

Aperam announces cancellation of shares

Luxembourg, May 29, 2024 (08:30 CET) - Aperam (« Aperam », or « the Company ») (Amsterdam, Luxembourg, Paris, Brussels: APAM et NYRS: APEMY), announced today the cancellation of shares.

Aperam announced that 4,852,118 shares have been cancelled in line with its financial policy. This cancellation takes into account shares already purchased under the 2.5 millions share buyback program announced on 11 February 2022 under the authorization given by the annual general meeting of shareholders held on 7 May 2019 (and under renewal of such authorization at the May 4, 2022 annual general meeting of shareholders) and shares purchased under the 3.5 millions additional share buyback program announced on May 6, 2022 under the authorization given by the annual general meeting of shareholders held on May 4, 2022.

As a result of this cancellation, Aperam will have 73,184,570 shares in issue (compared to 78,036,688 before the cancellation).

Details on the share buyback program can be found at:

With reference to article 14 of the Luxembourg law and the Grand Ducal regulation of 11 January 2008, on transparency requirements for issuers of securities ('Transparency Law'), the total number of the Company's voting rights and capital is available in the Luxembourg Stock Exchange's electronic database OAM on www.bourse.lu and on the Company's website under 'Investors - Corporate Governance - Shareholding structure'.

About Aperam

Aperam is a global player in stainless, electrical and specialty steel, with customers in over 40 countries. Since January 2022, the business is organised in four primary reportable segments: Stainless & Electrical Steel, Services & Solutions, Alloys & Specialties and Recycling & Renewables.

Aperam has a flat Stainless and Electrical steel capacity of 2.5 million tonnes in Brazil and Europe and is a leader in high value specialty products. In addition to its industrial network, spread over six production facilities in Brazil, Belgium and France, Aperam has a highly integrated distribution, processing and services network and a unique capability to produce low carbon footprint stainless and special steels from biomass, stainless steel scrap and high performance alloys scrap. With 5 of its main 6 facilities certified ResponsibleSteel™, Bioenergia and its unique capability to produce charcoal made from its own FSC®-certified forestry and, with ELG, a global leader in collecting, trading, processing and recycling of stainless steel scrap and high performance alloys, Aperam's places sustainability at the heart of its business, helping customers worldwide to excel in the circular economy.

In 2023, Aperam had sales of EUR 6,592 million and shipments of 2.20 million tonnes.
