Dear Sir/ Madam,

Sub: Alivira's Turkish manufacturing unit receives EU GMP approval

We would like to hereby inform that Alivira Animal Health Limited ("Alivira"), a subsidiary of the Company, has announced that it has received EU GMP approval from Bulgarian authority's for its manufacturing unit in Ankara, Turkey.

Ankara facility has a wide range of manufacturing capabilities with 8 GMP-certified manufacturing lines, which include beta lactam, non-beta lactam, terminal sterilization, mastitis, powder beta lactam, aerosol, pesticides, and solid lines for various forms such as injectables, intramammaries, intrauterines, topical aerosols, oral liquid and solid forms. Ankara facility is also approved by Saudi FDA and Ethiopian GMP authorities.

With this approval, Alivira now has 4 EU GMP certified manufacturing units, with one each in Turkey, Spain, Germany & India.

Alivira Animal Health is one of the top 3 players in Turkey in the ruminant market and operates under two brands - **Provet**, specialized in injectable products, especially penicillin and cephalosporin, and **Topkim**, specialized in antiparasitic products

Kindly take the same on record.

Thanking you,

Yours faithfully,

For Sequent Scientific Limited
