent bodies of the companies which may be involved in relation to the implementation of the possible Delisting Merger, nor on the related terms of execution, if the Delisting Merger, where possible, were to be implemented and the indebtedness incurred by BidCo was not repaid in advance, the Delisting Merger would be subject to the rules set out in the above-mentioned article 2501-bis of the Italian Civil Code (a "merger leveraged buyout") and, in such a case, it would be necessary that:

- the merger plan referred to in article 2501-ter of the Italian Civil Code indicates the financial resources that shall be used to meet the obligations of the company resulting from the merger (article 2501-bis, paragraph 2 of the Italian Civil Code);
- the report of the management body referred to in article 2501-quinquies of the Italian Civil Code indicates the reasons justifying the operation and contains an economic and financial plan indicating the source of the financial resources and a description of the objectives to be achieved (article 2501-bis, paragraph 3 of the Italian Civil Code); and
- the report of the experts referred to in article 2501-sexies of the Italian Civil Code certifies the reasonableness of the information contained in the merger plan pursuant to the second paragraph of article 2501-bis (article 2501-bis, paragraph 4 of the Italian Civil Code).

If the Delisting Merger is completed, the total residual indebtedness of the companies participating in the merger will be transferred to the company resulting from the merger. Accordingly, the Issuer's assets would be the source of repayment of the above indebtedness and, as a result, holders of the Issuer's Shares who had not accepted the Offer or exercised their right of withdrawal under Section **Errore. L'origine riferimento non è stata trovata.** would become owners of a stake in the share capital of a company with a higher level of indebtedness than Atlantia had prior to the merger.

b) Post-Delisting Merger

If upon completion of the Offer (including by means of the fulfilment of the Purchase Obligation under article 108, paragraph 2 of the TUF, the Purchase Obligation under Article 108, paragraph 1 of the TUF and the exercise of the Right to Purchase under Article 111 of the TUF and including any extension under applicable law or Reopening

of Terms) the Issuer is delisted, the Offeror reserves the right to propose the Post-Delisting Merger to the competent corporate bodies.

Such merger would qualify, if applicable, as a "merger leveraged buyout", with the consequent applicability of article 2501-bis of the Civil Code, due to the financing granted in favor of HoldCo for the purposes of the Offer.

The shareholders of the Issuer who (i) would remain in the Issuer's shareholding if, after completion of the Offer, a stake of between 90% and 95% of the Issuer's share capital is reached, and (ii) did not participate in the resolution approving the merger, would have the right to withdraw only if one of the conditions set out in article 2437 of the Italian Civil Code is met.

In addition, as indicated in Paragraph A.5.1 of the Offer Document, the Post-Delisting Merger may result in the applicability of article 2501-bis of the Italian Civil Code.

c) Absence of the Merger

If, following the completion of the Offer (including the Reopening of Terms), the Delisting of the Issuer has not been achieved – that is, the Offeror has come to hold a stake in the Issuer's share capital equal to or greater than the sum of the stakes covered by the Sintonia Commitment and the CRT Commitment, but, in any event, lower than the percentage required to approve the Merger in the absence of Delisting as set forth in Section A., Paragraph **Errore. L'origine riferimento non è stata trovata.** – and the Offeror has waived the Threshold Condition, the Offeror would not have the voting rights at the Issuer's Extraordinary Shareholders' Meeting that would enable it to achieve the Delisting Merger, thus negatively affecting the Offeror's ability to implement the future plans referred to in Section A., Paragraph **Errore. L'origine riferimento non è stata trovata.** and Section **Errore. L'origine riferimento non è stata trovata.**, Paragraph **Errore. L'origine riferimento non è stata trovata.** of the Offer Document, which are based on the assumption that the Delisting of the Issuer will be successful. The plans are described above in Paragraph 5.2.1 of this Notice.

2. ISSUER'S NOTICE

Pursuant to article 103, paragraphs 3 and 3-bis of the TUF and article 39 of the Regulations for Issuers, Atlantia's Board of Directors is required to disclose to the market, no later than the Stock Exchange Trading Day prior to the first day of the Acceptance Period, a statement containing any data useful for assessing the Offer and its own evaluation of it, as well as an assessment of the effects that the Offer's successful outcome will have on the Company's interests and on employment and the location of production sites (the "Issuer's Notice" or "Notice 103").

To that end, on 12 May 2022, the Issuer's Board of Directors resolved to separately appoint BNP Paribas – Italian Branch ("BNP Paribas") and Morgan Stanley International PLC ("Morgan Stanley") to issue a fairness opinion on the Offer Price from a financial standpoint.

The aforementioned advisors were chosen following a selection process that started at the Board meeting of 22 April 2022, continued at the meetings of 29 April and 6 May 2022 and was completed on 12 May 2022.

In particular, the advisors were selected from a shortlist of candidates on the basis of predetermined criteria, including (i) professional expertise, (ii) track record in issuing fairness opinions in transactions similar to the Offer, as well as in M&A transactions and defensive assignments, (iii) their expertise in equity and debt capital markets, (iv) their specific knowledge of the Atlantia Group and (v) the amount of the fee requested.

In addition, in accordance with article 39-*bis* of the Regulations for Issuers, the Issuer's independent directors were asked to prepare a reasoned opinion containing their assessments of the Offer and the fairness of the related consideration (the "**Opinion of the Independent Directors**"). To this end, the Independent Directors availed themselves of support provided by an independent expert appointed by them, Equita Sim SpA ("**Equita**").

The Issuer's Board of Directors, having obtained the Opinion of the Independent Directors and the fairness opinion from Equita, as well as the fairness opinions of BNP Paribas and Morgan Stanley, met on October, 5th 2022 to review the Offer and the Opinion of the Independent Directors, hear the presentations of BNP Paribas and Morgan Stanley and the conclusions of the same rendered in the aforementioned fairness opinions, and to resolve on the approval of this Notice 103, containing, *inter alia*, the reasoned assessment of the Issuer's Board of Directors of the Offer and of the fairness of the Consideration.

It should be noted that, for a full and complete understanding of the assumptions, terms and conditions of the Offer, reference should be made exclusively to the Offer Document published and made available by the Offeror pursuant to the applicable laws and regulations.

This Notice is therefore in no way intended to replace the Offer Document or any other document relating to the Offer which is the responsibility of the Offeror and made available by the Offeror, and does not constitute, nor may it be construed as, a recommendation to accept or not to accept the Offer, nor does it replace the need for each individual to carry out his or her own personal evaluation in relation to the acceptance of the Offer and any other transaction involving the Issuer and the financial instruments issued by the Issuer, on the basis of what is represented by the Offeror in the Offer Document.

The observations of the Board of Directors, particularly with reference to the fairness of the Consideration, are in fact, by their very nature, independent of any broader analysis that target shareholders must autonomously carry out to decide whether or not to accept the Offer, also taking into account, in particular, the performance of the Shares during the Acceptance Period, their own investment strategies and the nature of their equity interests.

This Issuer's Notice – drafted solely on the basis of, pursuant to and for the purposes and within the limits of Italian laws and regulations, particularly for the purposes and within the limits of article 103 of the TUF and article 39 of the Regulations for Issuers – is to no extent intended to comply with other than Italian laws and regulations, nor may it be in any event evaluated, construed and/or used in the light of or in application of any other laws or regulations.

Lastly, it should be noted that the Board of Directors' observations are based on the Offer Document – from which, *inter alia*, the quotations and references in the Issuer's Notice are also taken – as well as on the opinions of the leading financial advisors appointed by the Company and, specifically, BNP Paribas and Morgan Stanley, acting as advisors to the Board of Directors.

More generally, this Issuer's Notice necessarily takes into account only the factual circumstances actually occurring prior to its issuance.

For further information on this matter, please refer to the press release released by the Issuer on the same date and available on its website (www.atlantia.com).

Carlo Bertazzo, according to the above-mentioned termination agreement by mutual consent, will be allotted n. 137,947 shares within five days after the start of the Acceptance Period.

(**) Independent director pursuant to the TUF and the Corporate Governance Code.

The Issuer's Board of Directors meeting was also attended by the following member of the Board of Statutory Auditors:

Roberto Capone (Chairman);

Roberto Bonisconi (Statutory Auditor);

Sonia Ferrero (Statutory Auditor);

Lelio Fornabaio (Statutory Auditor).

On the other hand, Statutory Auditor Maura Campa has justified her absence.

The members of the Board of Directors indicated below disclosed that they have a personal interest or a third-party interest in the Offer, also pursuant to article 2391 of the Italian Civil Code and article 39, paragraph 1(b) of the Regulations for Issuers, for the following reasons:

- the Chairman, Ambassador Giampiero Massolo, is a Director of Abertis Infraestructuras SA, a company controlled by Atlantia through Abertis Holdco S.A., in which Atlantia holds a 50% interest plus 1 share;
- CEO Carlo Bertazzo, in addition to owning 12,329 Atlantia shares plus the 137,947 shares which will be granted to him within five days after the start of the Acceptance Period, is (i) a director of Abertis Infraestructuras SA, a company controlled by Atlantia through Abertis Holdco SA, in which Atlantia holds an interest of 50% plus 1 share, and (ii) a director of Getlink SE, in which Atlantia has an indirect interest equal to 15,5% of the share capital;
- Director Christian Coco as Investment Director at Edizione SpA, as well as a Director of BidCo and HoldCo;
- Director Valentina Martinelli as Head of Financial Accounting and Compliance at Edizione;
- Director Jean Mouton owns 2,500 Atlantia shares and is a member of the Supervisory Board of Aéroports de la Côte d'Azur SA, a company controlled by Atlantia through Azzurra Aeroporti SpA, in which Atlantia holds a 60.46% interest;
- Director Maria Leddi holds 1,111 Atlantia shares.

The Offeror has also stated that Prof. Enrico Laghi, CEO of Edizione as well as a director of BidCo and HoldCo, is a director of Abertis Infraestructuras SA, a company controlled by Atlantia through Abertis Holdco SA, in which Atlantia holds an interest of 50% plus 1 share.

For the sake of completeness, it should also be noted that, pursuant to the rules governing related party transactions adopted by the CONSOB with resolution 17221 of 12 March 2010, as amended (the "Related Parties Regulations"), the Offeror is a related party of the Issuer in that the former is indirectly controlled by Edizione, which controls Sintonia directly and Holdco indirectly (the Offeror's sole shareholder). In addition, it should be noted that Edizione, through Sintonia, holds 33.1% of Atlantia's shares outstanding.

A chart showing the Offeror's chain of control is provided in Section B, Paragraph B.1.5 of the Offer Document.

3.2. Disclosure regarding the participation of members of the Issuer's Board of Directors in negotiating the terms of the transaction

As far as the Issuer is aware, apart from the Directors Christian Coco and Valentina Martinelli, no other member of Atlantia's Board of Directors took part in negotiating the terms of the transaction in relation to which the Offer was made.

3.3. Documents examined

The Issuer's Board of Directors, in expressing its assessment of the Offer, and for the purposes of this Issuer Notice, has:

taken into account

- (i) the Integrated Annual Report 2021, approved by the Board of Directors of the Issuer on 10 March 2022;
- (ii) the Interim Report for the six months ended 30 June 2022, approved by the Board of Directors of the Issuer on 4 August 2022;

reviewed

- (iii) Notice 102;
- (iv) the draft Offer Document, in the versions provided from time to time and, most recently, the Offer Document dated 30 September 2022;
- (v) the fairness opinion of BNP Paribas and the related supporting documentation;
- (vi) the fairness opinion of Morgan Stanley; and the related supporting documentation;
- (vii) the Opinion of the Independent Directors, issued on October 4th 2022, as well as the fairness opinion issued by Equita.

For the purposes of its assessment of the Offer and the fairness of the Consideration, Atlantia's Board of Directors did not use any valuation documents other than those indicated above.

3.4. Outcome of the Board of Directors' meeting

The Issuer's Board of Directors, which met on October 5 2022, approved this Issuer's Notice unanimously and with the abstention of the Directors Christian Coco and Valentina Martinelli pursuant to article 11.3 of the Board of Directors' Terms of Reference ⁽²⁾ (see Paragraph 10 of this Notice 103), granting the Chairman Ambassador Giampiero Massolo and the CEO Carlo Bertazzo, severally and jointly, the broadest and/or most appropriate powers to: (i) proceed with the publication of Notice 103 and, where appropriate, make any such amendments and additions to it as may be requested by the CONSOB or any other competent authority, or to make the updates that, pursuant to article 39(4) of the Regulations for Issuers, may become necessary due to changes in the information set out in Notice 103 or any changes of a non-substantial nature that may be appropriate; (ii) in general, to implement the resolution adopted by the Board of Directors at the same meeting, including taking any action and fulfilling any requirements under applicable laws and regulations.

5. ASSESSMENT OF THE ISSUER'S BOARD OF DIRECTORS REGARDING THE OFFER AND THE FAIRNESS OF THE CONSIDERATION

5.1. Reasons for the Offer

Pursuant to the provisions of Notice A.4 and Section G, Paragraph G.2.1 of the Offer Document, the Offer relates to all the Issuer's shares outstanding (with the exception of the Sintonia Stake) and is designed to Delist the Shares.

5.2. Plans drawn up by the Offeror

5.2.1. The Offeror's future plans for the Issuer

As indicated in Section G, Paragraph G.2.2 of the Offer Document, following the completion of the Offer (including fulfilment of the Purchase Obligation under article 108, paragraph 2 of the TUF, fulfilment of the Purchase Obligation under article 108, paragraph 1 of the TUF and exercise of the Right to Purchase under article 111 of the TUF and including any extensions pursuant to applicable laws or a Reopening of Terms), the Offeror intends to fully support Atlantia's long-term investment strategy and sustainable growth plans by continuing to implement the strategy already announced to the market by the Issuer. This activity will be pursued with a focus on both the development of Atlantia's existing activities and on new synergistic investments aimed at consolidating its position as a leading company in the infrastructure and mobility sector. The Offeror's strategic approach is aimed at enhancing the value of the business in the long term.

The Offeror therefore does not exclude the possibility of evaluating, at its discretion, any future market opportunities aimed at the aforesaid internal and/or external growth of the Issuer, including the opportunity of carrying out extraordinary transactions, such as, purely by way of example, acquisitions, disposals, mergers, demergers, concerning the Issuer or certain of its assets or business divisions, and/or capital increases, the execution of which could have dilutive effects on the shareholders of the Issuer.

Through the Offer and upon completion of the Delisting, the Offeror expects the Issuer to benefit from the status of non-listed company and, therefore, to pursue the future programs relating to the Issuer, described above, more easily and effectively. In fact, as a non-listed Company, the Issuer could benefit from the simplification in the

shareholding structure that would cause a greater simplification in the managerial and operating decision processes and would face less disclosure requirements towards the market and not the regulatory standards and disclosure requirements provided for by the applicable laws and regulations for listed companies, avoiding the costs associated to the compliance with such obligations. The Offeror expects the Issuer, under the Offeror's control and as a non-listed company, therefore characterised by greater operational and organisational flexibility, as well as the ability to access flexible and long-term oriented sources of capital, to be able to accelerate its investment and value creation strategy. Further operational flexibility may be achieved in the context of the private capital market both in relation to the structure of new transactions aimed at growth in new fields or to the management of existing initiatives. In pursuit of this investment strategy, the Offeror will be guided by the M&A, financial and dividend policies which have already been agreed between the shareholders of the Offeror and attached to the Shareholder Agreement.

Based on the understandings reached between the parties as at the date of the Offer Document, it is expected that these policies will also represent the main guidelines for the preparation and implementation of the business plan for the Issuer, HoldCo and the Offeror (the "Plan"), and any future updates and additions thereto.

Specifically:

- the M&A policy defines the following principles guiding the M&A activities of the Group: (i) geographic focus for investment opportunities limited to OECD countries, with particular attention to western Europe, North America, Latin America and Australia; (ii) investment focus on further growth and/or replacement of assets in the portfolio in the reference sectors; (iii) compliance with the financial and dividend policy;
- the financial policy is based on the objective of achieving a financial profile for Atlantia that is compatible with certain investment grade metrics, meaning credit metrics that are compatible with at least two of the following ratings: (a) from S&P of at least BBB-, (b) from Fitch of at least BBB-, and (c) from Moody's of at least Baa3. To this extent the issuance of incremental debt and refinancing of existing financing shall be funded in order for HoldCo, BidCo, Atlantia, Abertis, ADR and other material subsidiaries (agreed upon between the parties from time to time) to maintain metrics that are compatible with the above-mentioned investment grade metrics (in each case to the extent permitted by applicable law, the existing concession agreements and applicable financing agreements); and
- the dividend policy envisages that HoldCo, BidCo, Atlantia and the other group companies will make distributions (via, among other things, payment of dividends and distribution of available reserves) in respect of all available cash, on the understanding that such distributions will be

made in compliance with the financial policy, applicable loan agreements, existing concessions (to the extent applicable) and all applicable statutory, legal and regulatory restrictions.

In relation to the abovementioned Plan at present, the understanding between the parties is that such a Plan shall be finalised and agreed between the parties by the First Payment Date of the Offer; nevertheless, the Offeror cannot exclude that the finalization of the Plan may occur following that date, as a result of, amongst other things, the market environment and the possible need for the contribution of the Issuer's management in order to draw up a Plan complete in all its details. Furthermore, the definition of the Plan may be affected by the developments and the progress of the Offer with particular reference to the outlooks and the timing of the achievement of the Delisting (which may take place alternatively as a direct consequence of the Offer or through the Delisting Merger, where possible).

BIP TopCo1 and BIP TopCo2 are owned by the following funds (directly or indirectly through third parties):

- a) Blackstone Infrastructure Partners Lower Fund IV (LUX) SCSp (the "**Lux Lower Fund**");
- b) Blackstone Infrastructure Partners – P (Cayman) NQ L.P. ("**Cayman 1**");
- c) Blackstone Infrastructure Partners – V AIV II (CYM) L.P. ("**Cayman 2**", and, together with Cayman 1, the "**Cayman Funds**"; the Cayman Funds together with the Lower Lux Fund, the "**Funds**").

The Lux Lower Fund is represented, managed and controlled by the Lux GP and the Cayman Funds are represented, managed and controlled by Cayman GP (the Funds, Lux GP and Cayman GP, together with certain affiliates, "**BIP**"). BIP is an active investor in the energy, transportation, digital and water infrastructure and waste sectors, aimed at a long-term buy- and-hold strategy for large-scale infrastructure assets, with the objective of achieving long-term capital appreciation along with predictable annual cash flows. The investment mandate focuses on responsible management and stakeholder engagement to create value for investors and the communities served by BIP.

In addition, the Offeror is committed to support the Issuer in achieving its ambitious ESG and technology innovation strategy already announced.

5.2.2. Investments and related forms of financing

As indicated in Section G, Paragraph G.2.3 of the Offer Document, the Board of Directors of the Offeror has not taken any resolutions regarding investments of particular importance and/or additional to those generally required for the operational management of activities in the industrial sector in which the Issuer operates.

5.2.3 Possible restructurings and/or reorganisations

A. Merger

As indicated in Section G, Paragraph G.2.4 of the Offer Document, if the Delisting conditions are not achieved on completion of the Offer (including any extension pursuant to applicable law or a Reopening of Terms), the Offeror still intends to pursue the Delisting, if the Threshold Condition is waived, by means of the Delisting Merger, where possible.

It should also be noted that, in case of a Delisting (not resulting from the Delisting Merger), the Offeror intends to proceed, subject to the approval of the competent corporate bodies of the Offeror itself, HoldCo and the Issuer, with the Post-Delisting Merger. The Post-Delisting Merger would qualify, if applicable, as a "merger leveraged buyout" with the consequent applicability of article 2501-bis of the Italian Civil Code, due to the financing granted to HoldCo for the purposes of the Offer.

Pending completion of the possible merger, it cannot be ruled out that, in the light of the prospective performance of the Issuer's business, BidCo may resort, as the case may be, to the use of cash flows arising from any distribution of dividends and/or available reserves, to meet the payments relating to the financing, as described in more detail in Section G, Paragraph G.1. of the Offer Document.

In any case, it is understood that, as of the date of the Offer Document, no formal resolutions have been taken by the corporate bodies of the companies which might be involved with regard to the implementation of the possible merger, nor with regard to the relevant execution procedures.

A.1 Merger without Delisting

As indicated in Section G, Paragraph G.2.4.1 of the Offer Document, if, following the completion of the Offer (including any extension under applicable law or Reopening of Terms) the conditions to proceed with the Delisting are not met, the Offeror – in line with the reasons and objectives of the Offer – reserves the right to propose to the competent bodies of the Issuer and of the Offeror to achieve the Delisting through, where possible, the Delisting Merger, subject to the waiver of the Threshold Condition.

Therefore, following the Delisting Merger, the Issuer's shareholders who decide not to exercise the right of withdrawal will own financial instruments that are not traded on any regulated market, with the consequent difficulty of liquidating their investment in the future.

In this respect, the Delisting Merger would be a transaction between related parties subject to the applicable laws and regulations and would also be subject to the necessary authorizations from the competent authorities. Furthermore, the merger between the Issuer and the Offeror would qualify, if applicable, as a "merger with indebtedness" with the consequent applicability of article 2501-bis of the Italian Civil Code.

The shareholders of the Issuer who did not vote in favour of the resolution approving the Delisting Merger would have the right of withdrawal pursuant to article 2437-quinquies of the Italian Civil Code, since, in this case, they would receive in exchange shares not listed on a regulated market. In this case, the liquidation value of the Shares subject to withdrawal would be determined in accordance with article 2437-ter, paragraph 3 of the Italian Civil Code, by reference to the arithmetic average of the prices of the Shares during the six months preceding the publication of the notice of call for the shareholders' meeting whose resolutions legitimise withdrawal. In this regard, it should be noted that: (i) the withdrawal value, as determined above, could differ, even significantly, from the Consideration; and (ii) the Issuer's shareholders who decide not to exercise the withdrawal would be holders of financial instruments not traded on any regulated market, with consequent difficulties in liquidating their investment in the future.

A.2 Post-Delisting Merger

As indicated in Section G, Paragraph G.2 .4. 2 of the Offer Document, in the event that, on completion of the Offer (including the fulfilment of the Purchase Obligation under article 108, paragraph 2 of the TUF, the Purchase Obligation under Article 108, paragraph 1 of the TUF and the exercise of the Right to Purchase under Article 111 of the TUF and including any extension under applicable law or Reopening of Terms) the Issuer is delisted, the Offeror reserves the right to propose to the competent corporate bodies the Post-Delisting Merger.

Such merger would qualify, if applicable, as a "merger with indebtedness", with the consequent applicability of Article 2501-*bis* of the Civil Code, due to the financing provided to HoldCo for the purposes of the Offer.

The shareholders of the Issuer who did not vote in favour of the resolution approving the merger would have the right of withdrawal only if one of the conditions set forth in article 2437 of the Italian Civil Code is met. In this case, the liquidation value of the Shares subject to withdrawal would be determined pursuant to article 2437-ter, paragraph 2 of the Italian Civil Code, taking into account the Issuer's assets and liabilities and its income prospects, as well as the market value of the Shares, if any.

It should be noted that the withdrawal value, as determined above, could differ, even significantly, from the Consideration.

As at the Date of the Offer Document, no formal decisions have been taken by the competent bodies of the Offeror or of the companies belonging to the Offeror's group.

A.3 Absence of the Merger

If, following the completion of the Offer (including after Reopening of Terms), the Delisting of the Issuer has not been achieved – that is, the Offeror has come to hold a stake in the Issuer's share capital equal to or greater than the sum of the stakes covered

by the Sintonia Commitment and the CRT Commitment, but, in any event, lower than the percentage required to approve the Merger in the absence of Delisting as set forth in Section A., Paragraph *Errore. L'origine riferimento non è stata trovata.* of the Offer Document – and the Offeror has waived the Threshold Condition, the Offeror would not have the voting rights at the Issuer's Extraordinary Shareholders' Meeting that would enable it to achieve the Delisting Merger, thus negatively affecting the Offeror's ability to implement the future plans referred to in Section A., Paragraph *Errore. L'origine riferimento non è stata trovata.* and Section *Errore. L'origine riferimento non è stata trovata.*, Paragraph *Errore. L'origine riferimento non è stata trovata.* of the Offer Document, which are based on the assumption that the Delisting of the Issuer will be successful. The plans are described above in Paragraph 5.2.1 of this Notice.

5.2.3. Planned changes to the composition of corporate bodies and related compensation

As indicated in Section G, Paragraph G.2.5 of the Offer Document, the Offeror has not taken any decision on proposals regarding the composition of the management (and supervisory) bodies. Without prejudice to the above, under the terms of the Shareholder Agreement to be executed on the Payment Date, the parties have undertaken to renew Atlantia's Board of Directors and Board of Statutory Auditors so that the relevant compositions shall comply with the provisions of the Shareholder Agreement.

5.2.4. Planned amendments to the articles of association.

As indicated in Section G, Paragraph G.2.6 of the Offer Document, the Offeror has not identified any specific amendments to be proposed to the Issuer's current by-laws, without prejudice to those which are considered necessary in accordance with law. Without prejudice to the foregoing, under the terms of the Shareholder Agreement to be entered into on the Payment Date, HoldCo and/or BidCo and/or the Issuer – depending on whether or not the Delisting occurs – are expected to adopt, respectively, new by-laws reflecting the provisions of the Shareholder Agreement

5.3. ASSESSMENT OF THE ISSUER'S BOARD OF DIRECTORS REGARDING THE FAIRNESS OF THE CONSIDERATION

5.3.1. Main information on the Consideration contained in the Offer Document

As mentioned, the Offeror has stated its intention to pay a consideration equal to €23.00 for each Share tendered in acceptance of the Offer (the "Consideration").

The Annual General Meeting of the Issuer's shareholders held on 29 April 2022 approved payment of a dividend of €0.74 per Share (the "2022 Dividend"). The Consideration will not be in any event reduced by the value of the 2022 Dividend paid on 25 May 2022.

Based on the above, taking into account (i) the Consideration (amounting to €23.00) and (ii) the 2022 Dividend (amounting to €0.74), Atlantia's shareholders who accept the Offer will receive an aggregate amount of €23.74 for each Share tendered in acceptance of the Offer (the "Aggregate Value"). Except for the above in relation to the 2022 Dividend, the Consideration will be reduced by the amount per share of any further ordinary and/or special dividend paid from earnings or reserves or any other distribution approved by the competent corporate bodies of the Issuer before the Payment Date (even if not paid but accrued). The Consideration will be paid in full in cash at the Payment Date (or at the Payment Date Following the Reopening of Terms). The Consideration is meant already net of stamp duties, any fees and/or expenses, which will be borne by the Offeror. Ordinary income and withholding tax on capital gains, to the extent due, will be borne by the shareholders tendering their Shares in acceptance of the Offer.

The Offer Document also specifies that the Maximum Disbursement in the event of full acceptance of the Offer by all holders of the Shares will be equal to €12,706,188,770.00.

Without prejudice to what is set forth below, it should be noted that, in determining the Consideration, the Offeror did not make use of independent expert opinions or valuation documents. For the purposes of determining the Consideration, methods and valuation criteria consistent with the specific characteristics of the Issuer have been identified. In particular, the Consideration was determined by the Offeror through a valuation conducted autonomously, taking into account the following elements:

- a. the market price of the Issuer's shares on the last Stock Exchange Trading Day before the Announcement Date and the Reference Date;
- b. the weighted average daily price of the Shares, based on the official price, over certain intervals of time: 1 month, 3 months, 6 months and 12 months prior to the Reference Date; and
- c. the target prices indicated by financial analysts in the interval of time between the date of publication of the results for the financial year ended 31 December 2021 and the Reference Date.

These methodologies, on the other hand, should not be analysed individually, but considered as an inseparable part of the overall evaluation process. The analysis of the results obtained by each methodology independently, without considering the evaluation process as a whole, would lead to the loss of significance of the entire evaluation process.

The Consideration was first of all established by reference to stock market prices. This valuation method determines the value of the company as the stock market capitalization derived from the prices of securities traded on regulated stock markets. In particular, this method is considered relevant for the valuation of listed companies. In order to neutralize potential volatility and any short-term fluctuations in the stock price level, legal theory and professional practice also suggest taking into account the results

of stock market prices by calculating averages over different time horizons weighted by the relative trading volumes.

The prices recorded were observed over various time periods prior to the Reference Date of 5 April 2022, (inclusive), as the last trading day before the rumours of a potential transaction on Atlantia's share capital. For the sake of clarity, the following paragraphs also highlight the differences between the Consideration and the prices registered during different time periods prior to 13 April 2022, i.e., the last Stock Exchange Trading Day before the Announcement Date (the "Pre-Announcement Date").

Stock market prices relating to volume-weighted averages of Atlantia's prices at 1, 3, 6 and 12 months were taken into account.

The target prices for Atlantia shares resulting from research published by brokers and leading investment banks released after the publication of the Issuer's financial results on 31 December 2021, i.e. after March 2022 (inclusive), identified as the period in which the Issuer provided the market with the latest significant updates in relation to its operating companies, such as to have a positive impact on target prices, were also taken into consideration.

As explained in Section E., Paragraph E.1.1. of the Offer Document, on the Reference Date, i.e., the last Stock Exchange Trading Day prior to rumours of a potential transaction on Atlantia's share capital, the official price of the Shares was €18.49: the Consideration and the Aggregate Value therefore represent a premium of 24.4% and 28.4%, respectively, over that price.

On the Pre-Announcement Date, the official price of the Shares was €21.84: therefore, the Consideration and the Aggregate Value represent a premium of 5.3% and 8.7%, respectively, over that price.

The table below compares the Consideration with: (i) the volume-weighted average of the official prices recorded in each of the 1 (one), 3 (three), 6 (six) and 12 (twelve) months prior to the Reference Date (inclusive) and prior to the Pre-Announcement Date (inclusive).

Lastly, on 30 March 2022, the Issuer announced that all the conditions precedent set out in the contract for the sale of the equity interest held by the Issuer in Autostrade per l'Italia SpA to Holding Reti Autostradali SpA (the "ASPI Transfer Agreement") had been met. On 5 May 2022, the Issuer announced the closing of the transaction for the sale of the participation held by the Issuer in Autostrade per l'Italia SpA for €8,198.8 million (the "ASPI Proceeds").

According to the Offer Document, the target prices considered refer to those expressed by leading equity research analysts and investment banks after 11 March 2022, the date of publication of the Issuer's results for the financial year ended 31 December 2021 and preceding the Reference Date.

The Offer Document notes that, in the event of several publications on the Issuer by the same financial analyst during the identified reference time period, in line with what is recognized and normally used in valuation practice, both Italian and international, for the purposes of applying this method, only the target price of the last publication is taken into consideration, considering the target prices previously expressed and the related underlying valuation considerations as exceeded (as described in greater detail by the analysts in their respective publications).

Paragraph E.3 of the Offer Document, "*Comparison between the Consideration and certain metrics relating to the Issuer*", is set out below.

The following table shows (a) the Issuer's key operational and financial metrics for the financial years ended 31 December 2021 and 31 December 2020; (b) the key per-share ratios for those financial years; and (c) key multiples calculated on the basis of the Consideration and relating to the financial years ended 31 December 2021 and 31 December 2020.

⁽³⁾ As reported in Atlantia's reclassified consolidated statement of cash flows for the years 2021 and 2020 (restated), called "Funds from operations". Discontinued operations as shown in the reclassified statement of cash flows are also excluded.

⁽⁴⁾ EV: this represents the algebraic sum of the Consideration, multiplied by the number of shares issued (net of treasury shares), and Atlantia's consolidated net debt as at 31 December 2021, adjusted to take account of i) the proceeds from the sale of ASPI (equal to €8,198.8 million); ii) the provision for termination indemnities (TFR); iii) unconsolidated equity investments; iv) equity attributable to non-controlling interests; v) the hybrid bond issued by the subsidiary, Abertis; vi) the 2022 dividend multiplied by the number of shares issued; and vii) the proceeds received from the sale of the investment in Hochtief (equal to €577.8 million).

For illustrative purposes only, considerations on market multiples in the context of the valuation of the Issuer are set out below.

Atlantia is a holding company essentially operating in the following sectors:

- a. **Motorway concessions:** both directly and through its subsidiary, Abertis, Atlantia manages motorway assets in Europe (primarily Spain, France and Poland) and North and South America (in countries such as Chile, Brazil, Mexico, Puerto Rico, the USA and Argentina);
- b. **Airport concessions:** Atlantia operates 5 airports between Italy and France through its subsidiaries AdR and Aeroport de la Cote D'Azur;
- c. **Mobility services:** through its subsidiary, Telepass, and Yunex (transaction closing took place on 30 June 2022), Atlantia is one of Europe's leading providers of integrated urban and suburban mobility solutions.

A further peculiarity of the Atlantia Group is the presence of certain unconsolidated investments, including i) a 15.5% stake in Getlink, a company that operates the Channel Tunnel transport services under a concession expiring in 2086 and ii) a 29% stake in the company that manages Bologna airport.

The heterogeneous nature of the Atlantia group's business mix is hard to find in other companies listed on Italian and European stock exchanges, and therefore makes the use of valuation metrics derived from the application of market multiples not so significant.

Moreover, with regard to the main sectors in which Atlantia operates, such as motorway and airport concessions, the application of market multiples is influenced by parameters such as:

- the geographical location of the concessions;
- the duration and the residual life of the concessions;
- applicable regulatory frameworks and contractual models with reference, among others, to the return profile and risk allocation between grantors and concessionaires;
- the greenfield or brownfield nature of concessions (mainly related to motorway business);
- capital structure (equity and debt);
- potential exchange rate risk;
- the presence of consolidated or unconsolidated concessions and, in the case of consolidated concessions, of significant non-controlling interests (i.e. minorities);
- the impact of extraordinary financial transactions.

In view of the above, the Offeror considers the trading multiples method to be of limited relevance.

Notwithstanding the above, and in implementation of the requirements of the rules governing the content of the Offer Document, the multipliers of those listed companies with characteristics most similar to Atlantia and which may therefore, albeit to a limited extent, be considered comparable with Atlantia, have been calculated. These companies are:

– Vinci

- a French operator mainly active in the contracting and concessions sector (based on 2021 results, approximately 14% of turnover and approximately 60% of EBITDA is related to the concessions sector)
- within its concession business, the French operator holds concessions in both the motorway and airport sectors:
 - **motorway concessions:** Vinci is the main French motorway operator with more than 4,400 km managed mainly through ASF, Escota and Cofiroute;
 - **airport concessions:** Vinci controls or holds minorities in 53 airport assets in over 12 nations that handled approximately 255 million passengers in 2019, in the pre-Covid era. The main assets in the French operator's portfolio are (i) Gatwick Airport, (ii) ANA, a company that operates 10 airports in Portugal, (iii) Lyon Airport, (iv) Kansai airports (40% stake) in Japan, (v) Salvador Airport in Brazil, (vi) Santiago de Chile Airport in Chile (40% stake) and (vii) 5 airports in the US.

– Eiffage

- a French company mainly operating in the construction sector and with marginal exposure to the concessions sector, mainly motorways;
- in relation to the operator's 2021 results, approximately 16% of revenues and approximately 70% of operating income are derived from the concessions business. The main asset held by the French operator is APRR (52% stake), one of the leading French motorway companies. In airport concessions, Eiffage holds 49.9% of Toulouse airport and 90% of Lille airport;
- Eiffage also holds a minority stake of approximately 5% in Getlink.

The following are therefore some of the trading multiples of listed companies that, to a limited extent, may be considered comparable with Atlantia.

5.3.2 Methods and summary of the results of the financial advisors appointed by the Board of Directors

As indicated above in paragraph 2 of this Statement 103, on 12 May 2022, the Issuer's Board of Directors resolved to retain BNP Paribas and Morgan Stanley for the purpose of issuing two separate fairness opinions on the Consideration.

A. BNP Paribas's fairness opinion

On 5 October 2022 BNP Paribas, acting as financial advisor to Atlantia, has issued its opinion on the fairness, from a strict financial point of view, of the Offer Price.

Based on and subject to the terms and conditions of its opinion letter attached as Annex A, BNP Paribas indicates that, on the date thereof, from a strict financial point of view, the Offer Price is fair from a financial point of view.

The main findings of BNP Paribas are outlined in the following summary, which should not be considered or interpreted as, nor does it represent, a comprehensive description of all analyses performed and all factors considered by BNP Paribas for the purpose of rendering its opinion. Reference should be made to Annex A for description.

In performing its work, BNP Paribas relied on information including, but not limited to: (i) certain publicly available business and financial information of Atlantia and its subsidiaries, including financial statements and documents published by the Issuer; (ii) certain financial information and other data that were provided by the Issuer to BNP Paribas for the purpose of its analysis, relating to the business and financial prospects of Atlantia and its subsidiaries, including assumptions, estimates and financial projections (business plan); (iii) current and historical share prices of the Issuer; (iv) certain equity research reports on Atlantia; (v) the financial terms, to the extent publicly available, of certain Italian voluntary tender offers which BNP Paribas believes to be generally relevant.

Considering the Issuer's diversified profile of assets and in line with best practice applied by leading international investment banks in rendering similar opinions and performing similar valuations –, BNP Paribas has retained the Sum-of-the-Parts (SOTP, which aims at determining the value of a holding company by separately valuing each of the stakes it owns) as the most appropriate valuation methodology.

In the context of the SOTP valuation, BNP Paribas applied the discounted unlevered cash flow methodology (Discounted Cash Flow) to the business plans provided by the Issuer, with valuation date as of 1 July 2022. The unlevered cash flows have been discounted at different costs of capital (WACC) for each asset to reflect the country exposures and risks that are specific to each one of them.

In line with best practices, BNP Paribas has benchmarked the SOTP ("Main Methodology"), with other valuation methodologies for control purposes ("Control Methodologies"), namely: (i) historical trading performance of the Issuer's shares over the 12 calendar months prior to the Reference Date, (ii) premia paid in voluntary tender offers on the Italian stock exchange with an offer size above €100 million by parties seeking to acquire majority stakes during the period between 2012 and 2022 and, and (iii) equity research analysts' target prices published before the Reference Date.

The table below summarizes the results of the valuation methodologies mentioned above.

Main Methodology	Value per share - Atlantia (€)	
	Min	Max
SOTP	19.5	23.7
Control Methodologies	Min	Max
Historical trading performance of the Issuer's shares	14.5	18.9
Premia paid in precedent Italian voluntary tender offers	21.6	23.2
Analysts' target prices	17.0	21.0

Each valuation methodology should be considered an integral part of the valuation analysis performed by BNP Paribas for the purpose of rendering its opinion. However, even if taken separately one to the other, it is worth underlying that each of them has resulted in ranges including, or below, the Offer Price.

B. Morgan Stanley's fairness opinion

Morgan Stanley, acting as financial advisor to the Issuer, has rendered its opinion on the fairness of the Consideration on 5 October 2022.

With regard to the assumptions, terms and conditions of the opinion issued by Morgan Stanley, please refer to the fairness opinion letter attached to the Comunicato 103, sub Annex B.

According to the opinion prepared by Morgan Stanley, on that date and on the basis of the elements and assumptions specified therein, the Consideration offered to the Shareholders of the Issuer pursuant to the Statement on the Offer and to the Offer Document is deemed to be fair from a financial point of view.

In order to perform the valuation exercise, Morgan Stanley has multiple sources of information, including, but not limited to: publicly available market information up to the date of publication of the Offer Document; equity research reports relating to the

Company; publicly available financial statements; data, information and documents provided by the Issuer (including prospective economic and financial data of the Atlantia Group and its subsidiaries) in addition to other operational and financial information regarding the Company, as well as the motorways, airports and mobility services sectors deemed relevant.

As part of the fairness opinion preparation, Morgan Stanley has used various methodologies, amongst which the Discounted Cash Flows ("DCF") at the reference valuation date as main methodology. Morgan Stanley has applied the DCF methodology to the business plans provided by the Company. Morgan Stanley has applied this DCF analysis to the Company's individual business segments, concessions and/or operating subsidiaries using the sum-of-the-parts ("SOTP") method.

In the DCF valuation, the different net operating cash flows after tax have been discounted to individual weighted average costs of capital (WACC), estimated through the application of the so-called "capital asset pricing model" which reflects the current market rates for the cost of debt and the cost of equity, as well as with the planned capital structure of the Company's individual business segments, concessions and/or operating subsidiaries. Morgan Stanley has used different WACCs for each asset to reflect the geographic exposures and the specific risks of each asset. The equity value has been estimated at 30 June 2022 and therefore reflects, among other information, Atlantia's half-year report for the first half year ended 30 June 2022.

The valuation obtained by Morgan Stanley using the DCF method shows a value for each of the Shares included in a range between €17.96 and €22.49.

In formulating its opinion, Morgan Stanley also applied secondary valuation methods, including:

- The historical analysis of the trading performance of the Shares during the 12 months prior to the Reference Date, taking into account the higher and lower prices per Share recorded during that period, in addition to the volume weighted average price of the Shares over 1 month, 3 months, 6 months and 12 months before the Reference Date. Applying this methodology, the applicable range for the Shares is between €14.47 and €18.93;
- The target prices of the Company's ordinary shares proposed by financial analysts (brokers' target price). Applying this methodology, the applicable range for the Shares is between €17.00 and €21.00;
- The historical average premia paid in the context of voluntary tender offers launched in the Italian regulated markets. Applying this methodology, the applicable range for the Shares is between €21.63 and €23.17.

Subject on the assumptions and limitations set out in the fairness opinion letter attached *sub Annex B*, Morgan Stanley is of the opinion on the date hereof that the Consideration of €23.00 for each ordinary share of the Company is fair from a financial standpoint.

6. OPINION OF THE INDEPENDENT DIRECTORS AND THE FAIRNESS OPINION PROVIDED BY EQUITA

6.1 *Methods and summary of findings of the independent expert appointed by the independent Directors*

In exercise of the power granted by Article 39-bis, paragraph 2, of the Issuer's Regulations, the Independent Directors decided to avail themselves of the advice of Equita, which was given the task of issuing, for the benefit of the Independent Directors, a fairness opinion on the Consideration offered by the Offeror. The Independent Directors also requested the support of Prof. Piergaetano Marchetti and Prof. Carlo Marchetti for legal profiles, in relation to the management of the process of preparing the Opinion of the Independent Directors.

On 4 October 2022, Equita released its fairness opinion, attached to the Opinion of the Independent Directors (itself attached as C to this Statement 103), in which it concluded that the Consideration, amounting to Euro 23.00 (twenty-three/00) per share, recognized in the context of the Offer is fair from a financial point of view.

In referring to that fairness opinion for a more analytical description of the methodologies used and the analyses performed by Equita, and a more detailed analysis of the content, limitations and results achieved, please find below the main evidence Equita arrived following the aforementioned analyses, according to the methodologies identified and used.

Equita, in preparing its fairness opinion, considered the relevant valuation methodologies usually applied in the best national and international valuation practice based on the information received or otherwise available.

In particular, Equita has considered – having regard to the Issuer's own characteristics, the type of business and the reference markets in which it operates – that the following valuation methodologies are the most relevant to its opinion:

- the Sum-of-the-Parts ("SOTP") methodology, i.e., sum of all the individual concessions/companies' independent valuations divided by Business Unit, given the diversified profile of Atlantia's assets and the detailed information available, resulting from the application of the Discounted Cash Flow, which determines the company's worth by discounting the future unlevered cash flows of the company at a given weighted average cost of capital ("WACC"), minus the net debt and debt-like items;
- the methodology of target prices published by research analysts ("Target Prices") who cover the Atlantia stock; this methodology determines the value of a company on the basis of target valuations that research analysts publish on the specific company analyzed;

- the stock market prices methodology ("**Market Prices**"), according to which the value of a company is determined on the basis of the capitalization of the relevant securities traded on regulated exchanges during different time horizons preceding the announcement of eventual corporate finance transactions;
- the methodology of premia paid in previous tender offers ("**Tender Offer Premia**"), which is based on the application, to the weighted average stock market prices recorded by the relevant security traded, of the premia implied in the consideration of selected tender offers having a similar structure (voluntary tender offer) with respect to the Offer for the same reference periods.

In the application of the aforementioned methodologies, the characteristics and limitations implicit in each of them were considered, based on professional valuation practice normally applied in the sector.

As additional control methodologies, Equita referred to valuation methodologies based on:

- stock market multiples of comparable listed companies ("**Trading Multiples**"), applied to certain expected economic parameters of the company;
- multiples of previous comparable transactions ("**M&A Multiples**"), which determines the economic value of a company by applying the implicit multiples of precedent transactions to certain economic and financial metrics of the company.

The table below shows, for each valuation methodology applied, the ranges of value per share, to be compared with the Consideration.

Methodology	Minimum Value (Euro)	Maximum Value (Euro)
SOTP	20.7	22.9
Target Prices	17.5	21.0
Market Prices	16.3	17.6
Tender Offer Premia	22.1	22.5

6.2 The Opinion of the Independent Directors

The Independent Directors examined the fairness opinion issued by Equita together with the documents and information prepared and illustrated by Equita at the numerous meetings held during the process leading to the issuance of the Independent Directors' Opinion. The following are the Independent Directors' comments on the Offer contained

in paragraph 5.2 of the Independent Directors' Opinion, supporting their assessment of the Offer the fairness of the relevant Consideration.

"With respect to the purpose of the Offer, the Directors have acknowledged that the Offeror has declared its intention to fully support Atlantia's long-term investment strategy, current business plan and sustainable growth and to provide, in addition, the support and resources necessary for Atlantia to be able to seize the investment opportunities that will arise in the infrastructure and mobility sector and consolidate its leadership position in that sector.

From a financial point of view, the Equita Opinion issued by the Expert was carefully examined, noting that it concludes by attesting to the fairness of the proposed consideration from a financial point of view. The Independent Directors unanimously agreed that the methodological approaches contained in the Equita Opinion are consistent with professional and market practice, as well as suitable for carrying out the valuation activity".

Based on the above considerations, the Independent Directors,

- *"having examined the contents of the Offer Document and further documentation related to the Offer;*
- *having examined the Equita Opinion;*
- *having agreed with the conclusions of the Expert regarding the Offer Consideration;*
- *having assessed that this Opinion is rendered pursuant to and for the purposes of art. 39-bis of the Issuers' Regulations and, therefore, for the purposes of the issuance by Atlantia's Board of Directors of the subsequent Issuer's Notice pursuant to art. 103, paragraph 3, of the TUF and art. 39 of the Issuers' Regulations,*

unanimously express a positive evaluation of the Offer and of the fairness of the Offer Consideration."

For an analysis of the Independent Directors' considerations, reference should be made to the Independent Directors' Opinion attached to this Notice 103 as Annex C.

7. DISCLOSURES REQUIRED BY ART. 39, PARAGRAPH 1(H) OF THE REGULATIONS FOR ISSUERS

As indicated in the Offer Document, if, after the completion of the Offer (including fulfilment of the Purchase Obligation pursuant to article 108, paragraph 2 of the TUF, fulfilment of the Purchase Obligation pursuant to article 108, paragraph 1 of the TUF, and/or the exercise of the Purchase Right pursuant to article 111 of the TUF as well as any possible extension pursuant to the applicable law and/or the Reopening of Terms):

- the Issuer continues to be listed and the Threshold Condition is waived, the Offeror has reserved the right to propose to the competent bodies of the Issuer and of the Offeror to achieve the Delisting by means of a merger of the Issuer with and into

the Offeror (or into another unlisted company, including a newly incorporated company belonging to the same group as the Offeror); or

- the Delisting were achieved, the Offeror nevertheless has reserved the right to consider, at its own discretion, the possibility of carrying out the reverse merger of HoldCo and the Offeror with and into the Issuer.

The Offer Document specifies that the merger may qualify as a "merger leveraged buyout", if certain conditions occur, thus falling within the scope of article 2501-*bis* of the Civil Code, as the Issuer's total debt would be increased by an amount equal to any amounts provided to the Offeror under the Cash Bridge Loan Agreement and not repaid at the effective date of the merger.

In such a case – in which the Issuer's assets would constitute a source of repayment of the aforementioned debt and, consequently, the holders of the Issuer's Shares who did not tender their Shares into the Offer or exercised their right of withdrawal under Paragraph A.5.1 of the Offer Document would become holders of an equity interest in a company with a level of debt higher than that of the Issuer prior to the merger – the following rules would apply:

- the merger plan referred to in article 2501-*ter* of the Italian Civil Code should indicate the funds expected to be used to meet the obligations of the company resulting from the merger (article 2501-*bis*, paragraph 2 of the Italian Civil Code);
- the report of the Board of Directors referred to in article 2501-*quinquies* of the Italian Civil Code should state the reasons for the merger and contain an operating and financial plan with an indication of the source of funds and a description of the objectives to be achieved (article 2501-*bis*, paragraph 3 of the Civil Code); and
- the report of the experts referred to in article 2501-*sexies* of the Civil Code should attest to the reasonableness of the indications contained in the merger plan pursuant to the second paragraph of article 2501-*bis* (article 2501-*bis*, paragraph 4 of the Civil Code).

Pending the completion of the possible merger, the Offeror has not ruled out the possibility that, in light of the prospective performance of the Issuer's business, the Issuer may use cash flows from the distribution of dividends and/or available reserves (if any) approved by the Issuer to meet the payments relating to the Cash Bridge Loan Agreement.

The Board of Directors of the Issuer, in acknowledging the representations made by the Offeror and the possible additional debt outlined by the Offeror, indicates that – with respect to a net cash position of the Issuer in the amount of €4,498 million as of 30 June 2022 – in the event of a merger and assuming (i) that funds under the Cash Bridge Loan Agreement are fully drawn down, for an amount equal to €8,225,000,000.00, and (ii) that this amount is fully outstanding as of the date of the possible merger, the net cash position would turn into a net debt position of €3,727 million.

In this regard, any sustainability assessment can only be carried out in the context of the potential merger, when the Issuer's Board of Directors will be required to identify, pursuant to article 2501-bis of the Italian Civil Code, the funds necessary to service the debt incurred in connection with the merger.

To that end, the effects of such merger in terms of the possible need to enter into new loan agreements and the sustainability for the Issuer of such further potential debt will depend on the adequacy of the assets and cash flows of the company resulting from the merger.

In addition to the foregoing, the Board of Directors of the Issuer has, in its turn, reviewed the above cases pursuant to Article 39, paragraph 1(h) of the Regulations for Issuers and, for the sake of completeness, insofar as the Issuer is concerned, reports the following.

The table below contains information on the Issuer's net debt at 30 June 2022 (equal to €4.498 million), taken from the interim report for the six months ended 30 June 2022 approved by the Issuer's Board of Directors on 4 August 2022 and from the relevant press release published on the same date (available on Atlantia's website at www.atlantia.com, Investors Results section, and on the authorised storage mechanism "Info SDIR & Storage" at www.1info.it):

€/Mln	30.06.2022
Bond issues	2.730
Medium/long-term borrowings	749
Other financial liabilities	81
Cash and cash equivalents	-7.943
Other financial assets	-115
Net financial debt	-4.498

Again, for the sake of completeness, it should be noted that in relation to the Offer, the Issuer has taken steps to verify the existence, in the contractual documentation relating to its current financial debt, of any provisions that might prohibit the overall proposed merger and/or detrimental to the Group, which might require special authorisations from the financial institutions involved pursuant to the loan agreements currently in place within the relevant Group.

In light of the foregoing analysis, it should be noted that if, as a result of or following the merger, the Issuer's credit rating were downgraded by the main rating agencies, due directly or indirectly to the merger, there could be an acceleration of the Issuer's existing debt.

As of today's date, it is not easy to foresee what impact a possible merger could have, directly or indirectly, on the Issuer, or, in the event of a rating downgrade, whether or not the related lenders would be entitled to activate the consequent contractual remedies.

In this regard, it should be noted that, following the Offeror's announcement, the rating agencies Fitch Ratings and Standard & Poor's issued, on 26 April 2022 and 25 July 2022, respectively, two ratings on the Issuer's creditworthiness, which may be found on the website www.atlantia.com, in the "Media" section. Fitch Ratings confirmed Atlantia's "BB" rating, revising the outlook from positive to negative, while Standard & Poor's improved the rating assigned to Atlantia from "BB" to "BB+", changing the outlook from positive to stable.

Finally, with reference to the financial covenants in the current agreements governing the Issuer's borrowings, it should be noted that these could be negatively impacted in the event of an increase in leverage resulting from a potential merger.

Taking into account the contents of the fairness opinion of BNP Paribas and Morgan Stanley, respectively, and the contents of the fairness opinion issued by Equita, as well as the Opinion of the Independent Directors, the Board of Directors, having acknowledged the foregoing, deemed the Consideration to be fair from a financial point of view.

It is understood in any event that: (i) this Notice¹⁰³ is not intended in any way to replace the Offer Document or any other document relating to the Offer which falls within the purview and under the responsibility of, and is disseminated by, the Offeror and does not constitute in any way, nor may it be construed as, a recommendation to accept or not to accept the Offer, nor does it replace the need for each individual person to carry out his or her own personal evaluation in relation to accepting the Offer and any other transaction involving the Issuer and the financial instruments issued by the Issuer, on the basis of what is represented by the Offeror in the Offer Document; (ii) the financial attractiveness of the Offer must be evaluated autonomously by individual holders of the Shares, also taking into specific account the market performance of the Shares during the Acceptance Period, their own investment strategies and the nature of their shareholding.

Atlantia S.p.A.
Piazza San Silvestro, 8
00187 – Rome

Milan, 5 October 2022

For the attention of the members of the Board of Directors of Atlantia S.p.A.

Dear Sirs,

On 29 September 2022, Atlantia S.p.A. (“**Atlantia**” or the “**Issuer**”) engaged the M&A EMEA Department of BNP Paribas, Italian Branch (“**BNP Paribas**”, “**we**” or “**us**”) to act, among others, as financial expert in relation to the decision by Schema Alfa S.p.A. to launch a voluntary tender offer on 66.90% of Atlantia’s share capital at an offer price equal to €23.0 per share, aimed at the delisting of Atlantia (the “**Transaction**”, as further detailed in the paragraph below).

Within the framework of the engagement letter signed by Atlantia and BNP Paribas in relation thereto, Atlantia asked BNP Paribas to issue an opinion to Atlantia’s Board of Directors on the fairness, from a strict financial standpoint, for Atlantia, of the price proposed under the Transaction (the “**Opinion**”).

Transaction

On the basis of the information provided to us, our understanding of the Transaction is as follows.

- Sintonia S.p.A. (“**Sintonia**”), a company fully owned by Edizione S.p.A., currently owns 273,341,000 shares of Atlantia, representing 33.10% of the Issuer’s share capital (the “**Sintonia’s Current Stake**”);
- On April 14, 2022, Schema Alfa S.p.A. (the “**Offeror**”) announced its decision to launch a voluntary tender offer (the “**Offer**”) pursuant to and for the purposes of Article 102, Paragraph 1, of Legislative Decree no. 58/1998 and Article 37 of the regulation approved with resolution no. 11971/1999 of the Commissione Nazionale per le Società e la Borsa (“**CONSOB**”) on 552,442,990 shares of Atlantia, representing 66.90% of the Issuer’s share capital;
- The Offeror’s share capital is owned by Schemaquarantadue S.p.A., a company owned at 65% by Sintonia and at 35% by funds advised by Blackstone;
- Offer is aimed at: (i) acquiring all of the ordinary shares of Atlantia other than Sintonia’s Current Stake; and (ii) delisting Atlantia from the Mercato Telematico Azionario, organised and managed by Borsa Italiana S.p.A.;
- As described in the offer document approved by CONSOB on 3 October 2022, subject to the satisfaction or waiver of certain conditions, the Offeror will pay a cash consideration of Euro 23.0 for each share tendered to the Offer (the “**Offer Price**”).

Information

In performing its work, BNP Paribas relied on the following (together, the “**Information**”):

- certain publicly available business and financial information of Atlantia and its subsidiaries;
- certain non-public financial information and other data that were provided to us by Atlantia for the purpose of our analysis, relating to the business and financial prospects of Atlantia and its subsidiaries, including assumptions, estimates and financial projections (the “**Business Plan**”);
- current and historical share prices of Atlantia;
- the financial terms, to the extent publicly available, of certain other transactions which BNP Paribas believes to be generally relevant;
- certain equity research reports on Atlantia.

BNP PARIBAS

We also conducted discussions with, and relied on statements made by, members of the senior management of Atlantia and its subsidiaries concerning the past and current operations and financial conditions and the prospects of Atlantia and its subsidiaries.

BNP Paribas did not perform any due diligence (as this was not part of its assignment), whether tax, financial, commercial, industrial, legal, social (e.g. pension liabilities), environmental or strategic.

BNP Paribas based the work it carried out for the purpose of issuing this Opinion solely on the Information described above. In performing its work, BNP Paribas did not make any check to ensure that the Information was real, exhaustive and/or accurate, and assumed this to be the case. It did not fall within the scope of BNP Paribas' assignment to verify the Information or the assets and liabilities of the companies involved in the Transaction or to subject the information, assets and liabilities to an independent appraisal (and this in any area whatsoever, whether e.g. legal, environmental, tax, social). Neither did BNP Paribas check the tax situation/position of the entities involved in the Transaction, and considered that the projections and all of the provisional data, forecasts and assumptions that were disclosed to BNP Paribas (i) reflected the best estimates and judgement of the management who prepared them, (ii) were drawn up in good faith on the basis of realistic assumptions, founded on real, exhaustive and accurate information.

Lastly, BNP Paribas received a management representation letter from the management of Atlantia, executed on 29 September 2022 and indicating that (i) they had provided BNP Paribas with all relevant and necessary information of which they were aware to enable it to complete its assignment and (ii) that the information to which BNP Paribas had access for the purpose of its assignment was true, complete and accurate.

Methodology

For the purposes of rendering this Opinion, we have reviewed the Information (as defined above) as well as performed such other analyses and considered such other factors as BNP Paribas has deemed appropriate for the preparation of the Opinion.

Considering Atlantia's diversified profile of assets and in line with international best practice in rendering similar opinions and performing similar valuations, BNP Paribas has retained the Sum-of-the-Parts ("SOTP") – which aims at determining the value of a holding company by separately valuing each of the stakes it owns – as the most appropriate valuation methodology.

In line with best practices, BNP Paribas has benchmarked the SOTP ("Main Methodology"), with other valuation methodologies for control purposes ("Control Methodologies"), namely: (i) historical trading performance of the Issuer's shares, (ii) premia paid in precedent Italian voluntary tender offers, and (iii) equity research analysts' target prices.

Considering the aforementioned characteristics of Atlantia's business model and given the lack of truly comparable peers, we have not retained any analogical valuation methodology such as trading multiples of publicly listed companies and/or transaction multiples of previous acquisitions as primary valuation methodologies for Atlantia. This is due to (i) the heterogeneity of the businesses profile of Atlantia in comparison to its peers, also in consideration of the corresponding business mix and related underlying drivers, and (ii) the fact that several of Atlantia's assets are concession-based (toll roads, airports) and differ from peers due to, among other factors, the specificities of their regulatory regimes, country of operations, length of concession periods, investment and cash flow profile.

Each valuation methodology should be considered as an integral part of the valuation analysis we have performed for the purpose of rendering the Opinion. The following summary should not be considered or interpreted as, nor does it represent, a comprehensive description of all analyses performed and all factors considered in connection with the Opinion.

BNP PARIBAS

SOTP

In line with the international best practice for assets of this nature, we have applied the discounted cash flow methodology to the Business Plan provided by Atlantia on a SOTP basis.

We have calculated the net present value of (i) the unlevered free cash flows of each asset after tax, for the period from 1 July 2022 to the end of the Business Plan (which for concession assets corresponds to the end of the relevant concession periods) and (ii) the terminal values, where applicable.

The unlevered after-tax free cash flows have been discounted at different costs of capital ("WACC") estimated using the "Capital Asset Pricing Model". We have used different WACC assumptions for each asset to reflect the country exposures and risks that are specific to each one of them.

Equity value has been estimated as of 1 July 2022 and therefore reflects, among other information, the first half results of Atlantia as of 30 June 2022.

Historical trading performance of the Issuer's shares

We have carried out an analysis of the historical trading performance of Atlantia's shares during the 12 calendar months prior to 5 April 2022 (the "Reference Date"), which is the last trading day of Atlantia's shares before rumors of a potential transaction on its share capital. We have taken into account the highest and the lowest prices per share over such period as well as the 1-month, 3-month, 6-month, 12-month volume weighted average price of the shares prior to the Reference Date.

Premia paid in precedent Italian voluntary tender offers

We have considered the historical median premia paid in voluntary tender offers on the Italian stock exchange with an offer size above Euro 100 million by parties seeking to acquire majority stakes during the period between 2012 and 2022, and have applied such premia to the price per share measured on the day prior to the Reference Date and the 1-month, 3-month, 6-month, 12-month volume-weighted average price per share prior to the Reference Date.

Equity research analysts' target prices

We have reviewed selected reports issued by equity research analysts who cover the Atlantia stock, published before the Reference Date.

Valuation results

The table below summarizes the results of the valuation methodologies mentioned above.

Main Methodology	Value per share - Atlantia (€)	
	Min	Max
SOTP	19.5	23.7
Control Methodologies	Min	Max
	14.5	18.9
	21.6	23.2
	17.0	21.0

Each valuation methodology is an integral part of the valuation analysis. However, even if taken separately one to the other, it is worth underlying that each of them has resulted in ranges including, or below, the Offer Price.

Opinion

On the basis of the Information and the features of the Transaction, as described above, it appears that, from a strict financial point of view, on 5 October 2022, the Offer Price is in our opinion fair for Atlantia. Opinions expressed in this document are only valid for the assignment as described in the engagement letter signed on 29 September 2022 between Atlantia and BNP Paribas. These opinions reflect the judgement of BNP Paribas on 5 October 2022, and are exclusively based on the Information, the features of the Transaction and the economic and market conditions on that date. BNP Paribas shall not be held liable (i) if the documents and information it has had access to are not true, complete and accurate, and (ii) for any impact on these opinions that any substantial change, subsequent to 5 October 2022, in the Information, assumptions made by Atlantia, features of the Transaction, economic and market conditions and, more generally, any event likely to call these opinions into question, could have.

This Opinion is addressed and provided only to Atlantia's Board of Directors and shall not confer any rights or remedies upon or may not be, in whole or in part, used or relied upon by any third party without our prior written consent. A person who is not an addressee of this Opinion shall have no right to enforce any of its terms. The Opinion may not be used for any other purpose than the Transaction, and BNP Paribas disclaims any liability for any such use of the Opinion by any person.

This Opinion shall in no circumstances be considered as a recommendation to the members of Atlantia's Board of Directors, to Atlantia's shareholders, or any other party, to approve or reject the Transaction, in whole or in part, the assessment of which should also factor in criteria and information other than those referred to in this document (e.g. commercial, social, industrial, strategic). This Opinion is intended for Atlantia's Board of Directors exclusively, with a view to assisting it in its assessment of the Transaction. In any event, any view, decision, assessment and/or valuation expressed by Atlantia's Board of Directors on the Transaction (including the Offer Price and the Offer as a whole) is the result of their own judgement and falls under the sole responsibility of Atlantia's Board of Directors, and the decision to proceed or not with the Transaction belongs to Atlantia's shareholders and the companies concerned by, and/or parties to, the Transaction, which will have to carry out their own independent analysis on the Transaction in each case taking into account all the elements and risks and factors regarding the Transaction.

This Opinion is given as on the date written above and Atlantia understands that subsequent developments, if any, may affect the Opinion and that, in such event, we are under no obligation to update or revise or reaffirm this Opinion.

This Opinion is only valid if the Transaction is carried out on the terms and conditions and in accordance with the characteristics described on the first page of this letter.

This document is governed by Italian law and any disputes relating hereto shall be submitted to the exclusive jurisdiction of the Courts of Milan.

Yours faithfully,

OPINION OF THE INDEPENDENT DIRECTORS OF ATLANTIA S.P.A.

ARTICLE 39-BIS ISSUERS' REGULATION

1. PREAMBLE

This opinion contains the evaluations of the independent directors (the "**Independent Directors**") of Atlantia S.p.A. ("**Atlantia**" or the "**Company**" or again the "**Issuer**"), on the voluntary tender offer launched by Schema Alfa S.p.A (formerly Schemaquarantatrè S.p.A, and hereafter the "**Offeror**") pursuant to Articles 102, paragraph 1 and 106, paragraph 4 of the Legislative Decree No. 58 of February 24, 1998 ("**TUF**") (the "**Offer**") aimed at (i) acquiring all of the outstanding ordinary shares of Atlantia, including all treasury shares held from time to time by the Company (respectively, the "**Shares**" and the "**Treasury Shares**"), other than no. 273,341,000 Shares held by Sintonia S.p.A. ("**Sintonia**" and the "**Sintonia Shareholding**") and (ii) delisting the shares from Euronext Milan (the "**Delisting**").

This opinion is issued by the Independent Directors pursuant to Article 39-bis of the implementing regulations of the TUF, concerning the regulation of issuers, adopted by Consob by resolution No. 11971 of May 14, 1999, as subsequently amended ("**Issuers' Regulations**").

Capitalized terms, where not defined in this opinion, have the same meaning as attributed to them in the Offer Document (as defined below).

The purpose of this opinion is to provide useful elements for Atlantia's shareholders to make an informed decision in relation to the acceptance of the Offer, both regarding the assessment of the fairness of the Consideration and the Offer as a whole.

This opinion does not in any way constitute, nor can it be construed as, a recommendation to accept or not to accept the Offer, and it does not replace the judgment of each shareholder in connection with acceptance of the Offer.

2. INDEPENDENT DIRECTORS' ACTIVITIES

2.1 Independent Directors who participated in the preparation of the Opinion

The Independent Directors Maurizio Basile, Dario Frigerio, Giuseppe Guizzi, Anna Chiara Invernizzi, Maria Leddi, Andrea Mangoni, Gaia Mazzalverì, Jean Mouton, Elisabetta Ripa, Licia Soncini, and Nicola Verdicchio participated in the preparation and approval of this Opinion and declared that they are not related to the Offeror pursuant to the Regulation adopted by Consob with Resolution No. 17221 of March 12, 2010 as subsequently amended and supplemented.

2.2 Appointment of the Independent Expert

According to the aforementioned Article 39-bis, paragraph 2, of the Issuers' Regulations, the Independent Directors decided to avail themselves, at Company's expense, of the support of an independent expert identified by them. The Independent Directors, following a selection procedure involving leading professionals, and considering the absence of economic and financial relationships that could affect the independence, identified Equita S.p.A. ("**Equita**") as their financial advisor. Equita has therefore been appointed as financial advisor in the interest of the Independent Directors.

2.3 Documents examined and activities performed

For the purpose of their evaluation of the Offer, the Independent Directors examined the following documents:

1. the notice disseminated on April 14, 2022 by the Offeror pursuant to Article 102 of the TUF and Article 37 of the Issuers' Regulations, in which the Offeror announced its intention to promote the Offer and illustrated the essential terms thereof;
2. the offer document related to the Offer filed by the Offeror with Consob on May 4, 2022 pursuant to Articles 102, paragraph 3, of the TUF and 37-ter of the Issuers' Regulations (the "**Offer Document**") as well as the subsequent versions made available by the Offeror, including the September 30 version approved by Consob by resolution of October 3, 2022;
3. the fairness opinion rendered on October 4, 2022 by Equita, as independent expert appointed for this purpose by the Independent Directors pursuant to Article 39-bis, paragraph 2(d), of the Issuers' Regulations (the "**Equita Opinion**").

In this Opinion, Equita is referred to as the "**Expert**".

The Independent Directors have engaged in constant contact with Equita since the date of its appointment. In particular, Equita prepared several presentations for the Independent Directors regarding the reference scenario and the valuation methodologies it would use in rendering the fairness opinion containing the assessment on the fairness, from a financial standpoint, of the Consideration from the perspective of Atlantia's shareholders. Equita delivered the Equita Opinion to the Independent Directors on September 29, 2022.

For the purpose of preparing this Opinion, the Independent Directors therefore carried out due diligence and analyses including through several meetings and work sessions. The Independent Directors met on the following occasions, among others:

- May 6, 2022, May 18, 2022, and June 1, 2022, for an initial evaluation of the Offer as a whole on the basis of the Offeror's notice and for the identification of the panel of advisors to be contacted for the appointment as independent expert pursuant to Article 39-bis, paragraph 2, as specified above;
- on June 6, 2022, to assess the fee proposals received. As a result of this meeting, Equita was asked to submit a lower offer;
- on June 30, 2022, for a meeting with Equita, which, as a result of the revised fee proposal, was appointed as advisor, and for an initial update on the ongoing activities;
- July 15, 2022, for a meeting with Equita during which the valuation methodologies applied were discussed in detail and the ongoing and planned activities were explained;
- September 20, 2022, for an update meeting with Equita;
- October 4, 2022, for the purpose of drafting this opinion, in light of the additional documentation reviewed and listed above.

This opinion, upon completion of the activities performed, has been approved by all Independent Directors on October 4, 2022.

3. ESSENTIAL ELEMENTS OF THE OFFER

As indicated in the Offer Document, to which reference is made:

- the Offer is addressed, indiscriminately and on equal terms, to all the holders of the Shares. The Shares tendered to the Offer must be freely transferable to the Offeror and free from encumbrances and constraints of any kind and nature, whether real, obligatory or personal;
- the Offeror shall pay to each shareholder accepting the Offer a Consideration equal to Euro 23.00 (twenty-three/00) for each Share tendered to the Offer;
- the effectiveness of the Offer is subject to the fulfillment of certain conditions (for a description of which please refer to the Offer Document).

It should be noted that Atlantia's Ordinary Shareholders' Meeting, held on April 29, 2022, approved the distribution of a total dividend for the year 2021, amounting to €0.74 per share (the "2022 Dividend") and that the Consideration will in no event be reduced by the 2022 Dividend, which is payable as from May 25, 2022.

4. INDEPENDENT DIRECTORS' EVALUATIONS

4.1 Nature of the Offer and Verification of Compliance

The Offer consists of a total voluntary tender offer promoted pursuant to and in accordance with Articles 102, paragraph 1, and 106, paragraph 4, of the TUF and the relevant implementing provisions contained in the Issuers' Regulations, provisions which are found to be met.

The Offer, as described in the Offer Document, is subject - in addition to further conditions, in line with the practice of similar transactions, relating to the authorizations required by applicable regulations, interim management and the so-called MAC scenario¹ - to the condition of attaining a number of acceptances to the Offer that enables the Offeror to hold an aggregate shareholding greater than 90% in the Issuer's share capital (the "**Threshold Condition**"), taking into account in the shareholding the Shares held by the Persons Acting in Concert, the Treasury Shares and any Shares acquired by the Offeror and the Persons Acting in Concert outside the Offer in accordance with applicable laws and regulations.

The Offeror has identified the **Threshold Condition** based on its willingness to make a significant investment in the Shares and to achieve the Issuer's Delisting, as detailed below. Please note that in the event that the 90% threshold is not reached and if, in such scenario, the Offeror does not waive the condition, the Offer will not become effective.

4.2. Considerations on post-Offer scenarios

That being said, in order to be able to articulate further considerations about the Offer other than those related to legal compliance, it is useful to consider the scenarios that might arise upon its outcome.

It is first of all to be pointed out that the Offeror has expressly declared its intention to achieve, upon completion of the Offer, the Delisting. To this end, the Offeror has described in the Offer Document the different ways by which it intends to achieve this result, depending on the percentage of acceptance to the Offer, and has in any case stated that there could be a shortage of free float such that the regular trading of the Issuer's shares could not be ensured and that Borsa Italiana could order the suspension from trading of the Issuer's shares and/or the Delisting pursuant to Article 2.5.1, paragraph 6, of the Stock Exchange Regulations. In such a case, the Offeror has declared its intention not to restore a sufficient free float to ensure the regular trading of the Issuer's shares.

In addition, the Offeror has reserved the right in all cases to achieve the Delisting through the merger of Atlantia into the Issuer (the "**Merger**"). In such a case, the Issuer's shareholders who

¹ It is worth noting that, as of the date of this Opinion, the Offeror has communicated (i) on May 6, 2022, the fulfillment of the condition relating to the closing of the sale of Atlantia S.p.A.'s interest in the share capital of Autostrade per l'Italia S.p.A. and (ii) on June 23, 2022, that the Presidency of the Council of Ministers of the Italian Republic communicated to the Offeror its decision, taken on June 22, 2022, not to exercise the special powers provided by Decree Law No. 21/2012 (so-called "golden power" discipline).

do not vote in favor of the resolution approving the Merger, receiving in exchange unlisted shares, would have a right of withdrawal pursuant to Article 2437-*quinquies* of the Italian Civil Code. If the right of withdrawal is exercised, the liquidation value of the shares will be determined in accordance with Article 2437-*ter*, paragraph 3, of the Italian Civil Code, with reference to the arithmetic average of the closing prices in the 6 (six) months preceding the publication of the notice convening the meeting for the approval of the Merger.

Therefore, in weighing the decision about whether to accept the Offer, the Independent Directors believe that the shareholders should consider the possibility, if they do not accept the Offer, of becoming, as a result of the Offer and the subsequent transactions envisaged by the Offeror, shareholders of a company that is no longer listed. The main consequences of this scenario, in terms of the position of shareholders, will be described below in Section 4.3.

As a general remark, it should be noted that the Offeror has declared its intention to fully support Atlantia's long-term investment strategy, current business plan and sustainable growth and to provide, in addition, the support and resources necessary for Atlantia to be able to seize the investment opportunities that will arise in the infrastructure and mobility sector and consolidate its leadership position in that sector. It was highlighted on this point that: (i) Edizione is an active investor that combines entrepreneurial and financial approach, with a long-term vision, providing strategic and financial support to its portfolio in order to improve their competitive positioning and returns; (ii) Investor SPV 1 and Investor SPV 2 belong to the group of funds represented or managed by affiliates of Blackstone Infrastructure Partners L.P. (jointly with certain affiliates, "BIP"). BIP is an active investor in the energy, transportation, digital and water infrastructure, and waste sectors, aimed at a long-term buy-and-hold strategy with respect to large-scale infrastructure assets, with the goal of achieving long-term capital appreciation along with predictable annual cash flows. The investment mandate focuses on responsible stewardship and stakeholder engagement to create value for investors and the communities served by BIP. In addition, the Offeror is committed to supporting the Issuer in achieving its previously announced ambitious ESG and technology innovation strategy.

4.3. Post-Offer scenarios

As mentioned in Section 4.2 above, the Offeror intends to Delist.

Therefore:

(i) in the event that, as a result of the Offer, including any Reopening of Terms or any extension of the Acceptance Period pursuant to applicable law, the Offeror (jointly with the Persons Acting in Concert), as a result of the acceptances to the Offer and any purchases made outside the Offer pursuant to applicable law, as well by way of fulfillment of the Purchase Obligation pursuant to Article 108, paragraph 2, of the TUF, comes to hold a total shareholding of at least 95% of the

Issuer's share capital, the Offeror has declared as of now its intention to avail itself of the right to purchase the remaining Shares pursuant to Article 111 of the TUF (the "**Right to Purchase**"); if the conditions are met, by exercising the Right to Purchase, the Offeror will also fulfill its obligation to purchase pursuant to Article 108, paragraph 1, of the TUF vis-à-vis the requesting Issuer's shareholders (the "**Purchase Obligation pursuant to Article 108, paragraph 1, of the TUF**"), thus activating a single procedure (the "**Joint Procedure**");

(ii) if, following the Offer, including any Reopening of Terms or any extension of the Acceptance Period pursuant to applicable law, the Offeror (jointly with the Persons Acting in Concert), as a result of the acceptances to the Offer and any purchases made outside the Offer pursuant to applicable law, by the end of the Acceptance Period as may be reopened as a result of the Reopening of Terms or extended in accordance with applicable laws, comes to hold a total shareholding greater than 90%, but lower than 95%, of the Issuer's share capital, the Offeror has declared as of now its intention not to restore a free float sufficient to ensure regular trading;

(iii) upon the occurrence of the conditions of the Purchase Obligation under Article 108, paragraph 2, of the TUF - pursuant to Article 2.5.1, paragraph 6, of the regulations of the markets organized and managed by Borsa Italiana (the "**Stock Exchange Regulations**") - Borsa Italiana shall order the Delisting starting from the first trading day following the date of payment of the consideration relating to the procedure aimed at fulfilling the Purchase Obligation under Article 108, paragraph 2, of the TUF, without prejudice to the provisions of Section 3.6.2 below. Therefore, following the fulfillment of the Purchase Obligation under Article 108, paragraph 2, of the TUF, the Shares will be delisted and the shareholders of the Issuer who have decided not to tender their Shares and who have not requested the Offeror to purchase their Shares pursuant to the Purchase Obligation under Article 108, paragraph 2, of the TUF, will be holders of financial instruments not traded on any regulated market.

In this scenario, shareholders will have to take into account, among others, the following elements:

- should they decide not to accept the Offer and not to exercise the subsequent right to sell their shares to the Offeror pursuant to Article 108 TUF, in the first stage they would end up being holders of shares that are no longer listed; and, after the Merger, of shares of the Offeror, an unlisted company;
- therefore, to the extent that the Merger takes place following the delisting of the shares, shareholders who would not concur in the relevant resolution would not benefit from the aforementioned right of withdrawal;

- unlisted companies are burdened with much lower information obligations to shareholders than those imposed on listed companies, and which are substantially limited to, ordinarily, to financial statements disclosure. Unlisted companies with shares held by the general public² are burdened with more onerous disclosure obligations than those incumbent on the other unlisted companies, but still lower than those for listed companies;
- the thresholds provided by law for the exercise of certain significant minority shareholders' rights (such as the right to challenge shareholders' meeting resolutions under Article 2377 of the Italian Civil Code or the right to bring an action against directors under Article 2393-bis of the Italian Civil Code) are different in unlisted companies than those provided for companies that have access to capital market (listed or with shares held by the general public);
- even if Atlantia were to become, as a result of the Delisting, a company with shares held by the general public, the slate voting mechanism set forth in Articles 147-ter et seq. of the TUF, which enables minority shareholders to appoint their representatives to the company's administrative and control bodies, would no longer be applicable in any case;
- the shares of an unlisted company are not traded on a regulated market and on the basis of official prices. Divestment requires the seeking and identification of a buyer and the negotiation on an individual basis of a transfer price;
- furthermore, the free transferability of the shares could be restricted through the introduction in the articles of association of clauses limiting their circulation (such as pre-emption or approval clauses).

5. (FOLLOWS) INDEPENDENT DIRECTORS' EVALUATIONS: ASSESSMENTS OF THE FAIRNESS OF THE OFFER CONSIDERATION

² It should be recalled that, pursuant to the Issuers' Regulations, issuers of shares held by the general public are Italian issuers who, at the same time: a) have shareholders other than controlling shareholders in excess of five hundred who collectively hold a percentage of share capital of at least 5 percent; b) exceed two of the three limits specified in Article 2435-bis, first paragraph of the Italian Civil Code. The quantitative limits are considered exceeded only if the shares alternately: - in the twenty-four months preceding the date on which the limits are exceeded, have been offered to public for subscription or sale or are have been the consideration for a public exchange offer, which has become effective, regardless of the number of acceptances, for which the offer prospectus has been published in accordance with Article 94 of the Consolidated Law or other document provided for in Article 1, paragraph 4, of Regulation (EU) 2017/1129 of the European Parliament and of the Council of June 14, 2017, or of a placement, in whatever form carried out and regardless of its outcome, including to qualified investors only as defined under Article 34-ter, paragraph 1, letter b); - in the event that conditions are met, are offered to public for subscription or sale or are the consideration for a public exchange offer, which would become effective, regardless of the number of acceptances, for which the offer prospectus has been published in accordance with Article 94 of the Consolidated Law or other document provided for in Article 1, paragraph 4, of Regulation (EU) 2017/1129 of the European Parliament and of the Council of June 14, 2017, or of a placement, in whatever form carried out and regardless of its outcome, including to qualified investors only as defined under Article 34-ter, paragraph 1, letter b); - are or have been traded on multilateral trading facilities with the consent of the issuer or its controlling shareholder or have been admitted to trading on regulated markets and subsequently have been withdrawn; - are issued by banks and are purchased or subscribed at their offices or branches.

5.1 Equita Opinion

At the Independent Directors' meeting held on October 4, 2022, Equita representatives explained the methodologies applied and the outcomes for the evaluation of the Offer consideration, as represented in the relevant Equita Opinion.

For the purposes of the analysis, Equita applied the valuation methodologies usually applied in the best Italian and international valuation practice based on the information received or otherwise available.

In particular, Equita has considered - having regard to the Issuer's own characteristics, the type of business and the reference markets in which it operates - that the following valuation methods are the most relevant for the purposes of its Opinion:

- the Sum-of-the-Parts ("**SOTP**") methodology, *i.e.*, the sum of the individual concessions/companies' independent valuations divided by Business Unit, given the diversified profile of Atlantia's assets and the detailed information available, resulting from the application of Discounted Cash Flow, which determines the value of the economic capital by discounting the future unlevered cash flows of the company at a given weighted average cost of capital ("**WACC**"), net of the net financial position and the debt-like items;
- the methodology of target prices published by research analysts ("**Target Price**") who cover the Atlantia stock; this methodology determines the value of a company based on the target valuations that financial analysts publish about the company;
- the stock market prices methodology ("**Market Prices**"), according to which the value of a company is determined on the basis of the capitalization of the relevant securities traded on regulated exchanges during different time horizons preceding the announcement of corporate finance transactions;
- the methodology of the premia paid in previous tender offers ("**Tender Offer Premia**"), which is based on the application, to the weighted average stock market prices recorded by the relevant security traded, of the premia implied in the consideration of selected tender offers having a similar structure (voluntary tender offer) with respect to the Offer for the same reference periods.

In the application of the aforementioned methodologies, the characteristics and limitations implicit in each of them were considered, based on professional valuation practice normally applied in the sector.

As additional control methodologies, Equita referred to valuation methods based on:

- stock market multiples of comparable listed companies ("**Trading Multiples**"), based on the analysis of stock market prices of comparable companies, compared to certain expected economic parameters;
- multiples of previous comparable transactions ("**M&A multiples**"), which determines the economic value of a company by applying the implicit multiples of previous comparable transactions to certain economic and financial metrics of the company.

The table below shows, for each valuation methodology applied, the ranges of value per share, to be compared with the Consideration.

Methodology	Minimum Value (Eur)	Maximum Value (Euro)
SOTP	20.7	22.9
Target Prices	17.5	21.0
Market Prices	16.3	17.6
Tender Offer Premia	22.1	22.5

Based on the valuation analyses described above, Equita Opinion concluded that the consideration, amounting to Euro 23.00 (twenty-three/00) per Share, recognized in the context of the Offer, is fair from a financial point of view.

5.2 Independent Directors' Evaluations.

The Independent Directors, through the activities described above, have carried out adequate considerations to support their assessments regarding the Offer and the fairness of the Offer consideration.

With respect to the purpose of the Offer, the Directors have acknowledged that the Offeror has declared its intention to fully support Atlantia's long-term investment strategy, current business plan and sustainable growth and to provide, in addition, the support and resources necessary for Atlantia to be able to seize the investment opportunities that will arise in the infrastructure and mobility sector and consolidate its leadership position in that sector.

From a financial point of view, the Equita Opinion issued by the Expert was carefully examined, noting that it concludes by attesting to the fairness of the proposed consideration from a financial point of view. The Independent Directors unanimously agreed that the methodological approaches contained in the Equita Opinion are consistent with professional and market practice, as well as suitable for carrying out the valuation activity.

6. CONCLUSIONS

In light of all the above, the Independent Directors, unanimously,

- having examined the contents of the Offer Document and further documentation related to the Offer;
- having examined the Equita Opinion;
- having agreed with the conclusions of the Expert regarding the Offer Consideration;
- having assessed that this Opinion is rendered pursuant to and for the purposes of art. 39-*bis* of the Issuers' Regulations and, therefore, for the purposes of the issuance by Atlantia's Board of Directors of the subsequent Issuer's Notice pursuant to art. 103, paragraph 3, of the TUF and art. 39 of the Issuers' Regulations,

unanimously express a positive evaluation of the Offer and of the fairness of the Offer Consideration.

STRICTLY PRIVATE AND CONFIDENTIAL

Dear
Atlantia S.p.A.
Piazza San Silvestro, 8
00187 Rome
Italy

For the kind attention of the Independent Directors of Atlantia S.p.A.

Milan, October 4th, 2022

Subject: Fairness Opinion, from a financial point of view, on the consideration offered in the context of the voluntary totalitarian tender offer promoted by Schema Alfa S.p.A. on the ordinary shares of Atlantia S.p.A..

Dear Directors,

Atlantia S.p.A. ("**Atlantia**", the "**Company**" and together with its subsidiaries, the "**Group**") headquartered in Rome, whose ordinary shares are admitted to negotiations on the Euronext Milan segment managed by Borsa Italiana S.p.A., is an investment holding which manages motorways and airports under concession and offers mobility services.

On April 14th, 2022, the newco Schema Alfa S.p.A.¹ (the "**Offeror**"), whose share capital is indirectly held for a 65% stake by Edizione S.p.A., holding company of the Benetton family, and, for the remaining part, by companies which ownership is traceable to the financial company Blackstone Inc. and other institutional investors, announced its decision to launch a voluntary tender offer (the "**Offer**") pursuant to and for the purposes of Articles 102, paragraph 1, and 106, paragraph 4, of the TUF (*Testo Unico della Finanza*) aimed at: (i) acquiring all of the outstanding ordinary shares of Atlantia, including all the treasury shares held, from time to time, by the Company (respectively, the "**Shares**" and the "**Treasury Shares**"), other than the 273,341,000 Shares held by Sintonia S.p.A. and (ii) delisting the Shares from the Euronext Milan (the "**Delisting**") (collectively, the "**Transaction**").

The Offeror will pay a consideration equal to Euro 23.00 for each share tendered to the Offer (the "**Consideration**"). Please note that the Annual General Meeting of Atlantia's shareholders reconvened on April 29th, 2022 approved the distribution of a dividend related to FY2021 of Euro 0.74 per share (the "**2022 Dividend**") and that the Consideration will not, under any circumstances, be reduced by the 2022 Dividend, placed in payment as of May 25th, 2022.

The Offer is aimed at the delisting of the Company. Should the delisting not be achieved at the end and as a result of the Offer, the Offeror may nonetheless intend to pursue it through a merger by incorporation of the Issuer into the Offeror (or in another unlisted company including a newly incorporated company belonging to the same group as the Offeror). In any event, the Offeror reserves the right to consider in the future, at its own discretion, the implementation of any further extraordinary transactions and/or corporate and business reorganisation that may be considered appropriate.

Warnings and documentation

In the performance of the Mandate and for the preparation of this Opinion, Equita relied on information provided by the management of the Company and on public information. Specifically, the most relevant documents are the following:

- Information shared by Atlantia's management through ad-hoc meetings with the following topics: valuation methodologies, Abertis, legal aspects, Aeroporti di Roma and Aeroport de la Cote d'Azur business review, unlevered free cash flow development, Yunex Traffic, Telepass and Overseas Motorways business review, in addition to the information shared during weekly calls;
- Information shared by Atlantia's management through the Virtual Data Room ("VDR") named "Pj. Olympia" provided by Intralinks (access granted to Equita on June 10th, 2022). In particular, for valuation purposes, Equita relied on the following files/documents:
 - o «Struttura societaria Gruppo Atlantia_FNR_ 31.03.2022» PDF file;
 - o Business Plans and related sensitivities provided in Excel and PDF format in VDR folder 3.0 "Business Plan";
 - o Broker reports provided in VDR folder 6.0 "Broker Notes";
- Information provided by Atlantia through specific virtual meetings, e-mails exchanges and Q&A sessions;
- Atlantia financial reports available on Investor Relations section for the financial years 2020, 2021 and 1H 2022;
- Notice pursuant to art. 102, paragraph 1 of TUF (*Testo Unico della Finanza*) published on April 14th, 2022.

Finally, publicly available data and information were used. In particular, data and information collected through Borsa Italiana, FactSet and Bloomberg related to Atlantia and selected listed companies that Equita deemed relevant in view of the purpose of the Opinion.

For the purposes of preparing this Opinion, Equita relied entirely, without independent verification, on the truthfulness, fairness, accuracy and completeness of all documentation and information used. Equita has not undertaken any independent review, investigation or assessment of such documentation and of such information has not performed any independent accounting, financial, tax, legal, commercial and, in general, administrative audit and/or technical review. In addition, Equita has not provided, obtained, or reviewed any specialized opinions - such as, by way of example, but not limited to, legal, accounting, actuarial, environmental, IT or tax opinions - and, accordingly, this Opinion does not consider the possible implications relating to such matters and possibly the subject of such types of specialized opinions.

All financial estimates and projections used by Equita for the purposes of drawing up the Document have been prepared by the Company's management. Equita has placed full reliance on the set of economic and financial information and projections received, including the reference to the sensitivity analyses relating to the update of macroeconomic variables, in the assumption that such information and projections reflect, as of the date of this Opinion, the best estimates and judgments identifiable by management and it has not independently verified the information and projections. Moreover, the forecast data contained in Atlantia's subsidiaries economic and financial projections present, by their nature, elements of uncertainty and subjectivity that depend on the actual implementation of the assumptions used in the formulation of the forecasts.

Therefore, Equita assumes no responsibility for the truthfulness, correctness, accuracy, and completeness of all the documentation, estimates and information used for its analyses and for the preparation and drafting of the Opinion.

Limitations and constraints of the valuation analyses

The valuation analyses performed for the purpose of this Opinion show the following main limitations and constraints:

- given the Atlantia Group complexity, the Sum-Of-The-Parts approach applied through the discounted cash flow methodology, at single cash generating unit level, is not easily comparable to any other valuation framework provided by research analysts that, due to more synthetic public data sets available, are required to simplify and approximate their valuation exercise for some assets;
- the infrastructure sectors in which Atlantia's companies operate are exposed to macroeconomic variables (GDP growth, inflation, mobility trends, fuel costs, CO2 emissions, interest rates, etc.). Equita based its valuation exercise on the 2022-2025 Long Term Plan (the "**2022-2025 LTP**") that was analytically prepared by the Company's management in February 2022 and is based on macroeconomic assumptions as of September 2021. In this context, it has to be pointed out that Atlantia's Board of Directors meeting on February 24th, 2022 took note of the 2022-2025 LTP and resolved to give a separate mandate to the Group CEO and CFO to communicate the plan to the market at the Investor Day of March 11th, 2022. However, due to the recent and well-known geopolitical events which characterized the global scenario in the past months, the Company released an update on main financial KPIs based on macroeconomic variables as of June 27th, 2022 (the "**Trigger Event Analysis**") on certain companies in which management expects there are material impacts. The Opinion integrates also the valuation based on Trigger Event Analysis where the sensitized scenario reflects material changes on main KPIs of single cash generation unit;
- implicit multiples of each M&A transaction are affected by the market conditions and macroeconomic environment prevailing on the date on which the transaction took place, as well as, in the case specific case, by the terms and characteristics of the highway/airports concessions that may significantly influence the valuation (e.g. regulatory framework, duration of the concession, investment plan, etc.). In addition, the historical Group's key economic indicator (EBITDA), for the purposes of applying the multiple, was significantly impacted by the events that characterized the last years (Covid-19 impact, collapse of Polcevera Viaduct, etc.). For these reasons, the application of valuation methodologies based on implied multiples of previous comparable transactions was deemed to be not very significant. Just for representative purposes, we applied average implicit M&A transaction multiples selected for each panel to 2022 EBITDA of single cash generating units;
- lack of a significant sample of listed companies that are properly comparable both in terms of size (diverse infrastructure groups) and geography (foreign companies subject to different regulatory frameworks) to Atlantia. Furthermore, stock market multiples are based on projections prepared by research analysts, whose macroeconomic assumptions could differ significantly from those underlying the plan of the companies being valued (ref. to first bullet point of the paragraph). Thus, the application of valuation methodologies based on trading multiples were also considered not very relevant;
- In 2015, the subsidiary Abertis, through the concessionaire Acesa, initiated a dispute with the Spanish government in relation to the traffic guarantee provided in the agreement of the AP-7 section, following the completion of the widening works. As stipulated in the contract, Acesa has submitted its provisional request for settlement of the amounts accrued and due for AP-7, namely approximately €4.2bn for the traffic component and just over €1bn for the investment component. As of today, the investment-related compensation is accounted in the Group's H12022 Interim Reports: the grantor responded to the settlement request, establishing the payment of €1.07bn in favor of

Acesa and disputing the estimated amount of compensation for the traffic component. Without prejudice to Abertis's position on the interpretation of the agreements, the concessionaire is still awaiting the Supreme Court's decision on the quantification of the traffic component compensation, expected over the next two years. The upside (credit) related to the aforementioned litigation, as per management discussions, would have a significant impact on the valuation of Abertis and has been included in the valuation, also in line with assumptions performed by brokers who cover Atlantia stock, assuming a probabilistic scenario of collection.

Valuation methodologies

The valuations carried out for this Opinion are aimed solely at expressing an opinion regarding the fairness from a financial point of view of the Consideration, by means of a comparison with the estimated value of the economic capital attributable to Atlantia's ordinary shares. Such valuations are therefore meaningful in the context of the Mandate and in no event may (i) be considered as possible indications of the market price or the economic value, current or prospective, of the shares subject to the Offer and (ii) be compared with other valuations made in different contexts or for different purposes.

According to best valuation practice, the valuations carried out for the purposes of the Opinion were conducted on a stand-alone basis, assuming the operational autonomy of the Company and ignoring the impact of any synergies and/or extraordinary costs resulting from the Offer or the fiscal, accounting, financial and/or operational impacts of the Offer on the Company. The analyses were also carried out assuming the continuity of the Company current business, without substantial changes in its management or corporate structure.

Equita has also assumed that all governmental, regulatory or other authorizations and approvals necessary for the execution of the Offer will be obtained without any negative impact on the Company and that the execution of the Offer will be completed in accordance with the terms and conditions outlined in the announcement pursuant to Article 102 of the TUF (*Testo Unico della Finanza*), without exceptions, modifications or changes to any of the relevant terms or conditions.

In line with the best national and international valuation practices, the following valuation methodologies were considered the most relevant to estimate the value of the Company in the Opinion, having regard to its characteristics, the type of business and reference markets in which it operates, and the limitations and constraints described above:

- the Sum-of-the-Parts ("**SOTP**") methodology, i.e., sum of all the individual concessions/companies' independent valuations divided by Business Unit, given the diversified profile of Atlantia's assets and the detailed information available, resulting from the application of the Discounted Cash Flow, which determines the company's worth by discounting the future unlevered cash flows of the company at a given weighted average cost of capital ("**WACC**"), minus the net debt and debt-like items;
- the methodology of target prices published by research analysts ("**Target Prices**") who cover the Atlantia stock; this methodology determines the value of a company on the basis of target valuations that research analysts publish on the specific company analyzed;
- the stock market prices methodology ("**Market Prices**"), according to which the value of a company is determined on the basis of the capitalization of the relevant securities traded on regulated exchanges, during different time horizons preceding the announcement of eventual corporate finance transactions;
- the methodology of premia paid in previous tender offers ("**Tender Offer Premia**"), which is based on the application, to the weighted average stock market prices recorded by the relevant security traded, of the premia implied in the consideration of selected tender offers having a similar structure (voluntary tender offer) with respect to the Offer for the same reference periods.

In the application of the aforementioned methodologies, the characteristics and limitations implicit in each of them were considered, based on professional valuation practice normally applied in the sector.

As additional control methodologies, given the limitations made explicit in the previous paragraph, Equita referred to valuation methodologies based on:

- stock market multiples of comparable listed companies ("**Trading Multiples**"), applied to certain expected economic parameters of the company;
- multiples of previous comparable transactions ("**M&A Multiples**"), which determines the economic value of a company by applying the implicit multiples of precedent transactions to certain economic and financial metrics of the company.

The table below shows, for each valuation methodology applied, the ranges of value per share to be compared with the Consideration.

Methodology	Minimum Value (Euro)	Maximum Value (Euro)
SOTP	20.7	22.9
Target Prices	17.5	21.0
Market Prices	16.3	17.6
Tender Offer Premia	22.1	22.5

Conclusions

On the basis of the valuation analyses described above and the considerations set out above, as of today's date, Equita believes that the Consideration of Euro 23.00 (twenty-three/00) per share recognized in the context of the Offer is fair from a financial point of view.
